

SOUTH WAIRARAPA DISTRICT COUNCIL EXTRAORDINARY MEETING MINUTES

Annual Plan Hearings and Deliberations

14 May 2018

Present: Mayor Viv Napier (Chair), Councillors Paora Ammunson, Lee Carter, Pam Colenso, Margaret Craig, Brian Jephson, Colin Olds, and Colin Wright.

In Attendance: Suzanne Clark (Committee Secretary).

Conduct of Business: The meeting was held in the South Wairarapa District Council Chambers at 19 Kitchener Street, Martinborough and was conducted in public between 9:30am and 5:45pm.

1 Karakia

Cr Ammunson opened with a karakia.

2 Apologies

COUNCIL RESOLVED (DC2018/51) to receive apologies from Cr Maynard.

(Moved Mayor Napier/Seconded Cr Jephson)

Carried

3 Conflicts of Interest

Councillor Olds declared a conflict of interest with the submission from the Anzac Club and Wairarapa Racing Club.

Cr Colenso declared a conflict of interest with the submission from the Martinborough Dark Sky Society.

Council appointments were noted but not considered conflicts of interest.

4 Submissions Hearings

The Mayor and councillors heard submissions, in no particular order, from delegations as follows:

Greg Rzesniowiecki	Ted Ward, Greytown Trails Trust
Max Stevens, WaiHINGA Charitable Trust	Lisa Cornelissen, Martinborough Community Board
Lisa and Frank Cornelissen, Martinborough Top 10 Holiday Park	Phil Gibbons and Dayle Clarkson, Sport Wellington

Sid Kempton and Wayne Regnault (Greytown Trust Lands Trust) Jackie Gray and Paul Southey (Greytown Community Sport and Leisure Society), Belinda Cordwell, John O'Connell and Simon Fuller(Kuranui College Board of Trustees),	David Hancock and Frank Cornelissen, Destination Wairarapa
	Gretchen Saulbrey and Tiffany North, Connecting Communities Wairarapa

Cr Carter left the meeting at 11:10am.

Cr Carter returned to the meeting at 11:12am.

Burce Pauling and Frazer Mailman, Wairarapa Road Safety Council	Jenny Boyne
Leslie Roberts	Rosie and Paul Collins
Graeme Gray and Mike Gray	Ron Shaw and Derek Williams, Wairarapa Voice
Claire Bleakley	Helen Forlong, Tarureka Estate
Heidi Holbrook and Barbara Hyde, Wairarapa Arts Festival Trust	Tere Lenihan, Sam Williams, Wairarapa Safer Community Trust
Greg Lang and Catherine Rossiter-Stead, Wairarapa Trails Advisory Group	Catherine Rossiter-Stead, Wairarapa Chamber of Commerce
Celia Wade-Brown, Living Streets Aotearoa	Jade Waetford, Pare Kore Marae
Liz Mellish and Laraine Kerr, Card Reserve Artificial Surface Trust	David Dell, Liz Mellish, Jeremy Thompson, Featherston Anzac Club Incorporated
Siv Fjaerestad and Tracey Shepherd, Fab Feathy	John Gilberthorpe and Val Bedingfield, Greytown Little Theatre
Mike Gray (on behalf of residents)	Matthew Sherry, Wairarapa Racing Club

COUNCIL RESOLVED (DC2018/52) that the draft Long Term Plan 2018/28 submissions hearings and deliberations meeting on the 14 May 2018 continue beyond the six hour time limit on meetings prescribed by South Wairarapa District Council's Standing Orders.

(Moved Cr Jephson/Seconded Cr Olds)

Carried

Martine Bijker	Mary Biggs and Patsy Wooles, Booktown
Tia Tuuta and Michael Roera, Papawai Marae	Steve Pattinson, Co-design Architects
Tim Lusk, Waiwater	Barbara Roydhouse and Susanna Shadbolt, Aratoi Wairarapa Museum of Art and History

Cr Jephson left the meeting at 4:02pm.

Brian Baxter and Gray Tuck, Cobblestones Museum	Ed Martin
---	-----------

Dave Shepherd and Clive Paton	Elise Sadler, Waiwaste Food Rescue
Leo Vollebregt, Wairarapa Water User Inc. Society	Jim O'Malley, Clive Paton and Esther Dijkstra, Pukaha to Palliser Project

Confirmed as a true and correct record

SOUTH WAIRARAPA DISTRICT COUNCIL EXTRAORDINARY MEETING MINUTES

Annual Plan Hearings and Deliberations

15 May 2018

- Present:** Mayor Viv Napier (Chair), Councillors Paora Ammunson, Lee Carter, Pam Colenso, Margaret Craig, Brian Jephson, Colin Olds and Colin Wright.
- In Attendance:** Suzanne Clark (Committee Secretary) and for deliberations only Jennie Mitchell (Group Manager Corporate Support) and Kyra Low (Finance Manager).
- Conduct of Business:** The meeting was held in the South Wairarapa District Council Chambers at 19 Kitchener Street, Martinborough and was conducted in public between 9:00am and 5:10pm.

1 Karakia

Mayor Napier opened with a karakia.

2 Apologies

COUNCIL RESOLVED (DC2018/53) to receive apologies from Cr Maynard, lateness apologies from Cr Ammunson and partial attendance apologies from Cr Wright.

(Moved Cr Craig/Seconded Cr Colenso)

Carried

3 Conflicts of Interest

Council appointments were noted but not considered as conflicts of interest.

4 Submissions Hearings

The Mayor and councillors heard submissions, in no particular order, from delegations as follows:

Robyn Ramsden, Featherston Community Board	Maud Bot, Featherston Community Centre
Chris Hodson	Alan Maxwell, Wairarapa-Whanau Trust

Cr Wright left the meeting at 9:30am.

Jim Hedley	Elsa Kelly and Lesley Wardle, Featherston Heritage Complex
------------	--

Bob Petelin	Catherine Rossiter-Stead, Wellington Free Ambulance
Jill Greathead and Griff Page, Volunteering Wairarapa	Tracey Shepherd and Josie Whaanga, Youth Education Training and Employment Partnership (YETE)
Derek Wilson, Peter Allan, Richard Airey, Martinborough Colonial Museum	Ed Hudson and Paul Mason, Featherston Ratepayers and Residents Association Inc.
Ann Rainford	Dana Carter, Toimata Foundation/Enviroschools
Jenny Gasson, Wings Over Wairarapa	Mandy Smith and Aidan Ellims

Cr Wright returned to the meeting at 12:15pm.

Cr Ammunson joined the meeting at 12:27pm.

Reuben Tipoki, Maori Standing Committee	Jason Osborne and John Gray, Greytown Cricket Club
Peter Gush, Steven Palmer and Tessa-Jane Dennes, Regional Public Health	Reuben Tipoki, Hau Ariki Marae

Cr Wright left the meeting at 1:30pm.

Cr Carter left the meeting at 1:55pm.

Cr Carter returned to the meeting at 2:00pm.

5 Submissions on the Consultation Document Long Term Plan 2018/28 Proposals Report

Mayor Napier thanked staff for the report and members discussed ratepayer combined findings on Council's LTP proposals. Council staffing requirements was discussed with councillors indicating a preference for communications and amenities resources to be resourced sooner than budgeted and to delay other staff requirements in order to limit budgetary impact.

*COUNCIL RESOLVED (DC 2018/54) that the draft Long Term Plan 2018/28 submissions hearings and deliberations meeting on the 15 May 2018 continue beyond the six hour time limit on meetings prescribed by Council's Standing Orders.
(Moved Cr Olds/Seconded Cr Craig) Carried*

*COUNCIL RESOLVED (DC 2018/55) to receive the submissions on the Consultation Document Long Term Plan 2018/28 Proposals Report.
(Moved Cr Ammunson/Seconded Cr Jephson) Carried*

*COUNCIL RESOLVED (DC2018/57) to direct the Waste Minimisation Officer to look at Wanaka Waste Busters as a good example of a recycling centre operation.
(Moved Cr Craig/Seconded Cr Colenso) Carried*

Cr Wright returned to the meeting at 2:25pm.
Cr Jephson left the meeting at 2:47pm.
Cr Jephson returned to the meeting at 2:48pm.
Cr Ammunson left the meeting at 2:53pm.
Cr Jephson left the meeting at 3:03pm.
Cr Jephson returned to the meeting at 3:24pm.
Cr Carter left the meeting at 3:24pm.
Cr Carter returned to the meeting at 3:26pm.

Councillors discussed the Uniform Annual General Charge rate and noted a preference to utilise the full allowance of 30% of rates but that a wider rating review would be taking place during the 2018/19 year, commencing in July 2018.

COUNCIL NOTED:

1. Action 309: Provide a map of Featherston showing undeveloped land that is within the urban town boundary and that could be subdivided if there was landowner desire; R O’Leary
2. Action 310: Liaise with Masterton District Council and Carterton District Council to determine what waste initiatives their districts want to implement and which initiatives SWDC could implement if the other districts would not be moving forward with initiatives; J Mitchell
3. Action 311: Provide a copy of the SWDC’s draft Cycle Strategy to councillors; M Allingham
4. Action 312: Remind ratepayers via the Mayoral newsletter update to check their eligibility for a rates rebate and to apply yearly; Mayor Napier

Confirmed as a true and correct record

SOUTH WAIRARAPA DISTRICT COUNCIL EXTRAORDINARY MEETING MINUTES

Long Term Plan Deliberations

16 May 2018

- Present:** Mayor Viv Napier (chair), Councillors Lee Carter, Pam Colenso, Margaret Craig, Brian Jephson, Pip Maynard, Colin Olds (until 3:45pm) and Colin Wright.
- In Attendance:** Paul Crimp (Chief Executive), Jennie Mitchell (Group Manager Corporate Support), Kyra Low (Finance Team Leader) and Suzanne Clark (Committee Secretary).
- Conduct of Business:** The meeting was held in the South Wairarapa District Council Chambers at 19 Kitchener Street, Martinborough and was conducted in public between 1:00pm and 6:10pm.

1 Apologies

COUNCIL RESOLVED (DC2018/56) to receive apologies from Cr Ammunson and apologies for leaving early from Cr Olds.

(Moved Cr Jephson/Seconded Cr Craig)

Carried

2 Conflicts of Interest

No new conflicts of interest were declared.

3 LTP Submissions Deliberations

Members continued submission deliberations.

COUNCIL NOTED:

1. Action 313: Provide an update via the Infrastructure and Planning Working Party on Council's building assets and their locations, who they are leased to, and lease income; M Allingham
2. Action 314: Include commentary in the 18/28 LTP that Council have noted concerns and will be looking at water conservation/storage options for consideration in future plans; J Mitchell
3. Action 315: Write to Sport Wellington and express an urgency for the regional spatial plan to be finished, released and not further delayed; Mayor Napier
4. Action 316: Request that GWRC repair damage to SWDC rural unsealed roads that has been caused by logging trucks working on GWRC's behalf; M Allingham
5. Action 317: Undertake communications and promotions to encourage home owners to capture rain water in tanks; R O'Leary/M Allingham

6. Action 318: Discuss the increase of Airbnb accommodation and appropriate rating of these properties during the rating review; J Mitchell

Cr Jephson left the meeting at 4:50pm.

Cr Jephson returned to the meeting at 5:50pm.

Confirmed as a true and correct record

.....(Date)

SOUTH WAIRARAPA DISTRICT COUNCIL EXTRAORDINARY MEETING MINUTES

Long Term Plan Deliberations

21 May 2018

- Present:** Mayor Viv Napier (chair), Councillors Lee Carter (from 1:55pm), Margaret Craig, Pam Colenso, Brian Jephson, Pip Maynard, Colin Olds (until 4:15pm), and Colin Wright.
- In Attendance:** Paul Crimp (Chief Executive), Jennie Mitchell (Group Manager Corporate Support), Kyra Low (Finance Team Leader) and Suzanne Clark (Committee Secretary).
- Conduct of Business:** The meeting was held in the South Wairarapa District Council Chambers at 19 Kitchener Street, Martinborough and was conducted in public between 1:00pm and 6:05pm.

1 Apologies

COUNCIL RESOLVED (DC2018/64) to receive lateness apologies from Cr Carter and apologies for leaving early from Cr Olds.

(Moved Cr Maynard/Seconded Cr Colenso)

Carried

2 Conflicts of Interest

No new conflicts of interest were declared.

3 LTP Submissions Deliberations

Members discussed food waste collection noting that additional information provided by officers indicated that an overall saving could be made as food waste made up 40% of waste transported to landfill. Implementing the reducing waste to landfill proposals may require agreement to proceed from the other Wairarapa councils and a contract variation. The proposals were not included in the consulted rates level, but there was potential for cost savings to be realised due to less waste going to landfill.

COUNCIL RESOLVED (DC2018/59):

1. To support and fund the introduction of 240 litre recycling bins, and e-waste disposal systems, subject to satisfactory arrangements with Masterton and Carterton District Councils.

(Moved Cr Olds/Seconded Mayor Napier)

Carried

2. To support the idea of a recycling centre and food waste collection; the food waste collection could result in significant financial benefits and a reduction in carbon emissions, subject to satisfactory arrangements with Masterton and Carterton District Councils.

(Moved Cr Craig/Seconded Cr Jephson)

Carried

Members noted that South Wairarapa rental prices were the lowest cost Council run units in the country, that pensioners living in the units were a very small percentage of the overall pensioner population in the district, that Council tenants could not access central government rental subsidies as it was not available to tenants of council owned housing, and that a community housing review was to take place in the 18/19 year.

COUNCIL RESOLVED (DC2018/58):

1. To support the community housing rental increase of \$10 in order to maintain the housing in a habitable and comfortable standard and to meet Council's policy of them being operated on a cost neutral basis.

(Moved Cr Olds/Seconded Cr Colenso)

Carried

2. Action 321: Release communications outlining why the community housing increase was deemed necessary; P Crimp

COUNCIL RESOLVED (DC2018/60) to support the status quo option (option two) of not allocating funding for a sports coordination resource.

(Moved Cr Craig/Seconded Cr Carter)

Carried

COUNCIL RESOLVED (DC2018/61) to support the proposal (option one) of investing \$50,000 per annum over the next five years for visitor infrastructure.

(Moved Cr Olds/Seconded Cr Jephson)

Carried

COUNCIL RESOLVED (DC2018/62) to support the proposal (option one) of granting \$75,000 per annum for grants to support youth training, development and recreational activities.

(Moved Cr Jephson/Seconded Cr Craig)

Carried

Ruamahanga Whaitua findings and implications would soon be available and would provide additional information to feed into water use reduction options. Horticultural and agricultural use needed to be considered, and communication and education of home storage solutions was to be undertaken. Water meters, as already implemented, were an effective tool in reducing water consumption.

COUNCIL RESOLVED (DC2018/63) to support the status quo option (option two) for water storage, but to initiate a working group to investigate and report on water storage options, including communication and education initiatives, with a view to consulting further in the 19/20 Annual Plan.

(Moved Cr Wright/Seconded Cr Carter)

Carried

Cr Olds left the meeting at 4:15pm.

Members noted that support for promoting the district was given by submitters who selected either option one or option three.

COUNCIL RESOLVED (DC2018/65) to support the proposal (option one) of spending \$300,000 over the next ten years for promoting and enhancing the district.

(Moved Cr Maynard/Seconded Cr Colenso)

Carried

COUNCIL NOTED:

1. Action 319: Increase the Amenities CAPEX budget amount up to a total of \$21,000 (\$7,000 per town) for the purchase and installation of the FlagTrax system in each town, subject to the remaining contribution coming from each community board's town beautification budget; J Mitchell
2. Acton 320: Council officers to include a paragraph in the LTP about the arts and culture projects that Council supports through its grants programme; J Mitchell

Confirmed as a true and correct record

.....(Date)

SOUTH WAIRARAPA DISTRICT COUNCIL EXTRAORDINARY MEETING MINUTES

Long Term Plan Deliberations

29 May 2018

- Present:** Mayor Viv Napier (chair), Councillors Lee Carter (from 5:55pm), Margaret Craig, Brian Jephson, Pip Maynard, Colin Olds and Colin Wright.
- In Attendance:** Paul Crimp (Chief Executive), Jennie Mitchell (Group Manager Corporate Support), Kyra Low (Finance Team Leader) and Suzanne Clark (Committee Secretary).
- Conduct of Business:** The meeting was held in the South Wairarapa District Council Chambers at 19 Kitchener Street, Martinborough and was conducted in public between 5:30pm and 7:00pm.

1 Apologies

COUNCIL RESOLVED (DC2018/70) to receive lateness apologies from Cr Carter and attendance apologies from Cr Ammunson.

(Moved Cr Craig/Seconded Cr Colenso)

Carried

2 Conflicts of Interest

No conflicts of interest were declared.

3 LTP Submissions Deliberations

Mayor Napier tabled correspondence from Mandy Smith and councillors discussed community housing and noted that no new information had come to light that had not already been considered. Community housing would be discussed further as part of the housing review.

Greytown Development contributions reserve would fund \$20,000 for the upgrade of cricket blocks at Soldiers Memorial Park and \$25,000 for a sports hub feasibility study in Greytown as proposed by Kuranui College Board of Trustees, Greytown Trustlands Trust and Greytown Sport and Leisure.

Members discussed potential changes to water management as a result of the Havelock enquiry. Mr Crimp indicated a desire to bring the Martinborough water project to remove manganese from the supply forward.

COUNCIL RESOLVED (DC2018/66) to agree to a cap on the Economic Cultural and Community grant funding of \$170,000.

(Moved Cr Jephson/Seconded Cr Wright)

Carried

COUNCIL RESOLVED (DC2018/67) to agree to expenditure of up to \$50,000 from Greytown development funds for development of a carpark outside the proposed Greytown Little Theatre building.

(Moved Cr Olds/Seconded Cr Craig)

Carried

COUNCIL RESOLVED (DC2018/68) to agree to a feasibility study for joining the Featherston Information Centre with the Featherston Library at a cost of \$10,000.

(Moved Cr Wright/Seconded Cr Jephson)

Carried

COUNCIL RESOLVED (DC2018/69) to allocate \$20,000 to Wairarapa Water as SWDC's share of \$80,000 needed from the Wairarapa councils to keep the project going.

(Moved Cr Wright/Seconded Cr Jephson)

Carried

Confirmed as a true and correct record

4 Appendices

Appendix 1 – Submissions Decisions (Consulted on)

Appendix 2 – Submissions Decisions (Not Consulted on)

Submissions Summary (Consulted on) v2

No.	Full Submission Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
10	68-70	Vicky Read	No	Jennie	Promoting District: Option One; Requests a commns budget for Council and Community Boards, and a new website that enabled online consultations on a regular basis. Requests council use an online database for regular communications. Branding needs updating.	Council is reviewing the communications requirements and ensure communications imperatives are met. Rebranding planning is underway through a Council working party.	Council will be hiring a communications resource to cover all aspects of Council's communications.
10	68-70	Vicky Read	No	Lawrence	Reducing Waste: Yes A, B, C, D; Requests household commns on how to recycle successfully	A Kerbside - The cost will be \$73k, however in 2016/2017 the annual cost was \$322k for transport, landfill fees so a 40% reduction would equate to \$129K annual saving to offset food waste costs (will depend on uptake so savings have not been budgeted). B Wheelie bin - there has been demand shown for additional recycling capacity and information is planned for the introduction to optimise space. C E-waste - low uptake when there was a fee and they are damaging to the environment, D Resource recovery - Will review if it can be operated as part of a community group.	Council will be hiring a communications resource to cover all aspects of Council's communications. Recycling communications will be undertaken in conjunction with the Waste Minimisation Officer and the Wellington Regional Waste Minimisation Plan.
10	68-70	Vicky Read	No	P&E Manager	Visitor Infrastructure: Option One; Requests that it is tied in with spatial plan. Need to manage freedom camping and restrict to designated areas. Need to be smart about what types of tourists we are encouraging and not offer up our natural resources as free for all	Noted, there are designated areas for freedom camping in SW	Refer officer's comment.
10	68-70	Vicky Read	No	Russell	Future Growth: Option One: Need to undertake a review of the plan and the zoning in the district to ensure we are managing growth proactively and sustainably. Economic development being hampered by out of date plan and rural amenity is being carved up as town boundaries are too tight	Council is undertaking a District Plan monitoring and effectiveness program. The findings of this, and any spatial planning process, would investigate whether the provisions in the District Plan are meeting the communities needs and feed into the District Plan review process.	Refer officer's comment.
13	81-83	Katie Rees	No	Russell	Future Growth: Option 1: Found it challenging to buy a house after 15 years away, very few sections on available. Not much subdivision which hasn't helped affordability.	The South Wairarapa District has experienced significant growth particularly in Greytown and Martinborough and to a lesser extent Featherston. To address this, Council has developed a structure plan notified in District Plan Change 9 (which will release the Greytown Future Development Area for residential development) this year and is investigating zoning more land for residential use in Martinborough. A Spatial Planning project would address future growth of all the Districts urban areas.	Refer officer's comment.
14	84-86	Grant Plumbley	No	Helen	Youth Development: Option 1; Query if \$75k is enough to make a significant change. Need places for youth to hang out. Have good sporting facilities but what about those not into sport. Facility could have table tennis, pool, video games, pinball, healthy food and drink, space to relax, art, music, interact etc.	\$75K is the amount Council have decided is appropriate to spend in this area and is preferable to not spending anything on our youth. We have had feedback that this is needed in the community so are responding to this.	Refer officer's comment.

Submissions Summary (Consulted on) v2

No.	Full Submission Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
14	84-86	Grant Plumbley	No	Helen	Amenities/Fees: Questions statement regarding pensioner housing being charged below other providers. Believes pensioner housing is already below standard and we need to get it up as this catch up will only worsen with an aging population	Research by officers has confirmed our pensioner housing rents are well below other districts. As Council resolved this to be self funded and not subsidised by other ratepayers, we are limited with the amount of money we are able to spend on maintenance and upgrading these units. A review of Pensioner Housing is planned for this year, for input into the 2018/19 Annual Plan	Refer officer's comment.
14	84-86	Grant Plumbley	No	Jennie	Rates: increase amount depends on best use of increase	Noted	Noted
14	84-86	Grant Plumbley	No	Jennie	Promoting District: Option 2; Question need for change, possible fluff cost, would need to hear more	Noted. There will be more public consultation and information if this goes ahead.	Refer officer's comment.
14	84-86	Grant Plumbley	No	Jennie	Sports Coordination: Option 1; Employee of SWDC to support teams from the 3 towns. Need to identify needs and wants and create a position within budget. Believe some tasks will be transferrable such as preparing grant applications/advertising	Noted. There will be consultation with sports groups if this goes ahead.	Refer officer's comment.
14	84-86	Grant Plumbley	No	Lawrence	Reducing Waste: yes C, D; kerbside waste collection should be minimised, footed waste should be composted at home or collected for piggeries/chickens. Good idea to provide enclosed recycling bins but consider smaller bins to encourage consumers to think about their recycling.	A Kerbside - The cost will be \$73K, however in 2016/2017 the annual cost was \$322k for transport, landfill fees so a 40% reduction would equate to \$129K annual saving to offset food waste costs (will depend on uptake so savings have not been budgeted). B Wheelie bin - there has been demand shown for additional recycling capacity and information is planned for the introduction to optimise space. C E-waste - the waste low uptake when there was a fee and they are damaging to the environment, D Resource recovery - Will review if it can be operated as part of a community group.	Refer officer's comment.
14	84-86	Grant Plumbley	No	Lawrence	Water Conservation: Option 2; What is the effect on the water cycle if we construct underground tanks and reduce evaporation? How do we efficiently use water is the key	Agree, Council will continue with its education programmes to encourage residents to conserve water.	Council will undertake communication and promotion to encourage home owners to capture rain water in tanks
15	87-89	Forest and Bird	No	Jennie	Reducing Waste: Yes A, B, C, D: Strongly support initiatives to reduce waste sent to landfill.	Noted	Noted
15	87-89	Forest and Bird	No	Jennie	Infrastructure for Visitors: Option 1; Support initiative to reduce the impact of visitors on the environment through better dumping stations, wastewater facilities and recycling etc.	Noted	Noted
15	87-89	Forest and Bird	No	Jennie	Promoting District: nil; Support council having an easy to navigate website to ensure residents have easy access to district plan rules and can find information easily	Website update is planned for coming year once new logo and branding have been agreed.	Refer officer's comment.
15	87-89	Forest and Bird	No	Jennie	Future Growth: Option 1; This would ensure future development is appropriately located to minimise effect on environment and minimise potential risks posed by climate change and ensure efficient use of existing essential infrastructure	Noted	Noted
15	87-89	Forest and Bird	No	Lawrence	Water Conservation: Option 3; water meters, a requirement for new houses to have rain-fed water storage tanks, subsidies or loans from Council to install water storage or greywater systems, fix leaking water infrastructure, promotion of greywater systems, extend education program and employ sustainable building advisor like Hamilton city Council. Strongly oppose the use of SWDC funds to further Water Wairarapa scheme as an option of municipal water supply, money better spent investigating or implementing options.	Noted, Council will consider all feedback on water conservation ideas and come up with a plan for the future.	Refer officer's comment.

Submissions Summary (Consulted on) v2

No.	Full Submission Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
16	90-91	WJ & EE Higginson		Helen	Visitor Infrastructure: Option 2; Not at the price quote for the drinking fountain at Mba Town Hall	Noted ,Council will look into other options for water fountains.	Noted, this was a Martinborough Community Board initiative.
16	90-91	WJ & EE Higginson		Jennie	Governance: LTP consultation document put together by a few chosen people and not a democratic view.	Noted. Council will be reviewing Communications requirements and this may involve more online surveys and get more feedback from residents on a regular basis to widen the involvement in the LTP process. Council may consider conducting an annual resident satisfaction survey going forward (formerly 3 yearly)	Refer officer's comment. Predraft consultation was wide and included community boards, the Maori Standing Committee and various sector groups.
16	90-91	WJ & EE Higginson		Jennie	Fees and Charges: Pensioner housing increase of \$10 per week is too high	Council's revenue and financing policy requires this function to be self-funded and not subsidised by ratepayers. This increase is needed to get the pensioner housing closer to break even point. A review of community housing is planned for this year.	Noted
16	90-91	WJ & EE Higginson		Jennie	Promoting District: Option 2; Leave it to private enterprise, as proven it works	Noted	Noted
16	90-91	WJ & EE Higginson		Jennie	Rates: Disagree with rates expenditure wording Spend ratepayers money prudently, do core works well and oversee work, there will be money for all. 5.99% is misleading as nearer 6%	Noted	Noted
17	92-93	RA & PR Lougheed		Helen	Visitor Infrastructure: Option 2; Solid infrastructure exists	Noted, but officers and residents indicate more infrastructure is needed as visitor numbers increase	Refer officer's comment
17	92-93	RA & PR Lougheed		Jennie	Fees and Charges: Don't raise pensioner rents find funding from some other source	Council's revenue and financing policy requires this function to be self-funded and not subsidised by ratepayers. This increase is needed to get the pensioner housing closer to break even point. A review of community housing will be undertaken this year.	Noted
17	92-93	RA & PR Lougheed		Russell	Future Growth: Option 1; Very biased options, saying that growth has had no structure prior to this council	Noted. The current zoning in the District Plan has adequately catered for previous growth. However, Council is at a point where recent growth demands a more planned and structured approach, hence the proposal to complete a spatial plan	Refer officer's comment.
18	94-95	Romain Busby		Jennie	Fees and Charges: Appropriate increases so long as service is provided in a timely manner	Noted	Noted
18	94-95	Romain Busby		Jennie	Sport Coordination: Option 2; Council should show support to groups to enable sporting groups/clubs to flourish	Noted	Noted
18	94-95	Romain Busby		Jennie	Visitor Infrastructure: Option 1; Support facilities for tourism; local or overseas first, then direct energies to maintaining the numbers and increase these	Noted	Noted
18	94-95	Romain Busby		Jennie	Promoting District: Option 3 (\$200k); Can't enhance the district as a place to live if facilities aren't up to scratch	Noted	Noted
19	96-97	Owen Rippey		Jennie	Sports coordination: Option 2; Sports clubs should be responsible for their own costs	Noted	Noted

Submissions Summary (Consulted on) v2

No.	Full Submission Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
19	96-97	Owen Rippey		Lawrence	Reducing Waste: Yes, C, D; Not happy household rubbish is collected 1km from my residence	A Kerbside - The cost will be \$73k, however in 2016/2017 the annual cost was \$322k for transport, landfill fees so a 40% reduction would equate to \$129K annual saving to offset food waste costs (will depend on uptake so savings have not been budgeted). B Wheelie bin - there has been demand shown for additional recycling capacity and information is planned for the introduction to optimise space. C E-waste - the waste low uptake when there was a fee and they are damaging to the environment, D Resource recovery - Will review if it can be operated as part of a community group. Rubbish collection is a targeted urban service, it would be too expensive to collect from rural properties.	Rubbish collection is a targeted urban service. Some rural ratepayers have the ability to opt into the urban service for a fee under agreed conditions or if the property is on the collection route. It would be too expensive for ratepayers to fund a collection from rural property gates.
19	96-97	Owen Rippey		Lawrence	Water Conservation: Option 3; Rain water storage needs to be encouraged or subsidised	Noted, there is a subsidy for emergency rainwater tanks	Refer officer's comment
20	98-99	RA Lind		Lawrence	Water Conservation: Option 2; Wastewater: encourage all homeowners to manage their own water disposal by installing soak pits, where the ground is suitable for drainage. Also to install rainwater collection tanks for garden and drought purposes	Noted, there is a subsidy for emergency rainwater tanks	Refer officer's comment
22	101-102	David Hirst		Jennie	Sports coordination: Option 2: Not sure what central coordination entails. Possibilities for providing subsidised or free accounting services (MYOB or XERO)	Noted	Noted
22	101-102	David Hirst		Lawrence	Reducing Waste: Yes, A, B, C, D; Enquires about cost of SWDC run composting or worm farm facility. Sales of compost would offset capital outlay	A Kerbside - The cost will be \$73k, however in 2016/2017 the annual cost was \$322k for transport, landfill fees so a 40% reduction would equate to \$129K annual saving to offset food waste costs (will depend on uptake so savings have not been budgeted). B Wheelie bin - there has been demand shown for additional recycling capacity and information is planned for the introduction to optimise space. C E-waste - the waste low uptake when there was a fee and they are damaging to the environment, D Resource recovery - Will review if it can be operated as part of a community group.	Composting initiatives to assist those that want to home compost are planned.
22	101-102	David Hirst		Lawrence	Water Conservation: Option 1; Costing for subsidised domestic rainwater tanks or promotion around domestic rainwater harvesting	Noted, there is a subsidy for emergency rainwater tanks	Council will undertake communications and promotions to encourage home owners to capture rain water in tank

Submissions Summary (Consulted on) v2

No.	Full Submission Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
23	103-104	Lorraine Shorter		Lawrence	Reducing Waste: Yes B, C, D; A. Encourage home composting, if not done properly kerbside collection would be a mess	A Kerbside - The cost will be \$73K, however in 2016/2017 the annual cost was \$322k for transport, landfill fees so a 40% reduction would equate to \$129K annual saving to offset food waste costs (will depend on uptake so savings have not been budgeted). B Wheelie bin - there has been demand shown for additional recycling capacity and information is planned for the introduction to optimise space. C E-waste - the waste low uptake when there was a fee and they are damaging to the environment, D Resource recovery - Will review if it can be operated as part of a community group. Dedicated bins would be used for food waste - see trial video on https://earthcare.co.nz/council/putaruru-food-waste-recycling	Composting initiatives to assist those that want to home compost are planned.
24	105-106	Leslie Roberts		Jennie	Rates Affordability: Spend less on, wheelie bins and food waste collection kerbside	Noted	Noted
24	105-106	Leslie Roberts		Jennie	Youth Development: Option 1; youth are the future of our community	Noted	Noted
24	105-106	Leslie Roberts		Jennie	Sports coordination: Option 2; central coordination should have the effect of lowering costs	Noted	Noted
24	105-106	Leslie Roberts		Lawrence	Water Conservation: Option 3; Check if household storm water storage can be increased. Check laterals to ensure only sewage goes to the system and not overloading system	Noted, Reducing Inflow is part of the current council strategy	Refer officer's comment
25	107-108	Paley Downs		Lawrence	Water Conservation: Option 3; Offer subsidy to property owners to install rainwater tank and grey water tanks	Noted, there is a subsidy for emergency rainwater tanks	Refer officer's comment
27	114-116	Ro and Lyle Griffiths	No	Jennie	Rates: Keen to see SW move forward and we need to spend money now to ensure the infrastructure and amenities can meet the needs of a growing community	Noted	Noted
27	114-116	Ro and Lyle Griffiths	No	Jennie	Future Growth: Option1; Important to have space for further housing due to growth	Noted	Noted
27	114-116	Ro and Lyle Griffiths	No	Jennie	Promoting District: Option 1; Would like to see an events manager for Waihinga Centre, need to be proactively attracting visitors	Noted. Will look at this once Comms person is in place as they may have a role to play in this. Currently Council don't plan to employ an events manager and this has not been budgeted for.	Councillors have agreed with officer's advice on priorities for staffing
27	114-116	Ro and Lyle Griffiths	No	Jennie	Sports Coordination: Option 2; Keep sports facilities local. Travelling any distance will deter some people	Noted	Noted
27	114-116	Ro and Lyle Griffiths	No	Lawrence	Reducing Waste: Yes, A, C, D; Would like residents to take responsibility for recycling items. Putting everything in one bin makes it hard for recycling.	A Kerbside - The cost will be \$73K, however in 2016/2017 the annual cost was \$322k for transport, landfill fees so a 40% reduction would equate to \$129K annual saving to offset food waste costs (will depend on uptake so savings have not been budgeted). B Wheelie bin - there has been demand shown for additional recycling capacity and information is planned for the introduction to optimise space. C E-waste - the waste low uptake when there was a fee and they are damaging to the environment, D Resource recovery - Will review if it can be operated as part of a community group.	Noted

