

Greytown Community Board

Minutes 8 June 2016

- Present:** Christine Stevenson (chair from 7:01pm), Ian Farley, Cr Margaret Craig, Cr Viv Napier and AJ Southey (student representative).
- In Attendance:** Paul Crimp (Chief Executive), Mayor Adrienne Staples and Suzanne Clark (Committee Secretary).
- Conduct of Business:** The meeting was conducted in public in the WBS Room, Greytown Town Centre on 8 June 2016 between 7:00pm and 8:00pm.
- Also in Attendance:** Mike Gray (Greytown Civil Defence Emergency Response Team) and Mark Shepherd (Connecting Communities).

PUBLIC BUSINESS

The Chief Executive in the chair

1. ELECTION OF CHAIRPERSON FOR 8 JUNE 2016 MEETING

Cr Napier nominated Christine Stevenson for the position of chairperson.

GCB RESOLVED (GCB 2016/27) that Christine Stevenson is elected to preside as chairperson for the meeting of the 8 June 2016.

(Moved Cr Napier/Seconded Cr Craig)

Carried

Christine Stevenson assumed the chair

2. APOLOGIES

GCB RESOLVED (GCB 2016/28) to receive apologies from Shane Atkinson and Leigh Hay.

(Moved Farley/Seconded Cr Napier)

Carried

3. CONFLICTS OF INTEREST

Christine Stevenson declared a conflict of interest with the application for financial assistance from Greytown Early Years as she founded the crèche.

4. PUBLIC PARTICIPATION

There was no public participation.

DISCLAIMER

Until confirmed as a true and correct record, at a subsequent meeting, the minutes of this meeting should not be relied on as to their correctness.

5. PRESENTATIONS

- 5.1 Mike Gray, Greytown Civil Defence Emergency Response Team
Mr Gray tabled an update and reported that the Greytown emergency radio had now been repaired and reinstated in the Town Centre. Mr Gray encouraged members to attend the Martinborough Community Resilience Planning meeting on the 25 June 2016. Arrangements had been made for easier volunteer access to the Town Centre in the event of an emergency. WREMO were hosting business continuity planning training sessions.

Mrs Stevenson left the meeting at 7:10pm.

Mrs Stevenson returned to the meeting at 7:11pm.

- 5.2 Mark Shepherd, Connecting Communities
Mr Shepherd introduced himself as the South Wairarapa Neighbourhood Support Coordinator, outlined the purpose of neighbourhood support, and encouraged members to let people know about the concept and to think about being a new group leader.

6. ACTIONS FROM PRESENTATIONS:

- 6.1 Greytown Civil Defence Emergency Response Team
Mrs Stevenson undertook to attend the Martinborough Community Resilience Planning meeting on the 25 June 2016.
- 6.2 Connecting Communities
Cr Napier undertook to advertise the Neighbourhood Support opportunity via the Community Board Facebook page.

7. COMMUNITY BOARD MINUTES/EXPENDITURE

- 7.1 Greytown Community Board Minutes – 27 April 2016
GCB RESOLVED (GCB 2016/29) that the minutes of the Greytown Community Board meeting held on 27 April 2016 be confirmed as a true and correct record.
(Moved Stevenson/Seconded Cr Craig) Carried
- 7.2 Action Items from Previous Meeting
Members discussed the actions and updates were provided.
Mr Farley undertook to arrange for Mr Alan Farley to pass on research regarding Arbor Day in Greytown to the Friends of Stella and Sarah.

DISCLAIMER

Until confirmed as a true and correct record, at a subsequent meeting, the minutes of this meeting should not be relied on as to their correctness.

- 7.3 Income and Expenditure Statement to 30 April 2016
GCB RESOLVED (GCB 2016/30) to receive the Income and Expenditure Statement to 30 April 2016.
(*Moved Stevenson/Seconded Cr Napier*)

Carried

8. OPERATIONAL REPORTS – COUNCIL OFFICERS

8.1 Officers' Report

Mr Crimp discussed Greytown Soaring Centre undertakings with members.

GCB RESOLVED (GCB 2016/31) to receive the information.

(*Moved Cr Craig/Seconded Farley*)

Carried

8.2 Change to Ordinary Meeting Schedule

GCB RESOLVED (GCB 2016/32):

1. To receive the information.
2. To agree to cancel the scheduled 12 October 2016 meeting on the Community Board schedule of ordinary meetings.
3. To note that the incoming Board will be asked to approve a schedule of ordinary meetings for the remainder of 2016 and all of 2017 at their first meeting of the triennium.

(*Moved Stevenson/Seconded Cr Craig*)

Carried

8.3 Community Liaison Group

GCB RESOLVED (GCB 2016/33):

1. To receive the information.
2. To nominate Christine Stevenson as the Greytown Community Board representative on the Greytown Waste Water Treatment Plant Community Liaison Group.

(*Moved Cr Craig/Seconded Cr Napier*)

Carried

8.4 Council Policies Report

Mr Crimp advised that the communication allowance was a general allowance to assist with councillor's phone and computer costs.

The Community Board had no feedback to provide on the policies.

GCB RESOLVED (GCB 2016/34) to receive the information.

(*Moved Stevenson/Seconded Cr Napier*)

Carried

DISCLAIMER

Until confirmed as a true and correct record, at a subsequent meeting, the minutes of this meeting should not be relied on as to their correctness.

9. COMMUNITY BOARD/COUNCILLOR REPORTS

9.1 Greytown Street Planting and Beautification

GCB RESOLVED (GCB 2016/35) that up to \$3,000 plus GST be approved as per the agreed budget and street beautification plan proposal for planting arrangements in 16 wine barrels.

(Moved Farley/Seconded Cr Napier)

Carried

GCB RESOLVED (GCB 2016/36) that up to \$1,500 plus GST be approved as per the agreed budget and street beautification plan proposal for purchase of street banners.

(Moved Cr Napier/Seconded Cr Craig)

Carried

9.2 Waiohine Floodplain Management

Cr Napier reported that the draft Waiohine Floodplain Management Plan has been released for public consultation and an information pamphlet sent to Greytown households. Drop-in centres are being run by Greater Wellington Regional Council (GWRC) and a hearing will be held to hear submissions in August 2016.

9.3 Local Government Commission

Cr Napier reported the Local Government Commission are consulting on local governance options for the Wairarapa and will be running drop-in centres and meetings.

9.4 Greytown Trails Trust

Cr Napier reported that the Trust would be planting beside the Trail in the vicinity of the Greytown Transfer Station. The Trust was working with GWRC to locate an alternative location for the proposed cycle bridge across the Ruamahanga River after failing to reach agreement with landowners to secure public access in the preferred location.

9.5 Greytown Youth Park

Cr Napier had attended a meeting where members viewed the proposed park spatial plan. Council's Amenities Manager was arranging meetings with neighbours to update them on progress and consider their feedback before finalising the location of various components.

9.6 General

GA5 and the Greytown Hub opening had a recent combined event.

GCB NOTED:

1. Action 336: Write to GWRC and ask that they review the Greytown SH2 bus stop size for suitability now that development including new curbing outside the new development area had

GREYTOWN COMMUNITY BOARD

20 JULY 2016

AGENDA ITEM 7.1

OFFICERS' REPORT

Purpose of Report

To update community boards and the Maori Standing Committee on general activities.

Recommendations

Officers recommend that the Community Board/Committee:

1. *Receive the information.*

CHIEF EXECUTIVE

1. Executive Summary

This period has been dominated by the preparation of the Annual Plan. While the consultation undertaken was not so much about rates increases, the body of work for this process is still substantial for elected members and officers alike.

A number of local authorities did not consult on their 2016/17 Annual Plan; the new legislation allows this choice if there is no material changes to the LTP. The feedback was that this was an excellent result; saving a tremendous amount of time and local authorities should consider this seriously if there is not a substantive change to the LTP.

The proposed rates increase is in line with that forecast some 12 months ago in the long term plan. This signals our planning, forecasting and understanding of requirements into the future is sound.

I had an interesting session with members of Gliding New Zealand. The GNZ AGM was held in Wellington, and about 30 members took the opportunity to come across and visit the Papawai operation. The members recognised the collaborative approach, and that they should pitch gliding to Councils from an economic development and youth perspective, rather than a sporting and amenity perspective. Also, while some gliders are very expensive, the majority are a similar price to a powerboat, or half the price of a large car, so countering the myth that gliding is an elitist sport was important.

Finally, it is always a pleasure to attend the citizenship ceremonies we hold. The enthusiasm of the new (and some not so new) residents is heart warming and reminds us we live in a great country.

