### Comments in support of choice

We used to be a shopowner in Martinborough and fully support Easter Sunday Trading.

It is now 2017 and in freer more liberal times Sunday trading is vital for, visitors, shoppers, shopowners, the Martinborough economy, wider Wairarapa Economy.

There used to be a ludicrous situation when it was illegal to Trade on Sunday unless you were in Retarua or Queenstown.

I fully support this move in the interests of Everyone. and to ensure that the option is Legal.

Our thoughts are:  
There should only be trading after  
mid-day on Easter Sunday - all day  
Saturday & none on Good Friday

**Comments in support of choice**

We are now debating whether to allow trading on ~~the~~ one of the last three Holy days of the year. Pressure is already growing to trade on Good Friday & then all that will remain will be Christmas Day. Why on earth is this happening? I would have thought that everybody, whether Christian or secular would have appreciated not having to work & enjoying time with family & friends on this day. Therefore I am asking the Mayor & Council to vote against Easter Sunday trading.

Are you a:

- a. Shop owner or manager
- b. Shop employee

Do you think Easter Sunday trading should apply to the whole district or part?

Whole of district  Part of district

If you answered 'part of district', where should trading be allowed?

Comments in support of location

If, as I suspect, Easter Sunday trading becomes a reality (comments by the Mayor say initial reports support trading) then it must be all of the South Wairarapa. You cannot have one or two areas at the expense of the third. Imagine the furor if Greytown was granted exemption over Martinborough & Featherstone!

### Comments in support of location

The part of the district means that parts where public like to spend their time on Easter Sunday or public holidays. If you consider, Wairarapa. It is a biggest place in south wairarapa being a bust in holidays.

If a shop owner or manager wishes to open on Easter Sunday they should be allowed to.

Employees must be asked if they want to work. If they do they must be paid T $\frac{1}{2}$  rate. If employees decline to work they may be replaced for the day.

There must be no penalty for declining to work.

### Comments in support of choice

While I recognise the benefit of the "shopping dollar" to the local economy, I think it's important that there remain a few days in the year where workers are able to spend time with friends/family without being pressured to work. However, should the policy allowing trading be approved, it's important that workers' choice be included.

WE SUPPORT THE DRAFT POLICY.  
 WE BELIEVE EASTER TRADING SHOULD BE ADOPTED BASED ON THE DISTRICT COUNCIL POLICY  
 SHOPPING AT EASTER WILL BENEFIT THE COMMUNITY BECAUSE OF THE NUMBER OF CASUAL SHOPPERS, VISITORS AND TOURISTS THAT ENJOY THE AREA.  
 THE POLICY DOES NOT IMPINGE ON THOSE WHO WOULD NOT SHOP ON EASTER SUNDAY AND ON THOSE WHO WOULD NOT WISH TO WORK THAT DAY

We are a tourist reliant community & Easter weekend there is likely to be a lot of tourists in town. As winters here can be very quiet, I think business owners should be allowed to make the most of the tourists here over Easter weekend.

Trading on Easter Sunday should be up to the business owner. Greytown is teeming with out of towners looking for things to see & do. Our village community thrives of these high visitor numbers we need to "make hay whilst the sun shines" to get us over the slower winter months.

I believe that Easter Sunday is a family day and an important religious day. By allowing shops to trade means employees get pressured to work on one of only two days a year (Christmas day is the other one) that they are entitled to have off, and spend how they want too. Visitors who choose to come to the South

Visitors to our BrB find it a bore to have shops closed and sur charges being put on. Living here in Wairarapa, we find the Greytown shops are closed except on Thurs & Fridays. Ends which means they (the visitors) have to shop, seems an opportunity missed for making money.

Why not make it everywhere in this region. People will come a shop or go to cafe's if they know they can. Overseas people are used to shopping when they like, eg. shops in lots of countries are open all night as well.

HAVING BEEN BOTH RETAILER & RETAIL WORKER I CAN SEE NO REASON FOR CLOSING OUTLETS THAT ARE CAPABLE OF HAVING PAID HELP TO STAFF OR RUN SAID OUTLETS. WE HAVE SUCH A DIVERSE RANGE OF RELIGIONS, THAT WE CAN'T IN ALL HONESTY EXPECT EVERYONE TO ADHERE TO A 'CHRISTIAN' FESTIVAL. WE MUST ENCOURAGE AS MUCH TRADE AS WE CAN FOR EVERYONE INVOLVED.

### Comments in support of choice

We support Easter Sunday trading as:

- \* It will benefit the area as tourists and locals will be able to visit the shops and spend.
- \* It will be handier for locals as we won't have to remember the shops are closed.
- \* Our community is increasingly diverse so there's no reason to have special arrangements for Easter.

### Comments in support of location

We can't see why one part of the region should be excluded, so long as individual shopkeepers and workers are happy to work over Easter.

We are open 7 days, and it is important to be available to customers when it suits them, and that often is weekends.

On statutory holidays, one of the partners looks after the factory. No staff are required to work on these days.