No.	Full Submission Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
27	114-116	Ro and Lyle Griffiths	No	Mark	Visitor Infrastructure: Option 1; Support building cycle and walking trails. Mba needs a trail around the vineyards. Electric buses and fast charge stations will be necessary soon	Fast Chargers have ben discussed at council and determined not to install more as yet. One will be installed with the Waihinga Centre	Refer officer's comment, noted.
29	133-134	D&M King		Helen	Visitor Infrastructure: Option1; Provisionally, as long as we can see a visible rate of return	Noted	Noted
29	133-134	D&M King		Jennie	Rates: Concentrate on core council infrastructure (water, roading, waste, recreation)	Noted	Noted
29	133-134	D&M King		Jennie	Youth Development: Option 2; Central government or voluntary sector, not district	Noted	Noted
29	133-134	D&M King		Jennie	Promoting District: Option 1;Provisionally, but must be transparent with rate of return	Noted	Noted
29	133-134	D&M King		Jennie	General: Publish proposed large capital expenditure plans	These are published in the AP and LTP consultation documents each year.	Refer officer's comment
29	133-134	D&M King		Lawrence	Reducing Waste: Yes B, C, D; D. Comfortable with a 1 or 2 yr. pilot scheme and continuation only if it works	A Kerbside - The cost will be \$73K, however in 2016/2017 the annual cost was \$322k for transport, landfill fees so a 40% reduction would equate to \$129K annual saving to offset food waste costs (will depend on uptake so savings have not been budgeted). B Wheelie bin - there has been demand shown for additional recycling capacity and information is planned for the introduction to optimise space. C E-waste - the waste low uptake when there was a fee and they are damaging to the environment, D Resource recovery - Will review if it can be operated as part of a community group.	Noted
32	150-152	Mike Armour	No	Helen	Visitor Infrastructure: Option1; Some of these needed for residents not just visitors	Noted and agreed	Noted
32	150-152	Mike Armour	No	Jennie	Rates: Agrees with increase subject to council urgently dealing with water storage, recycling and storm water issues	Noted	Noted
32	150-152	Mike Armour	No	Jennie	Future Growth: Option 1; Not convinced that option 2 would increase rates in the future, would be driven by factors such as water, waste, roading	Noted	Noted
32	150-152	Mike Armour	No	Lawrence	Reducing Waste: Yes A, B, C, D; Much needed development. Strongly support 240l bins, believes would be good for environment and cost effective	A Kerbside - The cost will be \$73K, however in 2016/2017 the annual cost was \$322k for transport, landfill fees so a 40% reduction would equate to \$129K annual saving to offset food waste costs (will depend on uptake so savings have not been budgeted). B Wheelie bin - there has been demand shown for additional recycling capacity and information is planned for the introduction to optimise space. C E-waste - the waste low uptake when there was a fee and they are damaging to the environment, D Resource recovery - Will review if it can be operated as part of a community group.	Noted
32	150-152	Mike Armour	No	Mark	Promoting District: Option 1; Will council be able to meet the increasing services needs of current and future residents in areas where funding on infrastructure e.g. water and drainage are sorely needed?	The asset management plans and infrastructure strategy for the next 30 years ensure we have a plan to provide infrastructure for the future.	Refer officer's comment

Submissions Summary (Consulted on) v2

No.	Full Submission Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
32	150-152	Mike Armour	No	Lawrence	Water Conservation: Option 3; Supports feasibility study (note option changed to count 1), also: 1. Encourage installation of above/below residential water tanks - this would increase retention in the Ruamahunga Wells and reduce reliance on emergency options 2. Encourage installation of grey water systems 3. Improve storm water drainage and increase retention during major rainfall 4. Install water filtration systems at Ruamahunga Wells to reduce impact of manganese build-up (p44). More cost efficient than each resident installing their own filtration system.	Noted, Council will consider all feedback on water conservation ideas and come up with a plan for the future.	Noted
35	157-159	Conor Kershaw, P&K Mba	No	Jennie	Youth Development: Option2; Central government issue, funding should come from them	Noted	Noted
35	157-159	Conor Kershaw, P&K Mba	No	Jennie	Promoting District: Option2; We are Wairarapa. Branding and promotion should be a united front	Noted, the three Wairarapa Councils and GWRC and WREDA are currently working together on a Wairarapa Economic Development plan	Refer officer's comment
35	157-159	Conor Kershaw, P&K Mba	No	Jennie	Sports Coordination: Option 2; Wairarapa wide role/roles?	Noted	Noted
35	157-159	Conor Kershaw, P&K Mba	No	Lawrence	Reducing Waste: Yes, B, C, D; Is 240L too big?	A Kerbside - The cost will be \$73K, however in 2016/2017 the annual cost was \$322k for transport, landfill fees so a 40% reduction would equate to \$129K annual saving to offset food waste costs (will depend on uptake so savings have not been budgeted). B Wheelie bin - there has been demand shown for additional recycling capacity and information is planned for the introduction to optimise space. C E-waste - the waste low uptake when there was a fee and they are damaging to the environment, D Resource recovery - Will review if it can be operated as part of a community group.	Noted
35	157-159	Conor Kershaw, P&K Mba	No	Lawrence	Water Conservation: Option 3; Questions why we are looking at water conservation for urban people when we issue consents for millions of water use for farming. Often wasted by watering in the middle of the day with northwester	Noted, suggest a submission to GWRC as they look after water takes	Noted
35	157-159	Conor Kershaw, P&K Mba	No	Russell	Future Growth: Option 1; When will work be completed? No indication	Spatial plan work would commence in the 2018/19 financial year. The length of time to complete has not yet been scoped.	Noted
36	160-162	Michael & Karen Anne Cronshaw	No	Jennie	Future Growth: Option 1; The projected population growth seems low. Look at census results to see who is living in Mba	Projected population growth figures were based on work completed by a consulting firm who specialise in this type of forecast based on information regarding currently known developments and predicted new development.	Refer officer's comment

Submissions Summary (Consulted on) v2

No.	Full Submission Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
36	160-162	Michael & Karen Anne Cronshaw	No	Lawrence	Reducing Waste: Yes C; a. don't see how this will be managed properly, will encourage vermin, how will it be disposed? Recommend a worm farm if serious. B. large bins encourage more waste d. promote/have more and continue to use inorganic/e-waste day collections. Outsource to scrap dealers.	A Kerbside - The cost will be \$73K, however in 2016/2017 the annual cost was \$322k for transport, landfill fees so a 40% reduction would equate to \$129K annual saving to offset food waste costs (will depend on uptake so savings have not been budgeted). B Wheelie bin - there has been demand shown for additional recycling capacity and information is planned for the introduction to optimise space. C E-waste - the waste low uptake when there was a fee and they are damaging to the environment, D Resource recovery - Will review if it can be operated as part of a community group. - Council is advocating for national advert to 'reduce, reduce, recycle. - see video for food waste management https://earthcare.co.nz/council/putaruru-food-waste-recycling	Noted
36	160-162	Michael & Karen Anne Cronshaw	No	Lawrence	Water Conservation: Option 1; Compulsory rain water storage tanks as part of new constructions. Ease pressure on town supply and storm water.	Noted, there is a subsidy for emergency rainwater tanks	Noted
37	163-164	Stephen Church	No	Helen	Visitor Infrastructure: Option 1, Cost effective way to promote the visitor experience	Noted	Noted
37	163-164	Stephen Church	No	Jennie	Rates: Can council be more efficient with funds in hand, not what programs to cut. E.g. consultancy fees or town hall which could have been done for 1/2 current cost	Council officers work at all times to minimise costs to ratepayers.	Refer officer's comment
37	163-164	Stephen Church	No	Jennie	Future Growth: Option 1; should have been done long time ago	Noted	Noted
37	163-164	Stephen Church	No	Jennie	Youth Development: Option 2; Private funding is better - not a council brief	Noted	Noted
37	163-164	Stephen Church	No	Jennie	Promoting District: Option 3, Hard to measure growth and not always desirable. If it is such an enviable place to live, why do we need to spend money promoting it? (website needs work)	Noted. Council plan to update the website as soon as new logo and branding has been agreed.	Refer officer's comment
37	163-164	Stephen Church	No	Jennie	Sports Coordination: Option 2, not something council should be focussed on	Noted	Noted
37	163-164	Stephen Church	No	Lawrence	Reducing Waste: Yes C & D; Reducing waste to landfill is worthy goal but current process encourage people to bury waste on farms. Item d has potential, resale of items could offset cost. Experiences with transfer station not good compared to other locations (poor road access, fees, assistance).	Noted. Some budgeted expenditure to improve the access to the landfill. Would not want to reduce fees as they act to encourage residents to recycle more and take less to the landfill. A Kerbside - The cost will be \$73K, however in 2016/2017 the annual cost was \$322k for transport, landfill fees so a 40% reduction would equate to \$129K annual saving to offset food waste costs (will depend on uptake so savings have not been budgeted). B Wheelie bin - there has been demand shown for additional recycling capacity and information is planned for the introduction to optimise space. C E-waste - the waste low uptake when there was a fee and they are damaging to the environment, D Resource recovery - Will review if it can be operated as part of a community group. - Council is advocating for national advert to 'reduce, reuse, recycle. - see video for food waste management https://earthcare.co.nz/council/putaruru-food-waste-recycling	Noted

Submissions Summary (Consulted on) v2

No.	Full Submission Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
37	163-164	Stephen Church	No	Lawrence	Water Conservation: Option 1; Lived 20 years in a desert and never had water restrictions. Locally more rainfall in a day than desert has in months. Is about capture and storage.	Noted, there is a subsidy for emergency rainwater tanks	Promotion and education of home water storage and water reduction solutions to be undertaken.
39	167-168	Ian & Betsy Grigor		Jennie	Sports Coordination: Option 2; Don't feel it is council responsibility	Noted	Noted
39	167-168	Ian & Betsy Grigor		Lawrence	Reducing Waste: Yes B; Does the recycling really get recycled? Where does it go?	A Kerbside - The cost will be \$73K, however in 2016/2017 the annual cost was \$322k for transport, landfill fees so a 40% reduction would equate to \$129K annual saving to offset food waste costs (will depend on uptake so savings have not been budgeted). B Wheelie bin - there has been demand shown for additional recycling capacity and information is planned for the introduction to optimise space. C E-waste - the waste low uptake when there was a fee and they are damaging to the environment, D Resource recovery - Will review if it can be operated as part of a community group.	Noted Kerbside and Transfer Station recycling does get recycled. Separated coloured glass goes to Penrose in Auckland to be processed. All card/paper, tins/aluminium, plastic recycling get bailed at the Masterton Transfer Station before being transported to processing plants or transported overseas for processing. Card/paper goes to a processing plant at Kilneath in Tokoroa and Penrose Auckland. All metals go to scrap merchants in Wellington. Clear Plastic milk bottles taken to an independant processing plastics plant in Palmerston North. Other plastics are transported to overseas for processing.
41	176-177	Jocelyn Konig		Jennie	Promoting District: Option 2; Increase funding to the Fstn Info Centre - could be out of money given to Destination Wairarapa	Will be considered as part of the grant applications. Featherston Community Board is working with Fstn Info centre currently.	Noted
41	176-177	Jocelyn Konig		Jennie	Fees: Stage the \$10 increase to community housing rentals	Council's revenue and financing policy requires this function to be self-funded and not subsidised by ratepayers. This increase is needed to get the pensioner housing closer to break even point.	Noted
43	182-183	Guy Walmsley		Lawrence	Reducing Waste: Yes C, D; yellow bags are great for general waste. Brown and green are great for glass/plastic/paper/tin etc. A collection of soft plastic would be welcomed	A Kerbside - The cost will be \$73K, however in 2016/2017 the annual cost was \$322k for transport, landfill fees so a 40% reduction would equate to \$129K annual saving to offset food waste costs (will depend on uptake so savings have not been budgeted). B Wheelie bin - there has been demand shown for additional recycling capacity and information is planned for the introduction to optimise space. C E-waste - the waste low uptake when there was a fee and they are damaging to the environment, D Resource recovery - Will review if it can be operated as part of a community group.	Councillors understand there is a soft plastic recycling service at Countdown in Masterton. Collected plastics are then sent to Australia for processing.
44	184-185	Lynette McCarthy/ Carol Keltie Roy/Jim White		Jennie	Rates: Don't have an option, way it is	Noted	Noted
44	184-185	Lynette McCarthy/ Carol Keltie Roy/Jim White		Jennie	Fees: Long term residents benefits are already stretched	Noted	Noted

Submissions Summary (Consulted on) v2

No.	Full Submission Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
44	184-185	Lynette McCarthy/ Carol Keltie Roy/Jim White		Lawrence	Reducing Waste: Yes B; Food waste no excuse, dig it into the garden or compost	A Kerbside - The cost will be \$73K, however in 2016/2017 the annual cost was \$322k for transport, landfill fees so a 40% reduction would equate to \$129K annual saving to offset food waste costs (will depend on uptake so savings have not been budgeted). B Wheelie bin - there has been demand shown for additional recycling capacity and information is planned for the introduction to optimise space. C E-waste - the waste low uptake when there was a fee and they are damaging to the environment, D Resource recovery - Will review if it can be operated as part of a community group.	Noted
44	184-185	Lynette McCarthy/ Carol Keltie Roy/Jim White		Lawrence	Water conservation: Option 2; Residents should be encouraged to have tanks for emergencies	Noted, there is a subsidy for emergency rainwater tanks	Promotion and education of home water storage and water reduction solutions to be undertaken.
44	184-185	Lynette McCarthy/ Carol Keltie Roy/Jim White		Russell	Promoting District: Option 2; A mall between Ohio and Square how unique, an enhancement?	This could be considered as part of the spatial plan. Would need private sector investment to make it happen.	Refer officer's comment
45	186-187	Alex Clark		Lawrence	Reducing Waste: Yes A, B, C, D: D is fantastic option and would offer employment	A Kerbside - The cost will be \$73K, however in 2016/2017 the annual cost was \$322k for transport, landfill fees so a 40% reduction would equate to \$129K annual saving to offset food waste costs (will depend on uptake so savings have not been budgeted). B Wheelie bin - there has been demand shown for additional recycling capacity and information is planned for the introduction to optimise space. C E-waste - the waste low uptake when there was a fee and they are damaging to the environment, D Resource recovery - Will review if it can be operated as part of a community group.	Noted
45	186-187	Alex Clark		Lawrence	Water Conservation: Option 1; New builds should be required to recycle grey water (like Kapiti) (also ticked option 3)	Noted, there is a subsidy for emergency rainwater tanks. Recycling greywater could be part of upcoming education for residents. Note: For Kapiti grey water tanks are recommended not compulsory for new builds	Promotion and education of home water storage and water reduction solutions to be undertaken.

Submissions Summary (Consulted on) v2

No.	Full Submission Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
46	188-189	Wendy Crane		Lawrence	Reducing Waste: Yes, A, B, C, D; A. How is food waste defined, include garden waste? B. few people bother to sort properly or know how D. Could be charity run? The present crates don't handle weather conditions well. Labels on what to put in bin should be stuck to bin no sent via flyer	A Kerbside - The cost will be \$73K, however in 2016/2017 the annual cost was \$322k for transport, landfill fees so a 40% reduction would equate to \$129K annual saving to offset food waste costs (will depend on uptake so savings have not been budgeted). B Wheelie bin - there has been demand shown for additional recycling capacity and information is planned for the introduction to optimise space. C E-waste - the waste low uptake when there was a fee and they are damaging to the environment, D Resource recovery - Will review if it can be operated as part of a community group.	Noted
46	188-189	Wendy Crane		Lawrence	Water Conservation: Option 2; Don't pay for more studies, educate those using excess water	Noted, Council will continue its education programme to encourage water conservation by residents	Noted
47	190-191	Ian Buchanan		Jennie	Youth Development: Option 2; This is parents responsibility	Noted	Noted
47	190-191	Ian Buchanan		Jennie	Promoting District: Option 2; Why should businesses be subsidised from rates	Noted	Noted
47	190-191	Ian Buchanan		Jennie	Visitor Infrastructure: Option 2; Queries rates calculation here compared to sports coordination rates impact	This expenditure will be paid mainly from reserves, only depreciation to be funded from rates, hence the small % rates increase	Refer officer's comment
47	190-191	Ian Buchanan		Jennie	Sports Coordination: Option 2; Individual parents responsibility	Noted	Noted
47	190-191	Ian Buchanan		Jennie	Fees: Wants to know % increase on pensioner housing	Percentage increase varies depending on which type of accommodation. Percentage increases range from 11% to 14%.	Refer officer's comment
47	190-191	Ian Buchanan		Lawrence	Water Conservation: Option 2; Millions spent on meters and yet roads are still blown by broken pipes	Noted, renewal of pipes is part of the long term strategy.	Noted, refer officer's comment
50	195-196	Liz Mellish		Jennie	Rates: The Fstn ratepayer increase is substantial and ratepayers should be able to pay rates in frequent small payments and availability of this scheme should be widely promoted Note: Selection of options not explicitly stated in submission so not included in tally.	SWDC has been promoting payment of rates via Direct debit on a weekly, fortnightly or monthly basis for the last financial year. A large number of ratepayers have taken up this option and find it works very well for them. This is promoted in each newsletter included with the rates invoices.	Refer officer's comment
50	195-196	Liz Mellish		Jennie	Promoting District: Agrees with promoting district but only if all 3 towns are supported, doesn't feel that Featherston has been supported.	Noted, we will ensure all three towns and rural areas get promoted as all have something different to offer to visitors and residents. No communities are singled out for special treatment and all are treated equally. Community Boards will be involved if this initiative is advanced.	Refer officer's comment

Submissions Summary (Consulted on) v2

No.	Full Submission Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
50	195-196	Liz Mellish		Lawrence	Reduction of Waste: Suggested increasing the hours at the transfer station and education rather than add to kerbside pickups. Provide for the resale of useable items at the transfer station and have e-waste facility at station.	Noted, A Kerbside - The cost will be \$73K, however in 2016/2017 the annual cost was \$322k for transport, landfill fees so a 40% reduction would equate to \$129K annual saving to offset food waste costs (will depend on uptake so savings have not been budgeted). B Wheelie bin - there has been demand shown for additional recycling capacity and information is planned for the introduction to optimise space. C E-waste - the waste low uptake when there was a fee and they are damaging to the environment, D Resource recovery - Will review if it can be operated as part of a community group.	Council officers to provide the contract variation cost to councillors so they can consider an extension of transfer station hours within the 19/20 annual plan process
50	195-196	Liz Mellish		Lawrence	Water Conservation: Education rather than regulation	Noted, Council will continue its education programme to encourage water conservation by residents	Refer officer's comment
50	195-196	Liz Mellish		Jennie	Youth Development: Supports funding youth workers.	Noted	Noted
51	197-199	Bruce Farley	No	Helen	Visitor Infrastructure: Option 2; Not opposed to tourists, but don't hang hat on industry that depends on others wealth, develop real jobs for locals	Noted	Noted
51	197-199	Bruce Farley	No	Jennie	Rates: Disagree, 5%; Infrastructure as a priority. We are all limited to inflation only increases so should be Council's spending guide	Noted	Noted
51	197-199	Bruce Farley	No	Jennie	Youth Development: Option 2; Find a mid-range solution. Is it Council's role to take care of youth health and training. Parents/GPS and current training providers? Money better spend on initiatives to encourage business so jobs here	Noted	Noted
51	197-199	Bruce Farley	No	Jennie	Promoting District: Option 3; Spend money on business development so not all work tourism focused.	Noted	Noted
51	197-199	Bruce Farley	No	Jennie	Sports Coordination: Option 2; If people want to be involved they should step-up and make it happen. Not councils role to manage	Noted	Noted
51	197-199	Bruce Farley	No	Jennie	General: Saddened that the LTP process is so extensive and expensive and a bit 'smoke and mirrors' as well	The LTP process is required by law to make Council planning and decision making more transparent to ratepayers. Council could consider not publishing paper copies of the CD in future and just publish on our website but we believe this would reduce the reach of the information as we are aware not all residents have access to computers and the internet.	Refer officer's comment
51	197-199	Bruce Farley	No	Lawrence	Reducing Waste: Yes C, D: Food and green waste should be managed by the householder/user pays.	Noted, A Kerbside - The cost will be \$73K, however in 2016/2017 the annual cost was \$322k for transport, landfill fees so a 40% reduction would equate to \$129K annual saving to offset food waste costs (will depend on uptake so savings have not been budgeted). B Wheelie bin - there has been demand shown for additional recycling capacity and information is planned for the introduction to optimise space. C E-waste - the waste low uptake when there was a fee and they are damaging to the environment, D Resource recovery - Will review if it can be operated as part of a community group.	Noted

Submissions Summary (Consulted on) v2

No.	Full Submission Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
51	197-199	Bruce Farley	No	P&E Manager	Future Growth: Option 2; Take a mid-way/local approach. A consultants report may say how many people are going to be living here, but not how they will be employed. Forecast and plan but use the information we have locally	Noted	Noted
52	200-201	Prue Vincent and Paul Dodge	No	Jennie	Rates: Disagree 3%; Inflation only. With potential GWRC increase anything other than inflation adjustments would cause hardship to a significant number of people. Wages and pensions are not keeping pace with inflation	Noted	Noted
52	200-201	Prue Vincent and Paul Dodge	No	Jennie	General: LTP Consultation Document well presented	Noted. Thank you.	Noted
53	202-203	Nim Grewal	No	Jennie	Sports Coordination: Option 2; Money would be squandered and no value to clubs that need it will be realised	Noted	Noted
54	204-205	Sally Walker	No	Helen	Promoting District: Option 3; Fstn and SW need better public pools; i.e. heating for Fstn and long-term thought on developing indoor facility	Replacement for existing heating system at Featherston is being worked on. Indoor facility - while it might be possible to fund the construction of an indoor facility, the cost to operate even an outdoor facility means that Council can only have the pools open for 15 weeks a year.	Refer officer's comment
54	204-205	Sally Walker	No	Helen	Visitor Infrastructure: Option 1; Improve campground facilities at Bucks Rd	Bucks Road campground is part of the Department of Conservation estate not SWDC property.	Refer officer's comment
54	204-205	Sally Walker	No	Lawrence	Waste Reduction: Yes, A, B, C, D: Include Sth Fstn in your curb side rubbish collection planning	Noted, A Kerbside - The cost will be \$73K, however in 2016/2017 the annual cost was \$322k for transport, landfill fees so a 40% reduction would equate to \$129K annual saving to offset food waste costs (will depend on uptake so savings have not been budgeted). B Wheelie bin - there has been demand shown for additional recycling capacity and information is planned for the introduction to optimise space. C E-waste - the waste low uptake when there was a fee and they are damaging to the environment, D Resource recovery - Will review if it can be operated as part of a community group.	Rubbish collection is a targeted urban service. It would be too expensive for ratepayers to fund a collection from rural properties gates.
56	209-211	Greytown Community Board	No	Helen	Visitor Infrastructure: Option 1; Reports from other communities show that if it is not managed it can cause major problems and have negative effect on communities. With the increase in campervans, new ventures etc. it is important to have facilities to retain natural beauty and environment.	Noted	Noted
56	209-211	Greytown Community Board	No	Jennie	Youth Development: Option 1; There are ltd facilities and youth training programs.	Noted	Noted
56	209-211	Greytown Community Board	No	Jennie	Promoting District: Option 1; A proactive approach to promoting our district is the way forward to enhance our communities and attract visitors which will have positive economic benefits	Noted	Noted
56	209-211	Greytown Community Board	No	Jennie	Sports Coordination: Option 2; Active children and youth lead healthier lives. Free swimming was a success and GCB supports this initiative	Noted	Noted

Submissions Summary (Consulted on) v2

No.	Full Submission Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
56	209-211	Greytown Community Board	No	Lawrence	Waste Reduction: Yes, A, B, C, D: Many residents don't have capability to recycle food waste. Would like Council to retain curb side inorganic recycling and increase collection to 3 times per year. Would also like to see an increase in the number of items able to be put out to 3.	A Kerbside - The cost will be \$73K, however in 2016/2017 the annual cost was \$322k for transport, landfill fees so a 40% reduction would equate to \$129K annual saving to offset food waste costs (will depend on uptake so savings have not been budgeted). B Wheelie bin - there has been demand shown for additional recycling capacity and information is planned for the introduction to optimise space. C E-waste - the waste low uptake when there was a fee and they are damaging to the environment, D Resource recovery - Will review if it can be operated as part of a community group.	Noted. Council have opted to continue the inorganic collection service status quo.
56	209-211	Greytown Community Board	No	Lawrence	Water Conservation: Option 2; Would like all new builds to have mandatory water collection systems and grey water to be part of the building consent process.	Noted, Council will consider all feedback on water conservation ideas and come up with a plan for the future.	Promotion and education of home water storage and water reduction solutions to be undertaken.
56	209-211	Greytown Community Board	No	P&E Manager	Future Growth: Option1; Need to have a planned growth strategy in SW. Key to success if input from CB's and community leaders	Noted	Noted
57	212-215	Ann Rainford	Yes	P&E Manager	Future Growth: Option1; Housing needs of the elderly should have been mentioned. Their needs and 1st home buyers needs, need to be a priority in the planning process. Would like a promise that smaller houses will be on the agenda for the 17/18 AP. There is a need to reduce plot size minimum to 500sq metres. South Wairarapa needs to be the same as Carterton and Masterton and needs to be attended to as a priority to cater for the needs of a significant section of our community.	Noted. The current District Plan subdivision rules for the residential zone allows a 400m ² minimum lot size providing for people that want smaller sized sections. Carterton and South Wairarapa District's are aligned (minimum lot size is 400m ² and 500m ² is the minimum average lot size). Masterton District Council have a 350m ² minimum lot size and a 400m ² average lot size for 3 or more lots. DP is to be reviewed in next couple of years, Council needs to decide if they want to reduce sections sizes as part of this review.	Refer officer's comment
59	217-218	Ed Handyside	No	Jennie	Rates: No increase for rural ratepayers	Noted, unfortunately this is not possible due to increased costs	Noted
60	219-221	Alistair and Jenny Boyne	Yes	Helen	Visitor Infrastructure: Option 1; Open toilets in Mba for 24hrs so locals can use in the evenings. Coastal camping areas need built in BBQ's so tourists don't light fires in summer	Could look at this. Over summer would need to look at whether they needed to be cleaned/stocked twice a day, which would have an impact operating budget. BBQs are not in Coastal Reserves Development Plan. The safe ones (electric) need electrical supply – would be very expensive to buy and set up. Anything else unsuitable because of fire risk	One public toilet in Martinborough and one in Greytown will be opened for a 24 hour period on a one-year trial basis. Officers to determine the installation and ongoing operational cost of installing electric, gas and solar powered BBQ's at Tora.
60	219-221	Alistair and Jenny Boyne	Yes	Jennie	Rates: Don't fund anything not a core service.	Noted	Noted
60	219-221	Alistair and Jenny Boyne	Yes	Jennie	Youth Development: Option 2; Continue with Rural Travel subsidy for sport and maybe extend for transport to work	Noted, it is not contemplated this will extend to funding youth to travel to work.	Noted, it is not contemplated this will extend to funding youth to travel to work.
60	219-221	Alistair and Jenny Boyne	Yes	Jennie	Promoting our District: Option 2; Businesses can promote themselves	Noted	Noted
60	219-221	Alistair and Jenny Boyne	Yes	Jennie	Sports Coordination: Option 2; Council could assist to help groups share infrastructure or provide a building or ground. Most land where sport is played, land was bequeathed so shouldn't be sold. Towns populations are growing and need to retain green space	Noted	Noted
60	219-221	Alistair and Jenny Boyne	Yes	Jennie	Fees: Unable to compare, would have been helpful if existing fees were beside.	Noted, will keep this in mind for future CD presentation.	Noted

Submissions Summary (Consulted on) v2

No.	Full Submission Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
60	219-221	Alistair and Jenny Boyne	Yes	Lawrence	Reducing Waste: Yes C; Checkout Wanaka Waste buster. Open 7 days a week from 8am. Driving force of near zero waste. Lots to purchase and green waste dumping is free	A Kerbside - The cost will be \$73K, however in 2016/2017 the annual cost was \$322k for transport, landfill fees so a 40% reduction would equate to \$129K annual saving to offset food waste costs (will depend on uptake so savings have not been budgeted). B Wheelie bin - there has been demand shown for additional recycling capacity and information is planned for the introduction to optimise space. C E-waste - the waste low uptake when there was a fee and they are damaging to the environment, D Resource recovery - Will review if it can be operated as part of a community group. Council mulches free waste for disposal to land, so cost is for recovery and transport	The Waste Minimisation Officer will be asked to look at Wanaka Waste busters
60	219-221	Alistair and Jenny Boyne	Yes	Lawrence	Water Conservation: Option 3; Encourage residents to put in their own rainwater tanks to water gardens etc. treated water being used extensively when only needed for drinking. Find a clean source of water for Mba.	Noted, Council will consider all feedback on water conservation ideas and come up with a plan for the future.	Promotion and education of home water storage and water reduction solutions to be undertaken. Council officers will be investigating the feasibility of bringing forward the Martinborough water supply project.
60	219-221	Alistair and Jenny Boyne	Yes	P&E Manager and	Future Growth: Option 1; Must take in consideration the urban sprawl effects on rural landscape and those living in the rural area near towns are financially penalised by rates increases when you change boundaries. Why isn't 2 tier rating an option? Existing rural owners stay at rural rate, new properties reclassified once sold	Noted.	Rating of properties affected by rezoning to be reviewed as part of the rating review
61	222-223	Mel Handyside	No	Jennie	Rates: No increase for rural ratepayers	Noted	Noted
61	222-223	Mel Handyside	No	Lawrence	Reducing Waste: Yes C; Would rural recycling/rubbish collection happen? If rural ratepayers are paying this increase the services should be provided. Otherwise rural ratepayers are paying for town collection and disposing of their rubbish	A Kerbside - The cost will be \$73K, however in 2016/2017 the annual cost was \$322k for transport, landfill fees so a 40% reduction would equate to \$129K annual saving to offset food waste costs (will depend on uptake so savings have not been budgeted). B Wheelie bin - there has been demand shown for additional recycling capacity and information is planned for the introduction to optimise space. C E-waste - the waste low uptake when there was a fee and they are damaging to the environment, D Resource recovery - Will review if it can be operated as part of a community group.	Rubbish collection is a targeted urban service. It would be too expensive to collect waste from rural properties so the urban service (including provision of these proposals) is funded by urban ratepayers. Some rural ratepayers have the ability to opt-in to the service for a fee and under agreed conditions.
63	229-232	Martinborough Top 10 Holiday Park	Yes	Helen	Visitor Infrastructure: Option 1; Given strong growth in visitors this is a priority but infrastructure shouldn't be given to non self-contained free campers where this is already provided by the private sector. Don't believe ratepayers should be subsidising other people's holidays.	Noted	Council is waiting for the outcome of the Local Government NZ freedom camping discussion and investigation.
63	229-232	Martinborough Top 10 Holiday Park	Yes	Jennie	Youth Training: Option 1; Support SWDC's proposed contribution to the Kuranui project	Noted	Noted. Council has agreed to contribute to the feasibility study for this.

Submissions Summary (Consulted on) v2

No.	Full Submission Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
63	229-232	Martinborough Top 10 Holiday Park	Yes	Jennie	Promoting District: Option3; Don't believe it is Council's role to promote the SW to visitors, funding already provided to Destination Wairarapa. SWDC website needs urgent update and with no amalgamation there is a desire to unite and position SW. Suggest lower level of funding and promotion funding given to Destination Wairarapa	Website update is planned for coming year once new logo and branding have been agreed. Other points noted	Refer officer's comment.
63	229-232	Martinborough Top 10 Holiday Park	Yes	Jennie	Sports Coordination: Option 2; \$50k would be better spent on marketing the Waihinga Centre as a meeting and event venue	Noted	Noted
63	229-232	Martinborough Top 10 Holiday Park	Yes	Lawrence	Reducing Waste: Yes B, C; Prioritise 240l bins and e-waste collections. Suggest the Waikato food waste collection is reviewed for success before committing and does not support a recycling centre as other options such as Martinborough Wanted Buy and Sell are available.	A Kerbside - The cost will be \$73K, however in 2016/2017 the annual cost was \$322k for transport, landfill fees so a 40% reduction would equate to \$129K annual saving to offset food waste costs (will depend on uptake so savings have not been budgeted). B Wheelie bin - there has been demand shown for additional recycling capacity and information is planned for the introduction to optimise space. C E-waste - the waste low uptake when there was a fee and they are damaging to the environment, D Resource recovery - Will review if it can be operated as part of a community group.	Noted
63	229-232	Martinborough Top 10 Holiday Park	Yes	Lawrence	Water Conservation: Option 1; Supports feasibility study to ensure a robust approach	Noted	Noted
63	229-232	Martinborough Top 10 Holiday Park	Yes	P&E Manager	Future Growth: Option 1; SWDC needs to get ahead of the growth in the region, and that a spatial plan is developed by the community is essential	Noted	Noted
64	233-234	Mark Guscott	No	Jennie	Rates: Queries why rural ratepayers would support cost increases when they have little or no use for services provided	Rural ratepayers have access to the extensive rural roading network as well as the amenities in town when they visit. They are also able to use the urban amenities e.g. libraries, parks and swimming pools and many do use these on a regular basis. Rates are apportioned between urban and rural ratepayers taking into account the different facilities available to both groups.	Councillors discussed the Uniform Annual General Charge rate and noted a preference to utilise the full allowance of 30% of rates. A full rating review will be taking place in the 2018/19 year.
64	233-234	Mark Guscott	No	P&E Manager	Future Growth: Option 1; High quality rural land should be retained for food production	Noted	Discussion around land use and subdivision permissions will be reviewed as part of the spatial plan exercise.
65	235-238	Martinborough Community Board	Yes	Helen	Visitor Infrastructure: Option 1; Support and request that it is linked to spatial planning exercise so freedom camping and tourism is managed with least harm to environment	Noted	Council is waiting for the outcome of the Local Government NZ freedom camping discussion and investigation. Points will also be considered as part of spatial planning
65	235-238	Martinborough Community Board	Yes	Jennie	Youth Development: Option 1; Support SWDC's proposed contribution to the Kuranui project	Noted	Noted, Council has agreed to contribute to the feasibility study.
65	235-238	Martinborough Community Board	Yes	Jennie	Promoting District: Option 1; Request that Council doesn't duplicate Destination Wairarapa work. Focus of spend should be to position district as independent region via SWDC website, communications and social media.	Noted	Noted
65	235-238	Martinborough Community Board	Yes	Jennie	Sport Coordination: Does not feel qualified to express an opinion but have contacted Mba sporting organisations and encouraged them to submit.	Noted	Noted

Submissions Summary (Consulted on) v2

No.	Full Submission Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
65	235-238	Martinborough Community Board	Yes	Lawrence	Reducing Waste: Prioritise 240l bins, then e-waste collections then food waste collection. Believe social media sites such as Martinborough Wanted Buy and Sell provide better options for disposing of useable items than a recycle centre at transfer station.	A Kerbside - The cost will be \$73K, however in 2016/2017 the annual cost was \$322k for transport, landfill fees so a 40% reduction would equate to \$129K annual saving to offset food waste costs (will depend on uptake so savings have not been budgeted). B Wheelie bin - there has been demand shown for additional recycling capacity and information is planned for the introduction to optimise space. C E-waste - the waste low uptake when there was a fee and they are damaging to the environment, D Resource recovery - Will review if it can be operated as part of a community group.	Noted
65	235-238	Martinborough Community Board	Yes	Lawrence	Water Conservation: Option 1; Supports feasibility study to ensure a robust approach	Noted	Noted
65	235-238	Martinborough Community Board	Yes	P&E Manager	Future Growth: Option 1; Would like to see a plan that includes infrastructure plus existing and planned community assets. Include: direction for future growth, identify community values, will allow us to anticipate and respond to risks (climate change, water supply, transport), improve linkages with community, support youth and elderly and other diverse groups, provide for diversity within community, enable economic growth, planned spaces will reduce crime, be flexible to respond to change	Noted, Spatial plan will cover this.	Refer officer's comment
69	251-252	Les O'Donovan		Jennie	Rates: Agree; As long as no hidden costs to come	Noted, all known costs are included in LTP budgets.	Refer officer's comment, the supporting documents which include all of councils costs can be read in all of the South Wairarapa libraries, Council offices or on Council's website
69	251-252	Les O'Donovan		Jennie	Promoting District: Option 1; As long as promotion and investment in all 3 district's not just one or two	Noted, we will ensure all three towns and rural areas get promoted as all have something different to offer to visitors and residents.	Refer officer's comment
70	253-254	Max Stevens		Helen	Visitor Infrastructure: Option 1; South Wairarapa is a destination, need to provide visitor services. Considerable economic benefit to district	Noted	Noted
70	253-254	Max Stevens		Jennie	Youth Development: Option 1; Govt should fully or partially fund social initiatives	Noted	Noted
70	253-254	Max Stevens		Jennie	Promoting District: Option 1; Initiatives should be cost/benefit on social and financial considerations	Noted	Noted
70	253-254	Max Stevens		Jennie	Sports Coordination: Option 2; Needs strong buy in from sports clubs to be successful regardless of ratepayer support	Noted	Noted
70	253-254	Max Stevens		Lawrence	Reducing Waste: Yes B, C, D; Food waste collection would require mind shift, leave for another year	Noted	Noted
70	253-254	Max Stevens		P&E Manager	Future Growth: Option 1; Consultants must fully understand the requirement of community input	Noted. Community input would be an important part of a Spatial Planning Process.	Refer officer's comment
71	255-256	Jim Clark		Jennie	Rates: Agree; Agree because can afford it, but realise there are people who struggle to pay	Noted	Noted
71	255-256	Jim Clark		Jennie	Youth Development: Option 1; Like Reuben Tipoki's take on promoting skills and values for Maori and Pakeha	Noted	Noted

