# GREYTOWN COMMUNITY BOARD

30 JANUARY 2013

## AGENDA ITEM 6.1

### OFFICERS' REPORT

---

#### **Purpose of Report**

To update members on the Corporate Support, Planning and Environment and Infrastructure and Services Group activities.

#### **Recommendations**

Officers recommend that the Community Board/Committee:

1. *Receive the information.*

### CORPORATE SUPPORT

#### **1. Executive Summary**

With the adoption of the annual report behind us, a little time has been able to be set aside to try and reduce the backlog of other work. The pre Christmas period is usually very busy trying to tidy up before the closedown.

Training on NCS continues, our first upgrade to the system was installed on the 28<sup>th</sup> November. Barcodes were printed on rate demands for the first time and this has assisted with processing.

I am pleased to advise that Lynn Drake has joined us, taking over from Annette Gillespie in the rates area. Lynn comes to us from Masterton District Council where she was dog control administrator. I would like to thank Annette for her efforts during her time here and wish her well for the future.

Tenders were held for the replacement of a couple of vehicles, two new Suzuki Vitaras were purchased, very good pricing was achieved.

## 2. Discussion

### 2.1 Operating System Replacement

The operating system replacement continues as planned with all modules installed and running. Additional training will take place over the next few months to ensure we get the best out of the system.

### 2.2 Rate Arrears

Efforts continue on rate arrears. The table below outlines the situation as at 10 September 2012, and excludes multi ownership Maori land.

Date	Amount \$'000	Number	Days since instalment due	SWDC component \$'000  (81%)
30 June 2011	\$851	631	31	\$689
1 August 2011	\$780	463	64	\$632
28 November 2011	\$969	760	7	\$785
1 March 2012	\$925	690	7	\$740
16 March 2012	\$830	602	23	\$672
23 March 2012	\$790	555	30	\$640
1 June 2012	\$855	722	10	\$692
19 June 2012	\$730	632	31	\$591
10 September 2012	\$947		21	\$767

The fragility of rate arrears has unfortunately reared its ugly head. I have no view on why this instalment has increased, however we will be pursuing the outstanding amounts as usual.

### 2.3 Legal Implications

There are no legal implications arising out of this report.

### 2.4 Financial Considerations

There are no financial implications arising out of this report. Revenues and expenditures are in line with budgets and forecasts.

Pain Farm expenditure is within funds held.

# PLANNING AND ENVIRONMENT GROUP REPORT

---

## 1. Planning

### 1.1 Resource Consents

#### 1.1.1. *Consent Statistics*

Officers received 18 consent applications since 1 October 2012. 24 consents were approved since 1 October (some were received prior to October), 23 completed within the statutory timeframes. Officers now provide detailed fortnightly updates on all consents direct to councillors and community board members, so consent details are not listed here.

#### 1.1.2. *RC 4028 Paterson*

Consent granted after applicant and affected party agreed to a reduction in child numbers at the proposed child care centre.

### 1.2 Policy

#### 1.2.1. *Coastal Reserves Management Plan*

Work on the Coastal Reserves Management Plan (CRMP) is underway and officers are seeking input from Councillors, Community Boards, and the Maori Standing Committee. A draft document is in the December agenda as a separate report, seeking Council's approval to release it for public notification by the end of 2012.

#### 1.2.2. *Bylaws*

The Masterton and South Wairarapa District Council Consolidated Bylaws were notified on 24 November 2012 and are currently open for submissions. The submission period closes on the 18<sup>th</sup> of January at 4pm. Copies of the proposed joint bylaws can be found at the Council office, and the three libraries, Martinborough, Greytown and Featherston. The bylaws are also on the Council website, and linked to our Facebook page.

Officers acknowledge that Masterton District Council are administering all aspects of the process.

### 1.3 Compliance

#### 1.3.1. *51 Ferry Road, Martinborough*

Council officers abated the owner of 51 Ferry Road for relocating a dwelling without resource consent or building consent. The retrospective resource consent has been approved. Although consents have now been received and issued, the matter of the initial illegal activity is still before the Environment Court.

#### 1.3.2. *Boundary Road, Featherston*

Council officers abated the owner of Lot 2 DP 53745 due to several long grass notices being ignored. In addition to the escalating fire risk, the general poor state of the section was causing significant adverse visual and amenity effects. The owner is now making progress towards tidying up the property and officers are continuing to monitor the site.