2. Governance/Leadership/Advocacy

The following table provides the year to date results for KPI's set for the Governance output [note this report updated and is as at 30 June 2015]

GOVERNANCE, LEADERSHIP AND ADVOCACY MEASURING SERVICE DELIVERY PERFORMANCE				
SERVICE LEVEL	KEY PERFORMANCE INDICATORS			
		2014/15	RESULTS	COMMENTS
Opportunities are provided for the community to have its views heard	Ratepayers and residents feel they can contact a Council member to raise an issue or problem	75%	73% (2010/11 survey 75%)	The customer satisfaction survey was carried out during 2014/15. In addition to the 73% (2011 75%) positive response, 16% (2011 14%) felt they were unable to comment.
	Ratepayers and residents feel that the Mayor and councillors give a fair hearing to their views	75%	62% (2010/11 survey 55%)	The customer satisfaction survey was carried out during 2014/15. In addition to the 62% (2011 55%) positive response, 21% (2011 28%) felt they were unable to comment.
Council determines what activities it should engage in through consultation and regulatory requirements then sets clear direction	Ratepayers and residents are satisfied with Council's decisions and actions	50%	59% (2014 survey 76%)	A Public Booster survey was carried out in 2015 in addition to the 59% 11% felt they were unable to comment. The full customer satisfaction survey was carried out during 2014/15. In addition to the 76% (2011 73%) positive response, 8% (2011 9%) felt they were unable to comment.
	Ratepayers and residents are satisfied with how Council allocates rates/funds to be spent on the services and facilities provided (target peer group age)	78%	64% (2010/11 survey 59%)	The customer satisfaction survey was carried out during 2014/15. In addition to the 64% (2011 59%) positive response, 14% (2011 9%) felt they were unable to comment.
Community Boards make decisions that consider local issues	Community Board decision - making reports on local issues	90%	Greytown 92% (2014 100%) Featherston 95% (2014: 96%) Martinborough 95% (2014: 95%)	This measure reports on the percentage of resolutions made that relate solely to local issues.
	% of ratepayers and residents who know how to contact a community board member	65%	65% (2010/11 survey 52%)	The customer satisfaction survey was carried out during 2014/15. In addition to the 64% (2011 59%) positive response, 14% (2011 9%) felt they were unable to comment.
Opportunities are available to raise local issues and understand what will happen as a result	Ratepayers and residents satisfied with the way Council involves the public in the decision it makes	65%	49% (2010/11 survey 50%)	The customer satisfaction survey was carried out during 2014/15. In addition to the 49% (2011 50%) positive response, 26% (2011 25%) indicated they were neither satisfied nor dissatisfied, and 5% (2011 5%) felt they were unable to comment.
Opportunities are available to raise issues relating to Maori through the Maori Standing Committee	The Maori Standing Committee makes recommendations to Council in relation to policy and plan development and resource management applications	100% applicable applications		Maori Standing Committee met on 8 occasions. In total 3 resource consent applications were considered, however due to the timing of the meetings 9 were considered outside normal meetings.

2.1 Local Government Commission

As a reminder, the Commission has a number of workstreams in their general review across the region:

- Water (high level review of operations western part of region)
- Transport
- Spatial planning
- Communities of interest
- Wairarapa

We have generally been involved in the Transport and Wairarapa aspects of this work.

The Commission has commenced public consultation on the various options being considered, with public meetings and drop in sessions in each of the towns over the coming weeks.

3. Strategic Planning and Policy Development

3.1 Meetings/Conferences

3.1.1. Chief Executive Forum

Two CE forums were attended. Matters covered were Local Government Commission on their work streams for the region, NZTA update on key projects, WREDA and Wellington Water (on the need for the member councils to have one approach to H & S policies).

3.1.2. Combined Council

We hosted this meeting at Greytown, topics covered were: "let's get Wellington moving; Wairarapa water use project; Ruamahanga Whaitua update; and Local Government Commission.

3.1.3. Rural and Provincial

Another interesting agenda. The main R & P meeting was preceded by separate CE's and Mayoral forum. The CE forum covered Building Control reforms, metadata standards for infrastructure, social housing, annual plan consultation, health and safety, and EQP buildings.

The main session included presentation from each of the Green, ACT, and New Zealand First parties. Also covered were Tourism, Ministry of Social Development, and Dame Margaret Bazley on ECan progress. The meeting was rounded out by presentations from Statistics Dept (again on data) and the Local Government Commission.

3.1.4. Community Boards

Rounding out the main meeting schedule was the six weekly round of community board meetings.

3.2 Annual Plan

Another successful annual plan public consultation round has been completed, with 100 submitters raising nearly 500 points for consideration.

3.3 Rates Arrears (Incl. GST)

DATE	AMOUNT \$'000	NUMBER	DAYS SINCE INSTALMENT DUE	SWDC COMPONENT \$'000 (81%)
1 June 2012	\$855	722	10	\$692
19 June 2012	\$730	632	31	\$591
10 September 2012	\$947		21	\$767
15 February 2013	\$820	565	57	\$664
17 June 2013	\$913	740	27	\$739
4 March 2014	\$1,033	863	12	\$836
14 April 2014	\$954	675	53	\$773
19 August 2014	\$818	592	91	\$663
30 September 2014	\$1,008	809	37	\$816
11 November 2014	\$770	627	83	\$623
27 January 2015	\$672	537	68	\$544
2 March 2015	\$784	798	10	\$635
25 May 2015	\$762	803	3	\$617
3 July 2015	\$624	669	39	\$505
18 August 2015	\$580	547	59	\$470
11 November 2015	\$498	572	83	\$404
1 February	\$521	558	73	\$422
30 March	\$651	531	27	\$527
2 May	\$489	428	72	\$396
2 June	\$699	769	12	\$566

Arrears are further analysed in the table below:

Arrears analysis as at 01/06/2016 12 days since last installment					
		# Properties	Arrears	Outstanding	TOTAL
Featherston	Urban	224	\$12,449.94	\$193,160.83	\$205,610.77
	Commercial	11	\$1,202.14	\$17,520.85	\$18,722.99
Greytown	Urban	118	\$21,023.97	\$88,195.51	\$109,219.48
	Commercial	12	\$-	\$11,485.30	\$11,485.30
Martinborough	Urban	113	\$7,926.40	\$91,260.85	\$99,187.25
	Commercial	11	\$-	\$6,077.09	\$6,077.09
Rural		280	\$46,625.38	\$202,091.07	\$248,716.45
TOTAL		769	\$89,227.83	\$609,791.50	\$699,019.33

This report is quite close to the installment date and so the usual increase is noted as a number of ratepayers miss the installment.

Since the above report was prepared, we have sent out reminder letters to the 769 ratepayers, indicating that their account is in arrears and that should this situation remain we will make formal demand on their mortgage holder, or commence legal proceedings. While these letters are quite clear in outlining the next steps, they are toned in a way that should not be offensive.

Following these letters, we have received \$127K in payments from 174 ratepayers, leaving \$572K owing from 595 properties.

4. Corporate

4.1 Occupational Health and Safety

We continue to make good progress on health and safety matters, assisted by Major Consulting.

The health and safety committee has been meeting regularly and producing a string of recommendations for consideration. This group is to be commended for their attitude in tackling their tasks.

The 4wd driver training course was held and very successful. It is intended to run other driver training courses in the near future.

Attached as Appendix 1 is the latest H & S report covering the period 1 March to 31 May 2016.

4.2 LGOIMA Requests

TOPIC OF INFORMATION REQUEST	REQUEST RESPONSE
Councillor who has served longest	Cr Viv Napier
Payments made for IWI Consultation in each of past two years	None
Litter infringements	Details provided
Details of numbers of unmarked graves in district	Details being collected and requester advised of progress
Colony Cage farming application details	No applications are current or have been processed by Council relating to this method of egg production
Is Council is conducting sustainability reporting on council activities (printing, transport, water/energy usage)	
Papawai Soaring Centre Noise complaints	
Pain Farm - details of legal/judicial reviews for past 5 years. Details of annual accounts past 7 Years	No reviews but legal opinion sought in respect of bequest but details withheld. Accounts provided.
76 Tilsons Road, Greytown- details of land leased and the use of those areas /conditions etc.	
Has Wairarapa Water requested funding from SWDC? Does any elected council members have a declared or undeclared pecuniary conflict of interest

<ul style="list-style-type: none"> •Shane Sykes •Kereana Sims 	<ul style="list-style-type: none"> •1 H&S at Work Team member and 1 Team Leader attended Accident & Incident reporting and investigation training. •15 staff attended 4 wheel drive defensive driver training. •3 staff from libraries attended Red Cross Essential First Aid training. 	<ul style="list-style-type: none"> •Contractor grinding window surrounds in close proximity to staff. Contractor was not wearing safety goggles or ear protection. •Floor mats and slippery linoleum in reception. 	<ul style="list-style-type: none"> •Staff member stopped a contractor from working who was not wearing the correct PPE for the job.

Health and Wellness programme

HealthCare benefit

Some have used the money to take up swimming, gym memberships, massage, tramping boots, dancing shoes, golf clubs.

Staff member 1: "I used mine to buy a bike and some weights. I go for a bike ride before I come to work. I use the weights to do weight exercises I learnt from the gym. Definitely worth it, really worth having. You can put the money towards something healthy – even if it is just a pair of sneakers or a gym membership".

Staff member 2: "I used to buy boring shoes, but my most recent purchase was a fishing rod. I love it, my husband taught me how to fish and I have successfully learnt how to fish – I've caught around 20 or more".

Health and Safety incidents (Lag indicators)

Non-injury incidents	Injuries requiring first aid, medical treatment (incl first aid register)	Number lost time injuries	Our learnings
<ul style="list-style-type: none"> •Vehicle collision resulting in damage to vehicle. No injury to staff member. •Fire at Featherston Green waste plant. EarthCare working on site at time fire broke out. No injuries. EarthCare undertaken incident investigation and providing SWDC with an incident report. 	<ul style="list-style-type: none"> •Staff member sprained knees while catching stock wandering on roads. Doctors visit and medication prescribed. 	<ul style="list-style-type: none"> •No lost time injuries. 	<ul style="list-style-type: none"> •Need to increase staff awareness of road code changes and extra care required at intersections. •Identify hazardous roads and intersections in South Wairarapa district.