Submissions Summary (Consulted on) v2

No.	Full Submission Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
71	255-256	Jim Clark		Jennie	Promoting District: Option 1; Promotion is great but can the area tolerate the huge influx of residents/visitors?	See consultation on increasing infrastructure for visitors. Councils monitor the predicted growth in the region. Annual plans and 3 yearly LTPs ensure Council are looking forward regarding the needs of the District. Asset management plans and infrastructure strategy prepared as part of the LTP process ensure infrastructure can cope with the growth. The proposed spatial plan will also contribute to this.	Refer officer's comment
71	255-256	Jim Clark		Jennie	Visitor Infrastructure: Option 1; \$50k sounds too light to improve facilities for expected numbers of visitors, suggests \$200k.	Proposal is to invest \$50K pa for 5 years so a total of \$250K.	Refer officer's comment
71	255-256	Jim Clark		Lawrence	Waste Reduction: Yes A, C, D; A. sounds messy, B. encourages people to put all waste including recyclables into the bin. Could we pay people to sort recyclables by hand?	A Kerbside - The cost will be \$73K, however in 2016/2017 the annual cost was \$322k for transport, landfill fees so a 40% reduction would equate to \$129K annual saving to offset food waste costs (will depend on uptake so savings have not been budgeted). B Wheelie bin - there has been demand shown for additional recycling capacity and information is planned for the introduction to optimise space. C E-waste - the waste low uptake when there was a fee and they are damaging to the environment, D Resource recovery - Will review if it can be operated as part of a community group.	Noted
71	255-256	Jim Clark		Lawrence	Water Conservation: Option 1; Suggests a meeting first of interested parties and whether we really need to pay a consultant about this. There is a lot of talent in our area and we should start using this. 'Some winter water to use in summer'	Noted	Noted
71	255-256	Jim Clark		Russell	Future Growth: Option 1; If rural land is subdivided do existing landowners have to pay urban rates just because they happen to live there or does the new rate only apply to land under a certain size?	If rural land is rezoned to residential, Council policy is that urban rates would then apply.	Refer officer's comment
72	257-258	Jan Eagle, Friends of Stella and Sarah		Helen	Visitor Infrastructure: Option 1: The natural environment must be the focus for a healthy future for the towns	Noted	Noted
74	276-278	Guy Didsbury	No	Jennie	Rates: Disagree; 3%; An 11% increase in 2 years is disgraceful. Not many businesses could stand that sort of cost increase and get away with it. Proposals are airy fairy.	Noted	Noted
74	276-278	Guy Didsbury	No	Jennie	Future Growth: Option one; Council should have the skills to deal with challenges as they come up. Planning can date quickly, think on your feet and make responsible decisions	Noted	Noted
74	276-278	Guy Didsbury	No	Jennie	Promoting District: Option two; Don't need promotion and logos. A lot of marketing can be done cleverly with low cost. If you do the basics of Council's jobs (roads, rubbish) the promotion of our area will take care of itself	Noted	Noted
74	276-278	Guy Didsbury	No	Jennie	Visitor Infrastructure: Option 1; Should be providing enough and as needed	Noted	Noted
74	276-278	Guy Didsbury	No	Jennie	Sports Coordination: Option 2; Stick to the basics, maybe some funding input as required. Pirinoa sports have no council input yet are run successfully. Doesn't want to pay for someone else's wish list when we have to work hard to maintain our own facilities	Noted	Noted
74	276-278	Guy Didsbury	No	Jennie	Reducing Waste: No all; Stick to basics. Do what needs to be done as efficiently as possible. Leave the value added to private business	Noted	Noted
74	276-278	Guy Didsbury	No	Jennie	Water conservation: Option 2; Leave to GWRC. Building dams is expensive compared to bores.	Noted	Noted
76	282-287	Tracey Shepherd, YETE	Yes	Jennie	Youth Development: Option 1; YETE fully supports this proposal and is encouraged Council is willing to invest in the future of its younger residents	Noted	Noted

Submissions Summary (Consulted on) v2

No.	Full Submission Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
77	288-289	Ellen Blake	No	Jennie	Visitor Infrastructure: Option 1; Consider alternative funding such as a tourist bed tax. Look at ways to obtain funding from visitors	Noted, Council will be completing a review of the rating system during the 2018/19 financial year and this will be one of the issues covered in that review.	Refer officer's comment
77	288-289	Ellen Blake	No	Jennie	Youth Development: Option 2; Good initiative and would like to see a focus on activities for girls recreation	Noted	Noted
77	288-289	Ellen Blake	No	Jennie	Sports Coordination: Option 2; Assume there is coordination of sporting facilities by SWDC to ensure best use of facilities. Supports free swimming	Noted	Noted
77	288-289	Ellen Blake	No	Lawrence	Reducing Waste: Yes A, C, D; Existing recycle bins are ok, kerbside food is good if composted and sold back to residents. E-waste is good but the user should pay	A Kerbside - The cost will be \$73K, however in 2016/2017 the annual cost was \$322k for transport, landfill fees so a 40% reduction would equate to \$129K annual saving to offset food waste costs (will depend on uptake so savings have not been budgeted). B Wheelie bin - there has been demand shown for additional recycling capacity and information is planned for the introduction to optimise space. C E-waste - the waste low uptake when there was a fee and they are damaging to the environment, D Resource recovery - Will review if it can be operated as part of a community group.	Noted
77	288-289	Ellen Blake	No	Lawrence	Water Conservation: Option 1; Still a lot of garden watering happening. Household tanks should be encouraged for emergency or dry weather capacity. Is water pipe leaks an issue? Include water efficient design for building consents	Noted, it would be covered in the report	Promotion and education of home water storage and water reduction solutions to be undertaken.
77	288-289	Ellen Blake	No	P&E Manager	Future Growth: Option1; Consistent and coherent approach to spatial management is essential	Noted.	Noted
78	291-295	John Rhodes	No	Jennie	Promoting District: Option 3; \$10k; Clarity, unity and confidence benefits are nebulous, growth is arguably not a benefit, service in the shape of updating website is only thing supported.	Noted	Noted
78	291-295	John Rhodes	No	Jennie	Sports Coordination: Option 2; Greytown already has sports coordination funded by Greytown Trust Lands	Noted	Noted
78	291-295	John Rhodes	No	Jennie	Water Conservation: Option 2; Limit the growth of new subdivisions which place increasing demand on existing water supply and other services	Noted	Noted

Submissions Summary (Consulted on) v2

No.	Full Submission Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
78	291-295	John Rhodes	No	Lawrence	Waste Reduction: Yes C, D; a. Instead encourage residents to compost their own food waste b. wheelie bins encourage recycling which is the last and least effective strategy in waste minimisation. Instead promote reduction and re-use	Noted. Some budgeted expenditure to improve the access to the landfill. Would not want to reduce fees as they act to encourage residents to recycle more and take less to the landfill. A Kerbside - The cost will be \$73K, however in 2016/2017 the annual cost was \$322k for transport, landfill fees so a 40% reduction would equate to \$129K annual saving to offset food waste costs (will depend on uptake so savings have not been budgeted). B Wheelie bin - there has been demand shown for additional recycling capacity and information is planned for the introduction to optimise space. C E-waste - the waste low uptake when there was a fee and they are damaging to the environment, D Resource recovery - Will review if it can be operated as part of a community group. - Council is advocating for national advert to 'reduce, reuse, recycle. - see video for food waste management https://earthcare.co.nz/council/putaruru-food-waste-recycling	Waste Minimisation Officer to provide information and work with Council staff to provide 'how to compost' information on Council's website
78	291-295	John Rhodes	No	Mark	Visitor Infrastructure: Option 1; Supported with proviso that cycle trails not be provided next to roads. The roads are fine for cycling and the Western Lake Rd trail is a disaster	Noted	Noted
78	291-295	John Rhodes	No	P&E Manager	Future Growth: Why must growth happen at all? The ultimate population of the district must be known/agreed, then we can work backwards and plan for it. Make a spatial plan but only after the intended population is known.	Council has a responsibility under the RMA to provide for sustainable development.	The growth aim and goal is to be discussed and addressed during spatial plan development
80	301-302	Trish Higginson	Yes	Tim	Visitor Infrastructure: Option 1; Footpaths are a disgrace at the moment	The vast majority of footpaths are in very good condition and we act to repair any we are advised are in bad repair as soon as feasible.	Refer officer's comment
80	301-302	Trish Higginson	Yes	Jennie	Rates: Disagree; None; No further increases until Council show frugal spending. No more spending on Waihinga Centre	Noted	Noted
80	301-302	Trish Higginson	Yes	Jennie	Promoting District: Option 2; No further projects until community are engaged	Noted	Noted
80	301-302	Trish Higginson	Yes	P&E Manager	Future Growth: Neither option, and no more spending until community are properly consulted	Noted	Noted
82	304-306	Jackie Buckley	No	Jennie	Sports Coordination: Option 2; More collaborative discussions need to happen before decision to spend and a spatial plan may provide priorities	Noted	Noted
82	304-306	Jackie Buckley	No	Helen	Visitor Infrastructure; Option 2; Put on hold until a spatial plan done. Not sure how community/ratepayers will benefit from having more facilities. As it is tourism is increasing prices to the point many members of the community can no longer enjoy eating out or having a drink in a local bar. Business owners are benefiting from tourism but avg ratenaver is not	Noted	Noted
82	304-306	Jackie Buckley	No	Jennie	Rates: Disagree; 3%; Biggest concern is increase in rates over next 2 years. The cost of living in Mba is increasing excessively. Spend less on water conservation, youth development, sports coordination, areas of waste.	Noted	Noted
82	304-306	Jackie Buckley	No	Jennie	Youth Development; Option 2; No clear indication in the plan where this money will be spent. Council needs to work with NGO sector and take a collaborate approach	Noted	Noted

Submissions Summary (Consulted on) v2

No.	Full Submission Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
82	304-306	Jackie Buckley	No	Jennie	Promoting District: Option 3; Council technology does need to improve but members of the community need educating to use that technology. No evidence to suggest that the web will be used more if upgraded as members of the community are not tech savvy and tourists are more likely to use i-site website. More research should be done	Noted	Council officers to promote the use of the website and how to find information. Comms resource will also work on promoting use of the website.
82	304-306	Jackie Buckley	No	Lawrence	Reducing Waste: No or blank all; Complete spatial plan first. View is that most people compost their food waste or use for animals, don't see visitors using food bin. Wheelie bins nice to have on windy days but the problem is the waste bags left by weekend visitors that get torn by animals and scavenged by rates. Recycling is main priority.	A Kerbside - The cost will be \$73K, however in 2016/2017 the annual cost was \$322k for transport, landfill fees so a 40% reduction would equate to \$129K annual saving to offset food waste costs (will depend on uptake so savings have not been budgeted). B Wheelie bin - there has been demand shown for additional recycling capacity and information is planned for the introduction to optimise space. C E-waste - the waste low uptake when there was a fee and they are damaging to the environment, D Resource recovery - Will review if it can be operated as part of a community group.	Noted
82	304-306	Jackie Buckley	No	P&E Manager	Future Growth: Option 1; The priority should be spatial plan which will identify the demographic needs of the community and infrastructure needs.	Noted	Noted
83	307-308	Emma Cameron	No	Helen	Visitor Infrastructure: Option 1; Definitely overdue	Noted	Noted
83	307-308	Emma Cameron	No	Jennie	Promoting District: option 2; Unnecessary, it sells itself. We need to slow growth as farming land is disappearing including the ability to feed ourselves	Noted	Noted
83	307-308	Emma Cameron	No	Jennie	Sports Coordination: Option 2; Not a council role	Noted	Noted
83	307-308	Emma Cameron	No	Lawrence	Reducing Waste: Yes, B, C, D; No need for a food waste collection as long as subdivisions have yards for compost	Noted. Some budgeted expenditure to improve the access to the landfill. Would not want to reduce fees as they act to encourage residents to recycle more and take less to the landfill. A Kerbside - The cost will be \$73K, however in 2016/2017 the annual cost was \$322k for transport, landfill fees so a 40% reduction would equate to \$129K annual saving to offset food waste costs (will depend on uptake so savings have not been budgeted). B Wheelie bin - there has been demand shown for additional recycling capacity and information is planned for the introduction to optimise space. C E-waste - the waste low uptake when there was a fee and they are damaging to the environment, D Resource recovery - Will review if it can be operated as part of a community group. - Council is advocating for national advert to 'reduce, reuse, recycle. - see video for food waste management https://earthcare.co.nz/council/putaruru-food-waste-recycling	Noted
83	307-308	Emma Cameron	No	Lawrence	Water Conservation: Option 2; Plant for clean water, restore wetlands to ensure good filtering systems	Noted	Noted
83	307-308	Emma Cameron	No	P&E Manager	Future Growth: Mixed views, not sure this is the best tool	Noted	Noted

Submissions Summary (Consulted on) v2

No.	Full Submission Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
84	309-312	Daryl Sykes		Helen	Visitor Infrastructure: Should be a medium term priority. Numbers, frequency of use, demands on facilities, impact on roading are poorly provided for in plan. There is catching up to do with waste collection and disposal at coastal location. Visitor activity has surged ahead of Council provision and we should pause to get the management settings right before encouraging more of the same	Noted	Noted
84	309-312	Daryl Sykes		Jennie	Rates: Disagree: Inflation adjusted rating only, suggest consolidation of proposed work streams to ensure more efficient and affordable service purchase and delivery	Noted	Noted
84	309-312	Daryl Sykes		Jennie	Youth Development: Option 1; Supports investment of facilities rather than direct funding of individual clubs/teams	Noted	Noted
84	309-312	Daryl Sykes		Jennie	Sports Coordination: Option 2; Investment should be of facilities and maintenance of them	Noted	Noted
84	309-312	Daryl Sykes		Lawrence	Reducing Waste: Yes C; Sees evidence of local fly tipping because Council makes it difficult and expensive to dispose of refuse. The transfer station on Lake Ferry Road is not accessible at times when coastal residents and weekend visitors are travelling to and from the coast. The refuse collection from Whatarangi to Mangatoetoe is being compromised by the amount of residential waste and whiteware being disposed of in wheelie bins at the Ngawi camping site. Commercial users have been freeloading the bins provided for the use of campers. The refuse disposal situation is a mess - and needs a well executed response for a efficient disposal and removal service. I support e-waste disposal - by way of a central collection points and advertised quarterly drop-offs in Pirinoa, Featherston and Martinborough. Council should investigate the sale of e-waste to off-set the service costs or tender to an e-waste business.	A Kerbside - The cost will be \$73K, however in 2016/2017 the annual cost was \$322k for transport, landfill fees so a 40% reduction would equate to \$129K annual saving to offset food waste costs (will depend on uptake so savings have not been budgeted). B Wheelie bin - there has been demand shown for additional recycling capacity and information is planned for the introduction to optimise space. C E-waste - the waste low uptake when there was a fee and they are damaging to the environment, D Resource recovery - Will review if it can be operated as part of a community group.	Council officers to provide advice to ratepayers in the Council newsletter and via social media about what to do if they see instances or evidence of fly tipping. Ratepayers are encouraged to advise Council if they see evidence of fly tipping so action can be taken.
84	309-312	Daryl Sykes		Russell	Future Growth: Option 1; Agree but future development must be consistent with the natural character of the region and does not impose any loss of amenity values to residents or entail unexpected expenditure by Council as a consequence of defaults in terms of RMA responsibilities	Noted	Noted
85	313-315	Emily Greenberg	No	Jennie	Rates: Disagree; No rates increases. No money for Wairarapa water project or Wgtn Airport. Money spent more efficiently. Already spend more money on rates than Wgtn	Noted	Noted
85	313-315	Emily Greenberg	No	Jennie	Youth Development: Support, but money should be from cost savings in other areas and not a rates increase.	Noted	Noted
85	313-315	Emily Greenberg	No	Jennie	Promoting District: Option 4 - Improved promotion at no rates increase. Limited options. A clear vision for unity, growth and service can be gained by engaging with the public for little cost. Should be included in Council's role and not require increase	Noted	Noted
85	313-315	Emily Greenberg	No	Jennie	Sport Coordination: Support need, but support should be found through cost savings in other areas and not rates increase	Noted	Noted
85	313-315	Emily Greenberg	No	Jennie	General: Thinks options were written in a leading style and assume change comes with a rates increase. Change doesn't always come with a cost, consider how these are worded in future	Noted	Noted

Submissions Summary (Consulted on) v2

No.	Full Submission Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
85	313-315	Emily Greenberg	No	Lawrence	Reducing Waste: Yes, C, D: Most urban lots can compost onsite. Expecting everyone to kerbside compost is unrealistic	A Kerbside - The cost will be \$73K, however in 2016/2017 the annual cost was \$322k for transport, landfill fees so a 40% reduction would equate to \$129K annual saving to offset food waste costs (will depend on uptake so savings have not been budgeted). B Wheelie bin - there has been demand shown for additional recycling capacity and information is planned for the introduction to optimise space. C E-waste - the waste low uptake when there was a fee and they are damaging to the environment, D Resource recovery - Will review if it can be operated as part of a community group.	Noted. Waste Minimisation Officer to provide information and work with Council staff to provide 'how to compost' information on Council's website, newsletters etc
85	313-315	Emily Greenberg	No	Russell	Future Growth: Limited options. Supports spatial planning but only if done with the other 2 Wairarapa councils and GWRC for most aspects and Wgtn councils for others. Spatial planning should be regional Can get value for money if we work together. \$300k over 10 years will get us nothing of value.	Noted. WRC Regional Development Plans would feed into Spatial Planning process.	Refer officer's comment
85	313-315	Emily Greenberg	No	Tim	Visitor Infrastructure: LED lights should be used throughout district, not just Mba. Budget for maintenance of the Western Lake Road cycle trail, why is this not mentioned in the LTP when the Greytown trail and Fstn to Mstn trail are? Cycle strategies are for us first tourists second and safe routes to school are a priority.	LED streetlight upgrade commenced during April in Featherston and Greytown prior to Martinborough upgade. Western Lake Rd cycleway maintenance is funded under the Roding Budget (NZTA works category 124 &121) being Cycle path Maintenance and Environmental Maintenance	Refer officer's comment
87	329-331	Catherine Holley	No	Jennie	Promoting District: Option 3; \$50k; The only specific project listed is for the website and logo update, the cost seems high, surely this could be done for less	Noted	Noted
87	329-331	Catherine Holley	No	Lawrence	Water Conservation: Option 1; Investigation and investment in underground infrastructure to reduce water loss through leaking pipes	This is part of infrastructure strategy, also leak detection is employed every 2 years	Noted
88	332-333	Neal Goodall	No	Jennie	Future Growth: Option 1; Spend the \$300,000 on jumpstarting te Fstn town centre	Noted	Noted
88	332-333	Neal Goodall	No	Jennie	Sports Coordination: Option 2; Money better spent elsewhere	Noted	Noted
89	334-336	Richard Wards	No	Helen	Future Growth: Option 1; Council needs to modernise, attract new staff and recognise that people who live in area but commute are important e.g. pool opening hours. Better pool hours	Noted	Extending pool hours comes at a cost to ratepayers. Council officers to cost out additional hours and provide to councillors for consideration during the 19/20 annual planning process.
89	334-336	Richard Wards	No	Helen	Sports Coordination: Option 1; Locking the gate to Fstn Rugby Park and refusing a key is a breach of Health and Safety at Work Act, an ambulance had to be called recently and it couldn't get onto grounds	The Health and Safety at Work Act does not apply in this situation. A gate key has been provided to senior club officials.	A meeting of the Card Reserve Users Group is to be called (invite Fstn ward councillors), with the purpose of having this group oversee activities in the Reserve
89	334-336	Richard Wards	No	Jennie	Rates: Disagree; 3% Inflation only. Development of Waihinga Centre, mayors travel	Noted	Noted
89	334-336	Richard Wards	No	Jennie	Promoting District: Option 1; As the gateway and larger population centre, Fstn should be the hub for South Wairarapa.	Noted	Noted
89	334-336	Richard Wards	No	Jennie	Fees: Consent fees are outrageous	Noted	Noted

Submissions Summary (Consulted on) v2

No.	Full Submission Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
89	334-336	Richard Wards	No	Lawrence	Reducing Waste: Yes C, D; Needs to be a container at Mba Transfer Station where people can put things for upcycling. People should be allowed to take stuff, not a health and safety issue.	A Kerbside - The cost will be \$73K, however in 2016/2017 the annual cost was \$322k for transport, landfill fees so a 40% reduction would equate to \$129K annual saving to offset food waste costs (will depend on uptake so savings have not been budgeted). B Wheelie bin - there has been demand shown for additional recycling capacity and information is planned for the introduction to optimise space. C E-waste - the waste low uptake when there was a fee and they are damaging to the environment, D Resource recovery - Will review if it can be operated as part of a community group.	Noted
89	334-336	Richard Wards	No	Lawrence	Water Conservation: Option 3; Farmer restrictions on watering during the day. Why do we need to study everything, just ask another Council what they have done. Fix leaks in a timely manner.	Noted, suggest a submission to GWRC as they look after water takes	Refer officer's comment
89	334-336	Richard Wards	No	Tim	Visitor Infrastructure: Option 1; Fstn Info Centre should be funded fulltime and volunteer system reviewed. Locals should be encouraged to park on side streets and not Main St. Block off Revans Rd and divert all Mba traffic through the centre of Fstn	Noted, would need to see if the idea to block off Revans Rd would had wide public support or not. Suspect not all residents would be in favour.	Officers to liaise and work with the FCB on providing education to residents and shop staff on the best places to park in order to leave best placed street parking for visitors and shoppers. Appropriate placement of the districts funded information centre/s will be considered as part of the spatial planning exercise.
90	337-339	Suzann Peerless	No	Russell	Future Growth: Option 1; Support initiative to increase residential space in Mba from New York St. Believe the special rural area Puruatanaga Rd/Todds Rd should be able to subdivide into lifestyle blocks where it is not suitable for viticulture.	Noted. The Rural (Special) zone was identified to limit development on land suitable for viticulture. Residential development of viticulture land reduces the availability of suitable land and also creates a conflict between viticulture use (gas guns, frost fans) and residential activity.	Noted, see officer's comment, but this will be looked at as part of the District Plan review
90	337-339	Suzann Peerless	No	Russell	Additional housing is best undertaken with a rural or lifestyle feel rather than infill housing which does not fit character of Mba. The more residential expansion proposed for Mba we support and advocate more lifestyle blocks close to village rather than infill high or medium density housing	Noted.	Noted
93	345-347	Chris Miller	No	Jennie	Promoting District: Option 3; \$50k, The only tangible item listed is the website upgrade and logo/branding, think the about being spent on that is too high	Noted	Noted
93	345-347	Chris Miller	No	Lawrence	Water Conservation: Option 1; Examples given make sense, but doesn't want a dam built in the name of conserving water. Very anti-dams that might aid and encourage dairy expansion	Noted	Noted

Councillors propose council officers work with the Wairarapa Whanau Trust to see if there is interest and scope to make compost bins and provide them for sale and to work with retailers to provide a bulk purchase/low cost purchase price of compost bins which can be passed on to residents. Waste Minimisation Officer to provide information and work with Council staff to provide 'how to compost' information on Council's website, newsletters etc
97	368-370	Peter and Helen Murray	No	Jennie	Promoting District: Option 1; (Supports in part);Do not support expenditure on change of logo, requests they are done in house with existing funding	Noted	Noted
97	368-370	Peter and Helen Murray	No	Jennie	Water Conservation: Option 3; Provide incentives to store rain water without huge compliance costs. Water is a basic right and usage is best managed by pricing	Noted	Noted
97	368-370	Peter and Helen Murray	No	Mark	Visitor Infrastructure: Option 1; Option is inadequately scoped. We are not investing in physical infrastructure for the growing tourist market, and no regulation exists around bikes. Requests pavement for walkers/bikes along Princess Street North to Huangarua Rd and urgent plan for cycle ways where there are no pavements or formed road edges to address safety	Noted	Noted
99	375-377	Gerard Vollebregt	No	Helen	Visitor Infrastructure: Option1; Essential activity to keep district clean and look after visitors needs	Noted	Noted
99	375-377	Gerard Vollebregt	No	Jennie	Rates: Disagree; 3%; Activities which are nice to have but not essential. Compounding effect of rates increases over next 3 years is 25% and unacceptable. Believes the LTP is focused on urban ratepayers and tourists with token contributions for Maori and youth and the 1km of seal was being spent on the Dark Sky area for tourists - disappointed this is ok. As a rural ratepayer don't see a lot spent in communities	Noted	Noted
99	375-377	Gerard Vollebregt	No	Jennie	Sports Coordination: Option 2; Could Council facilitate bringing sports groups together, but they should coordinate themselves as volunteers as many other organisations do at no cost to ratepayer	Noted	Noted
99	375-377	Gerard Vollebregt	No	Jennie	Youth Development: Option 2; Not a core activity, leave to experts, lots of youth don't go to Kuranui, some of youth who need help aren't at school	Noted	Noted
99	375-377	Gerard Vollebregt	No	Jennie	Promoting District: Option 2; Unnecessary, well promoted already, infrastructure struggles to keep up	Noted	Noted
99	375-377	Gerard Vollebregt	No	Jennie	Future Growth: Option 1; Prune something else from budget	Noted	Noted
99	375-377	Gerard Vollebregt	No	Jennie	Fees: Increases at rate of inflation, would be good to see lower increase than rate of inflation	Noted	Noted

Submissions Summary (Consulted on) v2

No.	Full Submission Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
99	375-377	Gerard Vollebregt	No	Lawrence	Reducing Waste: Yes B, C, D: Core activity for Council to deal with waste	A Kerbside - The cost will be \$73K, however in 2016/2017 the annual cost was \$322k for transport, landfill fees so a 40% reduction would equate to \$129K annual saving to offset food waste costs (will depend on uptake so savings have not been budgeted). B Wheelie bin - there has been demand shown for additional recycling capacity and information is planned for the introduction to optimise space. C E-waste - the waste low uptake when there was a fee and they are damaging to the environment, D Resource recovery - Will review if it can be operated as part of a community group.	Noted
100	after 377	Hayden Thurston	No	Jennie	Rates: Disagree; 5%; Rural land has the smallest value increase however its rates at near double the % of urban rates. Should be other way around given rural rate income is already the majority contributor. Rural community is already under extreme financial pressure due to central govt compliance. LTP plans centre around urban wards	This statement is not accurate - the rates examples on Page 9 of the CD show two rural rates examples with rates increases of 8.1% and 10.3% respectively. The rates increases for the residential properties are: 7.2%, 5.5%, 5.3% and commercial 8.7% so not all urban increases are half that of all rural properties. These are examples only and the impact on individual ratepayers will vary.	Refer officer's comment. The final rates increases for the examples given (average value properties) are as follows: Residential : Greytown & Martinborough 4.4%, Featherston 6.6%, Rural Dairy 6.5% and Rural Pastoral 8.5%
101	378-383	Mike Gray	Yes	P&E Manager	Future Growth: Option1; A clear understanding of what is intended is imperative and that Council recognise that the plan must give priority to the economic, social, cultural and ecological priorities of the district whilst acknowledging the context in which South Wairarapa functions, key relationships and resources necessary for the plan to succeed. Queries the timeframe of the plan, is 10 years the life of the plan or the time to develop? Suggest development take place over 18-24 months and engages widely with community	Noted. Funding to be spread over 10 years but spatial plan likely to be prepared in next 18 months. Then implemented in a measured, planned way.	Refer officer's comment
104	Follows 393 - unmarked	Fab Feathy	Yes	Jennie	Resource management/Youth Development: Encourages council to consult the Our Future Featherston 1.0 Community Plan and engage with the community as the first step. Requests council work together with Fab Feathy to consult Fstn community on any community development project, including the proposed spatial planning and key support to youth as well as other areas of the community	Noted, Council is committed to consulting with FTN community on community projects.	Council welcomes the opportunity to work alongside Fab Feathy
106	446-447	Jack Sheppard	No	Jennie	Reducing Waste: Yes A, C, D; Costs quoted do not indicate the true value of recycling, reducing and reusing. The benefit to society is far greater than the costs indicate	Noted, agreed, will also reduce cost to take waste to landfill.	Refer officer's comment
106	446-447	Jack Sheppard	No	Paul	Rates: Requests money spent on Featherston, has the highest population but less fancy than the other towns. Shocked at the mismanagement that has seen main street development shut down, Council needs to make amends	In general terms, parks and reserves in each of the three towns and the rural areas are maintained to the same standard.	Refer officer's comment
108	451-452	Taumata Island Dairy Ltd	No	Lawrence	Water Conservation: Option 1; Would like Council support further study on water storage for Wairarapa region. Climate will get drier and need storage for existing activities. Notes boom in horticulture which requires water for crops.	Noted, Council have supported the Wairarapa Water project to date, which is lead by GWRC.	Noted. Council are continuing to support the Wairarapa Water project.
110	465-466	A&J Stevens	No	Jennie	Fees: Support proposed changes	Noted	Noted

Submissions Summary (Consulted on) v2

No.	Full Submission Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
110	465-466	A&J Stevens	No	Lawrence	Reducing Waste: Yes, C, D; Encourage people to compost food waste	A Kerbside - The cost will be \$73K, however in 2016/2017 the annual cost was \$322k for transport, landfill fees so a 40% reduction would equate to \$129K annual saving to offset food waste costs (will depend on uptake so savings have not been budgeted). B Wheelie bin - there has been demand shown for additional recycling capacity and information is planned for the introduction to optimise space. C E-waste - the waste low uptake when there was a fee and they are damaging to the environment, D Resource recovery - Will review if it can be operated as part of a community group.	Waste Minimisation Officer to provide information and work with Council staff to provide 'how to compost' information on Council's website
112	468-470	Chris Hodson	Yes	Jennie	Rates: The issue is not only increase in rates but apportionment of the proceeds of rating which should concentrate on Council's basic functions	Noted	Noted
112	468-470	Chris Hodson	Yes	Jennie	Youth Development: Option 2; Not a core function of Council	Noted	Noted
112	468-470	Chris Hodson	Yes	Jennie	Sports Coordination: Option 2; Not a primary function of Council	Noted	Noted
113	471-473	Helen Forlong, Tarureka Estate	Yes	Lawrence	Water Conservation: Option 2; Require home owners to have their own water tanks and supply tanks to households at reduced price. Water could be used for flushing toilets/watering gardens. Educate households on how to purify collected water. We have a high rainfall in Wairarapa, should be individually collecting water.	Noted, supplementary water tanks are available at a discounted price	Promotion and education of home water storage and water reduction solutions to be undertaken.
118	515-540	Wairarapa Voice	Yes	Helen	Visitor Infrastructure: Support, subject to a review after 1 year.	Noted, will be reviewed annually as part of the AP process.	Refer officer's comment
118	515-540	Wairarapa Voice	Yes	Jennie	Rates: Disagree; Unacceptable that Council can expect compounded rates increases well over inflation for a business as usual LTP, need to be more aggressive in cost management and management of assets	Noted, difficult to trim costs any more than we already have. Some large projects are required by legislation e.g. water and wastewater. BAU costs are largely in check, and rates increase consulted on is based on new initiatives.	Refer officer's comment
118	515-540	Wairarapa Voice	Yes	Jennie	Youth Development: Neither, suggests explore links with YETE run by MDC and CDC, consult on building upon this cooperation with MDC and CDC, only then allocate funding, money spent in isolation will have limited impact	Noted, SWDC also contribute financially to YETE via an annual grant.	Refer officer's comment
118	515-540	Wairarapa Voice	Yes	Jennie	Promoting District: None, explore links with MDC, CDC and GWRC and private sector to provide a Wairarapa wide economic development approach, consult with community on this cooperation, only then allocate funding. Other than website, nothing in list except vague wishes, proposed spend not enough to make a difference, but if combined with other councils might.	SWDC are currently working with the other Councils and GWRC on a region wide economic development plan.	Refer officer's comment
118	515-540	Wairarapa Voice	Yes	Jennie	Sports Coordination: Option 2; Not Councils job	Noted	Noted
118	515-540	Wairarapa Voice	Yes	Lawrence	Reducing Waste: Yes B: Doesn't support e-waste/usable goods initiative without further study. Approach cautiously due to previous MDC lack of cooperation on shared initiatives. Doesn't believe food waste would work in Wairarapa due to scale. Suggest partner with community for initiatives like worm farming. Does not support food-waste collection. If MDC handicaps C, D due to operational requirements, it is unlikely to be a good use of SWDC money.	A Kerbside - The cost will be \$73K, however in 2016/2017 the annual cost was \$322k for transport, landfill fees so a 40% reduction would equate to \$129K annual saving to offset food waste costs (will depend on uptake so savings have not been budgeted). B Wheelie bin - there has been demand shown for additional recycling capacity and information is planned for the introduction to optimise space. C E-waste - the waste low uptake when there was a fee and they are damaging to the environment, D Resource recovery - Will review if it can be operated as part of a community group.	Noted