## 2. Building

### 2.1 Building consents

Processing statistics for: 1 October 2012 – 31 October 2012

COA Certificate of Acceptance

CCC Code Compliance Certificate

Building consent numbers from 1 July 2012 to 26 November 2012 show as 201. For the same period the year before the number was 136.

## **2.2 Enforcement**

None to report.

## **2.3 Policy**

None to report.

## **2.4 Other matters**

It has been another extremely busy few months for the building department. From 1 November 2012 to 26 November 2012 the department received a 74% increase in consent numbers compared with the same period last year. From 1 July 2012 to 26 November 2012 consents received were 201. Compared with the same period the year before this is an increase of 48%. At the time of this report there were an additional 9 consents waiting to be loaded into the system which are not included in these statistics.

The department has worked extremely hard in maintaining service levels which is reflected in the consent processing performance percentage of 96.71% of consents processed within 20 working days and 100% for the CCC processing performance.

The quality of building consent documentation submitted to council continues to be a problem. This was to be addressed in the introduction of the Licenced Building Practitioners (LBP) scheme introduced in March of this year. However, evidence that a higher level of documentation is still to be seen. Consents are placed on hold where insufficient information has been supplied creating frustration for the applicants.

### **2.4.1. Training**

Training has been provided to three building staff members as part of the requirement for competency and up-skilling requirements. Mike Sims (Plumbing and Drainage inspector) completed a 5-day course in plumbing and drainage. Adrian Cullen (Building Control Officer) completed a 3-day building controls course and is currently working towards being an R2 inspections officer. Sara Edney has completed a plan processing course and is continuing to work towards becoming an R1 processing officer.

## **3. Environmental Health**

### **3.1 Liquor licencing**

7 new liquor licenses were issued in October 2012.

4 Special Licences, 1 Off Licence and 2 General Manager's Certificates were issued.

3 liquor licences were renewed in October 2012.

3 On Licence Renewals were issued.

### **3.1.1. Toast Martinborough**

Council officers worked closely with the staff at Toast, the wineries involved, food providers and emergency services leading up to this year's event. The degree of preparation, alterations to the event overall and specific areas relating to alcohol ensured a successful event where the Council was concerned.

Throughout the day council officers undertook compliance monitoring for all vineyards where every site was operating an alcohol management plan. Overall there was good compliance and no specific concerns were noted.

### **3.1.2. Alcohol Reform Bill Update**

The Alcohol Law Reform Bill is currently at Committee of the Whole House. It will become the Sale and Supply of Liquor Act. The third reading of the Alcohol Reform Bill is to be taken on Tuesday 11 December 2012.

The key changes for local government include:

- Move from national to local decision-making
- Local alcohol policies (LAPs) with legal standing
- Expanded licence criteria and grounds for objection
- New criteria for alcohol control bylaws (liquor bans)
- National default maximum trading hours
- Self-funded system through risk-based licence fees

Implementation: The new Act has a transitional period of 12 months (see Appendix 1).

## **3.2 Food**

### **3.2.1. Food Bill Update**

There has been no further update on progress with this Bill.

### **3.2.2. Food Hygiene Regulations**

There continues to be a steady interest shown in premises opting to change from the Food Hygiene Regulations to the new risk based Food Control Plan in preparation for the Food Bill being passed.

## **3.3 Noise Control**

7 noise complaints were received during October 2012.

5 for Featherston, 1 for Martinborough and 1 for Greytown.

### 3.4 By-laws and animal control

#### 3.4.1. Dog & Stock Control

##### **Total Overall**

Martinborough 15 Featherston 16 Greytown 11

We have had ongoing stock issues with one Whakatomotomo farmer who has inadequate fencing for his bulls. Bylaws Officer is currently working closely with him to resolve this.

#### 3.4.2. Dog Registration

Dog registrations as at 28<sup>th</sup> November 2012:

Registered 2750 Unregistered 14 Total number of dogs 2764

Total nos of owners 1534

99.5% of dogs are now registered which is a tremendous achievement and reflects improvements in Councils procedures.

### **3.4.3. Bylaws**

Colin Olds joins us again as the summer 2012-2013 Coastal Ranger. The position begins on 14 December 2012 and ends on 7 February 2013. Colin will be responsible for monitoring the coastal camping areas (Te Awaiti, North Tora, South Tora and Ngawi) to ensure visitors comply with the Coastal Camping Bylaw 2009. He will also service the toilet blocks, take any excess rubbish to the Martinborough Transfer Station and other general duties as required.

