FEATHERSTON COMMUNITY BOARD

12 MAY 2015

AGENDA ITEM 5.1

OFFICERS' REPORT

Purpose of Report

To update the Maori Standing Committee/Community Board on activities since the last report.

Recommendations

Officers recommend that the Committee/Community Board:

1. *Receive the information.*

CHIEF EXECUTIVE REPORT

1. Executive Summary

Following on from my last report to Council, the Long Term Plan preparation continues to be a focus. While we are nearly there with the new Consultation Document, being a new document necessitates a lot of development and discussion to ensure the document meets the statutory requirements. Hopefully by the time the Council meeting is held the Consultation Document has had an audit opinion issued and adopted by Council.

The regular Rural and Provincial sector meetings were held in Wellington and the presentations, in my view, were of more strategic value than perhaps has been the case at earlier sessions. This is a pleasing development as the Local Government sector continues to address the key issues, and not just minor matters that can take a lot of time for little real progress.

Of course, the presentation of our submission to the Local Government Commission was an interesting experience and I feel our approach and points were appropriate and well received.

2. Governance/Leadership/Advocacy

The following table provides the year to date results for KPI's set for the Governance output [note this report is as at 30 June 2014]

GOVERNANCE/LEADERSHIP/ADVOCACY KEY PERFORMANCE INDICATORS	TARGET 2013/14	YTD RESULT 2013/14	COMMENT SOURCE, AND ACTIONS TAKEN TO ACHIEVE TARGET
Ratepayers and residents feel they can contact a Council member to raise an issue or problem	75%	73%	NRB Survey 3 yearly*
Ratepayers and residents feel that the Mayor and councillors give a fair hearing to their views	75%	62%	NRB Survey 3 yearly
Ratepayers and residents are satisfied with Council's decisions and actions	50%	76% (very or fairly satisfied)	NRB Survey 3 yearly
Ratepayers and residents are satisfied with how Council allocates rates/funds to be spent on the services and facilities provided (target peer group age)	78%	64% (very or fairly satisfied)	NRB Survey 3 yearly
Community Board decision - making reports on local issues	90%		Community Board reports and minutes
% of ratepayers and residents who know how to contact a community board member	65%	65%	NRB Survey 3 yearly
Ratepayers and residents satisfied with the way Council involves the public in the decision it makes	65%	49%	NRB Survey 3 yearly
The Maori Standing Committee makes recommendations to Council in relation to policy and plan development and resource management applications	100% applicable applications		Maori Standing Committee minutes

2.1 Local Government Commission/Governance Review

As indicated above, SWDC submission presentation was made to the Commission in Carterton.

There is plenty of rhetoric however the next steps are in the Commissioners hands.

Not all submissions have been heard and no definitive decision date has been set, one influencing factor will be the upcoming elections next year as any transition is usually linked to an election cycle – however it I noted that elections can be delayed by one year in certain circumstances.

3. Strategic Planning and Policy Development

3.1 Meetings/Conferences

3.1.1. Chief Executive Forum

One meeting was held in the period between my reports, items of interest included the Wellington Airport extension, the Earthquake Commission in relation to establishing better links to local authorities in the region, Roding, though generally discussing the big projects in the western part of the region, and of course amalgamation.

3.1.2. Mayoral Forum

One Mayoral Forum was held and I am sure this will be covered in Her Worship's report.

3.2 Legislation

While no new legislation has been introduced recently, we are still bedding down the various pieces of legislation recently enacted, and I believe it will be some time before we fully understand the resourcing implications required to comply.

3.3 Wastewater Consents

Evidence has been completed for the Martinborough application, and this application is proceeding as planned.

The hearing for the Martinborough application is planned for the week commencing June 2.

3.4 Financial Statements

There are no financial statements to present this month.

3.5 Long Term Plan

The Long Term Plan is well underway, with the Consultation Document currently at audit for their final review. Hopefully by the time the Council meeting is held the supporting information, and Consultation Documentation will have been adopted and being prepared for release for consultation.

This LTP has been prepared under a new legislative process and I need to thank Kyra and Kim for their efforts in managing this new process.

3.6 Rural Broadband

Following a number of meetings it has been decided to join MDC and CDC to prepare an application under the newly announced fund for rural broadband across the Wairarapa district.

Each district will be required to provide input into the application; accordingly the working group set up will remain to coordinate this input.