Submissions Summary (Consulted on) v2

No.	Full Submission Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
118	515-540	Wairarapa Voice	Yes	Lawrence	Water Conservation: Option2; Not until central and regional government reach a coherent policy on fresh water management, continue an education and encouragement approach	Noted	Noted
118	515-540	Wairarapa Voice	Yes	Russell	Future Growth: Neither, suggests releasing a draft TOR for a spatial plan explaining how it will deliver a basis for community strategic direction and produce the benefits outlined in the LTP, then consult on the spatial plan with TOR against Better Practice Guide, only then allocate spending and contract qualified consultancy	Noted, community engagement will be part of the spatial plan process. Any District Plan changes require notification. It would not be good practice to prepare a Spatial Plan without input from the community	Refer officer's comments
119	541-544	Greytown Sport and Leisure	Yes	Helen	Sports Coordination: Option1; Believes communities are asking for help and to provide help would be future focused and supporting of growth.	Noted	Noted
119	541-544	Greytown Sport and Leisure	Yes	Russell	Future Growth: With local growth and an increase in families to Greytown we need to ensure that there are facilities in town to support all sport and leisure activities, including access to spaces for training, maintained fields, turfs, greens, wickets, pool and indoor spaces. If spaces are available are they fully utilised?	Noted, this will be part of the spatial plan and Council will continue to monitor the current and future demand for sporting facilities	Refer officer's comments
120	545-552	Para Kore	Yes	Lawrence	Reducing Waste: Yes A, B ; Strongly supports A, would reduce pressure on landfills and emissions from transportation. Supports B, as Taranaki and Rotorua showed increase in recycling after introduction. Recycling not a solution but stepping stone to reuse. C. Supports, although it would be better to have product stewardship and have products fixed. D. Supports, notes regions that have one injecting funds into economy. Raglan is good example (www.xtremezerowaste.org.nz).	A Kerbside - The cost will be \$73K, however in 2016/2017 the annual cost was \$322k for transport, landfill fees so a 40% reduction would equate to \$129K annual saving to offset food waste costs (will depend on uptake so savings have not been budgeted). B Wheelie bin - there has been demand shown for additional recycling capacity and information is planned for the introduction to optimise space. C E-waste - the waste low uptake when there was a fee and they are damaging to the environment, D Resource recovery - Will review if it can be operated as part of a community group.	Council officers are to review the Wanaka Waste Busters recycling centre example
121	553-556	Claire Bleakley	Yes	Helen	Visitor Infrastructure: Option 1; Must be worked in with the Maori guardians of Wairarapa Moana and other community organisations	Noted, Council are represented on the Wairarapa Moana group and have input from the Maori standing committee	Refer officer's comments
121	553-556	Claire Bleakley	Yes	Jennie	Promoting District: Option 1; Divide expenditure evenly between towns in SW. Fstn is growing and hasn't been given promotion it deserves. Fstn events advertised in Fstn papers	Noted	Noted
121	553-556	Claire Bleakley	Yes	Jennie	Fees: Costs for pensioner housing must be kept to the level of inflation of the town. Admin costs are too high and can't be broken down. Visits are not regular enough at only 6 monthly. Is \$10 cost going to be annual event or is it a one-off until 2028? (see attached spreadsheet to submission)	Council's revenue and financing policy requires this function to be self-funded and not subsidised by ratepayers. This increase is needed to get the pensioner housing to break even point. A review of community housing is planned for this year.	Noted. Council officers will release communications outlining why the agreed increase was deemed necessary.
121	553-556	Claire Bleakley	Yes	Lawrence	Reducing Waste: Yes C, D; a. Could attract wandering animals, wind and rain could spread food waste around causing a health threat. Towns could organise relationships with people who want to use waste for animals.	A Kerbside - The cost will be \$73K, however in 2016/2017 the annual cost was \$322k for transport, landfill fees so a 40% reduction would equate to \$129K annual saving to offset food waste costs (will depend on uptake so savings have not been budgeted). B Wheelie bin - there has been demand shown for additional recycling capacity and information is planned for the introduction to optimise space. C E-waste - the waste low uptake when there was a fee and they are damaging to the environment, D Resource recovery - Will review if it can be operated as part of a community group.	Noted
121	553-556	Claire Bleakley	Yes	Lawrence	Water Conservation: Option 3; Introduce water storage tanks for new developments. Underground tanks in reserves to help with irrigation of parks and emergency services	Noted	Noted

Submissions Summary (Consulted on) v2

No.	Full Submission Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
121	553-556	Claire Bleakley	Yes	P&E Manager	Future Growth: Option1; Must ensure Fstn has business and retail zones and ensure adequate housing areas, Council amenities and pensioner housing preserved	Noted.	Noted
123	559-564	Featherston Community Board	Yes	Helen	Visitor Infrastructure: Option 1; We promote attractions to tourists, infrastructure must be provided	Noted	Noted
123	559-564	Featherston Community Board	Yes	Jennie	Youth Development: Option1; Would like to see continued support of Fstn youth programme	Noted	Noted
123	559-564	Featherston Community Board	Yes	Jennie	Promoting District: Option 1; Would like assurances that the proposed spending is transparent, evenly and fairly distributed	Noted. Council will keep CBs informed of progress and use new comms person to keep community informed.	Refer officer's comments
123	559-564	Featherston Community Board	Yes	Jennie	Sports Coordination: Option 1; A coordinated approach will assist in better utilisation of sporting amenities. Notes Fstn has facilities not fully utilised. Could meet with groups and bring issues back to Council. An office in old courthouse could be utilised for accommodation.	Noted, appreciate FCB offer of support to this project.	Noted
123	559-564	Featherston Community Board	Yes	Lawrence	Reducing Waste: Yes, B, C, D; a. Would like to explore locally what can be done with organic waste, have gardeners willing to share knowledge, locals have pigs/chickens b. survey by Jo Dean showed support of 240l wheelie bin c. want a battery collection point at transfer stations also d. For Fstn to have a reusable goods centre needs a fit for purpose building, supports having a building suitable for this purpose and notes hours would need to be extended. Could be community led	Noted. Some budgeted expenditure to improve the access to the landfill. Would not want to reduce fees as they act to encourage residents to recycle more and take less to the landfill. A Kerbside - The cost will be \$73K, however in 2016/2017 the annual cost was \$322k for transport, landfill fees so a 40% reduction would equate to \$129K annual saving to offset food waste costs (will depend on uptake so savings have not been budgeted). B Wheelie bin - there has been demand shown for additional recycling capacity and information is planned for the introduction to optimise space. C E-waste - the waste low uptake when there was a fee and they are damaging to the environment, D Resource recovery - Will review if it can be operated as part of a community group. - Council is advocating for national advert to 'reduce, reuse, recycle. - see video for food waste management https://earthcare.co.nz/council/putaruru-food-waste-recycling	Council officers are to work with waste minimisation officer to promote 'how to compost guide' for placement on Council's website, in newsletters etc.
123	559-564	Featherston Community Board	Yes	Lawrence	Water Conservation: Option 3; Supports a form of water reticulation to provide health, safety and wellbeing of community	Noted	Noted
123	559-564	Featherston Community Board	Yes	P&E Manager	Future Growth: Option 1; Would like to be kept informed on progress to ensure it encompasses objectives in LTP and allows Fstn retailers to grow business, identify light industrial zones and enable future residents and developers certainty around building locations.	Noted, the Community Boards will be kept informed as part of this process. Community input would be an important part of a Spatial Planning process.	Noted

Submissions Summary (Consulted on) v2

No.	Full Submission Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
126	577-579	Paul Harris	No	Lawrence	Reducing Waste: Yes A, B, C, D: Should also promote household composting of food waste, including providing composting containers at cost.	Noted. Some budgeted expenditure to improve the access to the landfill. Would not want to reduce fees as they act to encourage residents to recycle more and take less to the landfill. A Kerbside - The cost will be \$73K, however in 2016/2017 the annual cost was \$322k for transport, landfill fees so a 40% reduction would equate to \$129K annual saving to offset food waste costs (will depend on uptake so savings have not been budgeted). B Wheelie bin - there has been demand shown for additional recycling capacity and information is planned for the introduction to optimise space. C E-waste - the waste low uptake when there was a fee and they are damaging to the environment, D Resource recovery - Will review if it can be operated as part of a community group. - Council is advocating for national advert to 'reduce, reuse, recycle. - see video for food waste management https://earthcare.co.nz/council/putaruru-food-waste-recycling	Council officers are to work with the waste minimisation officer to promote 'how to compost guide' for placement on Council's website, in newsletters etc
127	580-583	Dave Shepherd	Yes	Lawrence	Water Conservation: Option 3; Build a dam and store water	Council has no plans to build any dams at present but this will be considered along with the other ideas put forward by residents to assist in water conservation.	Refer officer's comment.
128	584-586	Janine Price	No	P&E Manager	Future Growth: Option 1; Supports good planning but concerned that this will only take into account the few voices at council and not SW population in general. Too many pet projects. Concerned decisions not made in efficient and timely manner. Plan needs backing of wider community and to be developed promptly	Noted. Community input would be an important part of a Spatial Planning process.	Refer officer's comment
129	587-595	Regional Public Health	Yes	Helen	Visitor Infrastructure: Option 1; Benefits visitors and residents. Need to ensure the facilities are well managed and that public drinking water complies with standards	Noted and agreed	Noted
129	587-595	Regional Public Health	Yes	Jennie	Promoting District: Option 1; Community health and wellbeing is closely linked to a vibrant and successful local economy	Noted and agreed	Noted
129	587-595	Regional Public Health	Yes	Jennie	Sport Coordinator; Supports position that sports play an important role in communities providing social contact and healthier lifestyles	Noted	Noted
129	587-595	Regional Public Health	Yes	Russell	Future Growth: Due to the complexity of the 3 waters and inter-relatedness of managing all waters infrastructure and the impact this infrastructure has on the build environment (location of urban growth, how we use the environment for recreation) we support the spatial planning approach. Sees the use of citizens panels, and other forms of community consultation	Noted	Noted

Submissions Summary (Consulted on) v2

No.	Full Submission Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
129	587-595	Regional Public Health	Yes	Lawrence	Reducing Waste: Yes A, D; A. Many households have their own compost systems that work well. D. generally support this idea and suggest partnership with charities.. Encourage Council to link waste minimisation activities to regional plan and consider whether economies of scale can be gained from working with local councils	Noted, A Kerbside - The cost will be \$73K, however in 2016/2017 the annual cost was \$322k for transport, landfill fees so a 40% reduction would equate to \$129K annual saving to offset food waste costs (will depend on uptake so savings have not been budgeted). B Wheelie bin - there has been demand shown for additional recycling capacity and information is planned for the introduction to optimise space. C E-waste - the waste low uptake when there was a fee and they are damaging to the environment, D Resource recovery - Will review if it can be operated as part of a community group.	Council officers are to work with the waste minimisation officer to promote 'how to compost guide' for placement on Council's website, in newsletters etc
129	587-595	Regional Public Health	Yes	Lawrence	Water Conservation: Option 2; Support strategies to conserve water however, given metering already in place, continued education and encouragement may be sufficient	Noted, Council will continue its education programme to encourage water conservation by residents	Refer officer's comment
131	597-600	Clive Paton		Mark	Infrastructure for visitors: Option 1; Could include cycle tracks in this in the vineyard tourist area and also from Martinborough to the cycleway across the Remutaka	Noted, the cycle strategy is in draft and being coordinated regionally through the regional trails committee. The local urban lane is to be painted in conjunction with NZTA.	Refer officer's comment. The spatial plan will consider where cycle trails need to be placed, but Council's cycle priorities are initially as per the Wairarapa Five Trails Trust priorities. Cr Olds is SWDC's representative on this group.
131	597-600	Clive Paton		Jennie	Youth development: Option 1; does this include pain farm money?	This is additional spend from the Council budget not Pain Farm.	Refer officer's comment
131	597-600	Clive Paton		Jennie	Sports coordination: Option 1; as the town grows we need help and direction to ensure as many people as possible are involved and that there are regional direction and co-ordination	Noted	Noted
131	597-600	Clive Paton		P&E Manager	Future growth and development: Option 1; I see it as essential and it should be co-ordinated with an overall Wairarapa spatial plan	Noted	Noted
132	601-602	Ian Abbott	No	Jennie	Rates Affordability: disagree; Option 3 other 0%; cease the rural rates reduction	Rural rates are not reducing. The increases in the rural average examples were 10.3% for an average dairy farm and 8.1% for an average pastoral farm.	Refer officer's comment
132	601-602	Ian Abbott	No	Jennie	Youth training and development; Option 2; There are already services funded through tax's for youth, further funding through rates is a double up	Noted	Noted
132	601-602	Ian Abbott	No	Jennie	Promoting district: Option 3; money would be better spent below on infrastructure.	Noted	Noted
133	603-604	Leo Vollebregt	Yes	Jennie	Rates: Disagree 3%; Do not see a clear reason why dairy farms should have a 10% increase, what do we get	Individual rate increases will vary by property. The examples given in the CD are indicative only and won't apply to every property.	Refer officer's comments
133	603-604	Leo Vollebregt	Yes	Jennie	Future Growth: Need to have confidence it will be done well	Work will be undertaken by professionals and plan is to include input from the community.	Refer officer's comments
133	603-604	Leo Vollebregt	Yes	Jennie	Youth Development: Option 2; Prefer to enable those who are good at this work	Noted	Noted
133	603-604	Leo Vollebregt	Yes	Jennie	Promoting district: Option 2; enabling approach	Noted	Noted
133	603-604	Leo Vollebregt	Yes	Jennie	Sports coordination: Option 2; Not Council's job	Noted	Noted
133	603-604	Leo Vollebregt	Yes	Jennie	General: A vibrant economy helps pay for the "nice to haves".	Noted	Noted
133	603-604	Leo Vollebregt	Yes	Lawrence	Water Conservation: Option 3; Conserving water is important but the big game changer for the reliability of water is Water Wairarapa project. SWDC must support this project for community economic benefit	Noted	Council are continuing to support the Wairarapa Water project.

Submissions Summary (Consulted on) v2

No.	Full Submission Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
134	605-606	Pauline Hedley		Jennie	Rates Affordability: Disagree, Option 1, 3%; Its unfair that rural rate payers pay more than the benefits received compared to urban.	Rates for urban and rural ratepayers are split according to the potential benefits received by both groups. During the 2018/19 financial year we will be reviewing our rating policies in more detail and will ensure we keep the urban/rural split in mind as we do this.	Refer officer's comments
135	607-608	Adrienne Sutcliffe		Lawrence	Reducing waste: C,D Yes; No need for wheelie bins - just be more flexible about use of existing bins - let people put out 2, regardless type of recycling in them, also scrap the inorganic collection and replace it with a free trip to the transfer station - set a weight limit of say 50Kgs encourage people to get rid of stuff responsibly rather than dump at river	Noted, Council doesn't favour free trips to the transfer station as this doesn't encourage ratepayers to minimise their waste which is our goal.	Council consider that providing free trips to the transfer station doesn't encourage waste minimisation. Central government have indicated landfill charges will be increasing in an effort to reduce waste to landfill.
135	607-608	Adrienne Sutcliffe		Jennie	Rates Affordability: Disagree, Option 1 3%, Youth training, Promoting and enhancing our district, Sports co-ordination, Water conservation.	Noted	Noted
135	607-608	Adrienne Sutcliffe		Jennie	Future development: Option 1, I like the theory of this, but question the amount it would cost.	Council has set the budget they are prepared to spend in this area and will contract professionals to do the work up to this limit of expenditure.	Refer officer's comments
135	607-608	Adrienne Sutcliffe		Jennie	Promoting district: Option 2; Don't waste money on replacing items with new logo - wait until the old ones need replacing.	Noted, we will keep this in mind when planning the roll out of the new logo.	Refer officer's comments
138	647-648	Robert Petelin	Yes	Lawrence	Reducing waste: all No; Council already gets paid by the ratepayers for removal of rubbish how you handle the situation is up to you.	Noted	Noted
138	647-648	Robert Petelin	Yes	Lawrence	Water conservation: Option 2; why should you engage consultants we employ works managers with engineering degrees why should they be replaced by consultants	Noted, this would require specialised knowledge which is not held in house.	Refer officer's comments
138	647-648	Robert Petelin	Yes	Mark	Infrastructure for visitors: Option 2; again why do we have ministry of tourism they have modest budget tourist's bring in billions of dollars why should ordinary rate pavers pay for it	Noted	Noted
138	647-648	Robert Petelin	Yes	Jennie	Rates Affordability: Disagree, 3%; You should only think to spend less if you get less, if you get same as last year the service or expenses should be the same, I disagree with your question I consider it as political blackmail	Noted	Noted
138	647-648	Robert Petelin	Yes	Jennie	Youth development: Option 2; this is central government affair Ministry of youth and Ministry of sport	Noted	Noted
138	647-648	Robert Petelin	Yes	Jennie	Promoting district: Option 2; again central govt promotion of provinces/any increase in usage of facilities should be on the developers expense.	Noted	Noted
138	647-648	Robert Petelin	Yes	Jennie	Sports coordination: Option 2; any grant's should come from the ministry of sport (like in other countries)	Noted	Noted
138	647-648	Robert Petelin	Yes	Jennie	Fees and charges: How come building and hygiene fees are inflation friendly but not general rates.	The general rates increase includes some new initiatives and some expenditure that we are required to carry out due to central government regulation. It includes the costs to run the whole of Council's business so has a number of factors that contribute to the increase in rates. Council can control some of these costs but not all of them.	Refer officer's comment
139	649-650	Pete Roberts		Lawrence	Reducing waste: Options C, D yes; A. Council could give residents guidelines for composting food waste. B. Wouldn't this make the separation of types of recycling a bigger job? C. This type of waste is likely to increase so it makes sense to provide a service for it D. Wellington Kapiti already do this and it appears to be successful	Noted	Council officers are to work with the waste minimisation officer to promote 'how to compost guide' for placement on Council's website, in newsletters etc.
139	649-650	Pete Roberts		Lawrence	Water conservation: Option 1; as council states that the long term plan is inter - generational now is the time to plan extra water storage. Kapiti have brought land for a for a future reserve this is the sort of long term strategy that is needed.	Noted.	Noted

Submissions Summary (Consulted on) v2

No.	Full Submission Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
139	649-650	Pete Roberts		Jennie	Youth development: Option 2; Youth development is mainly the province of parents and schools, you have not shown how the council would augment this.	Noted	Noted
139	649-650	Pete Roberts		Jennie	Promoting district: Option 2; previous plans have included encouraging business to help grow the economy but councils actions do not bear this cost	Noted	Noted
139	649-650	Pete Roberts		Jennie	Fees and charges: For Pensioner housing it is interesting that council has found that other providers charge a lot more. This conflicts with the CEP's stance at the 2017 long term plan presentation when he said that pensioners would be better off with a private provider.	The statement that pensioners would be better off with a private provider was based on the fact that there are subsidies available to aged care providers which are not available to councils. These subsidies can then be passed on to the tenants.	Refer officer's comment
139	649-650	Pete Roberts		P&E Manager	Future development: Option 1; but, the way SWDC developed land at the centre of Featherston means I have reservations in their ability to produce a plan.	Noted	Noted
140	651-652	Lesley Christian		Lawrence	Water Conservation: Option ONE and Option Three. Encourage homeowners to install rain water tanks for garden/outdoor use.	Noted	Promotion and education of home water storage and water reduction solutions to be undertaken.
140	651-652	Lesley Christian		Mark	Infrastructure for visitors: Option Two. Infrastructure is the council's responsibility. Let Business do the rest.	Noted	Noted
140	651-652	Lesley Christian		Jennie	Youth Development: Option two. It is NOT part of Council's duties to be involved DIRECTLY with the population	Noted	Noted
140	651-652	Lesley Christian		Jennie	Promoting district: Option 2. Local Govt has never been successful at this - Leave it to commerce, they do it better.	Noted	Noted
140	651-652	Lesley Christian		Jennie	Sports Coordination: Option Two. "Central" coordination of sport has already done more harm than good.	Noted	Noted
140	651-652	Lesley Christian		Lawrence	Reducing waste: All YES. Is part of Council's core business.	Noted	Noted
141	653-654	Anastacia Kirk		Lawrence	Reducing waste: Option A-Yes, B-No, C-No, D-Yes. Need to address battery recycling/safe disposal before some of the above.	Noted	Noted
141	653-654	Anastacia Kirk		Lawrence	Water conservation: Option Two. Provide subsidised home rain water collection tanks as another option.	Noted, subsidised water tanks are available from Council	Refer officer's comment
141	653-654	Anastacia Kirk		Mark	Infrastructure for visitors; Option Two. Focus on maintaining existing facilities to a high standard. Better rubbish & recycling for visitors - what about residents?! Take a look at the roading out of the Featherston recycling centre - Appalling!	Noted	Noted
141	653-654	Anastacia Kirk		Jennie	Rates Affordability: Disagree. 3%. [Spend less on] Infrastructure for visitors, Sports Coordination.	Noted	Noted
141	653-654	Anastacia Kirk		Jennie	Future Growth: Option Two. Unclear if this is a legal requirement under NPS. A nice to do; should already be part of core mapping programmed cost seems very high for what is essentially GIS mapping.	Noted, the spatial plan would be quite different from GIS mapping.	Refer officer's comment
141	653-654	Anastacia Kirk		Jennie	Youth development: Option Two. Not role of Council	Noted	Noted
141	653-654	Anastacia Kirk		Jennie	Sports Coordination: Option Two. Not Council core work.	Noted	Noted
141	653-654	Anastacia Kirk		Jennie	Fees and charges: Not enough information made available regarding this - not online under 'supporting documents' nor did a search on the website provide this information. Very poor consultation - unable to comment as a result.	The proposed fees and charges for the 2018/19 financial year are included in the supporting documents from pages 169 to 174.	Refer officer's comments
145	661-663	Jill Thomas		Lawrence	Reducing waste: A-No, C-Yes, D-Yes. Transfer to be more useable by having facilities for polystyrene packaging, used cooking oil, used batteries that are used in torches, radios and other appliances.	Noted, this level of collection is not being considered at present but we will pass these ideas on to our waste minimisation person for future consideration	Polystyrene packaging is scheduled for intervention in the Wellington Regional Waste Minimisation Plan
145	661-663	Jill Thomas		Lawrence	Water conservation: Option Three. Encouragement to property owners to install water collecting tanks on established properties.	Noted	Promotion and education of home water storage and water reduction solutions to be undertaken.
145	661-663	Jill Thomas		Jennie	Rates : Disagree. 1.5%. [Spend less on] Governance and Advocacy	Noted	Noted

Submissions Summary (Consulted on) v2

No.	Full Submission Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
145	661-663	Jill Thomas		Jennie	Infrastructure for visitors: Option Two. Should come under same heading as promotion and enhancement of our district.	Noted, originally this was under the heading of promotion and enhancement of the district but the LTP working party agreed they wanted to consult on these two topics separately to get clearer direction from residents.	Refer officer's comment
146	664-665	Ed and Juliet Cooke		Jennie	Rates: Disagree. 1. Rate of inflation is less than 3%. 3% is Treasury target only. 2. We cannot say (and you do not) what rates will be over ten year period so can not agree or disagree	The proposed rates increases over the 10 year period of the LTP are shown on Page 8 of the CD in graph form.	Refer officer's comment
149	676	Indigo Freya	No	Lawrence	Reducing wastes: Yes A, C, D: B. Present system is adequate	Noted	Noted
149	676	Indigo Freya	No	Lawrence	Water Conservation: Option 3 - undertake measures such as not allowing sprinklers in heat of day, enforced water tank storage for irrigation etc.	Noted, domestic water restrictions do exist	Refer officer's comment
149	676	Indigo Freya	No	Jennie	Promoting district: Option Three. Propose lesser amount of \$200,000 and more consultation to avoid unfitting items (Squirle and Mbo town Hall)	Noted,	Noted
150	677-714	Officer's Submission	No	Lawrence	Water Conservation: Notes a report has been completed for Kapiti Coast District Council - "Greywater Reuse Risk Assessment" and has been included in submission. Collection of greywater would better achieve water reduction in high demand periods, as it would be continually filling (even in summer) and could be useful in gardens in summer. For example - Greytown water usage dropped by a third after a rainfall period	Noted - Council to consider alongside other water conservation options/proposals	Noted
152	726-728	Dale Fanning	No	Paul	Infrastructure for visitors: Option Two. We did have a camping ground but due to council's neglect it fell into disuse. So the Council sold it. But I guess we will never know where the money went	Noted	Noted
152	726-728	Dale Fanning	No	Jennie	Youth development: Option One - result based allocation with demonstrable results for dollars spent.	Noted	Noted
152	726-728	Dale Fanning	No	P&E Manager	Future growth: Option One As long as it is implemented and utilised in a sensible way.	Noted	Noted
153	729-732	Daniel Willmott	No	Helen	Infrastructure for visitors: Option One. Reinstate a campground in Featherston. Squirle was pointless. Work to make SW a cycling Hub.	Council has no plans to put a campground in FTN as there are camping options available at present. Council is supporting the initiatives by the five trails trust to increase cycling options in the district	Refer officer's comment
153	729-732	Daniel Willmott	No	Lawrence	Reducing waste: Yes C, D; Go back to council run waste collection and refuse station - cheaper to run. Earthcare surely charge a premium.	The solid waste contract is tendered to get the best possible price for ratepayers.	Refer officer's comment
153	729-732	Daniel Willmott	No	Jennie	Rates Affordability: Disagree 5%. Do not award Management pay increases.	Noted	Noted
153	729-732	Daniel Willmott	No	Jennie	Youth development: Option One. Council must engage with local professionals who work in this sector. More transparency for decisions.	Noted	Noted
153	729-732	Daniel Willmott	No	Jennie	Promoting district: Option One. South Wairarapa should grow together all three communities.. Featherston is being left behind. Mayor and SWDC should ensure a primary part of any allocated funds be directed at building business and tourism in Featherston	Noted	Noted
153	729-732	Daniel Willmott	No	Lawrence	Water conservation: Option 2; Dairy farmers and Vintners sucking ground water levels to dangerously low levels.	Noted	The Ruamahanga Whaitua process will be addressing water take issues in low flow periods. Information on this project can be found on the GWRC website.
153	729-732	Daniel Willmott	No	P&E Manager	Future growth: Option Two. Not completely against option One. Trust in SWDC has been misplaced in light of Featherston Gravel Pit debacle.	Noted	Noted
154	733-739	Wellington Culinary Events Trust	No	Jennie	Promoting District & Infrastructure for Visitors: Strongly supports these options as they benefit the culinary and hospitality communities of the region	Noted	Noted
155	740-743	Mandy Smith	YES	Lawrence	Water Conservation: Option One. Council needs to look at ways to improve waster storage. If infrastructure is in good order, why do we need water restrictions every summer.	Noted, water restrictions are common all over NZ in an attempt to reduce unnecessary wastage.	Refer officer's comment
155	740-743	Mandy Smith	YES	Helen	Infrastructure for Visitors: Option One. This is critical if the council proceeds with promoting and enhancing the district.	Noted	Noted

Submissions Summary (Consulted on) v2

No.	Full Submission Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
155	740-743	Mandy Smith	YES	Jennie	Rates Affordability: Disagree. 5%. Councils need to look at shared service more aggressively. Savings would allow investment in other activities in the region.	Noted, the three Wairarapa Councils look at shared service options wherever appropriate in order to achieve cost savings for ratepayers.	Refer officer's comment
155	740-743	Mandy Smith	YES	Jennie	Youth development: Option Two. Though youth development important, we do not see this as a essential council capability.	Noted	Noted
155	740-743	Mandy Smith	YES	Jennie	Promoting District: Option One. Should only be approved if the Infrastructure for Visitors is approved.	Noted	Noted
155	740-743	Mandy Smith	YES	Jennie	Sports Coordination: Option Two. This is not Council function.	Noted	Noted
155	740-743	Mandy Smith	YES	Lawrence	Reducing waste: None of the above options. Recommend deeper study into what has been done overseas to reduce waste production.	Noted	Noted
155	740-743	Mandy Smith	YES	Jennie	Fees and Charges: Do not support increases in Building and Hygiene fees. Need to be benchmarked against other councils. Recommend full review. Do not support increase in Pensioner Rentals. Needs significantly more detail as to why this is necessary.	Council's revenue and financing policy requires this function to be self-funded and not subsidised by ratepayers. This increase is needed to get the pensioner housing closer to break even point.	Refer officer's comment. Your additional submission on pensioner housing was considered on the 29 May, no change was made to the decision. Council communications will release information on why the increase was deemed necessary
155	740-743	Mandy Smith	YES	Russell	Future growth: Option One. However insufficient detail provided re: budget, savings, benefits.	The benefits and costs of the spatial planning would be reflected in the detail and extent of the work. In broad terms the benefits of spatial planning are that it allows Council to influence growth into the future in a sustainable and integrated way. The spatial planning would need to be carried out within budget so it is important to ensure that the desired outcome was aligned with that budget through preparation and costing of a plan of works.	Refer officer's comment
157	747-750	Greater Wellington Regional Council		Lawrence	Water Conservation: GW commends Council for including issue of water conservation - supports Option 1.	Noted, thank you	Noted
157	747-750	Greater Wellington Regional Council		Lawrence	Waste Minimisation: GW supports options presented to reduce household waste to landfill.	Noted	Noted
157	747-750	Greater Wellington Regional Council		P&E Manager	Spatial Plan: Supports. Spatial plan is an appropriate mechanism to look at the resources and pressures in the district, provide a long-term strategic view and consider infrastructure requirements. GW would appreciate opportunity to be involved to help plan public transport services and infrastructure to effectively meet community needs	Noted.	Noted
158	751-752	Vicky Alexander	No	Helen	Rates Affordability: Disagree. 3% Spend less on "nice to have" and concentrate of core facilities. Make it easier to use/book the facilities already available e.g. squirrel, Anzac Hall. These facilities should be free for schools and educational groups.	Noted	Noted
158	751-752	Vicky Alexander	No	Lawrence	Reducing waste : Yes, C, D: Encourage ratepayers to compost - those who do should not have to subsidise others' laziness. No to bigger rubbish bins - this encourages more rubbish. Provide e-waste at Featherston Transfer Station in addition tor recycling options currently available there. If other areas choose to bring e-water to Featherston it will save need for facility in Martinborough etc. Should be no charge for e-waste facility. Supports provision of recycling/recovery centre at local transfer stations	Noted	Noted
158	751-752	Vicky Alexander	No	Lawrence	Water Conservation: Do we need a feasibility study - if other areas have already done similar studies, can't we hook into their outcomes paying (presumably) a lesser amount? Otherwise. Option Two.	Noted Yes, all other options previously looked at by other councils would be reviewed.	Noted
158	751-752	Vicky Alexander	No	Helen	Infrastructure for Visitors: Option Two. We already have these facilities.	Noted	Noted

Submissions Summary (Consulted on) v2

No.	Full Submission Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
158	751-752	Vicky Alexander	No	Jennie	Future growth: Option Two. Does not see towns as growing in unstructured way. Except Featherston which is stymied by Council action/inaction. Stop viewing towns as Historic (Greytown), Tourist (Martinborough) and Industrial (Featherston). This is holding Featherston back. with more support Featherston could be welcoming gate to the Wairarapa.	Noted, Council does not overlook any one town and has a consistent approach in all areas. Much of the investment in GTN and MBA has been from private enterprise. We have a number of potential developers interested in the bare land in FTN and are working through the issues with the easements at present.	Refer officer's comment
158	751-752	Vicky Alexander	No	Jennie	Youth development: Option Two. Not a core responsibility.	Noted	Noted
158	751-752	Vicky Alexander	No	Jennie	Promoting District: Option two. Though do need to update very un-user-friendly website. Logo is fine, 'don't change what ain't broken'. Perhaps if you allowed development to go ahead on Featherston main Street, wouldn't need a rate increase to promote and enhance the district.	Noted, budget in place to enhance the website in the 2018/19 year.	Refer officer's comment
158	751-752	Vicky Alexander	No	Jennie	Sports Coordination: Option Two - not Council's job to become involved in sports beyond providing and maintaining sports grounds.	Noted	Noted
158	751-752	Vicky Alexander	No	Jennie	Fees and Charges: I agree rates should not subsidise these.	Noted	Noted
159	753-754	John Kirkup	No	Jennie	Sports Coordination: I have been part of this initial group to try and get something in place in regards to this. I would welcome the council continuing with this initiative as its long term benefits would be great for our community. The value of sport to help keep people and communities healthy is well documented. need go coordination, communication, processes so people want to be part of sports clubs. Long term planning should be done across sports so that facility utilisation is maximised. The model is out there, we just need to extend it across the district.	Noted	Noted
160	755-764	Sport Wellington	YES	Jennie	Youth Development: Research shows physical activity and sport support development of essential life-skills in young people - working in teams, leadership, communication skills and resilience. Sport Wellington would welcome opportunity to work with Council to explore ways in which sport and active recreation can be used to achieve these outcomes for young people.	Noted	Noted
160	755-764	Sport Wellington	YES	Jennie	Sports coordination: SW appreciates this normally outside scope of Council. SW would be willing to work with Council to assist with this.	Noted	Noted
160	755-764	Sport Wellington	YES	P&E Manager	Future growth and development: Sport Wellington wishes to emphasise importance of including provision for green and open spaces for recreational use within spatial planning. Especially in new housing developments. - can contribute to desired living environment and improved health outcomes. Developing effective transport networks around these spaces (including walkways and cycleways) would mean greater connectivity.	Noted	Noted
161	765-778	Toimata Foundation/Enviroschools	YES	Lawrence	Reducing waste: Support initiatives to reduce waste to landfill, including kerbside food waste collection, recycling and a recycling/recovery centre. Urge Council to ensure there are secured long term options for where this waste will go. SWDC could draw on learning of Auckland Council and other councils for implementing these initiatives. Need to promote education programme.	Noted Waste education is being pursued through the newly created Waste mins officer	Refer officer's comment. Council officers are to work with the waste minimisation officer to promote 'how to compost guide' for placement on Council's website, newsletters etc
161	765-778	Toimata Foundation/Enviroschools	YES	Lawrence	Water Conservation: Supports an emphasis on water conservation education and highlight the role Enviroschools can take in meeting water conservation goals. Would be interested in working with Council to maximise the outcomes of water conservation education.	Noted Waste education is being pursued through the newly created Waste minimisation officer	Refer officer's comment
161	765-778	Toimata Foundation/Enviroschools	YES	P&E Manager	Future growth and development: Support Option 1. Critically important Council thinks carefully about the best way of involving the community in the development of this plan, and ensures meaningful, authentic ways of gaining the input of a diverse cross section of the community. This includes children and young people.	Noted	Noted

Submissions Summary (Consulted on) v2

No.	Full Submission Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
162	779	Campbell Moon	No	Adrian	Fees and charges: Why are SWDCs charges for consents higher than the other two councils?	The council set fees are dependant on type of consent and the time involved in carrying out the work. This is based on an hourly rate and amount of inspections required to be reasonably satisfied the work complies. We may be cheaper for some consents and more expensive for others.	Refer officer's comment
163	780-784	Martine Bijker	Yes	Helen	Infrastructure for Visitors: Option One. Including Featherston's Lake Domain and surrounds to support growth on Remutaka Cycle Trail	Noted	Noted
163	780-784	Martine Bijker	Yes	Helen	Fees and Charges: fees for schools/community groups/public meetings using council buildings should be scrapped. Lower fees for other uses will encourage more use and more money in long run.	Noted	Officers will consider a change in fee structure within the 19/20 annual planning process.
163	780-784	Martine Bijker	Yes	Lawrence	Reducing waste: Yes C, D: Rather than large bins, would prefer more education on taking recycling to transfer station plus a recycling/recovery centre at EACH transfer station.	Noted Waste education is being pursued through the newly created Waste mins officer	Refer officer's comment, composting initiatives are also being investigated
163	780-784	Martine Bijker	Yes	Lawrence	Water Conservation: Option One. I applaud any serious consideration council is giving to the effects of climate change and how to mitigate them in our region. Study should be for residential and amenity use, not farming and industrial.	Noted, the review is for Amenities and council use.	Noted
163	780-784	Martine Bijker	Yes	Jennie	Rates Affordability: I'm ok with any necessary rates increase but am not ok with exactly how you are proposing to spend it, so this seems an impossible question to answer.	Noted	Noted
163	780-784	Martine Bijker	Yes	Jennie	Youth development: Option One. This funding could be partially or fully managed in Featherston by Fab Feathy's co-ordinator/s	Noted	Noted
163	780-784	Martine Bijker	Yes	Jennie	Promoting District: Option Three. Only initiative seems to be upgrading website and this should not cost \$300,000 over ten years. Want to be able to fill in forms online. In terms of promoting and enhancing district, Featherston needs to be weighted equally in newsletters, press releases, social media using positive language. Promote all attractions/activities/facilities as venues etc. Support Featherston Information centre financially to cover annual running costs.	Noted	Noted
163	780-784	Martine Bijker	Yes	Jennie	Sports Coordination: Option Two. Not something Council needs to do.	Noted	Noted
163	780-784	Martine Bijker	Yes	P&E Manager	Future growth and development: Option One. This should have happened already. Support spatial plan done by competent professionals. First priority must be given to Featherston's broken commercial centre. Squiracle, shingle pit and carpark all taking up valuable commercial land. Need robust consultation on proposed actions. Need a planning team who say 'how can we make it happen together' and have flexible and positive attitudes.	Noted, further consultation will be carried out regarding the FTN town centre. We have a number of private investors interested in developing the land.	Refer officer's comment
164	785-788	Hospitality New Zealand Wellington	No	Helen	Infrastructure for Visitors: Supports SWDC's plans to invest \$50,000 per annum over next 5 years, however question whether it's enough considering cost of building. In Tekapo a public block of toilets cost the Mackenzie district council \$800,000. Also, better use the Government's \$25 million Tourism Infrastructure Fund.	Noted, SWDC toilets will be on a smaller scale than Tekapo at this stage unless visitor numbers indicate we need more.	Refer officer's comment
164	785-788	Hospitality New Zealand Wellington	No	Jennie	Youth training and development: Would not support \$75,000 planned expenditure without further information. Any initiative needs to be done in consultation with business community.	Noted	Noted
164	785-788	Hospitality New Zealand Wellington	No	Jennie	Promoting and Enhancing our District: Would recommend a higher investment than \$300,000 as that is very conservative compared to what other regions are doing in the promotional space.	Noted, budgeted amount is what Councillors believe is affordable for the District.	Noted
164	785-788	Hospitality New Zealand Wellington	No	Russell	Future growth and development: Supports investment in Spatial Plan. Shared insights as to how \$300,000 earmarked for project is to be spent would be useful to assure community that it is an effective and efficient use of their rates.	Noted. Works plan aligning outcome with budget required.	Refer officer's comment
165	789-797	Maori Standing Committee	YES	Lawrence	Reducing waste: Support kerbside food waste collection. Surely other districts have good systems for recycling we could take guidance from.	Noted	Noted