## **4. Civil Defence & Emergency Management**

### **4.1 Resourcing of Community Response Centres**

The new Wellington Region Emergency Management Office (WREMO) was launched on 2 July 2012 to manage Civil Defence Emergency Management services in support of the nine City, District, and Regional Councils of the Wellington region. The Wairarapa has a base office located in the Masterton District Council building with 2 permanent staff.

The Community Boards of Martinborough, Greytown and Featherston have developed Community Response Teams and Plans to ensure that an initial level of preparedness and organisation was in place should an emergency event occur. The aim of the plans is that the specific community can be self-sufficient for a period of 72hrs.

During the preparation of these community plans identification of available and required resources in the communities was undertaken. All of the plans incorporate locally provided skills and equipment, such as doctors, contractors, and machinery.

There was a remaining issue in that the identified service centres require resourcing. An approach to Paul Walker at WREMO has established that the Wairarapa WREMO office will finance the basic necessary equipment needs of the three identified community response sites. Each site currently has, or will have, a wireless radio for communication. Whiteboards, markers, pens, registration forms, torches, radios, jerkins, clipboards, and basic first aid kits will all be provided.

Paul is also working with local hire companies to secure the power generators and access to other necessary equipment in an emergency event. We are aiming to have this formalised via an MOU with the businesses.

## 1. Consents

### 1.1 *Wastewater*

As reported to the workshop held on 23 November, the Council continues to apply efforts to meet its consent acquisition obligations at the three WWTP sites.

### 1.2 *Martinborough*

The substantive discharge consent expired on 10 July 2012.

The consent variation approved late in 2011 required that a full AEE and consent application be lodged by 10 April 2012. This was done with a consent term of five years requested.

After consideration by the Regional Council the application was returned to Council under Section 88 of the RMA as being considered incomplete mainly in the area of the assessment of environmental effects and mitigation measures proposed to mitigate adverse effects of the discharge.

The re-submission of a new application is work in progress at the present time and aiming for re-lodgement by 7<sup>th</sup> December 2012.

### 1.3 *Featherston*

The consent expired on 25<sup>th</sup> August 2012. Council lodged a new consent application seeking an eight and one half year term on 25<sup>th</sup> May 2012.

Following lodgement of the consent application, Council has received a request for further information from the Regional Council. They wish to be assured that Council is committed to improved effluent quantity and quality outcomes and that in terms of the Resource Management Act, the current discharge is deemed to be temporary only with improvements to be delivered early during the course of the new consent.

Further information was supplied but was deemed to be insufficient to satisfy the request and the application remains on hold.

Currently Council officers and advisors are aiming to re-submit to the application and associated requests prior to 24<sup>th</sup> December 2012.

### 1.4 *Greytown*

This consent expired in March 2008. Whilst some work has been achieved in regard of the new application, finalisation of improvement initiatives that can be undertaken during the early years of a long term consent needs to be determined.

The consent application has been subject to a series of delays, and is not expected to be lodged before February/March 2013.

### **1.5 Strategy Overall**

Greater Wellington Regional Council is agreeable to the lodgement times stated above to equalise processing workload.

Further in river analysis of discharge impacts at all sites is underway to complete the knowledge set and underpin the proposed discharge quality improvements.

So far it is clear that the most significant negative environmental impacts are occurring at the Featherston site where it is now proposed that efforts be first directed at securing available land aiming over time to move to full land discharge.

### **1.6 Water**

In addition to the Greytown Bore consent renewal recently acquired, Council has been recently advised that the Herricks Bore consent renewal application has been approved, both for 25 year terms but with reduced annual allocations.

### **1.7 Land Fill Consent**

The Martinborough landfill consent application is still in progress with information regarding the green-waste operation still to be collated to assist with the final application.

### **1.8 Wastewater**

Greytown, Martinborough and Featherston Wastewater treatment plants operated routinely over the period. Normal monitoring for flow and compliance reporting continued throughout the period with no non-compliance issues reported.

4 pipeline blockages were reported and rectified during the period.

Sludge Survey work at Featherston and Martinborough was completed during the period with reporting expected before Christmas.

### **1.9 Water Supply**

Martinborough and the Featherston/Greytown Water Treatment Plants operated routinely throughout the period.

Community water usage records and trending is attached for Council's information in Appendix 2.