Health and Safety strategy

Progress on Health and Safety work plan

- Reporting system set up for hazards, near miss incidents, accidents and incidents.
- Baseline hazard identification exercise completed, risks assessed and controls identified.
- First aid register information being recorded.
- Health and safety policy approved and rolled out to managers.
- Health and safety policies and staff handbook drafted and reviewed by H&S at Work Team.
- Staff all given one page Health and Safety at SWDC, outlining what they need to know and their roles.
- Meeting held with Managers to talk through leading health and safety at SWDC, hazard management and accident and incident management systems and their roles.
- Project undertaken by Major Consulting Group to look at security in Service centres.

Engaging with our people

Health and Safety at Work Team continue to work hard and have made great progress since their forming late last year, they have worked on:

- The Health and Safety at Work Team Charter and vision
- Our Health and Safety Policy
- Compiling our hazard register, assessing risk and recommending controls
- Putting in place controls
- Checking out H&S training options
- Investigating incidents
- Reviewing our H&S documentation, processes and check sheets
- Keeping us on track with our health and safety work plan.

Staff

Staff meetings

Staff have attended training session on changes to the Health and Safety at Work Act and what it means for Council.

Staff attended a health and safety update on progress council has made on delivery of our Health and Safety strategy, and understanding their roles. All staff have H&S on a page for display in their work areas.

Managers attended a meeting to talk about how we embed health and safety in our business, progress we have made and their roles as leaders in health and safety.

Housekeeping checks

Health and Safety at Work Team have undertaken 2 housekeeping checks of Council offices, Martinborough. Some areas identified to work on, however overall an improvement from the first housekeeping check.

Working with our contractors

Health and Safety information session held with 18 contractors on H&S at Work Act, their obligations, and working with Council. Paul introduced the session and Mark, Helen and Julie presented and Council staff who work with contractors attended. The session was well received.

Council walk around and learnings

No walk arounds to report.

PLANNING AND ENVIRONMENT GROUP

1. Resource Management

1.1 Resource Management Act - District Plan

SERVICE LEVEL – Council has a Combined District Plan that proves certainty of land-use/environmental outcomes at the local and district levels.

RESOURCE MANAGEMENT KEY PERFORMANCE INDICATORS	TARGET 2015/16	YTD RESULT	COMMENT SOURCE, AND ACTIONS TAKEN TO ACHIEVE TARGET
Ratepayers and residents satisfied with the image of the closest town centre shown as "satisfied"	72%	92%	NRB 3 Yearly Survey
The district plan has a monitoring programme that provides information on the achievement of its outcomes (AER's)	Yes	-	Work has begun to change how data is recorded and stored in NCS so as to enable more effective reporting against AER's in WCDP.

A process to engage landowners within the Future Development Area for Greytown has commenced. The consultants undertaking this work for Council, have now written to landowners to make initial contact and in so doing set out what the project entails.

This step was a prerequisite to the consultants seeking specific access rights to the land for other investigations.

While the work plan is currently running behind schedule (due to delays in the availability of a soil expert – NES Contaminated Sites requirement), the project is now gaining some momentum.

Further updates will be provided by the consultants on the development of the structure plan as the work progresses.

Initial work on updating the protected trees schedule in the WCDP has finally begun. This has been delayed due to consenting pressures as outlined below.

Due to additional Ministry for Environment RMA reporting requirements, we have recently purchased an updated module for the NCS computer system we operate.

This will speed up the process of collecting and collating data for forwarding onto MfE as part of the Ministers annual report on TA performance under the RMA.

1.2 Resource Management Act - Consents

SERVICE LEVEL – All resource consents will be processed efficiently.

RESOURCE MANAGEMENT KEY PERFORMANCE INDICATORS	TARGET 2015/16	YTD RESULT	COMMENT SOURCE, AND ACTIONS TAKEN TO ACHIEVE TARGET
Consent applications completed within statutory timeframes	100%	96.04%	NCS
s.223* certificates issued within 10 working days	100%	100%	NCS (manually corrected as on-hold times not recognised by NCS)
s.224* certificates issued within 15 working days of receiving all required information (note no statutory requirement)	85%	100%	NCS

Council received a further 19 applications between May 3rd 2016 and June 2nd 2016. When compared to the long term average of 8-9 per month numbers remain very high.

As noted in the last PE Group Activity Report the processing of resource consents is therefore under pressure. This continues to impact on our ability to do other work. Consequently, we have contracted out 7 resource consents for external processing to date.

Officers provide detailed information as part of regular updates, subject to data availability, on all consents direct to Council and Community Board members, so this information is not listed here.

1.3 Reserves Act – Management Plans

SERVICE LEVEL – Council has a reserve management plan programme.

RESOURCE MANAGEMENT KEY PERFORMANCE INDICATORS	TARGET 15/16	YTD RESULT	COMMENT SOURCE, AND ACTIONS TAKEN TO ACHIEVE TARGET
Council maintains and updates reserve management plans as required.	1	0	No action required

1.4 Local Government Act – LIM's

SERVICE LEVEL – Land Information Memoranda: It is easy to purchase information on any property in the District.

RESOURCE MANAGEMENT KEY PERFORMANCE INDICATORS	TARGET 15/16	YTD RESULT	COMMENT SOURCE, AND ACTIONS TAKEN TO ACHIEVE TARGET
My LIM contains all relevant accurate information (no proven complaints)	100%	100%	No complaints received to date. All information provided to applicants as required by LG Act.
My non-urgent LIM is processed within 10 days	100%	100%	All processed within statutory timeline.

The number of applications for LIMS remains at a very high level as reported in the last PE Group Report. This continues to pressurize work flows within the group and in other areas of Council.

The previously predicted end of year total (336) for all LIMs is very likely to be exceeded.

TYPE	YTD 1 JULY 2015 TO 1 MAY 2016	PREVIOUS YTD 1 JULY 2014 TO 1 MAY 2015	PERIOD 1 MAY 2016 TO 31 MAY 2016	PREVIOUS PERIOD 1 MAY 2015 TO 31 MAY 2015
Standard LIMs (Processed within 10 working days)	179	109	20	18
Urgent LIMs (Processed within 5 working days)	54	95	11	13
Totals	311	271	31	31

2. Public Protection

2.1 Building Act - Consents and Enforcement

SERVICE LEVEL - Council certifies all consented work complies with the building code, ensuring our communities are safe. The Council processes, inspects, and certifies building work in my district.

PUBLIC PROTECTION KEY PERFORMANCE INDICATORS	TARGET 2015/16	YTD RESULT	COMMENT SOURCE, AND ACTIONS TAKEN TO ACHIEVE TARGET
Code Compliance Certificate applications are processed within 20 working days	100%	100 %	NCS – Continued monitoring of processing days.
Building consent applications are processed within 20 working days	100%	99.69 %	NCS – Continued monitoring of processing days.
Council maintains its processes so that it meets BCA accreditation every 2 years	Yes	Yes	Next IANZ review set for January 2016
Earthquake prone buildings reports received	70%	63.43 %	Currently 144/227 known premises have been addressed. National changes proposed by the Government may result in changes to the numbers of premises affected.

Work on setting up electronic processing of Building Consents is well advanced. Consent applications are now immediately scanned into the Trapeze processing module. We have found that the system is more time consuming to date, than using hardcopy, but this will change in time as the system becomes more familiar for staff and all the “teething” issues are ironed out and as a whole it functions as we want.

TYPE	NUMBER	VALUE
Commercial (shops, restaurants, rest home – convalescence, restaurant /bar / cafeteria / tavern, motel, commercial building demolition - other commercial buildings)	0	0
Industrial (covered farm yards, building demolition, warehouse and/or storage, factory, processing plant, bottling plant, winery)	2	\$68,251.00
Residential (new dwellings, extensions and alterations, demolition of building, swimming and spa pools, sleep-outs, garages, relocations, heaters, solid fuel heaters.	8	\$2,665,251.00
Other (public facilities - schools, toilets, halls, swimming pools)	0	0
Totals	10	\$2,733,502.00

2.2 Dog Control Act – Registration and Enforcement

SERVICE LEVEL – Dogs don't wander freely in the street or cause menace to humans or stock.

PUBLIC PROTECTION KEY PERFORMANCE INDICATORS	TARGET 15/16	YTD RESULT	COMMENT SOURCE, AND ACTIONS TAKEN TO ACHIEVE TARGET
Undertake public education, school and community visits to promote safe behaviour around dogs and/or responsible dog ownership	3 visits	6	Education programme targeting schools is in progress using the Christchurch City Council Dog Smart programme.
Complaints about roaming and nuisance dogs are responded to within 4 hours	100%	100%	K:\resource\Bylaw Officers\Registers\Animal Control Service request register.xls

Dog registration application reminders for the 2016/17 registration year have been sent out to dog owners last week (17/6/2016). It is expected that the registration process will run smoother this year (fewer enquiries) given that the fees have remained the same as last year.