Submissions Summary (Consulted on) v2

No.	Full Submission Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
165	789-797	Maori Standing Committee	YES	Lawrence	Water Conservation: Support installation of water tanks on all new properties and suggest considering catching water from larger buildings also	Noted	Noted
165	789-797	Maori Standing Committee	YES	Helen	Infrastructure for Visitors: Support Option One. See promoting and Enhancing our District.	Noted	Noted
165	789-797	Maori Standing Committee	YES	Jennie	Youth development: Option One. Strongly support and feel this would be a great support for our interest and aspirations to establish waka ama and mau rākau here in the South.	Noted	Noted
165	789-797	Maori Standing Committee	YES	Jennie	Promoting and Enhancing our District: Option one. Encourage council to support efforts to repatriate the famous waka Te heke Rangatira back to Onoke where it can be house in a 'whare taonga'/information centre' to promote local history. Also working on idea of having a 'star compass' from which to tell our stories and boost tourism	Noted, aware MSC are having input into the Wairarapa Economic Development plan and these are some of the options being discussed.	Refer officer's comment
165	789-797	Maori Standing Committee	YES	Jennie	Sports Coordination: Option One as this will support our effort to establish waka ama and mau rakau in the south. Excellent initiatives to engage rangatahi Māori and Pākehā.	Noted	Noted
166	798-800	Papawai Marae	YES	Lawrence	Water Conservation: Option Two. No point increasing rates with just a feasibility. Need for better water usage especially in farming industry. Every new house should have a water tank there should be grey water for sewage usage rather than fresh water being flushed down the toilet. Education on how to conserve water.	Noted Waste education is being pursued through the newly created Waste mins officer	Noted
166	798-800	Papawai Marae	YES	Helen	Infrastructure for Visitors: Option One. Would like to see priority around recycling and waste. Papawai have the whanau capability to support this initiative.	Noted, also note the input offered from para kore which may be able to assist in this area	Noted
166	798-800	Papawai Marae	YES	Jennie	Rates Affordability: Disagree. Papawai Marae currently do not pay rates as we are exempt. However we envision that any increase will effect the marae as we currently pay for the use of the sewage line. We are currently looking at other ways we can cut this cost out and will be consulting our papawai whanau.	Noted	Noted
166	798-800	Papawai Marae	YES	Jennie	Youth development: Option One. The youth are our future, and Papawai would like to support in this capacity too, we have Papawai whanau that work with Youth everyday that will be able to support our Papawai whanau in filling that gap that we see effects our uri.	Noted	Noted
166	798-800	Papawai Marae	YES	Jennie	Promoting District: Papawai marae are currently going through process with Heritage NZ to be recognised for the Maori Parliament, this is also in the Ngati Kahungunu Treaty Settlement. We would like to be a part of this growth.	Noted	Council very pleased to hear of your initiative, it could also be listed in the Wairarapa Combined District Plan
166	798-800	Papawai Marae	YES	Jennie	Sports Coordination: Option Two. With the rates increases in some areas, it is important to lower them in others.	Noted	Noted
166	798-800	Papawai Marae	YES	P&E Manager	Future growth and development: Option One. Would like to see a list of consents being directed to Papawai Marae as sometimes consultation needs to be wider than the Maori Standing Committee and we would like to be able to help.	Noted. SWMSC considered to represent Iwi in most circumstances. If the circumstances which would deem consultation with both the SWMSC and Papawai Marae were provided Council officers could consider receiving comment from a wider group than currently - bearing in mind that officers must process consents within the RMA statutory timeframes.	Officer's to raise with Maori Standing Committee Papawai Marae's request to see a list of rural consents and a request for consultation to be wider than the Maori Standing Committee
168	807-809	Emma Waddington	No	Lawrence	Water Conservation: Option Two. Conserving wetlands create natural filters that manage water effectively. Do not put in storage that is not council role.	Noted	Noted
168	807-809	Emma Waddington	No	Jennie	Youth development: Option One. Use the Maraes as a training base	Noted	Noted
168	807-809	Emma Waddington	No	Jennie	Promoting District: Option Two. Unnecessary, we are growing so fast no need attract people.	Noted	Noted
168	807-809	Emma Waddington	No	Jennie	Sports Coordination: Not council business	Noted	Noted

Submissions Summary (Consulted on) v2

No.	Full Submission Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
169	810-812	John and Jennifer Grey	No	Jennie	Promoting and Enhancing our District: Yes please to the enhancement of SWDC website to make it more user friendly. No to wasting money on changing the council logo. I don't like the one we have - it isn't important enough to waste time and money on. Definitely improve rail link to Wairarapa - more frequent, also on weekends.	Noted, website upgrade is included in the budget for 2018/19, we will continue to lobby GWRC and central government to improve the rail link between Wellington and Wairarapa as we know this is vital to our district.	Refer officer's comment
169	810-812	John and Jennifer Grey	No	P&E Manager	Future growth and development: We definitely need a proper plan. A spatial plan of the entire Featherston commercial zone and Clifford Square, Cherry Tree Park etc was recommended by planning staff at SWDC prior to the promotion of the Council preferred initiative of a town square but was denied. This major mistake has resulted in a lot of wasted money and an unusable piece of what should be prime retail land	Noted, the FTN town square development was completed after consultation with residents.	Refer officer's comment
170	813-815	Reuben Raihana Tipoki	No	Lawrence	Reducing Waste: Yes A, B, C, D: Definitely need food waste collection and larger recycle bins	Noted	Noted
170	813-815	Reuben Raihana Tipoki	No	Lawrence	Water Conservation: Option1; Undecided about study but strongly in favour of catching water in tanks. New subdivisions should have to put in water tanks.	Noted	Noted
170	813-815	Reuben Raihana Tipoki	No	Helen	Visitor Infrastructure: Option 2; Don't support usual facilities, think outside the box to make the most of our visitors	Noted	Noted
170	813-815	Reuben Raihana Tipoki	No	Jennie	Youth Development: Option1; Would like to see Council support waka ama and mau rakau	Noted	Noted
170	813-815	Reuben Raihana Tipoki	No	Jennie	Promoting District: Option 1; Maori culture needs to be more visible in district. Be proactive in initiating a korero with Maori leaders. Supports construction of a star compass.	Noted	Noted
170	813-815	Reuben Raihana Tipoki	No	Jennie	Sport Coordination: Option 1; Support to give hakinakina (sport) Maori promotion and equal importance	Noted	Noted
172	908-910	Featherston Ratepayers and Residents	Yes	Lawrence	Waste Reduction: Supports none. These are not a priority at a time when are facing 7.2% rates rise in Fstn. Consider in 3 years time. Central govt also promotes waste reduction.	Noted	Noted
172	908-910	Featherston Ratepayers and Residents	Yes	Lawrence	Water Conservation: Option 2; Council is ahead of many districts by utilising water meters. Consider other initiatives in 3 years once bulk of waste water updates has been absorbed.	Noted	Noted
172	908-910	Featherston Ratepayers and Residents	Yes	Helen	Visitor Infrastructure: Option 2; Make the district attractive by providing well managed infrastructure within baseline. Funding provided to Destination Wairarapa	Noted	Noted
172	908-910	Featherston Ratepayers and Residents	Yes	Jennie	Rates: Disagree: Charge in line with national avg or less; Ratepayer base is small, restrict activity to core services. Providing core services immaculately and creatively within budget promotes the district. Sadly means that projects such as youth development and sports management are not affordable in our district.	Noted	Noted
172	908-910	Featherston Ratepayers and Residents	Yes	Jennie	Future Growth: Option2; If needed at a district level then should be budgeted to fall within the provision of planning and consenting services. Could this be done as part of a district plan review? Growth shouldn't be unstructured. If district is only growing by 1,000 over 10 years then no support for spending \$300k	Noted	Noted
172	908-910	Featherston Ratepayers and Residents	Yes	Jennie	Youth Development: Option 2; Other organisations such as Ministry for Education and Ministry of Social Development provide for this	Noted	Noted
172	908-910	Featherston Ratepayers and Residents	Yes	Jennie	Promoting District: Option 2; Make the district attractive by providing well managed infrastructure within baseline	Noted	Noted
172	908-910	Featherston Ratepayers and Residents	Yes	Jennie	Sports coordination: Option 2; The Sports Council and other organisations provide ample grants for this already. Council already supports some sports through annual grant funding as do the community boards	Noted	Noted
172	908-910	Featherston Ratepayers and Residents	Yes	Jennie	Fees: By encouraging new development the number of ratepayers increases and the fees burden is shared. Consider the net benefit of these fee hikes and consider a no fees policy to encourage more new homes to be built	Noted	Noted
173	911-912	Wairarapa Chamber of Commerce	Yes	Lawrence	Water Conservation: Encourages Council to work to bring the wider community together to discuss a whole of Wairarapa solution to our emerging water storage deficit. A encompassing and capital efficient solution is required.	Noted	Noted

Submissions Summary (Consulted on) v2

No.	Full Submission Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
173	911-912	Wairarapa Chamber of Commerce	Yes	Jennie	General: Supportive of the proposed changes to the Long Term Plan via the Consultation Document.	Noted	Noted
175	920-921	Wairarapa Water User Inc. Society	Yes	Lawrence	Water Conservation: Option 3: It is essential for long term reliability of water for urban, rural and environment that Water Wairarapa is supported by SWDC. We would like to be involved in the discussion.	Noted	Council are continuing to support the Wairarapa Water project.
178	926-928	WREDA		P&E Manager	Future Growth: Economic growth is ltd when there is a lack of housing to buy or rent, initiatives to prepare plans to accommodate growth are supported	Noted this is what the spatial plan will provide us with.	Refer officer's comment
178	926-928	WREDA		Jennie	Youth Development: Add to making SW a great place to live and play for youth. Creates a sense of pride and loyalty for the region.	Noted	Noted
178	926-928	WREDA		Jennie	Promoting District: Will ensure SW maximises future opportunities for growth, economic development and employment for residents	Noted	Noted
178	926-928	WREDA		Helen	Visitor Infrastructure: Will support the increase in visitors to the region and create a positive impact for district	Noted	Noted
179	929-931	Binning Family Trust	Yes	Lawrence	Water Conservation: Option 3; All properties install water tanks to reduce the need for increased water resources supplied by Council. Council could provide tanks to ratepayers at a low margin and over spread payments over 5 years.	Noted, Council do sell water tanks to residents at a discounted rate.	Refer officer's comment
179	929-931	Binning Family Trust	Yes	Jennie	Rates: Disagree; Rises should be tagged to CPI plus 1.25%. Don't spend on Waihinga Centre, employment of people who don't place value on customers	Noted	Noted
179	929-931	Binning Family Trust	Yes	Jennie	Youth Development: Option 2; Council is not a social development organisation, stick to core services and provide excellence in those areas	Noted	Noted
179	929-931	Binning Family Trust	Yes	Jennie	Promoting District: Option 3; Support for existing Wairarapa wide promotional activities	Noted	Noted
179	929-931	Binning Family Trust	Yes	Russell	Future Growth: Option 1; Planning is essential but as a rural area we need to place greater value on protecting our productive land and stop urbanisation of our best land (Greytown)	Noted. The protection of productive land and in particular highly versatile soil is a matter which could feed into the District Plan review.	Discussion around land use and subdivision permissions will be reviewed as part of the spatial plan exercise.

Submissions Summary (Not Consulted on)v2

No.	Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
1	1-6	Wairarapa Racing Club	Yes	Jennie	EC&C: Requests an annual grant of \$5,000 over the next 3 years to enable further development of the Country Music Festival by attracting class acts. Festival dates for 2019 are 11-13 January.	Await Grant decisions 16/05/2018	Grant request declined, suggest the Club applies to the community board/s and the Creative Communities Scheme fund
2	7	Graeme Scarr		Lawrence	Storm water: Requests that the storm water drain at the bottom of Daniel St is fixed as it doesn't have the capacity to handle large amounts of rain, causing flooding back up to Jellicoe St and right around their house (including under the house)	This has been logged as needing attention and will be investigated by our contractors.	The flow restriction issue is known with no easy solution. Further work will be undertaken as part of the Martinborough residential growth assessment with the intention of resolving before the Martinborough future growth plan is finalised.
3	8-23	NZ Memorial Museum		Jennie	EC&C: Requests funding to develop a NZ War Memorial Museum in Le Quesnoy. Offers the possibility to Council to allocate their donation to fund a specific part of the project e.g. maisonettes refurbishment (roof, plumbing...). A specific amount hasn't been requested, but to date local authorities have contributed \$30,000	Await Grant decisions 16/05/2018	Council has granted \$500 to the project
4	24-25	Ted Ward, Greytown Trails Trust		Helen	Amenities: Requests 3 lots of bags and 3 doggie poo bins placed at the Cotter Street entrance, 1/2 way along the trail and at the Woodside entrance of the Greytown-Woodside trail.	Around \$3.5k to purchase and install, and \$2k/year to service. Would be helpful to have the additional \$2k/year added to parks and reserves operating budget, but could probably squeeze it out of existing (HM)	Council supports the proposal. No budgetary change, to be funded from amenities budget. A report is to be represented to the Infrastructure and Planning Working Party prioritising locations for additional doggy bins around the district, implications of providing bag dispensers at selected locations, and cost of provision. Council officers to include an article in the next rates newsletter reminding dog owners to pick up after their pet/s
5	26-27	John Whitby		Tim	Land Transport: Requests a seal extension to part of Ruakokoputuna Road due to new lifestyle properties and increased logging traffic creating dust. Notes Mba Dark Sky project will increase tourist numbers and an astronomy centre is being developed at the property and optics equipment is sensitive to dust. Dust would be detrimental to further development.	A 10 year plan for seal extension needs to be developed, to enable improvements works to fall within the subsidised works. Ruakokoputuna is currently a logging route.	Council undertakes 1km of sealing on a yearly basis and receives requests for sealing from across the district. Infrastructure and Planning to discuss the possibility of developing a 10-year seal extension plan and prioritisation of rural roads. Your road will be prioritised within the plan.
6	28-31	NZ Motor Caravan Association		Mark	Land Transport/Amenities: Would like to work with Council on infrastructure development and strategic policy planning to support responsible motor caravanning Requests LTP includes recognition, resourcing and prioritisation for public dump station facilities built to NZS 5465:2001 specifications, along with free/low cost refuse and recycling facilities for visitors	LTP consultation topic re infrastructure for visitors included this type of expenditure, would be good to work with NZMCA to obtain co-funding from them to assist with this roll out.	Council noted that dump stations existed in each of the district's towns as well as the provision of one on the coast.
6	28-31	NZ Motor Caravan Association		Paul	Resource Management: Requests the LTP include sufficient resourcing to initiate an integrated freedom camping management regime, which may require a comprehensive review of rules, policies and bylaws	this review is not planned, however we will continue to work with NZMCA as able.	Council is waiting for the outcome of the Local Government NZ freedom camping discussion and investigation.

Submissions Summary (Not Consulted on)v2

No.	Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
6	28-31	NZ Motor Caravan Association		Helen	Governance: Requests that the LTP explicitly recognises the value of the NZMCA Motorhome Friendly Scheme	The Motorhome Friendly Scheme is a partnership between the NZ Motor Caravan Association and participating local bodies. The requirements to be a motorhome friendly town are : A legally-compliant Freedom Camping bylaw A public dump station, Council owned Access to potable water at Dump station site Refuse and recycling facilities Access to medical facilities A general shopping area for groceries A vehicle service centre At the moment, Featherston is our only motorhome-friendly designated town (HM)	Request declined, no change to LTP wording.
7	32-59	Greg Rzesniowiecki		Paul	Governance: Requests Council formally support the 23 principles offered by Alfred de Zayas in his paper to the UNHRC (A/HRC/37/63) in which he highlights the need to apply human rights principles systematically and uniformly to all entities and endeavours	Noted	Submission noted, however Council pays member subscriptions to Local Government NZ to represent us at central government level on issues such as this. As a small Council we are unable to undertake analysis of matters such as this.
7	32-59	Greg Rzesniowiecki		Paul	Governance: Urges Council to endorse the model trade and investment treaty process offered in the www.dontdoit.nz petition.	Noted	As above
7	32-59	Greg Rzesniowiecki		Paul	Governance: Urges council to support the Local Government (four well-beings) Amendment Bill which amends the LGA 2002 to reinstate references to social, economic, environmental, and cultural well-being.	Noted, this will be considered at the time submissions are called, or supported via a general Local Government New Zealand submission	Refer officer's comment.
7	32-59	Greg Rzesniowiecki		Paul	Governance: Urges readers to read and consider Kate Raworth's "Doughnut Economics" as a framework for thinking about economics in the 21st century given that the challenges we are facing this century are global in scale but local in solution.	Noted	As above
8	60-65	Featherston Heritage Complex Society		Jennie	EC&C: Requests a grant of \$2,000 towards the costs of power and other general expenses (grant application submitted)	Await Grant decisions 16/05/2018	Council has granted \$2,000 to the Society to use for power and other general expenses
12	73-80	Martinborough Colonial Museum	Yes	Jennie	EC&C: Requests a grant of \$5,000 over the 3 LTP years to be used for insurance, security, cleaning and minor interior maintenance and repairs.	Await Grant decisions 16/05/2018	Council has granted \$2,000 to the Musuem (the same as the districts other small museums) to use for expenses as submitted
12	73-80	Martinborough Colonial Museum	Yes	Helen	Amenities: Requests maintenance of the Mba Colonial Museum building; fixing of a minor leak is being undertaken by Museum; requests a commercial building wash	Routine maintenance tasks - such requests should be made directly to officers rather than made as AP/LTP submissions. Will add building wash to planned works pre-summer 2018/19 and check whether there are any outstanding maintenance issues(HM)	Refer officer's comment.
13	81-83	Katie Rees	No	Tim	Land Transport: Requests increases in number of footpaths and cycleways, roads around vineyards are busy and not safe to take children walking/biking in that part of town. Requests a track around the outskirts of the urban zone joining with those in place	Assign to Community Board as part of the footpath priority works	Refer officer's comment. Cycling track placement to be included in spatial planning works
14	84-86	Grant Plumbley	No	Lawrence	Solid Waste: The recycling/recovery station - would like to see evidence of its popularity and success from the Wgtn one at the Sth Coast	Note: possibly Lake Ferry centre? Not clear what the issue is here.	Refer officer's comment
19	96-97	Owen Rippey		Lawrence	Solid waste: My household rubbish is collected 1km from my residence	Noted, This is possibly due to it not being on the urban rubbish route and an allowance council has made to enable others to access the service. Happy to discuss any individual issues.	Refer officer's comment
20	98-99	RA Lind		Helen	Amenities: Would like doggy bags distributed in areas within the town belts to keep environment more pleasant	Not clear what is meant by "town belts" - submitter is from Martinborough so presume he is meaning areas around the vineyards, like Puruatanga Road, also Ferry Road? Cost for dispenser poles is around \$420 each plus cost of installation - additional would be budget required for this as we would need to apply it across all three towns. Also note that currently dispenser poles are only in the three dog parks, and refilled by by-laws officers. A large number of additional poles would have resourcing implications for the by-laws team, or for parks and reserves if the responsibility for refilling was shifted there (HM)	A report is to be represented to the Infrastructure and Planning Working Party prioritising locations for doggy bins around the district, implications of providing bag dispensers at selected locations, and cost of provision.

No.	Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
21	100	Jim Law		Tim	Land Transport: Would like Whakatomotomo at least to the Te Rata Rd turnoff) and Te Rata Roads sealed for health reasons (residents and stock) and due to increasing tourist traffic.	A 10 year plan for seal extension needs to be developed, to enable improvements works to fall within the subsidised works. Very rural roads with minor subdivision has occurred on Whakotomotomo Rd	Council undertakes 1km of sealing on a yearly basis and receives requests for sealing from across the district. Infrastructure and Planning to discuss the possibility of developing a 10-year seal extension plan and prioritisation of rural roads. Your road will be prioritised within the plan.
24	105-106	Roberts		Paul	General: Council should undertake customer service training for consents (building, health, licencing) officers. SWDC has a bad name for being obstructive rather than constructive and helpful.	Noted, we regularly monitor feedback and review issues as they arise.	Council is embarking on best council initiative and will incorporate LGNZ excellence programme.
26	109-113	Charlie Ives, Regional Tourism NZ	No	Jennie	EC&C: Tourism injects \$69m into SW economy and provides jobs. SWDC needs to invest in major events to be competitive with other regions and to realise economic and social benefit. RTNZ requests that SWDC maintains tourism funding at current levels at a minimum or preferably increase resourcing in line with their aspirational marketing strategies	Noted. Council plans to continue to fund Destination Wairarapa and this funding is included in the draft LTP budgets.	Refer officer's comment
28	117-132	Martinborough Dark Sky Society	No	P&E Manager	Resource Management: Urge Council to adopt already established outdoor lighting policies and practices in order to reduce light pollution while providing sufficient light for outdoor activities for public and private properties	Noted	Council have signalled a willingness to progress compliant lighting ordanances. Council officers are to prepare a report to Council on technical, consultation and cost requirements as well as a proposed timeframe for undertaking the work. No budgetary change. Officers to liaise with MCB to ensure new lighting requests for Martinborough Square as well as existing lighting complies with Dark Sky requirements.
28	117-132	Martinborough Dark Sky Society	No	P&E Manager	Resource Management: Alerts Council to cultural risks due to degradation of night sky, specifically in relation to article two of the Treaty of Waitangi. Believes the night sky is taonga and therefore protected under the treaty agreement.	Noted	As above.
28	117-132	Martinborough Dark Sky Society	No	Jennie	Resource Management: Concerns of light pollution are: protection of learning and cultural aspects, potential heath issues due to disruption of circadian rhythms, <u>disruption to native wildlife behaviour.</u>	Noted, Council have ensured street lighting in our towns meets the criteria for dark sky reserve.	Refer officer's comment
28	117-132	Martinborough Dark Sky Society	No	Jennie	EC&C: Notes that members are investing in astronomy observation domes and telescopes, a local dark sky friendly sticker initiative, connecting with other reserves and liaising internationally and with community about associated initiatives.	Noted	Noted
28	117-132	Martinborough Dark Sky Society	No	Jennie	EC&C: Requests funding for the Dark Sky initiative so progress can continue.	Await Grant decisions 16/05/2018 (two grant applications \$25 K& \$5,400)	Approved \$3,000 for operational expenditure.
30	135-136	Rosie Collins	Yes	Tim	Amenities: Requests that cycle lanes are developed alongside the roads in Martinborough for safety and enjoyment reasons e.g. like Hawkes Bay. Does not believe reducing the speed limit is the answer.	Assign to Community Board as part of the footpath priority works	Spatial plan to consider placement of cycle tracks.
31	137-149	Wairarapa Arts Festival Trust	Yes	Jennie	EC&C: Requests \$10,000 toward the Kokomai Creative Festival, Wairarapa.	Await Grant decisions 16/05/2018	Council has granted \$5,000 to the Trust.
32	150-152	Mike Armour	No	Tim	Storm Water: Pg 13 of Consultation Document notes that kerb and channel are important part of storm water system. Has raised issue of flooding at the corner of Dublin and Sackville Streets in Martinborough fails to meet the stated objective. Photos and video from 10 April show this is a problem. Water congregates and doesn't run freely. Recent repairs to curb did little to improve situation	This issue has been noted and officers will investigage and come up with a solution. Any flooding should be reported to Council as soon as possible and will be attended to as part of our ongoing work in the district.	Refer officer's comment

No.	Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
33	153-154	Ed Martin	Yes	Helen/Tim	Amenities: (Youth Development): Requests a bike park be developed at the former Ponatahi pine plantation. Will draw visitors to district and provide a growth and development outlet for youth. Notes: May only cost \$10k for earth moving and signs. Carpark exists. Trail fund and McGarry Foundation have grants to facilitate this kind of development. WWI memorial oaks could be enjoyed, picnic area developed.	Ponatahi pine plantation is to be replanted this winter, but establishment of tracks could be looked at as part of this programme - would need to be planned fairly soon to fit into planting programme. Officers support the idea and recommend that Martinborough Community Board work with interested parties and officers to develop the proposal and seek funding (HM/TL)	Council support given for proposal, refer officer's comment. Officers to liaise and forward your proposal to the MCB. Cr Olds to discuss the proposal with the Five Towns Trails Trust.
35	157-159	Conor Kershaw, P&K Mba	No	Mark	Roading: Need a clearer cycle strategy. Replicate Hawkes Bay model.	Cycle strategy is in draft and being coordinated regionally through the regional trails committee. The local urban lane is to be painted in conjunction with NZTA.	Infrastructure and Planning Working Party to revisit the draft Cycle Strategy
35	157-159	Conor Kershaw, P&K Mba	No	P&E Manager	Resource Management: The rental shortage needs to be addressed and it needs to be Council led. Can't get long-term rentals for staff. Needs to be options for new land being developed to be medium density with the ability to place covenants on it to ensure that it is either owner occupied or long term rental.	Concerns noted. Councils Plan effectiveness and monitoring work which will feed into a District Plan review would cover the housing density. Housing density would also be addressed in a Spatial Planning Process.	Refer officer's comment
36	160-162	Michael & Karen Anne Cronshaw	No	Tim	Storm Water: Clean the storm water drains in Mba to prevent surface flooding	Routine sump cleaning is undertaken	Refer officer's comment
40	169-175	Tim Wood & Shelley Des Forges	No	Helen	Amenities: Requests that SWDC accepts that the block of trees on One Tree Domain is detrimental to the best use of natural resources within Fstn and/or is negatively impacting upon the wellbeing of a proportion of the Community and; SWDC commits to reducing the height and density of the trees to improve the natural light to the floor of the domain, local families and improve the aesthetics of the domain	Agreed that the trees in the domain need some work and that this requires planning and specialist advice to ensure the best outcomes for both the trees and the properties affected by them. Allow additional \$5k for properties and reserves operating budget to develop plan including costs with a view to coming back to the AP 2019/20 with funding request (HM)	No budget change. Council officers to determine who owns the Lone Tree Hill Reserve and surrounding land. If the trees are on Council Reserve, the FCB are to lead/agree what consultation with residents and domain users needs to be undertaken. Once a plan with associated costs has been developed this can be reviewed for inclusion in the 19/20 annual plan.
41	176-177	Jocelyn Konig		Jennie	EC&C: Believes that the FCB is cutting funding to the Fstn Information Centre which is short sighted as tourism is increasing and it is the first one from over the 'hill'.	Noted and noted that request for Council funding has been received from FTN Information centre.	The spatial planning exercise will be used to inform where services like information centres will be located, Council can then review appropriate funding mechanisms.
42	178-181	Featherston Information Centre		Jennie	EC&C: Requests that SWDC fund the Fstn Information Centre phone line.	Await Grant decisions 16/05/2018	The grant request has been declined, Council supports the FCB decision of accountability transparency.
43	182-183	Guy Walmsley		P&E Manager	Resource Management: Need more housing for seasonal workers and permanent staff	Concerns noted. Councils Plan effectiveness and monitoring work which will feed into a District Plan review would cover worker accommodation. Worker accommodation could also be addressed in a Spatial Planning Process.	Refer officer's comment
44	184-185	Lynette McCarthy/ Carol Keltie Roy/Jim White		P&E Manager	Resource Management: Notes that Martinborough is different and wants to keep it this way	Noted	Comment to be considered as part of spatial planning exercise.
45	186-187	Alex Clark		Jennie	General: Requests Council push GWRC to fund a decent train service from Mstn-Hutt. Need to get cars off road	Funding of train service is responsibility of GWRC rather than Council. Council continues to lobby GWRC and central government regarding the urgent need to upgrade the Wairarapa train service and will continue to do so until the funding has been approved and upgrades completed.	Council supports an upgrade in the Wairarapa train service and this was approved by GWRC in their Regional Transport Plan 19/6/18 as a priority area. Council will continue to lobby GWRC for better train services for the Wairarapa.

Submissions Summary (Not Consulted on)v2

No.	Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
49	194	Jack Millar		Helen	Amenities (Youth Development): Requests a mountain bike park be developed in the South Wairarapa (specifically Fstn).	Refer response to submission 40 above - a site has been identified in Martinborough (HM)	Refer to the officer's comment and decision on submission 33. Officers are to provide Jack with Ed Martin's contact details. Cr Olds to discuss the proposal with the Five Towns Trails Trust
50	195-196	Liz Mellish		Lawrence	Wastewater: Would like to see a staged development with new ponds and appropriate treatment before the second stage of disposal is agreed with residents, with disposal to Fstn golf club as an opportunity. Land at Murphys Line could be sold to provide for first stage of development	Residents will have an opportunity to give feedback to the WW to land project as part of the public consultation process.	Council encourages all residents to make a submission to GWRC on the Featherston wastewater proposal
50	195-196	Liz Mellish		Tim	Land Transport: The continual drain on resources through NZTA has been an ongoing and costly exercise for many years and will continue to do so until a better long term solution is found. This effect of tourism using that road to Ngawi has not been well understood and whilst a flash point of even more serious issue is the Wairarapa side of the Remutaka Hill Road. It is not obvious to ratepayers that any thought for this issue has been made by Council and unless real effort to address this matter we will see the number of tourist drop. I wish you to note that emergency frequently used weekend is undertaken by Featherston volunteers and Council has done little to understand the effect of this negligence has had on those stalwarts who turn out for accidents every week.	Council continues to have a very positive working relationship with NZTA who manage the State highways including the Remataka hill road. We lobby them for improvements to our roads on an ongoing basis and will continue to do so.	Council to continue lobbying NZTA on improvements to Remutaka Hill. Officers to update wording in LTP to reflect this.
50	195-196	Liz Mellish		Paul	General: Requests Council address the limited Police presence in South Wairarapa	We continue to discuss policing matters at the appropriate levels.	Mayor Napier to pass on the request for greater NZ Police visibility in the South Wairarapa
50	195-196	Liz Mellish		Paul	General: Requests a culture change from no to how can we help you achieve your goals. Requests councillors seek culture change to improve outcomes in South Wairarapa.	Noted	Council is embarking on best council initiative and will incorporate LGNZ excellence programme.
50	195-196	Liz Mellish		Jennie	General: Requests Council support the 3 marae in the area as they provide water for fires, community facilities and have agreements to support the community in the event of a civil defence emergency	Noted and sees that local maraes have submitted for funding. SWDC contributes to WREMO funding which would cover the civil defence emergency funding. Discussions are already occurring on this at a regional level.	Refer officer's comments.
50	195-196	Liz Mellish		Paul	General: Consider a Maori ward for SWDC	Noted	Noted
50	195-196	Liz Mellish		Paul	General: Need all staff and councillors especially senior staff trained in te reo and pronunciation of Maori words	Noted	Council staff have previously been given an opportunity to upskill in Te Reo. Council officers are to investigate offering another program.
50	195-196	Liz Mellish		Tim	Land Transport: Requests road signs are updated from Rimutaka to Remutaka	Will liase with NZTA as most signs are SH 2	Remutaka Hill signs have already been changed
50	195-196	Liz Mellish		Paul	General: Council should hold meetings later in day or evenings to make it easier for people to attend/stand for Council roles SWDC needs to unite the three towns SWDC needs to have more consultation in places other than MBA e.g. submission hearings in each town	Comments noted. Informal discussions have been held.	Location and timing of meetings to be considered as part of the governance review
50	195-196	Liz Mellish		P&E Manager	Resource Management: Freedom campers need to have designated areas.	There are designated areas for freedom campers in SW.	Council is waiting for the outcome of the Local Government NZ freedom camping discussion and investigation.
51	197-199	Bruce Farley	No	Jennie	Water Conservation: Option 2; Oppose any further Council investment in the large water storage project underway. No solid data on who will be paying, how it will be reticulated, and how water will be used. Doubts it will go ahead.	Noted, Council will be considering whether or not to invest further in Wairarapa Water and will take all submissions on this topic into account.	Refer officer's comment

No.	Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
55	206-207	Les Roberts	Yes	Jennie	General: Believes the views of tangata whenua and the fact that they played a key role in developing the LTP are not reflected in the document. Believes dual language signs is tokenism and true involvement of tangata whenua in LTP has been ignored. Requests that SWDC seek views of local iwi as to how they want to be involved in the present operations and future strategic direction of SWDC and work with them to make a plan on how this will be achieved.	Maori standing committee members were involved throughout the LTP process and continue to be included in Council decisions on an ongoing basis as part of the longstanding relationship between Council and the MSC. The MSC are our link to local iwi and hapu and their input to Council decisions and future direction is very much valued.	Refer officer's comment
57	212-215	Ann Rainford	Yes	P&E Manager	Resource Management: To build smaller houses there is an urgent need to alter the District Plan to allow smaller plot sizes. Ctn and Mstn have smaller plot sizes.	In the District Plan South Wairarapa and Carterton lot sizes are aligned at 400m ² minimum and 500m ² average (excluding access). Masterton has a 350m ² minimum lot size. Comprehensive developments are not specifically provided for in the District Plan and this would be reviewed as part of a District Plan review.	Refer officer's comment, the request is to be considered as part of the spatial planning exercise
58	216	Jack Millar		Helen	Amenities (Youth Development): Requests an upgrade to the Featherston Skate park. Offer to form a group to plan the upgrade and fundraise	[Submitter is 12 years old] Recommend that Featherston Community Board work with youth, skate park users and council officers to plan upgrades and fund-raising (HM)	Refer to officer's comment. Council to liaise with FCB to see if they want to lead a project to upgrade the skatenark.
60	219-221	Alistair and Jenny Boyne	Yes	Tim	Land Transport: Requests that the Tora Bridge is repaired or replaced, the steel plate does not sit flush and has bolts sticking out the wooden railings need replacing. Engineer said it should be condemned.	Works have been identified and are programmed to stiffen the piers on the first bridge. Funding as part of NZTA Lowcost/Low Risk improvent category. Bridge will be posted for 44 tonne maximum loading before July 2018	Refer to officer's comment
62	224-228	Sport NZ		Jennie	EC&C: Requests Council financially support the development of a community sport and recreation facility centre at Kuranui College to replace the College gym which is to be demolished.	This proposal will be considered in conjunction with other potential funders including Ministry of Education, Sport NZ, Greytown lands trust etc	Noted
63	229-232	Martinborough Top 10 Holiday Park	Yes	P&E Manager	Resource Management: Support Destination Wairarapa's submission regarding 'ineligible freedom campers' and encourage SWDC to monitor and move on non-self contained vehicles parking in non-designated areas. Existing littering laws need to be applied to freedom campers. Encourage SWDC to support holiday parks by not providing facilities for freedom campers in areas where facilities are provided by operators	Proposal will be considered alongside other submissions regarding freedom camping.	Council is waiting for the outcome of the Local Government NZ freedom camping discussion and investigation.
63	229-232	Martinborough Top 10 Holiday Park	Yes	Paul	General - Health and Safety: SWDC needs to consider health and safety obligations of people camping in SWDC designated areas. Holiday parks must provide gap of 3 metres between all vehicles and tents, same standard should be applied in SWDC designated areas. An accident or fire could cause reputation harm.	Noted, will review what can be done in this regard.	Refer officer's comment
63	229-232	Martinborough Top 10 Holiday Park	Yes	P&E Manager	Resource Management: Requests SWDC account for urgent need for affordable housing when developing Mba spatial plan.	Noted, will be part of spatial plan work.	Comment to be considered as part of spatial planning exercise.
63	229-232	Martinborough Top 10 Holiday Park	Yes	P&E Manager	Resource Management: Requests SWDC amend the District Plan more frequently than 10-yearly intervals and that funding is set aside to conduct a review.	Noted, this will need to be discussed with MDC and CDC who are also parties to the Wairarapa Combined District Plan. The amount of work required to review the DP may make it prohibitive to be done more often.	Refer officer's comment
63	229-232	Martinborough Top 10 Holiday Park	Yes	Paul	General: SWDC's best contribution to regional economic development is to cut bureaucracy and to support private commercial developments. The district Plan needs to enable positive private investment not restrict it. The failure of the development in Featherston is disappointing.	Noted	Noted
63	229-232	Martinborough Top 10 Holiday Park	Yes	Jennie	Rates: Support Destination Wairarapa's submission regarding the need for Air BnB to contribute and request Council rate these properties as commercial where they are available to rent for more than 60 nights a year.	Noted, Council will be completing a review of the rating system during the 2018/19 financial year and this will be one of the issues covered in that review.	Refer officer's comment
63	229-232	Martinborough Top 10 Holiday Park	Yes	P&E Manager	Resource Management: Requests Council consider the requirement for Air BnB houses to apply for resource consent for what is essentially a commercial accommodation business (more than 60 nights a year).	The District Plan allows one dwelling to be used as a homestay per certificate of title. Adverse effects of homestays in comparison to residential use could be assessed as part of a District Plan review.	To be discussed as part of the rating review to be undertaken in July 2018
65	235-238	Martinborough Community Board	Yes	Helen	Reducing Waste: Request Council install public recycling bins alongside our rubbish bins.	This has been discussed and can be costed as an added service. Cost to purchase \$1,200 per bin plus \$667 per bin to service pa. Could install Big Belly type bins which hold 3-5 times as much, and which in the urban areas, have telemetry so they can tell the contractors they need to be emptied. The usual model for these is that they are hired by the council from the bin supplier for around \$50/week. Would still have the cost to empty which is around \$5/per empty. (Current street bins emptied 3 x week = \$667/year; so if only emptying once per week because of additional capacity then \$260/year for emptying.	Officers to provide a comprehensive report to Council on the provision of public recycling bins.