We will provide circa \$2,500 toward the cost of preparing the application, and Tim Lusk will sit on the joint committee, along with one other from South Wairarapa yet to be decided.

3.7 Rates Arrears (Incl. GST)

DATE	AMOUNT \$'000	NUMBER	DAYS SINCE INSTALMENT DUE	SWDC COMPONENT \$'000 (81%)
1 June 2012	\$855	722	10	\$692
19 June 2012	\$730	632	31	\$591
10 September 2012	\$947		21	\$767

17 June 2013	\$913	740	27	\$739
4 March 2014	\$1,033	863	12	\$836
14 April 2014	\$954	675	53	\$773
19 August 2014	\$818	592	91	\$663

DATE	AMOUNT \$'000	NUMBER	DAYS SINCE INSTALMENT DUE	SWDC COMPONENT \$'000 (81%)
30 September 2014	\$1,008	809	37	\$816
11 November 2014	\$770	627	83	\$623
27 January 2015	\$672	537	68	\$544
2 March 2015	\$784	798	10	\$635

As at 30 September 2014 the balance outstanding amounted to \$1,008K of which \$608K related to prior year (30 June 2014 and earlier).

The arrears amount of \$608K amount outstanding relating to the 30 June 2014 and prior balances has reduced to \$130K which is a good result. This has generally been through demands from the banks, which have all been settled. We are following up a number through legal avenues.

For the installment due 20 February 2015, there are approximately 478 ratepayers who missed this installment, i.e. this is the only installment that is currently outstanding for those ratepayers. This is disappointingly high.

We continue to pursue all arrears.

Building consent numbers from 1 July 2014 to 1 April 2015 (Year to Date) total 306 consents. For the same period the year before the total was 307. It should be noted however that the scale and complexity of consents has grown, this creating additional work pressures. At the same time Council is 1.5 staff down through this period, which has further exacerbated the pressures around processing of consents and carrying out of inspections.

The following table provides a snapshot of the number and types of building consents granted for the period.

INFRASTRUCTURE AND PLANNING GROUP REPORT

1. Group Manager highlights

The feedback from GWRC on the Martinborough WWTP consent has been encouraging with the officer's report released to SWDC on 8 April 2015. The hearing is planned for the first week in June and expected to go for two days. There will be some discussion around length of term and conditions but the general science and concepts seem to be well accepted.

Effort has been spent in the development and finalisation of the council infrastructure strategy for the next 30 years with numerous iterations having been required.

The auditor's visits also kept staff busy with questions around the long term plan, asset renewals and service levels. This process is getting more streamlined with time and repetition.

The end of summer sees the closing of the pools with patronage up over the period. Also projects in roading, bridging and amenities coming to a close such as reinforcing for the columbarium walls, reseals and rehabilitation of roads.

Subjectively it was noted that the customer service SMS system is working well and that the department is meeting all the demands in this area.

2. Water supply

SERVICE LEVEL – Council provides reliable and safe drinking water supplies. Water provided is safe to drink and there is adequate water for urban firefighting.

2.1 Key Performance Indicators

WATER SUPPLY KEY PERFORMANCE INDICATORS	TARGET 2013/14	RESULT	COMMENT SOURCE, AND ACTIONS TAKEN TO ACHIEVE TARGET

2.2 Services

2.2.1 Water supply capital improvements Featherston

Contract documents are near completion with tenders expected to be called for the first stage of the work in May. The first stage of work requires the supply and installation of the new bore pumps, associated pipework and the new pipeline to the plant.

2.3 Water treatment plants

The Greytown, Martinborough, Featherston and Lake Ferry wastewater treatment plants operated routinely throughout March. Heavy holiday demand has now reduced to nearly average daily demand with the recent rain fall.

Sprinkler restrictions remain in place for all supplies but will be lifted in the near future once river levels return to normal for time of year.

Daily community consumption since late December 2014 is appended for information.

2.4 Water reticulation

There were 23 reticulation repairs reported and rectified during the period.

2.5 Water races

Routine monthly inspections and blockage clearing of the water race network has been performed by council contractors, City Care Ltd, to maintain satisfactory flows. There were three reported accounts for blockage clearing or no water flow for the Moroa and Longwood network over the period.

Low flows in the source rivers for both systems have triggered the reduced take resource consent requirement and this remains in place until river flows return to normal for time of year.