#### **1.9.1. Capital**

A suitable water source as advised has been found near the Ultra Filtration (UF) plant and with some expansion (two extra production bores nearby) has the potential to serve as a frontline source for Greytown and Featherston eventually producing potable water at less cost than the existing ultra-filtration plant.

As advised at the recent workshop and application subsidy from the MoH CAP assistance programme is being developed for consideration in February next year.

Cost estimates have yet to be developed but will be advised prior to any application being lodged.

### **1.10 Water Races**

Both water race systems operated normally during the period with several blockages reported and attended too.

Policy issues around other uses of the water races are under consideration and were referenced at the recent work shop. These issues require additional development and work before reporting can be made available and this is expected early in the New Year.

### **1.11 Waste Management**

Operations continued on a routine basis throughout the period. Waste export and recycling tonnage data for the period is attached in Appendix 3.

Kerb-side audit was due to be completed by the end of November.

### **1.12 E-Waste Collection Region Wide**

Carterton and South Wairarapa District Councils both supported an officer recommendation to allow Earthcare Environmental to provide a specific E-waste collection service at the transfer stations throughout the region.

Masterton District Council however have indicated a preference for a different community based provider and until this matter is settled, the programme remains on hold.

Council may wish to consider moving forward either on its own or in association with CDC in order to get a programme underway.

## **2. Roothing**

### **2.1 Roothing Maintenance – Oldfield Asphalts**

The routine grading of unsealed roads and the maintenance of signs and drains is satisfactory.

In addition to maintenance, Oldfields are concentrating on pavement repairs on the roads scheduled for resealing in February/March next year, and the repair and sealing of drop outs on the White Rock Rd at Whakapuni Hill.

Oldfields have recently placed further rock on the boulder beaches at Te Kopi on the Cape Palliser Rd to repair storm damage. More rock is being delivered and will be placed early in the new year.

Oldfields have started the mowing of berms on our more heavily used roads, this will be done before the Christmas holidays.

In the new year Oldfields planned works will include, pavement repairs, the regarding of low shoulders, culvert cleaning, and cutting back vegetation to improve visibility.

The contractor responsible for weed spraying on rural roads has completed spraying of water table drains and around signs. In the new year they will concentrate on spraying road side noxious weeds

### **3. Parks and Reserves**

#### **3.1 City Care Contract**

City Care has completed the second month of the contract. Requirements around berm mowing have now been clarified with City Care staff. Articles about berm mowing are being placed in the next issues of *Martinborough Star*, *Greytown Grapevine* and *Featherston Phoenix*. Householders will be reminded that they are expected to mow their own berms, and advised of the process if they are unable to do so.

City Care have completed the weed spraying of urban footpath and kerbs.

Most of the issues with City Care's IT system have been resolved, although we are awaiting the development of the reporting function, and there have been a number of errors in the claim for November.

In other respects City Care are performing well, their maintenance of sports fields and reserves is satisfactory, and they have been willing to provide additional litter and toilet cleaning services during weekends for community events.

#### **3.2 Featherston Wind Sculpture**

Work on preparing the ground for the wind sculpture began on 26 November. The artist is now on site, and the installation and landscaping are expected to be completed by 5 December, with the opening ceremony planned for 7 December.

### **4. Property and Facilities**

#### **4.1 Properties**

Martinborough Library – The library continues to operate via the temporary Portacom, where it is expected to remain until the end of February. New premises have been identified, and we are nearing the end of negotiations with the landlord.

ANZAC Hall, Featherston – The draft building assessment prepared by Opus is being reviewed for costs and likely timing of work, given the 2016 centenary.

Building Warrants of Fitness – the BWOFs for ANZAC Hall, Martinborough Town Hall and SWDC offices are due on 6 December 2012. The BWOF for Greytown Town Centre is due on 9 February 2013. City Care will coordinate the IQP checks as a variation to the contract.

#### **4.2 Pensioner housing**

All pensioner flats were tenanted as of 16 November 2012.

#### **4.3 Cemeteries**

There was one burial in November, at Featherston.

#### **4.4 Pools**

All three swimming pools will open on Saturday 1 December as scheduled. There are some ongoing issues with plant at Greytown and Featherston, but CLM staff are confident that they can manage the pools through the season.

#### **4.5 Leases and Licenses**

Old Stella Bulla Park – the grazing licence to John Jury expired in September although Mr Jury has maintained stock on the land. The area on the north side of Pierce St is unusable due to the road extensions to Cotter and West streets for the Governor's Green development. A new grazing license is to be issued excluding this area, and the south side of Pierce St abutting the land is to be fenced off. The availability of the land on the north side of Pierce St makes possible the development of a dog park for Greytown, we are currently looking at for a future report to Council.