No.	Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
65	235-238	Martinborough Community Board	Yes	Paul	General: Request SWDC facilitate private investment and development. Feedback received that Council is becoming increasingly difficult to deal with. Requests a review of the way it works with local businesses so district remains attractive for investment	Noted, we have been working in the communities, e.g. Martinborough Business Association on various aspects.	Council is embarking on best council initiative and will incorporate LGNZ excellence programme.
65	235-238	Martinborough Community Board	Yes	Paul	Governance (P20 Supporting Docs): Supports a review of community boards terms of reference and delegations and request that they are empowered with financial and human resources.	Noted, this is planned	Refer officer's comments
65	235-238	Martinborough Community Board	Yes	Paul	Governance (P20 Supporting Docs): Requests SWDC run events prior to the next LG elections so potential candidates understand what is involved.	Noted, a comprehensive candidates booklet is available. This will be considered closer to the time.	Refer officer's comments.
65	235-238	Martinborough Community Board	Yes	Helen	Amenities: Support connection of libraries to UFB and request the new Mba Library is connected in the rollout	New Martinborough Library will be connected to the best available connection through the APNK network - if UFB is available then that will be used (HM)	Refer officer's comments
65	235-238	Martinborough Community Board	Yes	Helen	Amenities (P34 Supporting Docs): Request Council allocated some of the proposed playground budget to the Waihinga Centre playground. It should be spent equally across the district.	Funding for improvements at Featherston and Greytown playgrounds is for replacement of specific items which are now outside their useful life span and need to be replaced as soon as funds are available. Martinborough is getting a new playground as part of stage 2 of the Waihinga Centre project, so no replacement items have been allowed for (HM)	Council officers to ensure Martinborough Playground is getting a third share of capital funding, however what was budgeted was to replace specific items of equipment. Officers to provide more detailed information on funding and depreciation of South Wairarapa playgrounds to the Infrastructure and Planning Working Party
65	235-238	Martinborough Community Board	Yes	Tim	Land Transport (P79 Supporting Docs): Understand that budget for new footpaths as per the 17/18 AP wasn't available due to urgent road rehabilitation. Request additional footpath funding is set aside for footpath work on Texas Street as it is essential to provide safe access to the Waihinga Centre.	Assign to Community Board as part of the footpath priority works	MCB to prioritise footpaths works and work will be conducted as budget allows
65	235-238	Martinborough Community Board	Yes	Helen	Amenities: Request budget is allocated to replace the old Martinborough Cemetery fence in keeping with the fence at Considine Park.	\$7500 has been budgeted in parks and reserves capital budget 2018/19 for this purpose (HM)	Refer officer's comment
65	235-238	Martinborough Community Board	Yes	Helen	Amenities: Request funding is allocated to continue the Considine Development Plan and that development is allocated according to the Considine Park Committee's priorities	\$8500 has been budgeted in the parks and reserves capital budget 2018/19 to construct the remainder of the lime path. Additional trees to be planted, costs covered by existing operating budget (HM)	Refer officer's comment
65	235-238	Martinborough Community Board	Yes	Helen	Amenities: Requests Council allocate funds to implement the circular seating around the Boer War Memorial within the next 2 years inline with the Martinborough Square Development Plan.	Thought this had been put on hold due to Waihinga Centre developments. Will obtain prices for suitable seating and come back to AP 2019/20 for funds (HM)	Councillors agreed that items from Council's development plans are to start being budgeted for. Cost of seating is \$30,000, funding to be allocated in the 19/20 annual plan.
65	235-238	Martinborough Community Board	Yes	Jennie	Rates: Request Council continue to allocate funds for town beautification to be managed by the community boards	Noted - this has been included in the draft LTP.	Refer officer's comment
65	235-238	Martinborough Community Board	Yes	Mark	Land Transport: Requests Council set aside funds for on road cycle lanes on the Mba urban routes. Also request pass safely signage positioned at key points along these routes	Pass safely signs to be installed and cycle lanes to be marked on some roads.	Refer officer's comment
65	235-238	Martinborough Community Board	Yes	Helen	Amenities: Requests that the salvaged Mba Playground pergola be installed at Mba Pool before the 18/19 swimming season.	The intention is to do so however the project is not funded at the moment. Cost would be \$25K approx. Could possibly use Pain Farm funds?	It is understood that the pergola is not suitable for relocation without significant modification. Council officers are to work with MCB on a suitable shading solution for the Martinborough pool. No budgetary change.
65	235-238	Martinborough Community Board	Yes	Lawrence	Water Supply: Support the removal of manganese from the Mba water supply. If the supply needs to be chlorinated, consult the community and vineyards	Noted	Noted
65	235-238	Martinborough Community Board	Yes	P&E Manager	Resource Management: Look forward to seeing outcome of rezoning from funds allocated 17/18 year. This along with spatial plan are crucial to manage growth and the acute shortage of residential accommodation in Mba.	Noted.	Noted

Submissions Summary (Not Consulted on)v2

No.	Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
65	235-238	Martinborough Community Board	Yes	Helen	Amenities: Support bilingual signage and recommend Council consider early replacement of key signs in district.	Noted (HM)	Noted
66	239-245	Wellington Free Ambulance	Yes	Jennie	EC&C: Requests \$1 per person in the district towards running costs (\$9,525)	Await Grant decisions 16/05/2018	Council granted \$9,525 to Wellington Free Ambulance
67	246	Waihinga Charitable Trust	Yes	Helen	Amenities (P34 Supporting Docs): Notes that \$390k has been fundraised for stage 2 of the Waihinga Project and requests that Council allocate some of the proposed playground budget to the new Waihinga Centre playground	Nothing is budgeted for the Waihinga Centre playground in the LTP budget at present as assumed this would be funded by Charitable Trust. Playground budgets for FTN & GTN are as follows: FTN \$25K in 2018/19 ,FTN & GTN \$60K in 2019/20 , and FTN \$80K in 2020/21 to replace fort.	Council officers to ensure Martinborough Playground is getting a third share of capital funding, however what was budgeted was to replace specific items of equipment . Officers to provide more detailed information on funding and depreciation of South Wairarapa playgrounds to the Infrastructure and Planning Working Party
67	246	Waihinga Charitable Trust	Yes	Tim	Land Transport (P79 Supporting Docs): Understand that budget for new footpaths as per the 17/18 AP wasn't available due to urgent road rehabilitation. Request additional footpath funding is set aside for footpath work on Texas Street as it is essential to provide safe access to the Waihinga Centre.	Assign to Community Board as part of the footpath priority works	MCB to prioritise footpaths works and work will be conducted as budget allows
68	247-250	Tim Lusk, Wairarapa Water	Yes	Jennie	EC&C: GWRC are contributing \$200k so investigations into water storage options can continue but this funding is contingent upon significant funding from Wairarapa councils (amount not given). Urge SWDC to meet GWRC's expectations for funding.	Noted. SWDC have not budgeted any \$ for Wairarapa Water in the 2018/19 FY at this stage.	Council have budgeted \$20,000 for Wairarapa Water as an indication that SWDC supports the initiative in principal and storage is something that our district may need in the future
68	247-250	Tim Lusk, Wairarapa Water	Yes	Lawrence	Water Conservation: Would support all 4 councils leading the project in partnership with their funds used (along with funds from water users) to investigate how water storage can be integrated into providing long term security for public water, farmers and the environment.	This will need to be 3 council and GWRC initiative. The farm water issue has been outside of council and with GWRC as a whole.	Refer officer's comment
69	251-252	Les O'Donovan		Lawrence	Reducing Waste: Yes, B, C; Need recycling pickups more often. Need large item pickups (washing machine, ovens etc.)	Noted	Noted
69	251-252	Les O'Donovan		Tim	Land Transport: Requests a footpath on Waite Street as walking on road not safe	Assign to Community Board as part of the footpath priority works	Refer officer's comment
70	253-254	Max Stevens		Lawrence	Water Conservation: With Masterton District Council installing water meters is there an opportunity to create a combined councils water conservation policy?	This would be through GWRC as water allocations across the region.	Officers to refer the submission to the Wairarapa Joint Policy Working Group
70	253-254	Max Stevens		Paul	General: On major services the three Wairarapa councils should continue to look at combing and/or sharing policies and management skills	Noted, we do this where possible.	Refer officer's comment
72	257-258	Jan Eagle, Friends of Stella and Sarah	Yes	Lawrence	Wastewater: Infrastructure Strategy acknowledges wastewater infrastructure issues with a system built in the 60's/70's and the need for action to address gaps. Will that action be robust enough to withstand the variables of climate change and 1000 more people that urban infill schemes will deliver without discharging waste water to the Ruamahanga River?	Yes, the land area is enough to cover future demand and provision for more infrastructure is allowed for to cover growth.	Refer officer's comment
73	259-275	Destination Wairarapa	Yes	Jennie	Rates: Given the significant investment Council makes in tourism, Destination Wairarapa would encourage Council to consider applying a commercial rate to whole of house Air BnB properties which are not currently paying a commercial rate or participating in their industry through membership of their RTO.	Noted, Council will be completing a review of the rating system during the 2018/19 financial year and this will be one of the issues covered in that review.	Refer officer's comment.
73	259-275	Destination Wairarapa	Yes	Paul	General: Given the limited capacity Council has for investment in events, Destination Wairarapa would encourage the 3 district council's to consider engaging a professional to find the commercial sponsorship necessary to take the region's top events to the next level and be among the country's top events	Noted, 3 Councils currently working with GWRC and WREDA on a Wairarapa Economic Development plan, will await the outcome of that - June/July 2018.	No additional funding budgeted, refer officer's comment.

No.	Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
73	259-275	Destination Wairarapa	Yes	P&E Manager	Resource Management: Requests that the 3 Wairarapa councils separately and severally have the opportunity to control ineligible freedom camping before it becomes a problem in the Wairarapa. DW encourages Council to consider implementing a plan of monitoring and enforcement of freedom camping in the Wairarapa. Notes campers parked behind Mba Library using free wifi and that Wairarapa has a wide very accessible land mass (compared to Queenstown)	Noted.	Council is waiting for the outcome of the Local Government NZ freedom camping discussion and investigation. Points will also be considered as part of spatial planning
73	259-275	Destination Wairarapa	Yes	Jennie	EC&C: Destination Wairarapa asks that continued funding of Destination Wairarapa please be included to ensure the ongoing promotion of Wairarapa and ultimately maximise the economic benefits of tourism and that closer engagement with Destination Wairarapa from Council departments to ensure tourism is considered in works and decisions	Noted. SWDC have budgeted \$130K for Destination Wairarapa in the 2018/19 FY and for future years in the LTP draft budgets.	Refer officer's comment. Officer's to discuss the intention to consider the appropriate placement of information centre/s within the spatial plan and possible outcome/funding changes when MOU is up for renewal
73	259-275	Destination Wairarapa	Yes	Paul	General: Would like to see the Masterton District Council's Draft Cycle Strategy include something as simple as 'when doing road work on defined race routes, a surface conducive to road cycle racing will be applied'. Notes that Wairarapa was the preferred region for holding cycling events...until another region decided to capitalize on the benefits and apply the investment needed The Wairarapa councils need to recognise the significant international exposure these events provide	Noted	Noted
73	259-275	Destination Wairarapa	Yes	Paul	General: DW provides a submission on the Draft Rural Trails Network Plan which connects various Masterton areas via cycle trails. Submission not summarised as MDC specific.	Noted, we continue to support cycling	Noted
73	259-275	Destination Wairarapa	Yes	Paul	General: Supports the Wairarapa Cycling Stakeholder Group's submission to the LTP's. Specifically: employment of a cycling coordinator for the whole of the Wairarapa, signage for safe cycling routes, the 5TTT vision of become a grade 1 trail ride and therefore the need for Underhill Rd in Fstn and Gtn to have the speed reduced to 80km or lower per hour	Noted	Noted
75	279-280	Jim Hedley	yes	Jennie	Rates: Many of Council's functions benefit urban people, Council should fund the public good portions of those functions at the full 30% of UAGC allowed excluding wastewater and rubbish. Governance, leadership-advocacy, public protection, community development and libraries should also be covered by a UAGC.	Noted, Council will be completing a review of the rating system during the 2018/19 financial year and this will be one of the issues covered in that review.	Refer officer's comment.
76	282-287	Tracey Shepherd, YETE	Yes	Jennie	EC&C: Requests Council increase its support of YETE from \$5,000 to \$10,000pa which is a level consistent with the other Wairarapa councils and will enable extension of initiatives in the South Wairarapa.	Await Grant decisions 16/05/2018	Council has granted \$5,000 from the youth training and development fund for this initiative.
77	288-289	Ellen Blake	No	Tim	Land Transport: Improve footpaths to a good standard and ensure they are on both sides of all new subdivisions. Prefer asphalt as it is more flexible and not so hard.	(NZS 4404 Land development and Subdivision Engineering)requires footpaths on one side for developments up to 20 lots and both sides for over 20 lots. Concrete has a longer life so is the preferred surface.	Refer officer's comment.
77	288-289	Ellen Blake	No	Helen	Amenities: Provide more seats	Location of seats is unclear from submission but as it comes straight after the footpath request, assume that submitter is asking for more seats on footpaths. Footpath seating can only be installed on berms where there is sufficient space to meet the required footpath width as well as a seat. Cost per seat \$1200-\$1500 installed. Residents are welcome to suggest specific locations where they believe seats would be helpful, especially for the elderly, then we will consider on a case-by-case basis. Residents are also welcome to fund or part-fund seats as memorial seats (HM)	Refer officer's comment
78	291-295	John Rhodes	Yes	Lawrence	Reducing Waste: The LTP must state annual goals, expressed in tonnes for waste reduction rather than say it wants an unspecified reduction. A letter from officers stated the goal was to reduce waste to landfill by a third by 2026 - this isn't enough.	Noted The reduction to landfill is a goal however arbitrary targets would be difficult to achieve. Reduction in any amount is positive, however volumes are growing annually. The consultation has raised cost as a primary issue. The goal of the regional WMMP is reduction of solid waste by 1/3.	Refer officer's comment
78	291-295	John Rhodes	Yes	Lawrence	Reducing Waste: Requests Council work with retailers and their chains to stop plastic packaging around products	This is underway and some agreements reached.	Refer officer's comment

Submissions Summary (Not Consulted on)v2

No.	Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
78	291-295	John Rhodes	Yes	Lawrence	Reducing Waste: Requests council work with local wine growers to use standard bottles which can be 'reused' rather than 'recycled', and install a central washing plant. <u>Would reduce glass and enhance our image</u>	This will be passed to the waste minimisation officer to look into.	Refer officer's comment
78	291-295	John Rhodes	Yes	Lawrence	Reducing Waste: What I should do with a dead mercury-containing compact fluorescent lamp. It's hazardous waste, for which the only advice on the SWDC website applies to commercial and industrial properties. The website tells me nothing about the recommended disposal method for tins of lead-based paint in my garage. <u>What do I do with these?</u>	These will need to go to an approved Wellington disposal site for hazardous material.	Refer officer's comment
78	291-295	John Rhodes	Yes	Lawrence	Reducing Waste: When will the waste management sections of the SWDC website be updated to refer to waste rather than rubbish or refuse?	Will be done in conjunction with the three councils to standardise the approach to waste across the region.	Refer officer's comment
78	291-295	John Rhodes	Yes	Lawrence	Reducing Waste: Until we eliminate plastic bags, they continue to be part of our District's waste stream. The Earthcare brochure on the SWDC website says that plastic film is not accepted for recycling. A while ago plastic bags could be taken to transfer stations, but I understand that this is no longer the case. Please, what is the present situation? Should we be stockpiling waste plastic film until SWDC has a new arrangement in place? And what negotiations are happening between SWDC and South Wairarapa retailers, especially supermarkets, to eliminate plastic packaging (both film and other types) at source?	Discussions are taking place at a Wellington regional level with major retailers for plastic bags.	Refer officer's comment
79	296-300	Cobblestones Museum	Yes	Jennie	EC&C: Requests \$15,000 for the next 3 years to assist with the operating costs of the museum, and the maintenance and upgrade of the 6 heritage listed buildings and facilities (if the grant needs to be used for a project this can be accommodated)	Await Grant decisions 16/05/2018	Council granted \$15,000 per year for the next 3 years for museum operations as submitted
80	301-302	Trish Higginson	Yes	Paul	General: The Council should start to engage and listen to the community	We will be reviewing our communications requirements this year, and will consider all aspects as part of this review.	Refer officer's comment
81	303	Jill Greathead, Volunteering Wairarapa	Yes	Helen	EC&C: Proposing to trial the Volunteering Manawatu model in the Wairarapa and run volunteer pop-ups in Wairarapa library locations outside Masterton. Wairarapa Library Service already approached and the service will run from 10-12 on Fridays from mid year to the end of the year. A review will be conducted. No funding is needed this year as a grant from Nikau Foundation to cover costs of setting up in South Wairarapa has been given.	Noted (HM)	Noted, and thanks for presenting your submission.
84	309-312	Daryl Sykes		Mark	Disappointed there is no provision for a formal disaster recovery plan in the LTP for the district given our vulnerability to natural events and our reliability on SH2 access to the district. The LTP needs to address recovery, coordination and community involvement.	This is being dealt with through WREMO and ongoing development of disaster readiness	Refer officer's comment
84	309-312	Daryl Sykes		Jennie	Rates/General: Given the rising age of residents, this should be a major consideration for Council when consolidating the LTP. In favour of investing in infrastructure maintenance and development while enabling community arts/culture. Notes rural/urban divide is challenging. Council must be transparent and accountable. Does not believe council has a social responsibility role, central govt should provide this service. Social housing/services are not issues for Council <u>to resolve with rates income</u>	Noted, Council will be completing a review of the rating system during the 2018/19 financial year and this will be one of the issues covered in that review.	Refer officer's comment
84	309-312	Daryl Sykes		Paul	General: Concerned at what appears to be an imbalance of investment in the three towns. Negative publicity around SWDC decision making needs to be resolved promptly. If Fstn Square is typical of councils vision and commitment to Fstn then urgent attention needs to be given to planning and development procedures and standards	The majority of investment is by private investors. The Featherston square project arose following consultation with the Featherston Community. Over the longer term there is not an imbalance between the three towns.	Council officers to advise that the three towns are treated as monetarily fairly as possible, rules are applied the same and none of the towns have missed out. Private investment/subdivision development creates a pool of development contributions which must be spent within the town boundary. The majority of the investment in other towns is driven by private investment and local fundraising.

Submissions Summary (Not Consulted on)v2

No.	Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
86	316-328	John O'Connell, Kuranui Board of Trustees	Yes	Jennie	EC&C: Requests Council makes provision for a Community Gym to be developed at Kuranui College as a South Wairarapa community facility.	This proposal will be considered in conjunction with other potential funders including Ministry of Education, Sport NZ, Greytown lands trust etc	Council supports the shared recreation area proposal in principal and has granted \$25,000 for an initial feasibility study for shared community sporting facilities (community gym and community sports fields) as a way of future proofing Greytown sporting requirements.
86	316-328	John O'Connell, Kuranui Board of Trustees	Yes	Jennie	EC&C: Requests Council commits to investigating the feasibility of a sports hub with facilities located on or near Kuranui College	This proposal will be considered in conjunction with other potential funders including Ministry of Education, Sport NZ, Greytown lands trust etc	As above
86	316-328	John O'Connell, Kuranui Board of Trustees	Yes	Jennie	EC&C: Requests Council captures that the Community Gym concept is a new opportunity and this may enable the existing provision in 2021 and 2023 (for increased playing fields in Greytown) to be brought forward should the development of a sporting hub make progress faster than initially anticipated	Noted, the location of the future sports grounds will be part of the spatial plan work if it goes ahead. This proposed use of the funding will be considered as part of the spatial plan. (Might be cheaper than buying new land ourselves?)	As above
87	329-331	Catherine Holley	No	Helen Mark/Tim	Amenities: Requests money allocated for maintaining cycle trail between Fstn and Cross Creek, better maintenance of green spaces in Fstn (Cherry Tree Park, Domain, Barr Brown Bush Reserve and path opposite Police Station on Daniel Street); removal of the train mosaic in Fstn, demolition or removal of the Fstn Town Square to make room for commercial development.	See comment un 91 & 92 re maintenance of Cross Creek cycle trail. Maintenance of green spaces in Featherston - we do the best we can with the money we have got. Working with St Theresa's School re Barr Brown Bush and also looking at other options to do a tidy up in there. Removal of train mosaic - original artist not interested in repairing it, so we have been looking for an artist who might. Chair of FCB would like to see it shifted to footpath outside Fell Museum, so leaving her to drive that for the time being (HM)	Refer officer's comment. Noted that FCB discussions are underway for the relocation of the mosaic.
91	340-341	Cheryl Gallaway	No	Tim	Land Transport: Maintaining the cycle path to Cross Creek should be included in the LTP. So many cyclists go through Fstn, and well maintained path is essential for residents (walkers and cyclists)	Funded under Roothing budget NZTA works Category 124, Cycle Path Maintenance and category 121 Environmental maintenance.	Refer officer's comment
92	342-344	David Kleinjan	No	Tim	Land Transport: Maintaining the cycle path to Cross Creek should be included in the LTP. So many cyclists go through Fstn, and well maintained path is essential for residents (walkers and cyclists)	Funded under Roothing budget NZTA works Category 124, Cycle Path Maintenance and category 121 Environmental maintenance.	Refer officer's comment
92	342-344	David Kleinjan	No	Mark	Amenities: No mention of cycling in LTP, but there is a cycling boom around country/world. Locals are using bikes more often for transport. Current initiatives are: Huri Huri, Woodside trail, Bridge over Tauherenikau, upgrade to Remutaka Rail Trail, Western Lake Rd, Fstn School considering skills tract, Mba cycle tourism.	Support of cycle trails is mentioned in the LTP and there are a number of submissions on this subject which will be considered. The developer has engaged The Traffic Design Group (TDG) to advise on any specific design requirements and the necessary road marking for the West/Balfour/Pierce/South Streets intersection	Refer officer's comment
93	345-347	Chris Miller	No	Helen	Amenities: There is outstanding work in Fstn on footpaths and trails. The path in the park on Daniel Street needs attention, notes more people using this space than town square. Given visitors using this space, be good to get it upgraded (relocate some of the unused paving stones from Town Square??) Path along Johnson St Domain needs attention, it fills with puddles that don't drain.	Off road carpark not funded under roading budgets, if approved it would be unsubsidised works. (MA) Budgeted (\$25k) for 2018/19 to upgrade Johnston St path to a more permanent surface with better access for wheelchairs. Path in Daniel St to be addressed as routine maintenance (HM)	Refer officer's comments. No additional funds allocated.
93	345-347	Chris Miller	No	Paul	Resource management: Believes Council staff and residents are frustrated with the District Plan and abiding by rules. E.g.. Carparks, shop signs on streets. We need to work out how to change these things (e.g. District Plans) so that everyone can benefit; businesses, residents happy, opportunities not lost etc. would like to see some deliberation on how to do this, more genuine consultation, short term investment worth it in long term	The Wairarapa Combined District Plan review will commence shortly. The rules in the plan were consulted on very widely across the Wairarapa, and the rules set were robustly debated.	Refer officer's comments.
94	348-349	Card Reserve Artificial Trust	Yes	Helen	Amenities: Seeks an expansion of parking alongside the stadium, which may require the removal of the fence as the surface on the road side of the stadium is hard	Budgeted in LTP over 3 years to create carparking along Underhill Road for the full length of Card Reserve with kerb and channel - approx \$160k over 3 years to complete (HM)	Refer officer's comments.
94	348-349	Card Reserve Artificial Trust	Yes	Helen	Amenities: Seeking access to the stadium so can use the toilets while at the turf.	In progress, awaiting pricing from builders with a view to completing work before end of June 2018 (HM)	Council officers to relook at the entire solution to see if there is an easier way to solve the problem

No.	Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
94	348-349	Card Reserve Artificial Trust	Yes	Helen	Amenities: Requests a working party with Council be setup to address landscaping the area beside the road and drain in a manner that fits in with turf surface management	Noted. Formal working party not required; officers will liaise directly with CRAFT and the Card Reserve User Group (HM)	Refer officer's comment
94	348-349	Card Reserve Artificial Trust	Yes	Helen	Amenities: Noted these requests have been asked and agreed on many occasions and ask that they are addressed to complement the top class facility provided at no cost to Council and is used by tennis, hockey, soccer and basketball throughout the year.	Note - SWDC is aware of the good use made of the turf by sports groups and of the work done by CRAFT, including fund-raising to replace the turf, as this is not something Council could have funded (HM)	Council thanks CRAFT for the development work they have undertaken at Card Reserve as well as its advocacy for improvements and acknowledges that without the Trust the facility would not have been upgraded.
95	350-355	Wairarapa Road Safety Council	Yes	Jennie	EC&C: Requests \$5,000 to contribute to the Wairarapa community Driver Menor Programme. The programme is designed to address barriers disadvantaged learner drivers in the 16-24 age group face.	Await Grant decisions 16/05/2018	WRSC granted \$5000 from the youth training and development grant for work as indicated in submission.
96	356-357	Alan Maxwell, Wairarapa Whanau Trust	Yes	Jennie	EC&C: Notes the Trust achievements and links to reduction in graffiti and vandalism, and progress in fitting out building on Boundary Rd band youth education undertaken and future goals. To maintain success requests annual grant of \$23,380 and notes that further opportunities exist to develop the Boundary Rd site with Council assistance	Await Grant decisions 16/05/2018	Wairarapa Whanau Trust granted \$23,380 from the youth training and development grant for work as indicated in submission.
96	356-357	Alan Maxwell, Wairarapa Whanau Trust	Yes	Jennie	EC&C: Notes part of the grant could be supported by a rates rebate	The property occupied by the Whanau Trust is owned by the Office of Treaty settlements. The Trust does qualify for a reduction in rates due to their community work, would need to ensure OTS pass these savings on to the Trust as tenants. (\$675 pa approx). Suggest Trust talks to OTS about whether they would pass on the savings	As the building is not owned by the Trust, Council can't directly help the Trust via a reduction in rates.
98	371-374	Featherston ANZAC Club	Yes	Helen	Amenities: Would like Anzac Hall to be marketed to make the complex self sustaining and would like commitment from council to complete improvements to have a fully functioning conference Centre in use 80% of the time.	The purpose for which Council currently operates Anzac Hall is as a basic town hall, albeit one with a significant historic heritage. A much higher level of resourcing is called for to operate an event/conference centre, and as Carterton's experience with their Events Centre has demonstrated, Wairarapa as a whole, let alone Featherston, does not have a large enough population base to sustain such a centre. (HM)	Noted
98	371-374	Featherston ANZAC Club	Yes	Helen	Amenities: The Anzac Hall complex's mains power, power boards and wiring needs to be upgraded urgently as a safety issue. Currently heating systems can be operated at the same time without crashing the power supply. The Club asks to be involved in determining additional power point placement and the design of the entire power network.	The Amenities operations budget request includes \$100k for the upgrade of the building's electrical system in 2019/20. The Club will be consulted as appropriate. (HM)	Refer officer's comments. Prepare a report for Council on the cost to upgrade Anzac Hall (items as per the submission from the Anzac Club), with items prioritised in conjunction with the Anzac Club, and possible sources of funding (development reserves, general rates, donations, fundraising, grants), in time for specific improvements to be considered during the 19/20 annual planning process. Council officers to restart negotiations with the Featherston Anzac Club regarding agreement of a Memorandum of Understanding
98	371-374	Featherston ANZAC Club	Yes	Helen	Amenities: Requests Council establish a comprehensive annual maintenance plan for the whole Anzac Complex, the Anzac Club will assist. Borer have been noted and Club asks that they be treated as a top priority, the Club believes the fire equipment is not up to standard	Historically council has not put resources into asset management planning for its buildings. Maintenance work is carried out as required, and maintenance concerns should be reported to officers as they arise. The borer will be addressed as an operational matter. The fire equipment is regularly tested to meet current standards - more specific information is required as to why the Club believes it is "not up to standard" (HM)	Refer officer's comment.

No.	Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
98	371-374	Featherston ANZAC Club	Yes	Helen	Amenities: Requests the men's urinals are replaced with flushing urinals as there is no water running through the existing ones, they are not effective, smell and are not hygienic	The major cause of the smell was in fact decades of urine on the floor which had leaked through and permeated the concrete floor - this was remedied during the 2016 refurbishment. Waterless urinals are not ideal in a building with intermittent occupancy but maintenance and cleaning staff make a big effort to keep them hygienic. Replacement would require additional funding - this could be costed for the AP 2019/20 (HM)	As above
98	371-374	Featherston ANZAC Club	Yes	Helen	Amenities: Both toilet areas in Kiwi Hall are in appalling condition and need total replacement urgently. The Club would like to work with Council on the design to ensure heritage authenticity is maintained.	No funding provision for toilet upgrades has been made in Amenities budget for LTP. Will look at costs and come back to AP 2019/20. The Club will be consulted as appropriate (HM)	As above
98	371-374	Featherston ANZAC Club	Yes	Helen	Amenities: The steps of the main outside entrance to Kiwi Hall are dangerous and need to be upgraded as a H&S matter urgently.	The Amenities capital budget includes a request for \$65,000 in 2018/19 to upgrade the main hall ramp and the supper room stairs and railings. If this is funded, the main hall ramp could be deferred in favour of spending the money on replace the Kiwi Hall stairs and railings (HM)	As above and refer officer's comment.
98	371-374	Featherston ANZAC Club	Yes	Helen	Amenities: The kitchen supporting the Anzac and Kiwi Halls and Supper Room is not able to fulfil its purpose and needs a total redesign and refurbishment as a top priority. The Club is willing to allocate substantial funding to assist this refurbishment.	The kitchen is adequate for its purpose as the kitchen for a low-use town hall. (HM)	As above
98	371-374	Featherston ANZAC Club	Yes	Helen	Amenities: Requests installation of high-mounted heat pumps in the Supper Room as there is no heating or cooling available.	No funding provision for heating/cooling for the Supper Room has been made in Amenities budget for LTP. Will look at costs and come back to AP 2019/20, however no additional electrical equipment will be able to be installed until after the completion of the proposed electrical upgrade in 2019/20 (HM)	As above
98	371-374	Featherston ANZAC Club	Yes	Helen	Amenities: Requests WiFi facilities in all rooms of the Anzac Hall	No funding provision for wi-fi has been made in the Amenities budget for LTP, and it is debatable whether there is sufficient demand, given the current use, for the provision of wi-fi. Wi-fi is only available in the Greytown Town Centre and will also be in the Waihinga Centre because the libraries are located in those buildings and the wi-fi is provided through the public library wi-fi network (HM)	As above
98	371-374	Featherston ANZAC Club	Yes	Helen	Amenities: In the 19/20 Year will be seeking a professional sound system in Kiwi Hall and built-in datascreens and projectors in Anzac Hall and the Supper Room. The Club are funding and installing a sound system in Anzac Hall and datascreen and projector to Kiwi Hall. In recognition of commitment would like council to match the commitment	The Anzac Club will of course seek the approval of council through officers before carrying out any work in the hall. No funding provision has been made for costs associated with audio-visual systems in the LTP budget (HM)	As above
101	378-383	Mike Gray	Yes	Paul	EC&C: Requests Council adopt the Public Participation and Engagement framework of the International Association for Public Participation (IAPP) and its incorporation in all types of community/public interaction with appropriate Council policy developed to support it.	Noted, a review of communications will be undertaken this year and will inform policy and practice.	Refer officer's comment.
101	378-383	Mike Gray	Yes	Tim	Land Transport: Requests Council provide alternative access to the Tararua Junction so not all traffic is channelled through West Street. Suggests reopening South Street and reconfigure the junction of Bidwills Cutting and SH2	The developer has engaged The Traffic Design Group (TDG) to advise on any specific design requirements and the necessary road marking for the West/Balfour/Pierce/South Streets intersection	Officers to request NZTA open South Road onto SH2, Greytown in order to allow access to new subdivision development and to discuss with NZTA the viability of instating a roundabout at the intersection
102	386-392	Greytown Cricket Club	Yes	Helen	Amenities/EC&C: Requests Council assistance to help fund the cost of cricket block refurbishment/reestablishment (6 wickets x \$6,000) and contribution towards the purchase of a mobile trailer cover so covers can easily be placed on/off the blocks (\$12k-\$15k). The total amount requested is \$50,000, the Club can help out with labour where possible to reduce this amount.	No funding provision has been made for the LTP budget for such costs. This request should be treated as a funding request, and the Club is encouraged to seek other sources of funding to contribute to these costs.	The Greytown Cricket Club is granted \$20,000 for upgrading two cricket blocks, to be funded from the Greytown development contributions fund
103	393	Greytown Little Theatre	Yes	Jennie	General: Requests that the LTP recognise the contribution that arts, culture and heritage enhance the well-being of our broader community within our district. Supports the initiative of 'enhancing the lives of the younger people who live in our district'	Noted, SWDC do support the arts and culture through various grants and initiatives and have budgeted for this in the LTP.	Council officers to include a paragraph in the LTP about arts projects that Council is supporting.

