**SPEAKERS:**

  - Tracy Waddington (Environmental Health Officer/Alcohol Licensing Inspector Tasman District Council)
  - Murray Clearwater (Chairperson/Commissioner Wellington, Taupo & Tauranga DLCs)
  - Liz Kelly (CEO Porirua Whanau Centre)

  - Mark Lyne (Health Promotion Agency)
- Rebecca Williams (Director Alcohol Healthwatch)

This was a well presented Seminar that Inspector Bronwyn Johnson and myself attended – it covered all the Agencies involved and how they are managing the challenges. From Wairarapa's view we are well ahead of many other District Councils whereby we have done our draft Local Alcohol Plan, heard submissions and are now in the process of finalising the LAP for Council approval. We have excellent Agency collaboration with the DHB, and Police we deal with which was not the case in some other regions. A full report is due to be released from the organisers and I will send onto SWDC CEO, Mayor and Councillors when available.