INCIDENTS REPORTED	1 MAY TO 31 MAY 2016
Attack on Pets	1
Attack on Person	0
Attack on Stock	0
Barking and whining	1
Lost Dogs	7
Found Dogs	0
Rushing Aggressive	0
Wandering	11
Welfare	0
Total	20

Wandering dog reports continue to trigger the bulk of Councils enforcement activities (29 last month, 11 this month).

A review of how we approach this problem will be undertaken in the next few months to see if a more proactive stance can be taken.

A greater focus on messaging dog owners as to what is permissible under the Act, Council policy and the bylaw will be examined. An improved monitoring and stricter enforcement approach will be considered as part of that as well.

Part of that may be picked up under a responsible owner policy which Council has asked staff to investigate and report back on. That work will be reported on at the August meeting.

2.3 Public Places Bylaw 2012 - Stock Control

SERVICE LEVEL – Stock don't wander on roads, farmers are aware of their responsibilities.

PUBLIC PROTECTION KEY PERFORMANCE INDICATORS	TARGET 15/16	YTD RESULT	COMMENT SOURCE, AND ACTIONS TAKEN TO ACHIEVE TARGET
Stock causing a traffic hazard is responded to within 1 hour	100%	100%	No incidents to date have not been responded to within the time frame due to the remoteness K:\resource\Bylaw Officers\Registers\Animal Control Service request register.xls
Council responds to complaints regarding animals within 40 hours	100%	100%	K:\resource\Bylaw Officers\Registers\Animal Control Service request register.xls
Council responds to complaints regarding animals within 48 hours.	100%	100%	K:\resource\Bylaw Officers\Registers\Animal Control Service request register.xls

STOCK INCIDENTS REPORTED

5

2.4 Resource Management Act – after hours Noise Control

SERVICE LEVEL – The Council will respond when I need some help with noise control.

AFTER HOURS NOISE CONTROL COMPLAINTS RECEIVED	YTD 1 JULY 15 TO 31 MAY 16	PREVIOUS YTD 1 JULY 14 TO 31 MAY 15	PERIOD 1 MAY 16 TO 31 MAY 16	PREVIOUS PERIOD 1 MAY 15 TO 31 MAY 15
Total	121	173	3	3

2.5 Sale and Supply of Alcohol Act - Licensing

SERVICE LEVEL – The supply of liquor is controlled by promoting responsible drinking.

PUBLIC PROTECTION KEY PERFORMANCE INDICATORS	TARGET 2015/16	YTD RESULT	COMMENT SOURCE, AND ACTIONS TAKEN TO ACHIEVE TARGET
Premises are inspected as part of licence renewals or applications for new licences.	100%	100%	All premises inspected at new or renewal application.
Premises that are high or medium risk are inspected annually, while low risk premises are audited no less than once every three years.	100%	100%	All premises inspected at new or renewal application.
Compliance activities are undertaken generally in accord with the Combined Licensing Enforcement Agencies agreement.	100%	100%	

ALCOHOL LICENCE APPLICATIONS PROCESSED	YTD 1 JULY 2015 TO 31 MAY 2016	PREVIOUS YTD 1 JULY 2014 TO 31 MAY 2015	PERIOD 1 MAY 2016 TO 31 MAY 2016	PREVIOUS PERIOD 1 MAY 2015 TO 31 MAY 2016
On Licence	25	20	0	1
Off Licence	26	22	1	2
Club Licence	6	2	0	1
Manager's Certificate	104	79	10	8
Special Licence	42	39	1	4
Temporary Authority	5	9	1	0
Total	221	170	13	16

2.6 Health Act - Safe Food

SERVICE LEVEL – Food services used by the public are safe.

PUBLIC PROTECTION KEY PERFORMANCE INDICATORS	TARGET 2015/16	YTD RESULT	COMMENT SOURCE, AND ACTIONS TAKEN TO ACHIEVE TARGET
Premises have appropriate FMP in place and meet the risk based standards set out in the Plan.	100%	100%	NCS data
Premises are inspected in accord with regulatory requirements.	100%	100%	NCS data

2.6.1. Bylaws

Three litter complaints were received from 1 May 2016 to 31 May 2016. No long grass notices were issued. 12 letters regarding overgrown trees and hedges were issued. One abandoned vehicle was reported.

Contact Officer: Murray Buchanan, Group Manager, Planning and Environment

INFRASTRUCTURE AND SERVICES

1. Group Manager highlights

The last 6 weeks has had a diverse range of issues and discussions. The Ruamâhanga Whaitua Committee Stakeholder Engagement Workshop, with updates from the Collaborative Modelling Project, was interesting to attend. The progress of the Collaborative Modelling Project included the modelling on hydrological surface water in hill country, groundwater hydrology and flow, surface water flow and components of economic modelling. Looking at the work completed it shows how important the work done on South Wairarapa District Council's (SWDC) 'wastewater to land' strategy is in the bigger picture of Wairarapa water bodies.

The interviewing for water race steering group positions and starting the processes for the two Waste Water Treatment Plants consents is moving SWDC towards better water management with several long term outstanding consent conditions now signed off as well as some of the start-up conditions for the new consents. Work is continuing on getting the liaison groups together for the wastewater plants and developing the various management plans. With the Featherston wastewater consent continuing in development it is anticipated to be lodged early August. These works and the continuation of the Woodside bores project and new treatment facility for Featherston and Greytown emphasises the amount of work being done across water races, waste water and water supplies.

Another area of development has been that of Contractor Health and Safety with a session being held in council for local contractors to update them on legislation and processes. Council is keen to retain and assist smaller local contractors to ensure they have the systems to be able to meet the new legislative compliance. The session was a success with local contractors and council sharing their knowledge of the changes and what was being done in the process.

The Wellington Regional Waste Minimisation Management Plan Joint Committee is continuing on with the management plans review. The timelines are covered in the waste management section of this report. With the Section 17a review in draft for the three Wairarapa councils this review will be important when considering the future options for waste management in the Wairarapa.

Our new Roding Manager, Kereana Sims, has started and was introduced to council at the Infrastructure and Planning Working Party meeting. A "Point Of Entry" meeting with the New Zealand Transport Agency (NZTA) and the three Wairarapa councils was held in Carterton looking at the possibility of collaboration on the business case approach to the asset management plans as well as the One Network Road Classification transition plans. It was highlighted that while each council has its own idiosyncrasies such as the Special Purpose Roads, there is more in common than not.

The Civil Defence Emergency Management Emergency Operations Centre training mini exercise held in Masterton went well and is continuing to develop and train staff in a variety of events. This being a storm event with

flooding was easily understood as many involved had years of experience in dealing with similar real events to that of the simulation.

Wairarapa Engineering Lifelines Association (WELA) meetings have been held and further workshops planned for the Wairarapa and Wellington regions. These meetings have highlighted the complexities of not only dealing with multiple councils' infrastructure but that of telecommunications and other private infrastructure in an emergency.

The SH2 Te Marua to Masterton Business Case Workshop 4 Option Assessment was attended by officers, elected as well as numerous other agencies to assess the long list of programme options and shortlist the options for the recommended programme.

Officers also met with City Care Ltd, the provider of council's amenities and waters contracts as well as afterhour's customer service. With the sale of the Christchurch City Council Council Controlled Organisation, City Care Ltd, signalled some time ago it is anticipated that the preferred option will be known by the end of June. Post the decision, discussions will be held with the current contract holders over the flowing months.

2. Water supply

SERVICE LEVEL – Council provides reliable and safe drinking water supplies. Water provided is safe to drink and there is adequate water for urban firefighting.

2.1 Key Performance Indicators

WATER SUPPLY KEY PERFORMANCE INDICATORS	TARGET 2015/16	COMPLAINTS		INCIDENTS	
		May	YTD	May	YTD
The average consumption of drinking water per day per resident within the territorial authority	<400 Lt	691	741		
Compliance with resource consent conditions/water permit conditions to "mainly complying" or better	95%				
Water supply systems comply with Ministry of Health Bacteriological Drinking Water Standards guidelines 2000*	95%				
Water supply systems comply with Ministry of Health Protozoa Drinking Water Standards guidelines 2000	95%				
The total number of complaints received by the local authority about drinking water taste per 1000 connections	<15	1 per1000 connections (4 complaint)	1.25 per1000 connections (5 complaint)	4	5
The total number of complaints received by the local authority about drinking water odour per 1000 connections	<15	1 per1000 connections (4 complaint)	1.75 per 1000 connections (7 complaint)	4	7
The total number of complaints received by the local authority about drinking water pressure of flow per 1000 connections	<15	0	3.6 per 1000 connections (14 complaints)	0	14
The total number of complaints received by the local authority about continuity of supply per 1000 connections	<15	0	4 per1000 connections (16 complaints)	0	16
The total number of complaints received by the local authority about drinking water clarity per	<15	0.5 per1000	2.5 per1000 connections	2	10

WATER SUPPLY KEY PERFORMANCE INDICATORS	TARGET 2015/16	COMPLAINTS		INCIDENTS	
1000 connections		connections (2 complaint)	(10 complaint)		
Ratepayers and residents satisfied with level of service for water	75%				
Attendance for urgent call-outs: from the time that the local authority receives notification to the time that service personnel reach the site	< 1 Hr	(6/12) 50%	-	12	51
Resolution of urgent call-outs: from the time that the local authority receives notification to the time that service personnel confirm resolution of the fault or interruption	< 8 Hrs	(8/12) 67%	-	12	51
Attendance for non-urgent call-outs: from the time that the local authority receives notification to the time that service personnel reach the site	< 2 working days	18/21 (86%)	-	21	308
Resolution of non-urgent call-outs: from the time that the local authority receives notification to the time that service personnel confirm	< 5 working days	19/21 (90%)	-	21	308
Fire hydrants tested annually that meet NZ Fire Service Code of Practice	20%	0%	0%		
The % of real water loss from the local authority's networked reticulation system identified by establishing and measuring night flow	<20%				

2.2 Services

2.2.1. Water supply capital improvements Featherston

The Revans Street, Featherston water main renewal started on 2 May. Work was held up for a number of days due to the severe weather and high winds in mid-May which forced the contractors to shut down the site. Traffic management signs were being picked up by the wind and causing a potential safety issue. Aside from this, the project has been running well and the use of a pipe thruster has greatly reduced traffic management and reinstatement costs as it eliminated the need to open trench the water laterals across the street. The contractors hope to have the job completed by the end of June.