No.	Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
103	393	Greytown Little Theatre	Yes	Tim	Land Transport: Requests Council make provision to fund the car parking that will be required on the southern side of the proposed new GLT building for use by GLT, Rail Heritage and other community groups in precinct. Suggests over 18/19 and 19/20 years.	Off road carpark not funded under roading budgets, if approved it would be unsubsidised works. May be able to come out of Development contributions. Cost \$36K to \$50K depending on choice of surface for car parks	Council will fund up to \$50,000 out of Greytown the contributions fund for the development of a carpark outside the new GLT building subject to Council requirements regarding treatment of the contaminated land
104	Follows 393 - unmarked	Fab Feathy	Yes	Paul	EC&C: Requests Council invest into community-led development in Fstn to support work done by community and work together to sustain resourcing of this development into the future. Requests active participation of Council staff attending forums like South Wairarapa Community Network and meeting regularly with Fab Feathy facilitator	We are happy to consider options for involvement, these of course will need to be balanced with district wide imperatives. The Featherston Community Board should also be involved.	Cr Olds to liaise with Fab Feathy and the Featherston Community Board and agree a process that enables good communication between Council's governance bodies and Fab Feathy
104	Follows 393 - unmarked	Fab Feathy	Yes	Jennie	EC&C: Requests Council work with Fab Feathy to be sustainable over the duration of the LTP after funding finishes from DIA in 5 years time. Requests staff funding support from 2023 onwards	Noted and encourages Fab Feathy to submit a grant application to the 2021 LTP and 2023 Annual plan.	Refer officer's comment.
105	441-445	Mike Gray and Greytown residents	Yes	Lawrence	Storm water Drainage: Requests Council implement recommendations of Eastern Consulting Engineers in their Greytown Storm water Management Plan of June 97, in particular Council should take over maintenance responsibilities of the drains. Notes a submission was made to the 15/25 LTP and provides Councils response in submission. Request arises due to flooding, particularly in public areas but effects it is having on private property owners.	A report is to be developed on the water races and in particular siltation and changes in the urban areas that may cause greater issues. Recommendations will be reviewed once complete. Council may consider taking on the maintenance of the GTN water races and bringing in a targeted rate as part of hte rating review to be carried out in 2018/19.	Prepare a report for Council on the state of the water races; including their purpose (storm water and rural water supply), what has changed (e.g. Greytown urban growth), what maintenance requirements are now necessary to keep the races clear of silt, what complaints have been received and what the nature of the complaints are, what impact Whaitua water flow restrictions will have on the delivery of water, and possible solutions that takes into account all the gathered information
105	441-445	Mike Gray and Greytown residents	Yes	Tim	Storm water Drainage: Requests council undertake regular on-site maintenance monitoring processes by Council staff.	Noted	As above
105	441-445	Mike Gray and Greytown residents	Yes	Lawrence	Storm water Drainage: Requests council have programmed investment in the network as per the Easter Consulting Report	A report is to be developed on the water races and in particular siltation and changes in the urban areas that may cause greater issues. Recommendations will be reviewed once complete.	As above
105	441-445	Mike Gray and Greytown residents	Yes	Lawrence	Storm water Drainage: Requests council have clearly defined time lines for the upgrade investment needed	A report is to be developed on the water races and in particular siltation and changes in the urban areas that may cause greater issues. Recommendations will be reviewed once complete.	As above
107	448-450	Barbara Wilson	No	Helen	Amenities: Requests additional water taps, particularly of the older parts of the cemetery. Needs a chapel or something similar so families can sit down. It needs to be better looked after and lawns mowed regular, maybe flowers, a list of those who are buried there on Council's website. Notes damaged graves and suggests a Friends of Fstn Cemetery group is formed	Attempts have been made in the past to establish a Friends Group but there has been no support from the community to date except from the Featherston Lionesses who are working towards providing a shelter. There are explicit standards for mowing and maintenance of the cemetery in council's parks and reserves contract and officers regularly monitor the contractor's performance. However there is a tension between idealistic standards and cost which means that contract standards are of necessity something of a compromise to keep costs down. Work has started to make the death register information available via the internet, with the intention of this being in place by the end of 2019. Will look at costs of placing additional taps, but this is likely to be logistically difficult within the ground of a cemetery of this age (HM)	Refer officer's comments, also: Refer the submission to the FCB to see if a Friends Group can be coordinated via the FCB. Council officers to prepare a report on what work is required and costs to place additional taps within the Featherston cemetery.

No.	Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
109	453-464	Wairarapa Catchment Communities/Pukaha to Palliser	Yes	Jennie	EC&C: Requests \$25,000 for 3 years to fund a Project Coordinator and Coordination and Facilitation Manager plus operating costs and support. Balance of costs are expected to be met by other funders and industry organisations. A collaboration to address current and future environmental, economic, social and cultural challenges in the Wairarapa supported by leadership in local communities, town and country through facilitation and an aligned agency, community and industry framework. Seek support to create a new organisation that can govern, focus and deliver on these opportunities.	Await Grant decisions 16/05/2018	Council have granted \$10,000 as a contribution to the project for this financial year only.
111	467	Graeme Gray	Yes	P&E Manager	Resource Management: Requests Council urgently initiate the process for a review of residential lot sizes mandated by the District Plan, in particular the minimum residential lot size of 500sq metres is considered too big and a constraint to the development of 'mixed use' developments. Sizes should be the same as Carterton.	The residential zones minimum lot size is 400m ² with a minimum average lot size of 500m ² (excluding access). This is the same as Carterton. Masterton has a 350m ² minimum. This means that if a property is subdivided into two lots, a 400m ² section would need to be balanced by a 600m ² section. When access is taken into account a property needs to be approximately 1,100m ² to meet the subdivision standards. A corner site would need to be 1,000m ² . Councils Plan effectiveness and monitoring work which will feed into a District Plan review would cover the housing density. Housing density would also be addressed in a Spatial Planning Process.	Refer officer's comment. Will be considered within the spatial planning exercise, acknowledging that the spatial planning exercise may require a District Plan change where lot size can be consulted on.
112	468-470	Chris Hodson	Yes	Tim	Land Transport: In Mayor's letter emphasis on development improvement which is supported, but in respect of roads nowhere suggestion of improvement only maintenance. Cornering, width above all sealing should be programmed and a list of roads needing improvement and priority should be prepared to reduce accidents and save lives. Roading is a primary function of Council and one of the few where community and charitable assistance can't be expected	Improvement road works are carried out annually as part of maintenance and renewal works. A programme is developed to support NZTA Low Risk/Low cost work category funding request.	Refer officer's comments.
113	471-473	Helen Forlong, Tarureka Estate	Yes	Jennie	Rates: Concerned being taxed too much for sewer. Owns a wedding venue which has on avg 30 weddings a year and has 9 toilets total and 1 in cottage where she lives. Venue toilets not used very much. Is there a calculation which assesses the rates for toilets when they are only used occasionally? Feels a cost of \$500 per toilet is too high as not in use 7 days a week. 7 toilets only used .3% of the hours paid for, 2 toilets are used 14% of the hours paid for. Blanket policy is discouraging. Suggest increasing everyone's rates slightly or have different rates for businesses not operating full hours.	Noted, Council will be completing a review of the rating system during the 2018/19 financial year and this could be one of the issues covered in that review.	Refer officer's comments, Council will review the 'pan tax' as part of the rating review project due to begin in July 2018.
114	474-483	Tourism Industry Aotearoa	No	Jennie	General: Requests Council ensure the LTP accurately reflects the infrastructure needs of tourism	Noted, additional funding set aside to increase infrastructure for visitors.	Noted
114	474-483	Tourism Industry Aotearoa	No	Paul	General: Suggests Council coordinate with Central Government and industry partners on infrastructure projects submitted to the Regional Growth Fund	Noted, this work is being done at present.	Refer officer's comment
114	474-483	Tourism Industry Aotearoa	No	Paul	General: Suggests Council apply to the Tourism Infrastructure Fund for projects like <u>new carparks, toilets and visitor facilities</u>	Successful application already made.	Refer officer's comment
114	474-483	Tourism Industry Aotearoa	No	Jennie	EC&C: Requests Council promote the benefits of tourism in the region to the local community	Note, Council does this by supporting Destination Wairarapa and other initiatives such as the increased infrastructure for visitors.	Refer officer's comment
114	474-483	Tourism Industry Aotearoa	No	P&E Manager	Resource Management: Requests Council ensure freedom camping is effectively managed in the region	Noted.	Noted
114	474-483	Tourism Industry Aotearoa	No	Paul	EC&C: Requests Council (or our appropriate agency) sign-up to the Tourism Sustainability Commitment (TSC) and actively promote the TSC to your local tourism operators	Will discuss with Destination Wairarapa	Refer officer's comment
114	474-483	Tourism Industry Aotearoa	No	Paul	EC&C: Requests Council support the tourism sustainability goal through positive <u>policy and regulatory settings and funding</u>	Will discuss with Destination Wairarapa	Refer officer's comment
114	474-483	Tourism Industry Aotearoa	No	Paul	EC&C: Requests Council recognise the economic value of your environmental assets to tourism	Will discuss with Destination Wairarapa	Refer officer's comment
114	474-483	Tourism Industry Aotearoa	No	Jennie	Rates: Discourages tourist specific tax saying tourists pay their way on entering the country and contribute to the local economy	Noted, Council will be completing a review of the rating system during the 2018/19 financial year and this will be one of the issues covered in that review.	Refer officer's comment
114	474-483	Tourism Industry Aotearoa	No	Paul	General: Requests the opportunity to participate further in any follow-up process, including any formal meetings, to ensure that potential impacts on tourism are <u>adequately represented</u>	Noted, will discuss with Destination Wairarapa	Refer officer's comment

No.	Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
114	474-483	Tourism Industry Aotearoa	No	Paul	EC&C: Cites the following as tourism priorities for local governments: Destination Management, Infrastructure Facilitation, Events programming, Measuring visitor satisfaction, Off-peak marketing, Regional development and tourism, Enabling airport and port facility development, Sustainable tourism positioning	Noted, will discuss with Destination Wairarapa	Refer officer's comment
115	484-488	Community Networks Wairarapa Inc	No	Jennie	EC&C: Requests \$1,500 to support the Networks to continue to hold 8 meetings a year in the South Wairarapa and to support the Networks to grow and develop membership across the South Wairarapa, including a specific focus on increasing participation among groups based in Greytown and Martinborough and rurally.	Await Grant decisions 16/05/2018	Council have declined the grant request.
116	489-493	Featherston Community Centre	Yes	Jennie	EC&C: Requests \$15,000 to assist the Centre keep the doors open to the community and the building maintained. Notes it is difficult to secure funding for operational requirements and those organisations that do fund are providing less and less. Money would be used for rates, and building and ground maintenance.	Await Grant decisions 16/05/2018	Council have granted \$2,000 for items as submitted.
117	494-514	Connecting Communities Wairarapa	Yes	Jennie	General: Notes the LTP is on physical infrastructure and requests it is updated to have a greater focus on community development to achieve the 5 outcomes. Supports all community outcomes and activity goals, but notes level of EC&C spending is 2.17% of total spend and queries how that will achieve stated community outcomes and how much funding is allocated to outcomes over the period of the LTP	Noted, due to central government and regional government regulations, costs of compliance for infrastructure are high at present (water and wastewater) which restricts the amount of funding available for a small Council to spend in this area. Will keep this in mind for future years if/when IS compliance costs reduce to enable this. Some ratepayers see this type of spending as outside Council's remit and would prefer to see lower rates rather than increased spending in this area, however Council does regard this as part of their role in making our communities a place where people can thrive.	Refer officer's comment. Officers to review with councillors whether the wording in the LTP pillars can be amended to include a greater youth focus.
117	494-514	Connecting Communities Wairarapa	Yes	Jennie	General: Requests Council reconsider the LTP budget allocation to release additional multi-year grant funding for community development activities.	Noted, Council believes it is more prudent to allocate grant funding on an annual basis for most entities. This enables more flexibility for budgets in future years to enable us to meet any urgent expenditure that might arise and enable us to minimise rates spikes due to unanticipated necessary expenditure e.g. to meet new central government legislation	Refer officer's comment
117	494-514	Connecting Communities Wairarapa	Yes	Jennie	General: Requests greater clarity is provided regarding projects for 2019/20 and beyond (pg 28 of supporting documents) to ensure visibility over pipeline projects and the efficient use of ratepayer funding	Continue work on promoting and enhancing the district - this is the topic being consulted on as part of the LTP process which is planned to commence in the 2018/19 financial year and continue into the following years.	Refer officer's comment
117	494-514	Connecting Communities Wairarapa	Yes	Jennie	EC&C: Requests \$16,810 to pay the rent for an office in the Featherston Community Centre and to place a social services coordinator dedicated to South Wairarapa residents at the Community Centre for a minimum of 16 hours per week.	Await Grant decisions 16/05/2018	Council have granted \$3,000 and suggest sourcing additional funding required from COGS.
117	494-514	Connecting Communities Wairarapa	Yes	Jennie	EC&C: Requests \$37,375 to fund a South Wairarapa Neighbourhood Support Coordinator and resources for a .5 FTE. Coordinator currently employed 9 hrs/week ending 30 June 18. Requests multi-year funding be considered	Await Grant decisions 16/05/2018	Council have granted \$10,000 for a part time neighborhood support coordinator
117	494-514	Connecting Communities Wairarapa	Yes	Jennie	EC&C: Requests \$1,500 to help fund the Wairarapa Youth Council and strengthen participation from youth in South Wairarapa and to provide support for Wairarapa youth focused events. Requests multi-year funding be considered	Await Grant decisions 16/05/2018	Council have granted \$1,000 from the youth training and development fund for the purpose as described.
118	515-540	Wairarapa VOICE	Yes	Paul	EC&C: Requests Council evaluate the return on its funding of WREDA and act accordingly	Noted	Funding for WREDA is funded via GWRC rates.
118	515-540	Wairarapa VOICE	Yes	Jennie	EC&C: Requests Council identify how it could cooperate to develop value propositions for the economic development of Wairarapa and mobilise them through coordination and extension of economic development activity	SWDC are working with the other Wairarapa Councils, GWRC and WREDA on an economic development plan for the region which will incorporate this including an action plan.	Refer officer's comment

No.	Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
118	515-540	Wairarapa VOICE	Yes	Jennie	EC&C: Request that the 3 Wairarapa councils investigate the opportunities for standardising and simplifying service delivery where there are benefits to do so and allocate resource to make the changes during the 19/20 planning year	The three Councils do this on an ongoing basis and where there are opportunities to streamline processes or work together we do this. The solid waste contract is an example of the three Councils working together to reduce the cost to ratepayers.	Refer officer's comment
118	515-540	Wairarapa VOICE	Yes	Paul	Governance: Requests Council improve the effectiveness of consultation on plans and proposed policy changes and adopt the Better Practice Guide (included in submission), take innovate action in enterprise and economic development and undertake efficient and effective service delivery.	Noted, we will be reviewing communications this year and will consider this aspect.	Refer officer's comment
119	541-544	Greytown Sport and Leisure	Yes	Helen	Amenities/EC&C: Supports Kuranui Board of Trustees proposal for a joint project to provide a community sports hub with an artificial turf which will have the potential to offer the capacity of four traditional turfs. It is Council's responsibility to ensure the current facilities are the most efficient way to support sports and leisure activities for all rate-payers, a centralised hub could be a better way forward to manage and share resources for the benefit of all three communities.	This submission is part of GSLS support for option 1 youth training and development \$75,000. If this goes ahead, the issues with the current sports facilities in Greytown (including the over-capacity of the winter sportsfields) could be considered, however the reality is that additional land is required which Council is not currently able to support (HM)	Council supports the shared recreation area proposal in principal and has approved \$25,000 for an initial feasibility study for shared community sporting facilities.
120	545-552	Para Kore Marae Incorporated	Yes	Jennie	General: Recommend the plan acknowledges tangata whenua as kaitiaki of the land and waterways and the special interest Maori have in protecting the environment from pollution from landfills and littering for future generations	Maori standing committee members were involved throughout the LTP process and continue to be included in Council decisions on an ongoing basis as part of the longstanding relationship between Council and the MSC. The MSC are our link to local iwi and their input to Council decisions and future direction is very much valued	Council officers have added text to the LTP to acknowledge Maori as suggested
120	545-552	Para Kore Marae Incorporated	Yes	Helen	Amenities: Supports Council's desire to increase visibility of Te Reo Maori and requests that new/replacements signs all be bilingual. Has bilingual signage that can be sourced.	Noted, and as agreed with Maori Standing Committee, new and replacement signs will be considered for bilingual text where possible (HM)	Refer officer's comment
120	545-552	Para Kore Marae Incorporated	Yes	Jennie	EC&C: Requests Council consider Para Kore in LTP considerations, several councils refer to their waste education programme in their plan.	Noted, will pass on to waste minimisation coordinator. MSC has had some contact with Para Kore	Refer officer's comment
120	545-552	Para Kore Marae Incorporated	Yes	Jennie	EC&C: Are working with Wairarapa iwi to have Para Kore kaiaraha available in Wairarapa and to deliver to interested marae, kohanga reo, kura, community organisations and workplaces and requests \$2,000 for the next 3 years to make this possible. An application has been lodged for Waste Minimisation funding and if successful would be looking for Council financial support from 2019-2021.	Await Grant decisions 16/05/2018	Council approved a grant of \$2,000 for the project as submitted
120	545-552	Para Kore Marae Incorporated	Yes	Lawrence	Solid Waste: Note there is no soft plastic recycling services in region and recommend this be addressed	This is being looked at as a Wellington region with major retailers and supermarkets.	Councillors understand there is a soft plastic recycling service at Countdown in Masterton. Collected plastics are then sent to Australia for processing
121	553-556	Claire Bleakley	Yes	Helen	Amenities: Requests Council owned public places are sprayed with non chemical pesticide sprays, especially glyphosate based herbicides. Natural alternatives are available.	Officers reported to Council through the Infrastructure and Planning Working Party in late 2015 on Council's use of glyphosate. While natural alternatives are available, they are still not cost-effective or efficient for councils to use on large areas such as road reserves, parks and reserves and cemeteries. SWDC's use of this herbicide on Council land is likely to be at a very low level in comparison to the use on farms and vineyards in the south Wairarapa. SWDC's contractors have robust mechanisms to comply with hazardous substances legislation, protect their staff and minimise potential exposure to members of the public. Unless or until the New Zealand Environmental Protection Agency reassesses glyphosate, and cost-effective alternatives are available, SWDC will continue to use glyphosate, while keeping in mind that a future aim should be to reduce reliance on toxic agrichemicals (HM)	Refer officer's comment
122	557-558	Marcus Harvey	No	Tim	Storm water: Requests funding is allowed to address flooding from storm water systems not coping; particularly across Wakefield and Johnston Streets in Fstn (approach roads to Railway Station) as it is dangerous in morning darkness	Noted for maintenance cycle regime.	Refer officer's comment
123	559-564	Featherston Community Board	Yes	Helen	Amenities: Requests footbridges across the drain from Harrison Street West. Toilets need to be accessible during sporting events	Will look into costs of providing foot bridges across the drain on Harrison St West however some care would be required with design so they couldn't be used to take motorbikes onto the reserve. As part of event application process, officers liaise with event organisers to determine whether the toilets need to be opened up for the duration of each specific event. There is no budget to keep them open all day every day. (HM)	Refer officer's comment

No.	Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
123	559-564	Featherston Community Board	Yes	Helen	Amenities: Requests repair of leaks, holes in walls of basketball court, access to toilets for outside groups, and building painted inside and out in sports stadium. Notes the building has potential to be used for club rooms for clubs who do not have them.	No leaks have been reported to officers - all leaks assumed to have been fixed by the replacement of the roof in 2016. We are looking for a suitable replacement wall lining for the main stadium - early indications are that this will require additional funding rather than being able to be done out of existing operating funds. Will come back to AP 2019/20 with budget request for this and painting the building. Note that the building was constructed with an exterior that did not require a paint finish, and that painting it will create ongoing maintenance costs in future (HM)	Quotes are being sought on a couple of options with the intention of repairing the Stadium at the earliest opportunity. No budgetary change.
123	559-564	Featherston Community Board	Yes	Helen	Amenities: Pool water heating system needs replacing, toddler pool needs a sunshade, fence needs to be more attractive.	Replacement pool water system is being researched and priced. Toddler pool sunshade was in 2018/19 AP submissions and is being progressed in 2018. Noted that fence is not attractive, however the higher priority is prevention of unauthorised access to the pool, including the ability of community/police patrols to be able to see through it into the pool complex (HM)	Refer officer's comment, noting that any works should also be discussed with the Featherston Swimming Club. Officer's to investigate displaying the graffiti art that has previously been displayed by the skatepark on/by the fence.
123	559-564	Featherston Community Board	Yes	Lawrence/Helen	Solid Waste: Need separate recycling bins for all of council buildings and amenities as well as along streets. Bins and emptying need to be worked into contracts in a meaningful and robust way. Believe most people will use the bins properly once provided	This needs to be developed and costed over all areas as a contract addition and ratified by council. Suggest that the board put the recommendation to council. See answer to 65 for costings	Officers to provide a comprehensive report to Council on the provision of public recycling bins.
123	559-564	Featherston Community Board	Yes	Helen	Amenities: References submission and response from Council about referring Fstn Library extension to the LTP discussions and about it being an earthquake prone building requiring remedial work. Notes issues not addressed and limited space for computers, children's programmes and can't accommodate groups wanting to use the space. The service centre has few resources to assist patrons during busy periods such as rates and dog registrations. Requests that the WLS, users and staff are consulted on a way to expand the library within the first year of this LTP so budgets can be prepared.	Not costed for this LTP, however the building is no longer regarded as earthquake prone. Issues about space and staffing are noted. Recommend provision of up to \$10k for consult to review design/layout and possible extension of building as well as community consultation (HM)	Council acknowledges concern about library size, noting that the building is no longer classified as an earthquake prone building. Council has allocated \$10,000 in the 2018/19 year budget to fund a feasibility study to look at joining the information centre and the library. FCB will be invited to provide feedback on their vision for the library (scale and size) and to whether consultation is necessary prior to undertaking the feasibility study. If the feasibility study indicates a suitable solution, funding would need to be provided in future budgets, or raised via grants or community fundraising.
123	559-564	Featherston Community Board	Yes	Helen	Land Transport: Requests that the Fstn street flag brackets are replaced, from original 21 now only 8 with the FlagTrax system so flag installation becomes free. Some renewal of flags and brackets could then be managed by the FCB. Estimated cost is \$13,500, could be sourced from beautification fund after 1 July 17, however an audit is required on poles to check what brackets are required. Brackets require replacing every 2-3 years. Other notes as per submission	\$13,500 per town is indicative budget for replacement of street flag brackets with FlagTrax-style system. This type of system is recommended as flags can be changed by a person standing on the ground rather than requiring costly work by contractor with a cherry picker. Officers support the proposed change and use of beautification budget for the bulk of the cost, however suggest additional funds be provided in Amenities Capital budget to meet half the cost for each town so that residue of beautification budget is available to purchase the replacement flags that will be required (HM)	Increase the Amenities CAPEX budget amount up to a total of \$21,000 (\$7,000 per town) for the purchase and installation of the FlagTrax system in each town, subject to the remaining contribution coming from each community board's town beautification budget
123	559-564	Featherston Community Board	Yes	Mark	Land Transport: Requests the cycle network around Featherston is properly maintained and extended. Supports a review of the network to determine and prioritise extent, repair status and gaps, allocation of resources to fix issues	Maps are being developed for the community boards and available July. With new funding available from NZTA the criteria will need to be looked at more stringently. Proposal for region-wide cycling coordinator and website would cover this off if approved.	Refer officer's comment. SWDC has agreed to allocate funding for region-wide cycling coordinator to lead communications and coordinate development under the Five Towns Trails Trust.

Submissions Summary (Not Consulted on)v2

No.	Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
123	559-564	Featherston Community Board	Yes	Helen	General: Supports the submissions of Mr Wood and Ms Des Forges regarding the One tree domain and Fstn ANZAC Club regarding ANZAC hall.	Noted	Noted, due consideration is being given to both submissions
124	565-567	Living Streets Aotearoa	Yes	Tim	Land Transport: Have successfully lobbied government for a funding assistance rate for footpath maintenance, should relieve pressure on Council budgets and allow increased spending on pedestrian infrastructure with a matched council contribution. Also available a walk and cycle activity class for new initiatives to support more walkable places. International standard for measuring walking (www.measuring-walking.org)	Assign to Community Board as part of the footpath priority works	Officers are to programme work on a draft walking strategy in the 21/22 financial year
124	565-567	Living Streets Aotearoa	Yes	Jennie	EC&C: Support youth grants that allow for appropriate initiatives that support young people walking to school, school travel programmes, youth training, development and recreation grants	Noted	Noted
124	565-567	Living Streets Aotearoa	Yes	Tim	Land Transport: Requests speed reduction outside schools to 30km/hr. Support reduction in speed on all roads.	School speed zones of 40km/hr are being implemented	Refer officer's comment
124	565-567	Living Streets Aotearoa	Yes	Tim	Land Transport: In light of extra funding requests footpaths are smooth and all intersections have drop-down kerbs which all have tactile markings for vision impaired people. Walkways should be upgraded and more public seating provided	Assign to Community Board as part of the footpath priority works	Refer officer's comment
124	565-567	Living Streets Aotearoa	Yes	Tim	Land Transport: Requests all subdivisions have footpaths on both sides of the road that are at least 1.8m in width	NZS 4404 Land development and Subdivision Engineering requires footpaths on one side for developments upto 20 lots and both sides for over 20 lots. Concrete has a longer life so is the preferred surface.	Refer officer's comment
124	565-567	Living Streets Aotearoa	Yes	Tim	Land Transport: Requests the Infrastructure Plan adjusted to bring forward and take advantage of extra funding to allow footpath developments	Assign to Community Board as part of the footpath priority works	Noted
124	565-567	Living Streets Aotearoa	Yes	Tim	Land Transport: Requests dedicated pedestrian footpath along the east side of East Street, Greytown near Greytown School to improve safety of children walking to school	Assign to Community Board as part of the footpath priority works	Noted
124	565-567	Living Streets Aotearoa	Yes	Tim	Land Transport: Requests improvements to pedestrian crossings across SH2 similar to the raised crossing in Carterton to improve safety.	SWDC to liase with NZTA	Refer officer's comment
124	565-567	Living Streets Aotearoa	Yes	Tim	General: Supports public transport use and improvements to shelters, seating, timetable info etc. as well as promotion of these services	SWDC offices are looking at speed limits as part on Government mandate in conjunction with NZTA and neighbouring Councils. An engagement and consultation package is being developed.	Officer's to provide a link to metlink services on Council's website
125	568-576	Wairarapa Trails Advisory Group	Yes	Jennie	EC&C: The joint Wairarapa council's group requests \$49,000 per annum for a regional resource to support cycling in the Wairarapa (SWDC share is \$11,368).	The submission states that the website will be managed by the coordinator, branding is Huri Huri. (Note there is no grant request from Huri Huri this year). A Wgtn Regional cycle coordinator is in the budget (\$3k), funded by all regional councils.	Council will fund \$11,368 towards a coordinator provided the other Wairarapa councils agree to their share of the cost
125	568-576	Wairarapa Trails Advisory Group	Yes	Mark	Amenities: Requests support of one 'umbrella' organisation to lead and develop the a brand for recreational trail development - in the form of a re-focused and expanded Five Towns Trail Trust	Noted This can be pursued through the combined council via the advisory group.	Refer officer's comment
125	568-576	Wairarapa Trails Advisory Group	Yes	Mark	EC&C: Requests funding for the development of a 'one stop' shop website for all aspects of cycling in the region using the established Huri Huri brand (no amount provided)	Noted This can be pursued through the combined council via the advisory group. Cost of managing the website not stated in submission.	Funding provided as per above.
126	577-579	Paul Harris	No	Tim	Land Transport: Requests Council reduce the 70kph speed limits in Mba immediately due to increases in traffic flow, cyclists and pedestrians and no cycle lanes and no footpath beyond Ferry Road. Believes the speed limits along Jellicoe Streets are dangerous and do not take into account volume, nature of the traffic. Suggest the 50kph zone should extend to teh intersection of Jellicoe St and White Rock Rd and the 70kph zone should include the transfer station turnoff There should be limed footpath/cycle track from Ferry Road at least to Campbell Drive	SWDC officers are looking at speed limits as part on Government mandate in conjunction with NZTA nad neighbouring Councils. An engagement and consultation package is being developed.	Refer officer's comment, noting that Council are also working with community boards.
127	580-583	Dave Shepherd	Yes	Tim	Land Transport: Cycle tourism has grown and incidents have been observed along the SH53/Kitchener St, Princess St, Huangarua, Puruatanga, Martins Rd and tributaries of unsafe cycling behaviour, non-observance of road rules and failure to wear helmets (even though they are issued them and signed a statement saying they will wear them)	Road rule compliance is a NZ Police enforcement issue. Wairarapa Road Safety Committee will discuss this issue.	Refer officer's comment.

Submissions Summary (Not Consulted on)v2

No.	Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
127	580-583	Dave Shepherd	Yes	Tim	Land Transport: Requests speed limits on above roads are reduced to deal with the above.	SWDC officers are looking at speed limits as part on Government mandate in conjunction with NZTA nad neighbouring Councils. An engagemnt and consultation package is being developed.	Refer officer's comment
127	580-583	Dave Shepherd	Yes	Tim	Land Transport: Requests the above roads are widened to the same width as Princess Street to incorporate a solid shoulder.	Road widths will be addressed as part of the speed limit review. Generally the wider the road is faster road users go.	Refer officer's comment
127	580-583	Dave Shepherd	Yes	Tim	Land Transport: Requests signage warning of cycle traffic along the wine trail route	Share the road signage is being investigated district wide.	Refer officer's comment
127	580-583	Dave Shepherd	Yes	Tim	Land Transport: Requests collaboration with cycle tourism operators and accomodation providers who hire bikes to ensure cycle tourists are using the road ways lawfully	Assign to MCB	Council notes that collaboration between the MCB, MBA and operations is already happening.
127	580-583	Dave Shepherd	Yes	Tim	Land Transport: Requests signage warning of heavy farm and vineyard machinery traffic along the wine trail route.	Signage will only be installed to meet MOTSAM (manual of traffic signs and markings - i.e. NZTA rules) to avoid a over cluttering of signs.	Refer officer's comment
127	580-583	Dave Shepherd	Yes	Tim	Land Transport: Requests signage at every winery/cellar door in town reinforcing road rules, speed limits, cycle safety and compulsory helmet use.	This should be a action by the Vineyards at the Cellar Door exits as being a responsible host	Refer officer's comment, Council understands that the vineyards have agreed to do this for the start of the summer season.
128	584-586	Janine Price	No	Paul	General: Disappointed with mismanagement of Fstn development. Feel Council overlooked Fstn time and again. Fstn sad sight full of condemned buildings and empty lots. Council should be ashamed of neglect, something has to change	Council does not "overlook" any areas and has a consistant approach to all areas. Local Authorities have no power to intervene in the state of private buildings unless they are dangerous, or empty lots (apart from the lots we own). Council does not neglect the areas it can control.	Refer officer's comment
129	587-595	Regional Public Health	Yes	Mark	General: Commends Council for investing in infrastructure that protects health and wellbeing of our communities in an adverse event and notes it is important to work together to build resilient infrastructure and communities through collaborative emergency planning and response. Look forward to increase collaboration on emergency preparedness and management.	Noted, this is covered in our AMPs and infrastructure strategy.	Refer officer's comment
129	587-595	Regional Public Health	Yes	Jennie	General Support bilingual signage approach	Noted	Noted
129	587-595	Regional Public Health	Yes	Lawrence	Water Supply: Note possible changes to drinking water regulation however capital expenditure not scheduled until 2028, encourages Council to ensure adequate resources are available to achieve full compliance with standards	Budgeted expenditure relating to Havelock report is in 2021 and 2022 not 2028.	Council officers to investigate bringing the planned water supply works for Martinborough forward
129	587-595	Regional Public Health	Yes	Helen	Amenities: Requests investment to make Greytown memorial Park drinking supply fully compliant with NZ water standards and help meet demand of growing community	Officers not aware that Greytown drinking fountain (and also the Featherston ones, which are the same) are not fully compliant with NZ water standards and will investigate (HM)	Refer officer's comment
129	587-595	Regional Public Health	Yes	Paul	General: Small councils rely on use of contractors which is less efficient and sustainable than a regional collaborative approach. Encourages collaboration between Wgtn/Wairarapa councils	We are in regular contact with Wellington Water, and in particular have been discussing purchasing options. Our curent delivery contracts do not expire for another two years and we will consider all options as part of the S17A review.	Refer officer's comment
129	587-595	Regional Public Health	Yes	Mark	General: note a lot of ground work undertaken in preparing the LTP, are happy to participate in early direction setting discussions. Please add to database of community and agency consultation stakeholders (offers support in areas of emergency management, 3 waters, housing quality, public and active transoprt, community development, healthy food environments)	Noted, SWDC will look to work with RPH wherever possible in these areas. GMCS met with RPH staff during the LTP process and discussed issues the LTP would be covering.	Refer officer's comment
130	596	Graeme Thomson		Russell	Resource Management: Requests that limitations are placed on the intrusion of housing and lifestyle developments into productive farm, horticulture and viticulture land.	The District Plan provides for a limited amount of housing within the rural zones. The rural (special) zone is more restrictive and encompasses areas such as; the land determined most suitable for viticulture around Martinborough; flood zones; land near municipal infrastructure such as wastewater treatment ponds and transfer stations. Council is undertaking a District Plan monitoring and effectiveness program. The findings of this, and any spatial planning process, could cover rural development and feed into the District Plan review process.	Refer officer's comment
130	596	Graeme Thomson		Russell	Resource Management: Requests that Council promote more densely populated village centres in the 3 towns (e.g. terraced properties or apartments) and the District Plan is changed to provide for a specially designated central area to allow this, and within this area allow modified planning requirements	The District Plan does not expressly provide for intensive residential development. Council is undertaking a District Plan monitoring and effectiveness program. The findings of this, and any spatial planning process, could cover the need for more intensive residential development and feed into the District Plan review process.	Refer officer's comment