3. Waste water

SERVICE LEVEL – Council provides waste water services that effectively collect and dispose of waste water. Waste water does not create any smells, spill or health issues and causes minimal impact on the natural environment.

3.1 Key Performance Indicators

WASTE WATER KEY PERFORMANCE INDICATORS	TARGET 2013/14	RESULT	COMMENT SOURCE, AND ACTIONS TAKEN TO ACHIEVE TARGET

Proportion of urgent waste water service requests responded to within 6 hours of notification	95%		

3.2 Resource consent acquisition progress report

The tabular programme as submitted last month remains in place although the timeline for the Featherston process has yet to be confirmed. This is because Council has asked for an extension of time to enable lodgement just before Christmas this year with notification to follow early 2016.

6.2 Roading maintenance – Fulton Hogan

The last month sealed pavement repairs along Western Lake Road and White Rock Road at Whakapuni Hill have been undertaken. For the first time in 3 years Whakapuni Hill is sealed.

Moroa Road has had unsealed pavement renewal for the entire unsealed length between Battersea Road and No 1 Line. Additional sites have been programmed on Tora Road.

The prolonged dry period has meant that the maintenance of unsealed pavement has been limited and on a need basis, and also managing the need to be reactive when the settled weather breaks.

Spraying of roadside posts, signs and bridge ends has commenced and the second rural berm mowing has been programmed.

Highcut trimming of overhanging trees around Greytown has commenced.

Fulton Hogan’s monthly audit and cyclic activities is done on a monthly basis and their performance is charted below.

6.3 Reseals -Higgins

The original reseal programme is complete and within budget. Two additional sites are being identified and designed on Cape Palliser Road (SPR) to meet the budget allocation.

6.4 Road rehabilitation and seal extension – Fulton Hogan

Bidwills Cutting Road and Papawai Road sites have been completed. Work is progressing on Cape Palliser Road and Te Muna seal extension which are due for completion in early May 2015.

6.5 Bridge maintenance – Higgins

A contract has been awarded to Higgins for abutment, concrete and steel works on nine bridges within the district. The roads where works are programmed are Western Lake Road, Cape Palliser Road, Haurangi Road, Hinekura Road, Moeraki Road and Bush Gully Road. Works are expected to be completed in May 2015.

7. Amenities

SERVICE LEVEL – Parks and reserves enhance the quality of life in our communities. Our playgrounds are safe and enjoyed by the community. Clean safe public swimming pools can be accessed in the District. Provision of some low

cost housing for the elderly (or in line with Council policy) in each town. Well maintained hall facilities that are available for the public to book. Public toilets are convenient, clean and safe. There is a wide range of library stock including up to date material.

7.2 Parks and reserves

7.2.1 Soldiers Memorial Park

Soldiers Memorial Park hosted the ANZ Young Farmers Regional Finals on the 21 March 2015. The event was largely arranged through the cricket club. The event went well; the grounds were left with a few minor issues that have been dealt with direct between Council and NZ Young Farmers.

The new car park along Kuratawhiti Street underneath the lime trees has now been completed. This will be well received by the winter sport teams.

7.2.2 Featherston Playground

The upgrade to the Featherston playground is almost complete, with two new swings and a rocker installed and an upgrade to the bark soft-fall areas. Two of the new pieces of equipment, a swing and the rocker, are designed for “big kids” and can be used by youth and adults. We hope this will reduce the damage done to equipment intended for smaller children, as well as providing some fun for the bigger kids.

Picture below: The frame for the teenage/adult swing set being installed.

7.2.3 Mowing

All mowing has resumed now after the mowing ban.

7.2.4 Ngawi

In the last report, dated 11 March, Council officers reported the Ngawi public toilet water tanks had been filled four times since Christmas. The tanks have since then had to be filled a fifth time over Easter weekend. On advice from the Residents' Association, Council officers have made the decision to remove all taps on the outside of the building and will also be removing flowing water in the bathroom and installing hand sanitiser units. This will prevent people filling water tanks for campervans, which is known to be the cause of the high volume water use.

7.3 Properties

7.3.1. ANZAC Hall

The Anzac Hall refurbishment is well under way. Most of the new roof has been completed with one last section remaining to be done after the building repairs to the clerestory. This will be done over the next few weeks. The repainting/revarnishing of the interior is largely complete and the Kiwi Hall and Supper Room floors have been stripped ready for new polyurethane.