The Alternative Supply Project, Stage 1 contract works, which include the bore field and pipeline works as reported earlier, are substantially complete. The bores have been supplying the UF plant with water to check the operation of the bores and reduce the maintenance with the improved water supplied. Both Featherston and Greytown are supplied from the UF plant to test the capacity of the bores. The system will then be subject to a 12 month maintenance period.

Stage 2 Design and Documentation went out to tender on 13 June 2016. Completion and commissioning of the new upgrade plant is expected before December 2016.

2.3 Water treatment plants

The Waiohine, Greytown and Martinborough plants operated routinely over the period.

Council received a number of water quality and taste issues in Featherston. However, on-site taste testing and the laboratory sampling results could not pinpoint the problem. The number of calls about water quality and taste issues indicate operations are back to normal.

2.4 Water reticulation

There were 14 reticulation repairs reported and rectified during the period.

2.5 Water races

Routine monthly inspections and blockage clearing of the water race network has been performed by council contractors, City Care Ltd, to maintain satisfactory flows. There were 10 accounts for blockage clearing or no water flow for the Moroa and Longwood network over the period.

3. Waste water

SERVICE LEVEL – Council provides waste water services that effectively collect and dispose of waste water. Waste water does not create any smells, spill or health issues and causes minimal impact on the natural environment.

3.1 Key Performance Indicators

WASTE WATER KEY PERFORMANCE INDICATORS	TARGET 2015/16	COMPLAINTS		INCIDENTS	
		May	YTD	May	YTD
Number of blockages per 1000 connections	<10	4 complaint	38 complaints	1 per 1000 connections (4 blockage)	9.5 per 1000 connections
Ratepayers and residents satisfaction with waste water services	70%	Annual survey	Annual survey	Annual survey	Annual survey
Number of dry weather sewerage overflows per 1000 connections	<10	-	-	0 per 1000 connections (0 overflow)	1.5 per 1000 connections (6 overflows)
Attendance time: from notification to arrival on site	< 1 Hr	-	-	2/4 (50%)	57
Resolution time: from notification to resolution of fault	< 4 Hrs	-	-	4/4 (100%)	57
% of resource consent conditions complied with to mainly complying or better*	90%				
No. of abatement notices	<2				
No. of infringement notices	0				
No. of enforcement notices	0				
No. of convictions	0				
No. of complaints per 1000 connections received about sewage odour	< 15	0	1 per 1000 connections (4 complaints)	0	4
No. of complaints per 1000 connections received about sewage systems faults	< 15	0	2 per 1000 connections (8 complaints)	0	8
No. of complaints per 1000 connections received about sewage system blockages	< 15	1 per 1000 connections (4 complaint)	39 9.5 per 1000 connections	4	39
No. of complaints per 1000 connections received about the response to issues with	< 15	0	0.2 per 1000 connections	0	1

WASTE WATER KEY PERFORMANCE INDICATORS	TARGET 2015/16	COMPLAINTS		INCIDENTS	
		May	YTD	May	YTD
sewage			(1 complaint)		
Proportion of urgent waste water service requests responded to within 6 hours of notification	95%	4/4 100%	-	4/4 (100%)	39

3.2 Waste water treatment plants

3.2.1. Capital and consents

The preliminary design inputs for the improvement works at the Greytown and Martinborough sites are underway. The objective is to deliver the initial stages of the land treatment infrastructure for each site by next summer at the latest. A number of the early consent conditions are completed and the management plans are progressing. These works will be delivered ahead of the resource consent time frame.

3.2.2. Operational

Lake Ferry and Martinborough plants operated routinely during the period with no reported issues.

The trade waste discharger identified in July 2015 is working with Officers now to reduce the contamination in their waste. Greytown Waste Water Treatment Plant (WWTP) has been closely monitored since the start of the processing season. Council Officers are working with the trade waste dischargers to make sure the impact on the WWTP is minimised.

3.2.3. Waste water reticulation

There were 4 pipeline blockages reported during the period.

4. Storm water drainage

SERVICE LEVEL – Stormwater drains are well operated and maintained by the Council.

4.1 Key Performance Indicators

STORM WATER DRAINAGE KEY PERFORMANCE INDICATORS	TARGET 2015/16	COMPLAINTS		INCIDENTS	
		MONTH	YTD	MONTH	YTD
% of ratepayers and residents satisfied with stormwater drains	54%	Annual survey	Annual survey	Annual survey	Annual survey
% of urgent (any blockage causing extensive flooding of buildings or other serious flooding) requests for service responded to within 5 hours	95%	0	0	0	0
No. of flooding events	0	0	0	0	0
No. of habitable floors affected per flooding event per 1000 properties connected	0	0	0	0	0
No. of abatement notices	0				
No. of infringement notices	0				
No. of enforcement notices	0				
No. of convictions	0				

STORM WATER DRAINAGE KEY PERFORMANCE INDICATORS	TARGET 2015/16	COMPLAINTS		INCIDENTS	
Median Response time to flooding events (Notification to personnel reaching site in hrs)	3	-	-	0	0
No. of complaints about stormwater per 1000 properties connected	0	0	0	0	0

There has been very little rain over the period so all systems operated routinely and within available capacity during the period.

5. Solid waste management

SERVICE LEVEL – Recycling stations are accessible and maintained. Refuse and recycling collection services are provided and waste minimisation actively promoted.

5.1 Key Performance Indicators

SOLID WASTE MANAGEMENT KEY PERFORMANCE INDICATORS	TARGET 2015/16	COMPLAINTS		INCIDENTS	
		MONTH	YTD	MONTH	YTD
Number of communities with recycling centres	6				
Volume of waste disposed out of district	Decreasing by 2.5%	Decreased by 17% for December	-	-	-
% of ratepayers and residents satisfied with the level of service	80%	Annual survey	Annual survey	Annual survey	Annual survey

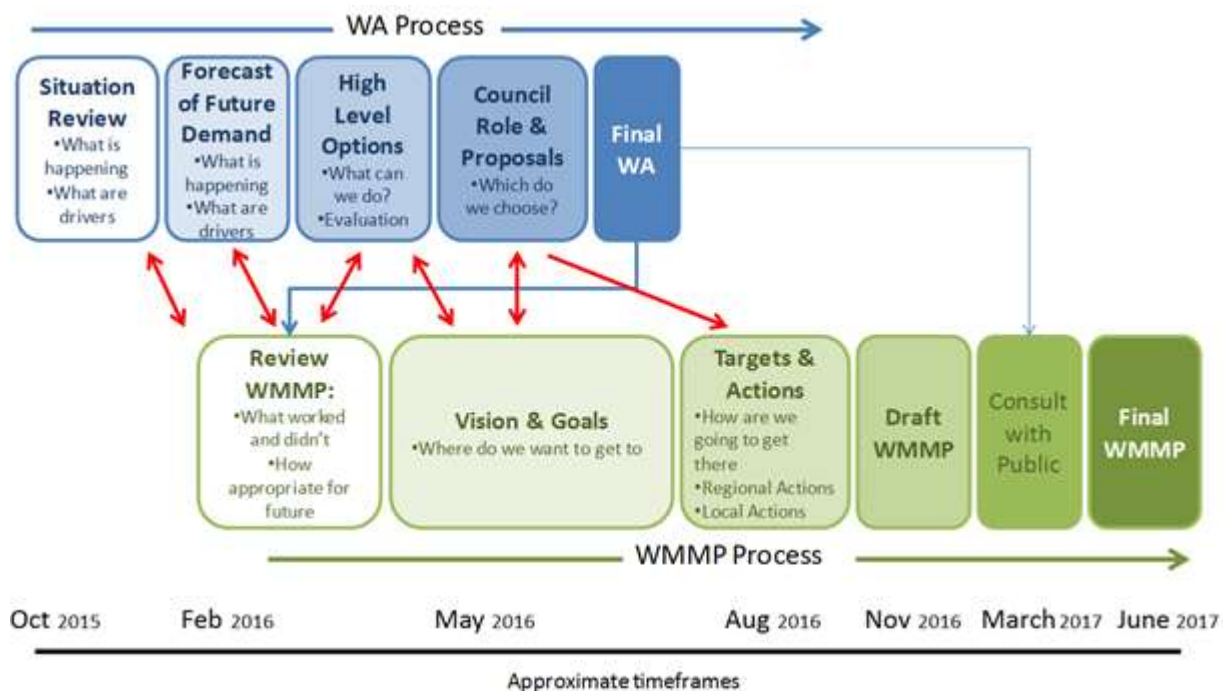

5.2 Waste management

Routine services have been delivered successfully over the period.

