

MARTINBOROUGH COMMUNITY BOARD

18 JULY 2019

CHAIR'S REPORT – TOWN FLAGS - TABLED

Purpose of Report

To inform Martinborough Community Board of progress made towards replacing the flag system and flags in Martinborough.

Recommendations

That the Martinborough Community Board:

1. *Receive the information*
2. *Discuss options and recommendations to find a way forward in this triennium*

1. Flag Trax System

I had a quick meeting with Chris Souness on Friday 12 July to make sure he was happy with the attached map and was able to identify the poles. Attached is a quote for supplying the system plus installation, although Council can also seek alternative quotes for the install.

Flag Trax System for the 19 poles specified: \$13,110.00 (\$690 each).

Mounting Brackets for 4 non-standard poles: \$135.00

Installation: \$4,750

Excludes Traffic Management if required by SWDC – cost not known.

Total excluding Traffic Management \$17,995.00

Funds currently allocated \$14,000.00 (50:50 SWDC/MCB)

Options:

1. *Seek additional funding, likely to need at least \$5,000 to complete the 19 poles. May leave us without flags for another summer season.*
2. *Proceed with poles 7 to 19 to allow completion of part of the system before the season. This gives MBA, Toast and Rotary certainty and allows us to put together a joint order for flags with associated cost savings. This may need a small additional amount of funding which could be allocated from town Beautification funds.*

2. Flags / Banners

We are working to get the existing flags taken down and should be able to provide a verbal update on progress.

I am working with Toast Martinborough and Martinborough Business Association to put together a combined flag order in mid September to ensure we can take advantage of best prices. I need a contact at Rotary.

I have also spoken to the supplier about ANZAC and Christmas flags, attached are images of what is currently available at no design cost.

Recommendation:

1. Lisa to continue working on this and come to our next meeting with final flag quotes for approval.

Kitchener Street travelling from 100km zone towards the Square

1. LHS by Martinborough Substation 813887
2. RHS opposite 72 Kitchener Street 462368
3. RHS opposite 52 Kitchener Street 462339

PPSR - Martinborough.pdf;

Hi Lisa, Bryce, trust you are both well.

Post our recent re audit of the poles in Martinborough, we have pleasure in submitting the following proposal for the supply of FlagTrax.

I have attached our Pre Production Specification Review form for your review and approval. Please note the revised attachment methodology for the three poles. Two that are oriented parallel with the road, Poles 6, 12. Pole 17 requires this same solution due to existing obstructions on the pole face.

Where possible, all tracks and brackets will be mounted on the poles at the height of 5.3 above ground (AG). This will ensure we maintain our nominal flag access point at 2.5m AG. Pole 8 due to an obstruction will need have the track and bracket to be mounted at 4.4m which will lower the access point.

Standard FlagTrax (as per existing)

Track Infrastructure

19 x FlagTrax NFT-017 2800mm x 1040mm PC Silver Quill

Track to be band-it Strapped to poles. \$690.00 p/u \$13,110.00

Mounting Brackets included in the above pricing as follows:

3	NFT-B004CM	Galv
11	NFT-B004F-120	Galv
1	NFT-B004-70-145	Galv
4	NFT-B026-114	Galv

9 x mounting brackets for poles 6, 12, 17 \$15.00 P/U \$ 135.00

Track installation including all strapping required.

Excludes Traffic Management if required. @250.00 P/U \$4,750.00

Total \$17,995.00

Please note. **All prices exclude GST. E&OE**