7.4 Pensioner housing

There are five applicants on the waitlist for Martinborough, four for Greytown and eight for Featherston.

Flat inspections were carried out at the end of March. Minor repairs and maintenance have been addressed.

7.4.1. Cicely Martin

An access ramp was installed out the front of Flat 2 to give the tenant, who is now wheelchair dependent, better access to his flat.

7.5 Cemeteries

7.5.1. Featherston

There were two ashes burials in March. A new burial beam has been installed in block 1a.

7.5.2. Greytown

There was one burial in March.

7.5.3. Martinborough

There were no burials in March. The rebuild of the Services ashes wall and ashes wall 3 has begun. Contractors are doing their best to have the Services Wall rebuilt in time for ashes and plaques to be replaced by ANZAC day. A new burial beam has been installed in block 6.

7.6 Swimming Pools

7.6.1. Pool Statistics

The statistics table for February 2014 has been included below to compare the same time last year. We can see that swimmer numbers for February

were down on last year at Greytown and Martinborough Pools and slightly up for Featherston. Council staff heard rumours about the Greytown pool being too warm, so perhaps there was some truth to this and people were heading to the river!

Swimmer numbers for all pools February 2014

March	496	195	529	1220
TOTAL	6785	2286	5794	14865

Attendance numbers for the 2014/15 season are up on the 2012/13 season, increasing from 9739 to 14865 swimmers, a difference of 5126 swimmers. Greytown Pool swimmer numbers increased by 61%, Featherston by 26% and Martinborough by 56%. As a result of this revenue was up from \$16,899.30 for the 2013/14 season to \$28,412.80 for the 2014/15 season – a difference of \$11,513.50 which is a 68% increase. Overall, all three pools had very good seasons.

7.6.2. Featherston Pool

Artist Meg Campbell has been working with the Featherston Youth Group to repaint the murals at Featherston pool. The first mural has been completed and a second one will be done later in the year.

7.7 Campgrounds

7.7.1. Greytown campground

Statistics show March 2015 down in guests compared to the last two years. New lessees have been appointed and they took over on 8 April 2015. Ken Ryan and Nina Kyle have positive plans for the future of the campground and Council officers are looking forward to working with them.

7.8 Libraries

7.8.1. Featherston

Featherston library is having craft days for the school holidays – the first week is Minion and Ninja Turtle Crafts and the following week is ice-block stick crafts.

Featherston is also having a competition – every time you borrow some books you can go in the draw to guess the number of lollies in the jar. The nearest guess will win the jar full at the end.

8. Civil defence and emergency management

SERVICE LEVEL – People are prepared for a civil defence emergency.

The Community Resilience role will take a little longer due to Easter holiday breaks. The WREMO Duty Officer and Craig Hamilton will continue to be the points of contact.

Re: National Māori Basketball tournament. (Featherston Community Board)

Thank you for your letter of 23 February 2015. I apologise for the late response.

Thanks also to the Board that approved \$250 towards the costs of the tournament. I am pleased to announce that we have no bills to pay! YAY! All of the costs were met through sponsorship, fundraising and donations.

Our Featherston player, like all of our players, represented our region well. None of our three teams won their games but they didn't ever leave the court grumbling or disheartened. They held their own even when the scores of the opposing team were well into 3-digit figures. The Under 15 boys played against the most experienced players in the country yet they didn't give up and all of their efforts must be commended.

The list of sponsorship received is attached. Ex-Wairarapa people from around the country saw our kids in their Wairarapa sweatshirts and came to cheer us on.

The tournament presented all of our players with participation certificates and tournament balls at the conclusion of the tournament. What an amazing experience!

Of course we're going to do it again! Every year for as long as we can. I ruptured my Achilles on January 9th coaching the U15 boys and was lucky to have ACC provide a knee scooter to enable me to continue to coach from the side line during the tournament.

I appreciate the grant but we do not have any bills to pay. It could sit in the bank until we get underway after July with the next lot of teams. Māori Wardens are our fund holders and have a code set up for us in their books. They are also holding all of our uniforms as we represent all of the Wairarapa and not just one town.

Kei a koutou. I will leave with you the decision as to whether you still want us to have the grant 'post-tourney'. We also expect more participation from South Wairarapa as the word gets around.