5.3 Regional Waste Minimisation and Management Plan (RWMP) review update

The timeline below shows that by May 2016, the Joint Committee has:

- Reviewed the first draft Waste Assessment - the WA outlined where both the region and individual Councils are at in terms of the waste and recycling tonnages (2010/11 - 2014/15), the key issues in the sector, and achievements against the actions set out in the current RWMP 2011-2017.
- Set the Vision, Goals & Objectives for the Draft RWMP 2017-2023
- Identified a range of options to address the issues going forwards under the following categories.
 - Regulation options.
 - Measuring and Monitoring options.
 - Communication and Education options.
 - Collection Services options.
 - Infrastructure options.
 - Leadership and Management options.
- And undertook a ranking exercise of the options for dealing with the issues identified in the WA.

The WA and RWMMP review process timeline

5.3.1. Next steps

Modelling

The next step is to model a range of scenarios within the Collection Services and Infrastructure Options. The modelling will include business as usual and will use one recycling methodology region wide. This modelling will result in a table of options and scenarios to be considered by the Joint Committee at its next WA workshop session 1 August 2016.

Draft Regional action plan

At the 1 August WA workshop, the Joint Committee will finalise the preferred regional action options to go forward in the Draft RWMMP 2017-2023. The timing is also intended to inform the respective Annual Plan 2017/18 processes e.g. the ongoing funding for a regional officer and regional bylaw implementation through either levy or rates.

Draft local action plans

After the 1 August workshop, the RWMMP Steering Group will coordinate officer level input on the local action review.

October 2016 Local Government elections

The October 2016 local body elections will require the reappointment of an elected representative from each Council to the RWMMP Joint Governance Committee. The meeting date of the Joint Committee has been postponed to 21 November 2016 to allow for the appointment process to take place and for any newly appointed Councillors to review the Draft RWMMP and background information.

21 November 2016 Joint Committee meeting

At this meeting the draft RWMMP 2017-2023 - including both regional and local action plans - will be reviewed and approved by the Joint Committee,

ready for distribution to each Council for their elected member review processes.

Draft RWMMP adoption

In February 2017, the draft RWMMP will be adopted for special consultation by all councils. Currently it is intended the draft Regional Waste Bylaw would also be adopted and consulted upon simultaneously, but this will depend on regional resourcing for the RWMMP actions and the level of resource required by the draft RWMMP political process.

Draft RWMMP special consultation

During March/April 2017 the draft RWMMP will be consulted upon through Special Consultative Procedure.

Draft RWMMP hearings

In April/May 2017 the Joint Committee will be required to sit on a hearings panel and attend a plan hearing workshop to provide final direction for amendments to the Draft RWMMP.

Pre-approval Draft RWMMP

May 2017 – final amendments made and circulated for pre-approvals by all councils.

Adoption final RWMMP 2017-2023

In June 2017 – the RWMMP 2017-2023 is to be adopted by all participating councils (this is intended to align with the Annual Plan 2017/18 adoption process, and assumes that participating councils follow a similar timeline).

6. Land transport

SERVICE LEVEL – Roads are maintained to ensure they are safe and comfortable to travel on. Footpaths can be safely used to get around town.

6.1 Key Performance Indicators

LAND TRANSPORT KEY PERFORMANCE INDICATORS	TARGET 2015/16	COMPLAINTS		INCIDENTS	
		MAY	YTD	MAY	YTD
Using the RAMM measurement system, average smooth travel exposure on urban roads to be 85% and rural roads 95% with maximum variation of 5%	95%				
Ratepayers and residents fairly/very satisfied with the roads	78				
5% of sealed roads are resealed each year subject to availability of NZTA subsidy	100%				
The pavement condition index as measured by the NZTA pavement integrity index	95%				
The number of crashes causing injuries is reduced	Group and control average				
The number of fatalities and serious injury crashes on the local road network	<7				
Ratepayers and residents are satisfied with footpaths in the district	68%				
Availability of footpaths on at least one side of the road down the whole street	87%				

LAND TRANSPORT KEY PERFORMANCE INDICATORS	TARGET 2015/16	COMPLAINTS		INCIDENTS	
Footpath Condition rating 95% compliant with SWDC AMP Standard	95%				
The % of customer service requests relating to roads and footpaths responded to within 48 hours	95%	36/43 (84%)	228/251 (91%)	43	251
Meet annual plan footpath targets	Yes				

6.2 Roading maintenance – Fulton Hogan

May has seen the arrival of rain and complaints regarding the state of our unsealed roads. Fulton Hogan (FH) is focusing on staying on top of the grading/metalling program. This work is ongoing.

Recent road damage along Palliser/Ngawi area from high seas has been identified and works have commenced on site to repair. Works are advancing well.

6.3 Other contracts

6.3.1. Sealed Road Rehabilitation: Higgins Contractors

Bidwills Cutting Road: On Tuesday 7 June 2016 there was an accident on the site. Police and ambulance were in attendance. Eye witness accounts and initial findings indicate that the driver was speeding well in excess of the 30km/h temporary speed restriction in place on site. It appears the driver was driving towards Greytown when the left wheel of the vehicle has gone off the road onto the shoulder. When correcting the vehicle the driver has lost control and gone across the road before rolling into the open drain on the north side of the road. The driver was taken to hospital to be checked but according to police did not appear to have any serious injuries.

The site was correctly signed however as a further precaution additional 30km/h temporary signs were installed before the corner to reinforce to motorists the reduced speed for the site. Sealing and line marking has now been completed at the site with edge markers being placed on Friday.

Lake Ferry Road sites will be sealed next week (weather dependent).

6.3.2. Whatarangi Cliff dropout reinstatement, Cape Palliser Road: Fulton Hogan

Tim Langleigh is the Site Manager for FH and the works are progressing well.

There was an issue with one of the FH dumping sites located opposite Te Miha Cres, along Cape Palliser Road. This site was in an area that has significance to Tangata Whenua. Discussions with Christine Barnett, Regional Archaeologist at Heritage New Zealand Pouhere followed.

The discussions with Christine were very positive and we are now working together to ensure this does not happen again. The area is now sealed/capped with the dumped material. All dumping of material has ceased along the coastal front.

6.3.3. Oxford Street lime footpath and associated works: Pope & Gray Contractors

Contractors are on site and works are progressing well.

7. Amenities

SERVICE LEVEL – Parks and reserves enhance the quality of life in our communities. Our playgrounds are safe and enjoyed by the community. Clean safe public swimming pools can be accessed in the District. Provision of some low cost housing for the elderly (or in line with Council policy) in each town. Well maintained hall facilities that are available for the public to book. Public toilets are convenient, clean and safe. There is a wide range of library stock including up to date material.

7.1 Key Performance Indicators

AMENITIES KEY PERFORMANCE INDICATORS	TARGET 2015/16	COMPLAINTS		INCIDENTS	
		MONTH	YTD	MONTH	YTD
Users satisfied with parks and reserves	90%				
Ratepayers and residents are satisfied with Council playgrounds	80%				
Council playground equipment that meets national standards	100%				
Council pools comply with NZ swimming pool water testing standards	100%				
Ratepayers and residents satisfaction with Council swimming pools	65%				
Occupancy of pensioner housing	99.8%				
Ratepayers and residents satisfied with town halls	74%				
Cycle strategy	Developed				
Ratepayers and residents satisfied with public toilet facilities	90%				
Taking programmes out into the community and providing a wide variety of programmes in the library	>3 per library				
% of ratepayers and residents satisfied with libraries	90%				

7.2 Parks and Reserves

7.2.1. Featherston

Work on the Town Square is over 30% completed. There have been delays on the project due to the significant change in the weather. We are now looking at a finish to the project at the end of July. The last time is all weather related, and as such there is no additional cost to Council. Most of what is left to do is unlikely to be affected by weather, so the contractors are pretty confident all will be done by the end of July.

The key craftsman for the construction of the amphitheatre wall hails from Jersey, United Kingdom, and is working his way through his OE by practicing his craft on various sites around the world. We are lucky to have him.

Over the next couple of weeks the construction of the amphitheatre stone walls and end-pillars will continue and the steps from the paved area down into the amphitheatre will be built. The rafters will go up on the west pergola, and the set out for the post-holes for the east pergola will be done. The concrete surfacing work between the amphitheatre and Menz Shed verandah will continue.

The fence between the dog park and the transfer station was badly damaged in the transfer station fire, and is being repaired. One of the rubbish bins in the dog park was also destroyed and has been replaced. An extra doggy-doo bag dispenser will be installed.

At the June meeting of the Featherston Community Board, the Featherston United Football Club requested permission to place another building adjacent to their club rooms. This building had been offered free, to be relocated, and they intended to develop it with changing rooms and showers. Although the Community Board approved this, we have subsequently spoken to the Football Club and offered the use of the swimming pool changing rooms. These changing rooms have external doors, and so can be used by winter codes without going through the main pool area. The Football Club members have accepted the offer with some enthusiasm, and will be working with council on adding further showers to the changing rooms.