Current expired leases/building vacancies include:

- Stella Bull Park Building – the short lease for the art exhibition has concluded and a new tenant is being sought. A proposal is expected from St Luke's church.
- Greytown Town Centre Upstairs Office – the office vacated by Rightway remains vacant. This space has been advertised however no interest has yet been received.

Currently under review is Considine Park, Martinborough – licence to occupy by South Wairarapa Pony Club.

#### **4.6 Toilets**

The new toilet at the Diversion (Lake Ferry) has been installed, and work has begun on the toilet for Palliser light house. Work begins on the new Martinborough toilets in January 2013.

## Welcome

I am absolutely delighted to welcome delegates to the 2013 Community Board Conference. The venue has been chosen well. I know you will be inspired by the alpine setting and the breathtaking vistas that Wanaka affords. These are important times in local government and we will need to make the most of this opportunity. I look forward to meeting with you and sharing inspired ideas for great local government.

Vanessa van Uden  
*Queenstown Lakes District Council*

On behalf of the Wanaka Community Board and the Wanaka community, I invite you to Wanaka for the New Zealand Community Boards Conference 2013. We are very proud of our town and our district and look forward to sharing it all with you from 9 to 11 May 2013 and hopefully longer!

The venue is great and the conference program is exciting and engaging, but the success and value of the conference rests with you. We need the Community Board members, Mayors, Councillors, Local Board members and staff who work for our communities throughout New Zealand to come together and be motivated, invigorated and at the end, better local leaders.

I realise for some it is a long way to come but I assure you it will be worth it. We will look after you and ensure you have a good time because that is what Wanaka does!

It all starts with a cocktail party on the edge of Lake Wanaka at which I look forward to meeting and greeting you in a truly Wanaka way.

Lyal Cocks  
*Chairman, Wanaka Community Board*

As Chair of the New Zealand Community Boards Executive, I invite you to register for the Community Boards Conference in Wanaka between 9 and 11 May 2013.

The theme of the Conference is "local communities, local leadership".

We have gathered a number of inspirational speakers, including recent Canadian Nuffield scholar Leona Dargis, international neighbourhood development expert Jim Diers, and Sam Johnson, Young New Zealander of the Year and community board member, to speak to this theme. They and other speakers, including officers from Horowhenua and New Plymouth, will share their wide and varied range of experiences, and show how leadership is such a vital ingredient in ensuring that the needs of our communities are recognised and addressed.

We also have a range of workshops during the conference sharing success stories from community boards, which illustrate the way that boards are successfully accepting the challenges that leadership in our communities throws at us, and performing functions that provide real benefit to their parent councils.

Previous conferences have been highly inspirational, relevant and an ideal opportunity to network with other board members from around the country. Talking to attendees at the last conference in Rotorua, they were astounded by the large differences that exist in

the work that other boards were doing and felt that they learnt so much from sharing their experiences.

We will again celebrate the achievements of community boards by awarding the Best Practice Awards. If your board has achieved a notable success in the last two years it should be part of the celebration of achievements. You will find more information about this on the conference website and I encourage you to put your board up for recognition.

I look forward to catching up with you at conference.

Kind regards,

Mick Lester

*Chair, New Zealand Community Boards Executive Committee*

Suzanne Clark  
Committee Secretary  
Greytown Community Board  
PO Box 6  
Martinborough 5741

Dear Suzanne

Thank you for your email of 29 November 2012, advising that our application for financial assistance from the Greytown Community Board was successful. It is with much appreciation that we acknowledge your generous grant of \$500.00. A tax invoice for \$500.00 plus GST is enclosed.

Your grant will help Victim Support provide quality service delivery to victims of serious crime and trauma in the Greytown area and will be used effectively in contributing to the cost of volunteer recruitment, training and expenses for our volunteers and ongoing office expenses including attending external meetings.

Victim Support continues to be proud of the work our volunteers do with victims, giving their time willingly, often working in very traumatic situations.

Victim Support focuses on providing an organisational approach, delivering quality services to our clients ensuring monitored health and safety, the provision of psychosocial and practical support, provision of information, advocating for victims' rights, and referral to and liaison with Police, other Emergency services, and community agencies.

Thank you again for your support of the work we do.

Yours sincerely

Denise Graham  
Regional Administrator/Fundraiser