Submissions Summary (Not Consulted on)v2

No.	Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
131	597-600	Clive Paton		Tim	Land Transport: Cycle tourism has grown and incidents have been observed along the SH53/Kitchener St, Princess St, Huangarua, Puruatanga, Martins Rd and tributaries of unsafe cycling behaviour, non-observance of road rules and failure to wear helmets (even though they are issued them and signed a statement saying they will wear them)	Road rule compliance is a NZ Police enforcement issue. Wairarapa Road Safety Committee will discuss this issue.	Refer officer's comment.
131	597-600	Clive Paton		Tim	Land Transport: Requests speed limits on above roads are reduced to deal with the above.	SWDC officers are looking at speed limits as part on Government mandate in conjunction with NZTA and neighbouring Councils. An engagement and consultation package is being developed.	Refer officer's comment
131	597-600	Clive Paton		Tim	Land Transport: Requests the above roads are widened to the same width as Princess Street to incorporate a solid shoulder.	Road widths will be addressed as part of the speed limit review. Generally the wider the road is, the faster road users go.	Refer officer's comment
131	597-600	Clive Paton		Tim	Land Transport: Requests signage warning of cycle traffic along the wine trail route	Share the road signage is being investigated district wide.	Refer officer's comment
131	597-600	Clive Paton		Tim	Land Transport: Requests collaboration with cycle tourism operators and accommodation providers who hire bikes to ensure cycle tourists are using the road ways lawfully	Assign to MCB. District wide cycling coordinator may be able to assist (?)	Council notes that collaboration between the MCB, MBA and operations is already happening.
131	597-600	Clive Paton		Tim	Land Transport: Requests signage warning of heavy farm and vineyard machinery traffic along the wine trail route.	Signage will only be installed to meet MOTSAM (manual of traffic signs and markings) which is an NZTA legislative requirement to avoid a over-cluttering of signs.	Refer officer's comment
131	597-600	Clive Paton		Tim	Land Transport: Requests signage at every winery/cellar door in town reinforcing road rules, speed limits, cycle safety and compulsory helmet use.	This should be a action by the Vineyards at the Cellar Door exits by being a responsible host	Refer officer's comment, Council understands that the vineyards have agreed to do this for the start of the summer season.
132	601-602	Ian Abbott	No	Shane	Public Protection: There needs to be funds to ensure animal facilities such as pounds are of acceptable and humane standards.	The LTP budget includes funds for a new dog pound in FTN.	Refer officer's comment
134	605-606	Pauline Hedley		Tim	Land Transport: I would like to see NO PASSING signs put up either side of the Waihenga Bridge into Martinborough. It's dangerous for all the traffic including cyclists - the double yellow lines mean nothing to traffic these days, All bike/cycles should have bells on them if they are riding on public roads.	SWDC to liaise with NZTA	Refer officer's comment
134	605-606	Pauline Hedley		Helen	Amenities: Get rid of the shoes hanging in the Mba Library they are dirty and a hazard they do not pertain to an event or display	Will be addressed with Branch Librarian (HM)	Refer officer's comment. Shoes do not need to be removed if issue can be resolved
137	611-646	Co-Design Architects Ltd	Yes 14 may	Russell	Future development: Option 1, see submission summary of suggestions is: Explore a sustainable and lively urban form for future Greytown, Preserve Heritage, Preserve Orchards in GTN development area, Develop a thriving town centre; See submission for detail of a lively town centre concept	Council is undertaking a District Plan monitoring and effectiveness programme. The findings of this, and any spatial planning process, could cover urban form and feed into the District Plan review process.	Refer officer's comment. Officers are to ensure lot sizes and options to include cluster housing are considered when undertaking the District Plan review and spatial planning exercise.
138	647-648	Robert Petelin	Yes 15 May	Russell	I was not impressed on the answer of the question to improve the timing of consent from 20 working days to something more reasonable in line with other council your reply was FLAT NO	Council staff work to the statutory timeframes in the RMA and consents are processed as quickly as possible with the resources available. The 2017 amendments to the RMA now require some consents to be processed in 10 working days. Increasing staff levels with associated cost would reduce timeframes	Refer officer's comment
138	647-648	Robert Petelin	Yes 15 May	Suzanne	Governance: Requests a copy of all submissions	Will be provided.	Documents were made available.
139	649-650	Pete Roberts		Russell	Future Development: Does spatial planning mean that the commercial zone that Featherston Town Square is on will be considered for re-development so that the whole site could become a viable business proposition.	Spatial planning is not directly linked to redevelopment of this site. Spatial planning could assess the provisions of the District Plan's commercial zone.	Refer officer's comment

No.	Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
140	651-652	Lesley Christian		Helen	Amenities: Featherston Library is too small. Join up with the old court house building to double the space.	Issues about space and staffing are in this and other submissions are noted. Recommend provision of up to \$10k for consult to review design/layout and possible extension of building as well as community consultation (HM)	Council acknowledges concern about library size, noting that the building is no longer classified as an earthquake prone building. Council has allocated \$10,000 in the 2018/19 year budget to fund a feasibility study to look at joining the information centre and the library. FCB will be invited to provide feedback on their vision for the library (scale and size) and to whether consultation is necessary prior to undertaking the feasibility study. If the feasibility study indicates a suitable solution, funding would need to be provided in future budgets, or raised via grants or community fundraising.
141	653-654	Anastacia Kirk		Paul	General: News that the proposed development beside the town square (not utilised/dead space) will not go ahead. Business should be encouraged here in Featherston given its slow progress compared to other towns in the South Wairarapa. Very disappointing that Council have not found a way to make it work.	Noted, we continue to work on the issues (easements) and other rights over that property that have prevented development. There is quite a lot of interest in the site from other private investors.	Noted, a public meeting was held to address Featherston's concerns and to listen to what Featherston wants to happen with the land
142	655-656	Jan Stephen		Jennie	General: I think undertaking an LTP for SWDC is a waste of time and money. I voted to merge the 3 councils of the Wairarapa, and I wish this had happened. Shortsighted decision.	Noted, SWDC are required by law to produce an LTP every three years, the decision regarding the amalgamation was voted on by the public and outside SWDC's control.	Refer officer's comment
143	657-659	Renze Bijke		Paul	General: The plan that you have put together for South Wairarapa is not bad; it's terrible! How can I help how can I be constructive? 1. When your plan highlights the fact that for the next 30 years you are going to find it nearly impossible to manage and move forward with basic infrastructure. 2. Apart from your organisation's housekeeping; you have no ideas for the future of our towns. There are more creative and influential people living in Featherston than ever before; they have ideas. Plus when Victoria's Architecture students make a project of re-designing Featherston's public domain none of the council took any of their good ideas and made them happen - Go back to it! 3. Your work culture is restrictive and dry. The most constructive idea if we will ever achieve a great place is to dissolve your entire Council Members, staff, processes and policies. Those starting again fresh with who wants to make a great and are willing to take risks and find exceptions to the rule.	Our infrastructure plan for water and wastewater has modelled requirements out to 2106, and we have a comprehensive plan for all our assets for at least the next 30 years. This includes the construction and delivery of treated wastewater to land, of which we have in the order of \$12M capex remaining. By having our infrastructural asset plans in place and understood, we can look at enhancing the district with spatial planning, youth development, marketing the district and providing sports coordination. All aimed at making South Wairarapa a great place to live.	Refer officer's comment, but also Council is embarking on best council initiative and will incorporate LGNZ excellence programme.
144	660	Council		Jennie	EC&C: Council submit to the LTP process to budget for Mayor Napier's attendance at the 75th Anniversary Commemorations to be held in Cowra, Australia in August 2019. From Council meeting 4.4.2018	LTP Budget to be updated to reflect this.	Councillors agreed with the proposal, budget to be revised.
144	660	Council		Jennie	EC&C: Council would like to submit to the LTP process to budget for up to two councillors plus the Mayor to attend the Local Government conference in future years. From Council meeting 4.4.2018	LTP Budget to be updated to reflect this.	Councillors agreed with the proposal, budget to be revised.

No.	Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
145	661-663	Jill Thomas		Lawrence	Rates: Based on info in LTP document, estimated surplus of \$5,659,459 covers estimated cost of \$588,000 for new wastewater in Gtn with large sum for rest of district.	Spending is required in all areas of the District and timing varies between the towns. Officers ensure the priority work is completed first.	Surpluses are used for loan repayments and capital expenditure including NZTA contributions to capital roading works. Part of each surplus results from financial contributions paid by developers which are transferred to reserves and must be spent in the town from where they are taken (as per policy).
145	661-663	Jill Thomas		Jennie	Rates: estimations on increased rates for 2018/19 year are way out.	The CD includes both the overall percentage rates increase and examples of individual rates increases for a range of different properties. Due to the complex nature of rates calculations, the impact on individual ratepayers will vary.	Refer officer's comment
145	661-663	Jill Thomas		Tim	Land Transport: North Road should be widened and foot path added. Same applies to Wood Street up to Mole Street corner - equally as much vehicular/foot traffic. This would be expensive.	Estimates done for North Rd and Wood Street. North St is on hold until land acquisition is completed. Wood Street is part of the GDA and will happen if subdivision goes ahead.	Refer officer's comment
145	661-663	Jill Thomas		Helen	Amenities: Wheels Park for GTN - Council should explore purchasing or leasing property on the North-west corner of Mole and Wood Street - ample room, not many neighbours close to CBD.	Council has put aside land for proposed skate park in Pierce St (HM), Kuranui College Hub submission suggested siting the skate park at the College.	Refer officer's comment
145	661-663	Jill Thomas		Tim	Land Transport: Remedial work on footpaths needs to be done before any new work is completed.	The last 3 years we have focused on resurfacing existing footpaths to remove hazards, with the only new paths being constructed this year being small sections infilling.	Refer officer's comment. Central government have agreed to provide funds for some budgeted footpath maintenance. Additional funds may be available for additional footpath maintenance in future years
145	661-663	Jill Thomas		Jennie	Rates: No further borrowing of monies. Rateable base is increasing each year.	Noted, Council borrows to fund long term projects is Councils to spread the cost over the generations that will benefit from the capital expenditure.	Refer officer's comment
145	661-663	Jill Thomas		Jennie	Rates: You do not mention how much interest is paid out on money already borrowed, only on investments made throughout the year.	Details on interest expenditure are covered in the supporting documentation to the CD which is available on our website. The final line of the table on Page 75 shows the budgeted interest expense for each of the ten years of the LTP.	Refer officer's comment
145	661-663	Jill Thomas		Jennie	Rates: Do not borrow money on Martinborough wish list unless Martinborough ward is footing the cost.	Council's revenue and financing policy decides how expenditure will be spread amongst ratepayers. Over time this is the fairest system for all ratepayers and requires less staff time to administer therefore saving costs to ratepayers.	Refer officer's comment
146	664-665	Ed and Juliet Cooke		Jennie	Rates: Depreciation vs Maintenance funding. Surely council puts money away for future maintenance/renewal to avoid major events impacting rates.	Yes Council does put funds away in reserves for future expenditure. A summary of reserves can be found on page 81 of the supporting documentation to the CD.	Refer officer's comment
146	664-665	Ed and Juliet Cooke		Russell	Resource management: Requests Council take ownership and Sustain and exercise guardianship of Greytown's best horticultural soils. Intensify subdivision in Westec subdivision, leave the orchards to grow fruit not houses.	The development and subdivision provisions of the District Plan do not expressly differentiate soil quality in the rural zone around Greytown. Council is undertaking a District Plan monitoring and effectiveness programme. The findings of this, and any spatial planning process, could cover development in the rural zone (including the need to protect highly fertile soils) and feed into the District Plan review process. The land in the Greytown Future Development Area was rezoned residential in the Wairarapa Combined District Plan when notified in 2006 (operative 2011).	Refer officer's comment. Council will review the Greytown Structure Plan Hearing findings as supported by the commissioner.

148	671-675	Fell Locomotive museum	No	Jennie	EC&C: \$2,000.00 to upgrade toilets in Museum, plus normal \$2,000 for operating costs	Await Grant decisions 16/05/2018	Council has granted \$2,000 for purposes as submitted

No.	Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
149	676	Indigo Freya	No	Paul	Governance: Find cost effective ways to enable more input to community board meetings -(perhaps making agenda more public, allowing 2 mins per speaker without prior requirements.)	All SW district libraries and the Council office have a copy of the agenda for public viewing. The agenda is also available on Councils website before the meeting. The standing orders adopted are what has been devised from an expert panel to manage the process and meet LGA requirements in the best possible way. Officers don't recommend a change. To our knowledge there are only a handful of instances where speakers have been declined, and most of these were due to the time allocated being full. The chair has the power to waive the prior notice requirements, the discretion to decline to hear a speaker repeating the same views, and to permit extra speakers thereby reducing the time for all speakers at that meeting to 3 mins.	Refer officer's comment, Council notes that the FCB meeting 2018 agenda and minutes can also be found by following this link: http://www.swdc.govt.nz/featherston-community-board-agenda-and-minutes-2018
151	715-725	Federated Farmers	Yes 15 May	Jennie	Rates: Report levels of UAGC utilisation compared to 30% legislative maximum. Fully utilise UAGC mechanism at 30% to provide equity between ratepayers. Governance should be fully funded by UAGC so equal benefit is matched by equal contribution.	Noted, Council will be completing a review of the rating system during the 2018/19 financial year and this will be one of the issues covered in that review.	Refer to officer's comment, Council welcomes your input to the review.
151	715-725	Federated Farmers	Yes 15 May	Jennie	Rates: FF pleased that cents in the dollar struck for rural differential has reduced.	Noted	Noted
151	715-725	Federated Farmers	Yes 15 May	Jennie	Rates: Council should utilise targeted rates to fund 100% of sewerage/water supply/Amenities/refuse collection.	Noted, Council will be completing a review of the rating system during the 2018/19 financial year and this will be one of the issues covered in that review.	Refer officer's comment
151	715-725	Federated Farmers	Yes 15 May	Jennie	Rates: Suggests rates remission to provide relief for revalued farms where value disproportionately higher due to unrealised subdivision/development potential.	This would not be consistent with our rating policy. Percentage increases for residential properties were higher than for rural properties so they could also make this argument. QV carry out the revaluations each year and are independent of Council. The valuations are one factor that influences the rate bill to each ratepayer. We are carrying out a review of our rating system in the coming financial year so will add this to the list of issues to be considered.	Refer officer's comment
151	715-725	Federated Farmers	Yes 15 May	Paul	Public Protection: Rural dogs/rural general rate should not subsidise urban dog control/Pound etc	The LTP funding for a dog pound is provided by a 70% proportion from dog registrations and 30% from the general rural rate. For the past two years, approximately 30% of dogs impounded have been rural dogs. It should also be noted that large stock attacks are typically due to rural dogs and these situations are more likely to lead to prolonged impounded for these dogs.	Refer officer's comment. Also, Council noted that rural dogs also visit the pound, that rural dog fees are capped and are the lowest rural registration fee in the country
151	715-725	Federated Farmers	Yes 15 May	Jennie	Rates: Hybrid funding model to fund roads - district wide targeted uniform charge plus existing land value general rate.	Noted, Council will be completing a review of the rating system during the 2018/19 financial year and this will be one of the issues covered in that review.	Refer officer's comment
152	726-728	Dale Fanning	No	Paul	General: Investment needs to be spread evenly. Featherston Town Centre is a joke. Council should work to solution, not drive investors out of town. Leadership not shown in dealing with incompetence and bungling.	The majority of investment is by private investors. The Featherston square project arose following consultation with the Featherston Community. Over the longer term there is not an imbalance between the three towns. There has been quite a lot of interest from other private investors since the initial developer withdrew his project	Refer officer's comment
153	729-732	Daniel Willmott	No	Paul	General: Seems to be an "old boys club" style of operating in SWDC at senior levels where significant decisions being made behind closed doors. Bullying managerial style. Featherston community being held back by SWDC as millions pumped into Grevtown and Martinborough.	Council does not hold back any areas and has a consistent approach to all areas of the District. The majority of investment in GTN and MBA has been by private investors. Council decisions are made in open meetings and consultation is carried out with the community as required.	Council is embarking on best council initiative and will incorporate LGNZ excellence programme.
154	733-739	Wellington Culinary Events Trust	No	Paul	Amenities: Make South Wairarapa a great place to live. Provide a great village experience to encourage more residents and visitors.	Noted, the spatial plan will assist with this.	Refer officer's comment
154	733-739	Wellington Culinary Events Trust	No	Shane	Public Protection: Remove unnecessary administrative and bureaucratic barriers.	SWDC commits to making licensing processes as efficient as possible with the resources available. 154	733-739	Wellington Culinary Events Trust	No	Jennie	EC&C: Encourage SW food and beverage industry to take part in Wellington on a Plate etc.	This is not seen as part of Council's role. Individual business owners are welcome to enter Wellington on a plate if they choose to.	Refer officer's comment

No.	Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
155	740-743	Mandy Smith	YES	Russell	future growth and development: Consideration of zoning for low-cost housing for workers in Martinborough, smaller sections for retirees, weekenders, less restriction of subdivision, more infill, appropriately set up freedom camping areas. 20-30 year plan not appropriate.	The District Plan does not expressly provide for intensive residential development. Council is undertaking a District Plan monitoring and effectiveness programme. The findings of this, and any spatial planning process, could investigate whether the residential provisions in the District Plan are meeting the communities needs and feed into the District Plan review process. Council does have designated change freedom camping areas.	Refer officer's comment, this issue can also be considered within the spatial planning exercise.
155	740-743	Mandy Smith	YES	Jennie	Rates: Want more information about why council is proposing the split in percentage increase between rural and urban ratepayers.. We do not support an imbalance in the increase in rural ratepayers having to pay more. Arguments about geographical spread and high roading costs is a tired argument given increase in tourism. We expect deeper analysis into this.	No change in split between rural and urban ratepayers is proposed. Our rating system is consistent with previous years.	Refer officer's comment, this will be reviewed during the upcoming rating review scheduled for July 2018.
156	744-746	Greytown Trust lands	YES	Jennie	EC&C: Requests an Immediate commitment by the Council to partner with relevant stakeholders in assisting Kuarui College Board of Trustees through provision of resource (financial or otherwise) to investigate the feasibility of developing a shared use sports facility on Kuranui College grounds. A contingent commitment to support Board of Trustees development, preparation and presentation of a business case to the Ministry of Education and potential capital funding providers.	Noted, will be considered alongside submission from Kuranui College Board of Trustees.	Council supports the shared recreation area proposal in principal and has approved \$25,000 towards an initial feasibility study for shared community sporting facilities.
157	747-750	Greater Wellington Regional Council		Lawrence	Water Supply: GW explorings ways to ensure greater certainty of water supply for Wairarapa - envisages developing a water supply scheme comprised of multiple water storage locations with distribution through network of rivers and piping - could serve each town's future drinking water needs. Next step includes partnering with Wairarapa Councils to consider how water storage is best integrated to provide long-term security for public water supply, farmers and environment.	Noted, Council looks forward to being part of these discussions.	Refer officer's comment
157	747-750	Greater Wellington Regional Council		Mark	Instructure General: GW supports approach to managing infrastructure assets based on need, condition and importance., backed by robust understanding of state of assets and ongoing assessment. GW supports Council's allocation of funding in wastewater management and water supply upgrades. Council should include funds for stormwater consenting and monitoring processes required by the proposed Natural Resources Plan.	Funds have been allocated for consents	Refer officer's comment
157	747-750	Greater Wellington Regional Council		Mark	Public Protection: WREMO supports Council's ongoing commitment to civil defence preparedness and regional emergency management and ongoing investment to ensure the reliability and resilience of existing and future infrastructure	Noted	Noted
157	747-750	Greater Wellington Regional Council		Jennie	EC&C: GW supports aim of maximising future opportunities for growth, economic development and employment for SW residents. GW has committed staff and \$50,000 to development of Wairarapa Economic Development Strategy(WEDS). GW asks that Council set aside sufficient resources including budget to contribute to development and implementation of WEDS.	Council are committed to being part of the GW economic development project and contributing via staff involvement in the process. To date there have not been any requests for further funding on top of what is already contributed to WREDA, so nothing has been budgeted.	Refer officer's comment
157	747-750	Greater Wellington Regional Council		Tim	Land Transport: GW supports the renewal and extension of footpaths and development of cycle strategy. This work contributes to the objective in the Regional Land Transport Plan 2015 of an attractive and safe walking and cycling network	Noted	Noted
158	751-752	Vicky Alexander	No	Jennie	General: You comment that the median age of residents is predicted to rise to 49 years by 2043, and that over time you expect to have more residents with fixed incomes who may not be able to absorb cost increases. The current median age in Featherston would appear to be higher than 49 and it is already difficult to fund council's wish items. Your Long Term District Plan is a Council wish list but it does NOT incorporate ratepayers' wishes	We have involved residents including Community board members and Maori standing committee members in the preparation of the LTP and this consultation process is another way for us to gather information on what our residents would like to see in the LTP. We are grateful for the feedback received from residents who have taken the time to make a submission.	Refer officer's comment
160	755-764	Sport Wellington	YES	Jennie	General: Sport Wellington supports the new community outcomes as articulated in your consultation document. We believe that sport and recreation can play a part in achieving many of these outcomes.	Noted	Noted

Submissions Summary (Not Consulted on)v2

No.	Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
160	755-764	Sport Wellington	YES	Helen	Amenities: Advocates for greater collaboration across the region in development and provision of sport and active recreation. Working towards building a more collaborative regional approach to sport and active recreation provision and development through implementing <i>Living Well</i> , the regional sport and active recreation strategy, in partnership with key stakeholders including councils.	Noted. Council currently is not resourced at a level which allows for much time to be involved in regional sport approach/strategy (HM)	Refer officer's comment
161	765-778	Toimata Foundation/Enviroschools	YES	Jennie	EC&C: Enviroschools acknowledges support from SWDC since 2006 and requests SWDC continues to support by providing continued funding that enables the gradual increasing demand for new schools and ECE to join the programme over next ten years where necessary .	Noted	Noted
161	765-778	Toimata Foundation/Enviroschools	YES	Jennie	EC&C: Requests SWDC sign and support the joint Wairarapa Councils' Memorandum of Understanding with Enviroschools.	Noted -We believe this has already been signed. Will follow up.	Officer's have advised that the MOU has been signed
161	765-778	Enviroschools/Toimata Foundation	YES	Jennie	EC&C: \$11,200.00 for delivery of Enviroschools programme in South Wairarapa, including services of an Enviroschools facilitator to support schools and ECE.	Will be considered with other grants 16/5/2018	Council have granted \$11,200 for the purpose as submitted
162	779	Campbell Moon	No	Adrian	Public Protection: Woodburner consents take 20 days at SWDC and only 72 hours at CDC - why can't SWDC do them in 72 hours.	Consent times reflect on the quality of information supplied. The fireplace consent generally will only take a few days at SWDC if all information is supplied.	Refer officer's comment
163	780-784	Martine Bijker	Yes	Paul	General: Need cultural change in SWDC to meet vision and mission statements. Operational organisation is failing Featherstonians - long term systemic failure. Poor decisions, lack of transparency, failure to consult as required by law, abysmal communication.	Council does not hold back any areas and has a consistent approach to all areas of the District. The majority of investment in GTN and MBA has been by private investors. Council decisions are made in open meetings and consultation is carried out with the community as required.	A public meeting has been held in Featherston to hear concerns and a review of the land is being conducted. Council is embarking on a best council initiative, will incorporate LGNZ excellence programme and continue to consult with the FCB. Refer officer's comment regarding consistency approach.
163	780-784	Martine Bijker	Yes	Paul	General: Featherston Town Centre left underdeveloped for years with inability to deal effectively with John Broeren, murky land swap with Trusthouse, use of prime commercial land for unwanted town square	Local Authorities have no power to intervene in the state of private buildings unless they are dangerous, or empty lots (apart from the lots we own). Council does not neglect the areas it can control. The town centre was completed after consultation with the community.	Refer officer's comment. Council working on issues so vacant land can be developed. Mayor has met with owner of buildings
163	780-784	Martine Bijker	Yes	Paul	General: Why such high turnover in Planning and Environment team? Council organisation is inflexible and overly officious. Good people have been ground down by it and left to work elsewhere. Why has that been allowed to happen by council leadership	Staff working in Planning and Environment team are typically tertiary qualified professionals. SWDC has recently been attracting applications from recently graduated students travelling from afar to work at SWDC. This reflects the NZ wide skills shortages in these professions	Refer officer's comment, Council have noted that your OIA request has been processed.
165	789-797	Maori Standing Committee	YES	Paul	EC&C: As Māori make up roughly 15% of a 10,000 people population, we consider 15% (\$63,095) of what is spent in terms of Economic, Cultural and Community Development should be allocated to kaupapa Māori. See: Community Partnerships (proactive communities, strong families, proud identity and voice, Driven by community for community, wellbeing for all ages), Best Care & Use of Natural Resources (telling unique local stories of valuable places and spaces, sustainable/guardianship/kaitiakitanga), Best Care and use of Assets and Infrastructure (Multi use spaces and trails). Healthy and economically secure people, educated and knowledgeable people, vibrant and strong communities, sustainable South Wairarapa.	Notes, MSC and Marae Grant applications will be considered alongside other funding requests.	Noted
165	789-797	Maori Standing Committee	YES	Jennie	Rates: Recommend that Council reviews its rating of our 3 marae	Noted, Council will be completing a review of the rating system during the 2018/19 financial year and this will be one of the issues covered in that review.	Refer officer's comment

No.	Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
165	789-797	Maori Standing Committee	YES	Jennie	EC&C: Recommend that Council set aside \$10,000 per annum per marae for maintenance/upkeep purposes.	Await Grant decisions 16/05/2018	MSC has been allocated \$10k in the 2018/19 financial year to run a grants scheme similar to community boards and to undertaken Committee driven projects. Officers are to work through the process with MSC members.
165	789-797	Maori Standing Committee	YES	Paul	EC&C: Recommend that Committee and Council work together to develop and establish marae based workshops in Te Reo, Mau Rākau, Kaitiakitanga, Rāranga and other cultural practices.	Noted, MSC and Marae Grant applications will be considered alongside other funding requests.	Noted
165	789-797	Maori Standing Committee	YES	Jennie	EC&C: Recommend that Council allocate \$15,000 per annum to support marae based education programmes/events with a view to establishing or supporting an established education institute here in South Wairarapa.	Await Grant decisions 16/05/2018	MSC has been allocated \$10k in the 2018/19 financial year to run a grants scheme similar to community boards and to undertake Committee driven projects. Officers are to work through the process with MSC members.
165	789-797	Maori Standing Committee	YES	Paul	General: It is time our marae and hapū, through the Maori Standing Committee, receive meaningful support to ensure the autonomy we were promised in Te Tiriti o Waitangi. It is within Council's best interests to enable tangata whenua to manage their own future.	Noted the input from the MSC and Maori members of Council is acknowledged and appreciated.	Refer officer's comment
166	798-800	Papawai Marae	YES	Russell	Resource Management: We would like to be in the consultation around the bilingual signage that is proposed. A great start would be the correct spelling of "PAH Road". It is culturally inappropriate and should be set to the correct spelling of PA Road.	An application to correct the spelling of "Pah" Road could be made to Council. Corrections to road names are provided in Council's Policy on Naming of Public Roads, Private Roads and Rights-of-Way. The Policy requires a "significant majority" of support from residents and owners along the road.	Council officer's to investigate with a view to correcting the incorrect Maori spelling of Pah Rd, Greytown
167	801-806	Hau Ariki Marae	YES	Jennie	EC&C: Grant Application for \$27,000. \$5000 for 3 years of Matariki annual community event commencing 2019 and rates rebates and \$12,000 for erection of the Waharoa (Marae Entrance).	Await Grant decisions 16/05/2018	Council have granted \$1,000 for the purpose as submitted, an accountability form should be completed following fund expenditure
168	807-809	Emma Waddington	No	Paul	General: Document smacks of tokenism towards biculturalism. Street signs is not buiculturalism. Active participation with the Maori Standing Committee, the local maraes and a proven effort to engage with both needs to be established. Very disappointed in council response to biculturalism in spite of electing some great Maori representatives last election, in spite of the Maori Standing Committee, in spite of the great maraes I cannot see their voice in your plan.	Noted, MSC and Marae Grant applications will be considered alongside other funding requests.	Representatives from the Maori Standing Committee attended the LTP workshops, they will also be providing in put to the 19/20 annual plan.
169	810-812	John and Jennifer Grey	No	Paul	General: Would like Council to be helpful rather than officious and obstructive. From repeated experience SWDC has a culture of "no, you can't" rather than "how can we help make this work to the benefit of the community"	Noted, we regularly monitor feedback and review issues as they arise.	Refer officer's comment, also Council is embarking on best council initiative and will incorporate LGNZ excellence programme. Mr Crimp to discuss concerns with submitter personally.
169	810-812	John and Jennifer Grey	No	Paul	General: Council staff have quoted NZTA regulations as being the obstacle, when on enquiry at NZTA this has proven not to be the case. Council also quotes Combined District Plan as a reason for decisions when, using the same district plan CDC and MDC regularly make very different decisions.	Acknowledge that whilst we have a combined District plan there can be varying interpretations of parts of the plan and we will work with MDC and CDC to minimise this as part of the upcoming DP review.	Refer officer's comment and see above

No.	Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
169	810-812	John and Jennifer Grey	No	Russell	Resource Management: one of SWDC's responses to the possibility of making a resource consent application being "you can, but don't bother because it won't be granted." Even for things that have little or no impact on others and which are given consent by the other Councils under the same District Plan.	Council staff provide advice on the District Plan and resource consent process. If officers consider that an application would be unlikely to be granted then this is communicated to the applicant to ensure they are aware of this. Note - this relates to a conversation with Jennifer Grey regarding placing a sign remote from her shop (in its previous position) by the War Memorial in Fox Street. To avoid Jennifer going to the effort and expense of what officers thought was a futile application the message was that granting consent to such an application would not be approved so in the officers opinion it would be best not to apply. It appears the tone and words have been mis-quoted here. Jennifer raised the conversation with the GMPE at the time and he previously addressed this.	Refer officer's comment and see above
171	816-907	Heritage NZ		Russell	Resource Management: Highlights the importance of continued partial waiving of reserve contributions and rates rebates where cultural heritage is conserved or enhanced or remission of consent fees for work undertaken on heritage buildings	Council does not currently offer rebates on reserve contributions where cultural heritage is preserved. Council is undertaking a District Plan monitoring and effectiveness programme. The findings of this, could include a cost benefit analysis of subsidising heritage protection and feed into the District Plan review process and Council policy. The Masterton District Council provides the owners of listed buildings with \$50.00 per year towards maintenance, free resource consents, and 1 hours free consult with a heritage architect	Refer officer's comment, noting that a rating review will be undertaken in July 2018 where your request can be reviewed further.
171	816-907	Heritage NZ		Russell	Resource Management: well care for history heritage fundamental to creating a vibrant region that draws people and fosters local identity	The District Plan provisions protect the heritage value of specifically listed buildings and within the heritage precinct areas.	Refer officer's comment
171	816-907	Heritage NZ		Russell	Resource Management: Suggest incentive funding for conservation works on historic buildings be provided to owners. Notes some will be subject to revised earthquake strengthening requirements. Encourages council to set aside money for heritage incentive fund.	Council does not currently offer rebates on reserve contributions where cultural heritage is preserved. Council is undertaking a District Plan monitoring and effectiveness programem. The findings of this, could include a cost benefit analysis of subsidising heritage protection and feed into the District Plan review process and Council policy. The Masterton District Council provides the owners of listed buildings with \$50.00 per year towards maintenance, free resource consents, and 1 hours free consult with a heritage architect. There will be considerable costs to property owners to earthquake strengthen historic buildings. The owners of buildings which are listed as heritage items or within heritage precincts do not have an automatic right to replace old buildings with new ones. Council has no plans to subsidise earthquake strengthening of buildings and considers this is a ratepayer expense.	Refer officer's comment
171	816-907	Heritage NZ		Russell	Public Protection: Suggests one possible incentive to promote the protection of historic heritage is the provision of specialist advice to building owners, exemptions to select district plan provisions (e.g. parking requirements). Advocates for a range of initiatives. Attached to submission is Heritage NZ's incentives for Historic Heritage Toolkit.	HNZ's toolkit for heritage protection could be assessed to form part of the District Plan review. Note that existing buildings used for permitted activities in the commercial zone are exempt from meeting the parking standards.	Refer officer's comment, also note that Council does not have specialist expertise on staff or the capacity to add that expertise. Council acknowledges the assistance of the Greytown Heritage Society who on occasion provide advice.
172	908-910	Featherston Ratepayers and Residents	Yes	Jennie	Policies: Noted that changes to policies were not highlighted, nor was the policy support for the changes and the impact explained	As the changes to policies were relatively minor this year, a summary was not required in the CD and this was agreed with audit. There is a summary of the changes to policies in the supporting documentation on page 88.	Refer officer's comment
172	908-910	Featherston Ratepayers and Residents	Yes	Jennie	General: There is concern about proposals in plan for only a population increase of 1,000 over 10 years. Need to be planning to increase core services now. It would be preferred that Council seek to lower the impact of upgrading wastewater facilities in this LTP by focusing on core services not entailing a rating increase for the next 3 years.	The estimated population increase for the District is summarised on page 11 of the supporting documentation and shows an increase of 2,933 from 2013 to 2043. This projection was prepared by consultants who specialise in population projections. Council have minimised the impact of the cost of upgrading wastewater facilities by spreading the costs over the life of the assets, recognising that they will benefit both current and future generations. Request to focus on core services is noted.	Refer officer's comment
173	911-912	Wairarapa Chamber of Commerce	Yes	Jennie	EC&C: Encourages Council to place support behind the Wairarapa regional airport and to explore further solutions for the district's transport infrastructure given that it is struggling to meet increasing demands by the growing Wairarapa economy.	Council continues to lobby central Government and GWRC regarding transport issues for the Wairarapa and their impact on the economy. The three Wairarapa Councils are working with WREDA and GWRC on an economic development strategy and lobbying for improvements to both rail and air transport options will be part of this work	Council are to discuss support of the Wairarapa Regional Airport when considering the draft Regional Economic Development Strategy

Submissions Summary (Not Consulted on)v2

No.	Pgs	Name of Submitter	Wish to be heard?	Officer	Summary of Submission	Officer Comments	Decision
174	913-919	Featherston Booktown	Yes	Jennie	EC&C: Requests \$8,000 to help pay for presenters to the Featherston Booktown Festival (speaking fees, accommodation and travel costs) on the 11-13 May 18.	Remission on hire charges received for hire period. \$500 received from FCB - Await grant decisions 16/05/2018	Council have granted \$2,000 pa for the next 3 years for funding presenters at the Booktown Festival
176	922-923	Waiwaste	Yes	Lawrence	Reducing Waste: Currently Masterton based, wants to develop branches in South Wairarapa and Carterton. Over next 3 years wants to register as Inc Society, employ coordinator, increase food donors, increase number and variety of food recipient groups, increase number of volunteers, secure premises, coordinate with Love Food Hate Waste, raise awareness of food waste and poverty, purchase vehicle, fundraise, develop a community and schools programme. We contribute to your priorities by minimising waste going to landfills.	Noted, will pass on to waste minimisation coordinator.	Refer officer's comment
180	932-936	Aratoi	Yes	Jennie	EC&C: Requests \$45,000 for annual operating budgeting purposes	Await Grant decisions 16/05/2018	Council have granted \$25,000 to Aratoi for the purpose as submitted
181	937-945	Safer Community Trust		Jennie	EC&C: Requests \$10,500 to deliver a proactive parent course and the development of an online Social Services Directory to be managed by WSCT and accessible to all individuals within this region	Await Grant decisions 16/05/2018	Council have granted \$10,000 for the purpose as submitted.