7.2.2. Martinborough

Winter planting will be starting shortly at Considine Park. There have been issues with a nesting plover on the soccer fields at Coronation Park – the bird had been quite aggressive in defending her nest. Officers have removed the nest and hope that the bird will move on.

7.3 Playgrounds

7.3.1. Featherston

The soft-fall material at Featherston playground has been topped up as part of routine maintenance work.

7.3.2. Greytown

The soft-fall material at Greytown playground has also been topped up.

7.4 Properties

7.4.1. Featherston

The replacement of the sports stadium roof has now been completed.

7.5 Community housing

There have been no changes to the waiting lists for community housing, with five people waiting for flats at Martinborough, two at Greytown and ten at Featherston. Two applicants are happy to take the first available flat in any of the three towns.

A small ramp has been installed to a shed at Cicely Martin flat to allow easy access to house a mobility scooter.

The six-monthly flat inspections have been completed. The tenants are happy and enjoy their living environment. Any jobs that came out of the flat inspections have been completed or are in the process of being completed.

One flat at Cicely Martin (Martinborough) is currently vacant. As it had been occupied for a long time, it is currently having some refurbishment work done.

7.6 Cemeteries

7.6.1. Featherston

The shelter belt planting for the Featherston cemetery extension is about to start. Additional fencing will be put in place to protect the planting from the stock which are currently in the paddock.

The Featherston Lionesses are undertaking a project for Featherston cemetery, to identify and locate all of the graves of infants and children. There are around 100 unmarked graves of infants and children in the cemetery. Many of these have never had a headstone, as they were "pauper's graves"; others may have been marked but these markers have disappeared over time. The Lionesses will also be looking to raise funds for a general memorial for all stillborns, infants and children in the cemetery at some point in the future. We get a number of queries about these graves; often they come from family members who didn't know that they had, however briefly, another sibling, until mum died – so it will be helpful for us to be able to give them better location information than "somewhere under the macrocarpas".

7.6.2. Greytown cemetery

The list of names and grave locations on the walls of the shelter at Greytown cemetery is overdue for updating. Volunteers from the Wairarapa branch of the NZ Society of Genealogists will be working through our records to prepare a revised list to be put up in the shelter.

7.6.3. Purchases of burial plots/niches May to 16 June 2016

	Greytown	Featherston	Martinborough
Niche			1
In-ground Ashes Beam	2		
Plot	1	1	

7.6.4. Ashes interments/burials May to 16 June 2016

	Greytown	Featherston	Martinborough
Burial	1		
Ashes in-ground	1 (to be interred on 24 th June 2016)	2	
Ashes wall	4		1

7.7 Events

7.7.1. Featherston

Completed events: Featherston Booktown 2016 (20-22 May 2016) was very well supported

Future events: Carnival of Trains being held on 3 September 2016 in Featherston

7.7.2. Greytown

Future events: A Taste of Vegas in the Big G being held on 9 July 2016 at the Greytown Town Centre

Wairarapa Kids Cross Country being held on 17 July 2016 at Soldiers Memorial Park, Greytown

Greytown Country Market at Stella Bull Park – a meeting has been held with organisers to go over any changes, and thoughts of what worked and what didn't last season. The first market will be in October, and may change from the first weekend of the month to the third.

7.7.3. Martinborough

Completed events: Martinborough Vintage Fair held on 4 June 2016 at the Martinborough Town hall.

Future events: Monster Book Fair being held on 18 June 2016 at the Martinborough Town hall

Martinborough Squash Club Casino Fundraiser being held on 25 June 2016 at the Martinborough Town hall

Toast Martinborough being held 20 November 2016. This is the 25th year for Toast, and the council events team have already had a preliminary meeting with the organisers on planning for the event.

7.8 Libraries

The Wairarapa Library Service has joined with Masterton Library to bring renowned Irish Storyteller Niall De Burca to the Carterton Events Centre on Thursday 23 June.

The south Wairarapa libraries are gearing up for the Winter Warmers reading programme, which this year has the theme of the Olympic Games.

Both Featherston and Greytown libraries are offering the 'Maths is Fun' programme for children in Years 1-8 over the holidays.

8. Civil defence and emergency management

SERVICE LEVEL – People are prepared for a civil defence emergency.

8.1 Key Performance Indicators

CIVIL DEFENCE AND EMERGENCY MANAGEMENT KEY PERFORMANCE INDICATORS	TARGET 2015/16	COMPLAINTS		INCIDENTS	
		MONTH	YTD	MONTH	YTD
Ratepayers and residents prepared for an emergency	75%				
Regional Civil Defence Emergency Annual Plan achieved.	Yes				

8.2 Wellington Regional Emergency Management Office (WREMO)

8.2.1. Update

Regional Emergency Planner for the District Health Board is running a major exercise on 28 June for their General Practitioner's, residential care facilities and pharmacies. The scenario is a significant explosion at the Haywood's substation taking out power to this region for 4-5 days. We know that there

is power available from the north but for the sake of the exercise there is none available for that period of time. SWDC has been working with them for the exercise about what the state of water and sewerage will be in our towns in such an emergency.

A WELA workshop is scheduled for Friday 8 July. The workshop will concentrate on the response priority sites, and specifically how they are served by road access and power in an emergency event. Focus will be on access from the state highway as we already have a good knowledge of the seismic vulnerability of SH2 and 53.

The issue that would be focussed on at the workshop would be road access and power supply to the response priority sites in the Wairarapa. This would help:

- Refresh participants' understanding of natural hazards faced by infrastructure in the Wairarapa
- Increase understanding of service delivery to key infrastructure and facilities in the Wairarapa
- Identify potential future resilience work that could be collaborated on
- Identify emergency issues to WREMO and potentially the emergency services.

Minutes

Subject: CEG Sub Committee
When: 29 April 2016
Where: The Civil Defence Room, Upper Hutt City Council
Time: 14.00

Attendance

The meeting commenced at 14.00 with the following in attendance:

Pat Dougherty	KCDC (Chair)
Bruce Pepperell	WREMO
Mark Allingham	Wairarapa Councils
Keith Evans	MCDEM
Anthony Wilson	WCC
Dave Jack	HCC

In attendance

Dan Neely	WREMO Community Resilience
Craig Hamilton	WREMO Operational Readiness
Charlotte Williams	WREMO Operational Readiness
Rian van Schalkwyk	WREMO Business and Development
Jessica Hare	WREMO Business and Development
Donna Hoyland	Minute Secretary

Apologies

Tamsin Evans	KCDC
Lachlan Wallach	UHCC
Leigh-Anne Buxton	GWRC
Geoff Stuart	HCC
Jerry Wrenn	PCC

1. Welcome

The Chair welcomed everyone to the meeting.
The action sheet was reviewed.

2. Previous minutes

The minutes from the 19 February 2016 meeting were accepted with the following points of clarification:

- Request for training dates to be circulated – not received yet
- Craig advises the dates have been set very recently and the action point can now be completed.

There is an error in section 8. It was Mark Constable who noted that CD branding may change, rather than mark Allingham.

3. Reconciliation of outstanding action points

- Replacement controllers are needed for Wairarapa and Upper Hutt.
- Bruce will invite the planning managers to the IOF meetings.
- Dates for training sessions discussed
- KPIs not in Quarterly reports now. Frequency reduced to twice yearly. Comprehensive wrap up at the end of the year covers the change. Craig to provide reconciliation of completion of 2015/2016 KPIs for Operational Readiness.
- Anthony noted there needs to be a memo to close off KPIs no longer being reported.
- Only 3 KPIs are passed from WREMO to the LTPs.
- Jess will meet with Mark to discuss/clarify the reporting system.

4. OR update – Craig Hamilton, Manager Operational Readiness

4.1 Welfare in the Region

PowerPoint presentation - Charlotte Williams, Group Welfare Manager

- Pat commented there is no answer to the BAU issue. The appointment of the Group Welfare Manager will be a help.
- Asked if the survey was being run annually to establish any trends, Charlotte advised there was scope to do so.
- Keith noted that having the Local Welfare Manager role in staff job descriptions helps with resourcing the position.
- Integrated Training Framework - advanced Welfare module training will involve Wellington as a pilot for the training.
- Police focus on their role but forget that CDEM can be very useful for provision of welfare, especially in evacuations, or lock outs.

4.2 Review of Flood warning system

1. Planning phase
2. Analysis
3. Levels of service (Current vs Desired)

4.3 Exercise Tangaroa

Craig listed the dates and hours for participation in the exercise and those required by MCDEM. Agreement that our involvement is more sensible with regard to council staff time.

5. CR UPDATE – Dan Neely, Manager Community Resilience

- KPIs: majority are on track to achieve or exceed.
- Workshops are now well attended and well received.
- Volunteer courses are going well
- Hub Guide under development. Hub equipment is being standardised and roll-out to centres will start in May.
- Involved with 100RC Resilience strategy
- Resilience / Crisis Map project with Open Labs at Massey University will have a viable product by the end of this financial year.
- International and national recognition received for the CR Strategy
- CRP development and evolution discussed.

6. Pre Disaster Recovery Planning update

Dan Neely, Manager Community Resilience, updated the meeting on the progress with the RDRP

7. Civil Defence Centres

Dan Neely gave an update on progress:

- The Centres have been reviewed
- 130 kits have been assembled
- Lockboxes have been purchased
- CR is developing a guide on how to operate these centres
- Bruce will be writing to the Director for clarification on a nationally acceptable name for civil defence centres
- Clarification of a suitable name is needed in order to complete Community Response plans and to publish the above mentioned guide.

8. WREMO Budget 2016-2017

Bruce presented the WREMO Funding apportionment for the 2016/2017 budget.

Anthony noted the budget is not backed up by a work programme

The Annual Plan is still being prepared. The budget is in accordance with the document submitted for LTP in 2014.

Bruce noted that WREMO should be able to fund a Recovery Manager from within the Reserve Fund.

Anthony raised a concern about Wellington City's higher financial contribution to WREMO and requested an explanation why it is that higher.

Anthony also discussed the ownership of, and budget for, VHF radios for Wellington City Council.

Rian was asked to give an update of the Wellington region radio communications review: gave an update on the region's radio equipment.

- CEG approved in principle that the regional network be upgraded / replaced to the amount of \$300,000
- Request for Proposals being prepared
- Draft recommendations to CEG Sub Committee meeting of 29 July
- Final approval by CEG on 19 August

9. Quarterly Report

The WREMO Quarterly report was discussed and clarification provided where requested.

A request was made to have a Health and Safety report in the next Quarterly Report.

Keith confirmed that the requested change in the planning cycle for the Group Plan has been reviewed by MCDEM legal advisors and it does comply with requirements of the CDEM Act 2002.

10. General business

COUNCILLOR REPORT
for
South Wairarapa Council Meeting
29 June 2016

COMMUNITY SAFETY & RESILIENCE WORKING PARTY

Councillor's Name	Julie Riddell
Meeting – Date & Venue	Thursday 16 June 2016 9.30am SWDC Chambers 10 attendees.
Key issues from meeting Matters Arising:	Reanne Tewharu asked at last meeting what our budget was for graffiti and vandalism. The contract with City Care is for a lump sum to cover up to 192 strikes p.a.
Graffiti/vandalism stats	Trish spoke to the tabled report. It was noted that the graffiti strikes are trending down but non graffiti vandalism is steady in all 3 towns.
Guest Speaker: YETE	Josie Whaanga a member of the YETE Advisory and Alan Maxwell local Youth Worker spoke about their role on this committee. (Youth Education, Training & employment Network). The vision is to ensure that all Wairarapa youth are engaged in meaningful education or training, or employment by engaging the community so that young people can reach their vocational potential through effective and sustainable educational pathways. A full copy of the Presentation is available.
Reports	<p>Police – Ian Apologised for Sgt Richie Day who is trying to get around all the Community groups at present. Locally there has been a change in Policing and there will be a Sgt based in Carterton as well as Fstn and both with 5 officers – Ctn will cover Greytown area. There has been 1 burglary in Pirinoa and all other burglaries have been cleared. However 25 burglaries in Masterton. Most of them are because of public apathy toward home and vehicle security and are opportunistic. To contact Police either ring 111 emergency or local station and leave a message. Ian also noted that Council measure their graffiti 'strikes' individually whereas Police measure a tag as one strike.</p> <p>Martinborough Community Patrol – this is going well. They were asked to withdraw their application to Trust</p>

	<p>House for funding re new patrol car. They have combined their application with other Community Patrols and will know shortly if this is successful. They will need secure parking and Cr Riddell to follow up.</p> <p>Featherston Community Patrol – running out of volunteers – 3 new people interested.</p> <p>Youth – Hope received a Rotary Award for Youth Leadership & Community Spirit and Up and Coming Community Leader. Congratulations. She has Youth Parliament for 3 days and is joining the Health Select Committee on Mental Health & suicide Prevention in Schools.</p> <p>Alan said “Booktown” was a huge fundraiser and many youths volunteered to run the book sale. 27 kids went to the Youth Party in Masterton. The Senior Citizens Hall has been put up for public tender. He is still looking for a larger space for the youth activities.</p> <p>WSCTrust – We welcomed Lorraine Mitchell. They have completed the Youth Survey and compiling results. She outlined their programmes of Youth Services – numbers down but could be result of low birth rates 1999. Transport is an issue for youth to access programmes. Whakapuaki Programme going well – they are the only mentoring family service in the Wairarapa.</p> <p>Neighbourhood Support – Mark Shepherd joined us from Featherston. Currently 107 members in Fstn. He is active in Martinborough and Greytown and currently putting flyers out and meeting with Community Boards. Going to put an advertisement in the Martinborough Star.</p>
--	---

NEXT MEETING

Thursday, 28 July 2016, 9.30am at SWDC Chambers.
Guest speaker to be arranged.

4 May 2016

Jan Eagle
18 Garrison Street
Carterton 5713

Dear Jan

KOUKA SCULPTURE

To address some of your concerns regarding kouka sculpture decisions needing to be made by the Friends of Stella and Sarah and the artist, Helen McNaught, Council's Amenities Manager, and Shane Atkinson, chair of Greytown Community Board, have agreed to the following general approach.

Ms McNaught's role is to work with community groups that have a stakeholder interest in Council's amenities. Therefore it is Ms McNaught's role to liaise with the Friends of Sarah and Stella Project Group to ensure that the proposed sculpture as generally agreed by the Greytown Community Board is placed with the correct permissions in Stella Bull Park. This has been happening, however to meet your concerns, this arrangement can be formalised via the use of milestone or decision point meetings and the adoption of report back mechanisms to the Greytown Community Board.

When the Project Group comes to a milestone point, or where a deviation from the project occurs and a decision is required on the way forward, the Project Group should arrange a meeting and invite Ms McNaught. Ms McNaught is authorised by the Community Board to make decisions on their behalf provided the sculpture remains 'as generally agreed'. If a required decision means a deviation to the project beyond what has 'generally been agreed', Ms McNaught will temporarily halt the project so advice can be sought from the Community Board.

Please contact Ms McNaught when you are ready to hold the next milestone Project Group meeting.

Yours sincerely

A handwritten signature in black ink, appearing to read 'Suzanne Clark'.

Subject: GCB grant - invoice and thank you

Kia ora Sally and Suzanne

Thank you very much for your letter advising us of our successful funding application.

We are thrilled, and would like to pass on our appreciation to the Greytown Community Board for their assistance in purchasing the 25 pairs of wet weather overalls.

Please find attached an invoice for \$575.00 as requested.

We will return a project report form once our project is completed.

Thank you for your support.

Kind regards

Katie Abbott and Semone Fawdray
Managers
On behalf of the Greytown Early Years team.

Cobblestones Museum Signs at North & Southern Entrance to Greytown

We are seeking your support to retain and refurbish the existing Cobblestones Museum signs (approx. 2.1km from the Northern & Southern entrances to Greytown).

By way of background, these signs were erected in 1992 and the permits were covered by the local bylaws at the time. We applied for permission to erect the signs which was granted. The by law has since changed and signs erected after the new bylaw was passed that did not comply were told they needed to be taken down.

Under the Wairarapa combined district plan rules, signs on rural-zoned land must relate to the activity undertaken at the site, which most did not.

Under section 10 of the Resource Management Act, signs can remain, breaching the plan, for several reasons, one of which included if the sign was put up before the plan existed as was the case with the Cobblestones Museum Sign.

Cobblestones Museum maintains consent was given to it in the past for its sign and Mr Buchanan from SWDC has said there was a strong possibility it was.

We have being asked by council for proof of payment or the letter approving the signs. We have been unable to locate these documents nor have SWDC being able to locate these older records. Graham Croton who was Chairman of Cobblestones Museum at the time has now passed away. The records are now 24 years old.

The Northern entrance sign in particular is now looking very old.

We seek your support to retain our right to have these signs, notwithstanding, that we are unable to locate the attending paperwork. At the time it would have been assumed that council would retain all these types of records.

We would like to refurbish them with our new logo to ensure consistency with our branding and to ensure they look attractive as visitors approach Greytown.

Tourism is very important to the region and to Greytown. One of our objectives with the museum is to enhance the Tourism experience to Greytown for visitors with their visit to Cobblestones Museum. Since the new exhibition Centre opened we have experienced a massive increase in visitor numbers which have more than doubled since the new complex was opened.

COBBLESTONES museum

169 Main Street, Greytown Wairarapa 5712 T: (06) 304-9687 E: info@cobblestonesmuseum.org.nz W: www.cobblestonesmuseum.org.nz
The Cobblestones Trust is a registered Charity No: CC35875

GDP generated directly as a result of tourism in the region rose 4% in 2014 to \$51million.
With over 200,000 bed nights recoded and approx 1.46 million visitors (YTD March 2014) to the region annually there is a huge potential in the region.

We have attached for your information the old signs and a rough draft of what we plan to do with the old signs.

We have also undertaken to remove voluntarily all signs that were cluttered at the museum.

See attached photos. Both signs will show how many km to Cobblestones Museum.

We hope you will lend your support to our proposal so we may end the uncertainty and proceed with the refurbishment of the old signs.

With Kind regards

Graeme Gray
