## **9 DECISION REPORTS FROM CHIEF EXECUTIVE AND STAFF**

### **10.1 INCOME AND EXPENDITURE UPDATE**

**Author:** Shanin Brider, Advisor, Community Governance

**Authoriser:** Janice Smith, Chief Executive Officer

#### **PURPOSE**

The purpose of this report is to update the board on current income and expenditure activities and to provide an explanation of the funding and budgets available to the board.

#### **BACKGROUND**

The update is supplied to the community board to ensure clear and transparent use of South Wairarapa District Council funds. Funds are used to support the ordinary operation of the community board and provide grant funding to the community.

The Terms of Reference for South Wairarapa District Council community boards outlines, within their community area, boards have the power to approve community grants within the allocated budgets and guidelines.

See the boards terms of reference for other non-financial delegations.

#### **EXECUTIVE SUMMARY**

The income and expenditure report is to period ending 31 December 2025.

##### **Community development fund budget**

There were several community grants yet to be uplifted from prior financial years which have now all been allocated leaving no funding unallocated for follow up.

The invoice from the Martinborough Star has just been received for Christmas Parade advertising and will be reflected in the financials at our next meeting. This invoice was for a total of \$65, so the full amount ringfenced for this cost will not be used. It is recommended that the board resolve to move this surplus back to the community development fund for reallocation when paid.

Future invoicing for advertising is to come from the operational budget.

##### **Operational budget**

The board was allocated \$2,054 in operational expenditure this financial year. Each year, council's that have community boards pay a levy to the Community Board Executive Committee. This cost is split across the operational budget of the Martinborough, Greytown and Featherston community boards of \$290 per board.

This budget is to be used for the operational expenses of the board in the financial year. Such expenses might include any room hire or catering costs, advertising in local publications, costs relating to community engagement and other incidentals. Surplus funds within the year's budget do not roll over to the following financial year.

##### **Training budget**

Each year, the board is allocated a budget for training expenses. The board currently has \$1,027 available for the purposes of training its members. With boards now being delegated responsibilities for community activation and preparedness, it is recommended the board consider

using this funding for training in relation to community emergency management. Surplus funds within the year's budget do not roll over to the following financial year.

**Swimming pools fund**

The board currently has delegated authority for allocation of swimming pool funding, and the balance is currently \$14,174. This is a historical fund that is not replenished. Once exhausted, the fund will close. The board is asked to consider using this fund as an alternative to allocating funding to the swimming pool before allocating money from the community development fund.

**RECOMMENDATIONS**

That the Martinborough Community Board resolve to:

- 1 Receive the Income and Expenditure update
- 2 Move the surplus \$85 ringfenced for Christmas Parade advertising back to the community development fund for reallocation.

## 10.2 2026 COMMUNITY BOARD FUNDING

**Author:** Shanin Bridger, Advisor, Community Governance

**Authoriser:** Janice Smith, Chief Executive Officer

### PURPOSE

The purpose of this report is for the Martinborough Community Board to confirm and agree funding rounds for 2026

### EXECUTIVE SUMMARY

- In the 2025/2026 financial year, the board was allocated \$15,000 to fund community grants. The 2025/2026 funding needs to be allocated before the end of the financial year.
- From the 2026/2027 financial year, this amount increases to \$20,000 to fund grants in the community
- Grant allocations must be made within the guidelines of the Grants and Funding Policy adopted by Council in December 2025.

### RECOMMENDATIONS

That the Martinborough Community Board resolve to:

- 1 Receive the “2026 Community Board Funding” report.
- 2 Set one funding round in the 2025/2026 financial year for \$13,819 with applications to open 22 February and close 5 April 2026.
- 3 Consider and decide upon allocation of these grants at the board’s 28 April 2026 meeting.
- 4 Set the first of two funding rounds in the 2026/2027 financial year for \$10,000, with the first opening 10 August and closing 20 September 2026.
- 5 Consider and decide upon allocation of these grants at the board’s 12 October 2026 meeting.
- 6 Agree to determine future funding rounds once the 2027 meeting schedule and been ratified.

### BACKGROUND

The Martinborough Community Board has the power to approve community grants within their allocated budgets, and within the guidelines of the Grants and Funding Policy.

Historically, boards have accepted applications throughout the year and made decisions on these applications as they come in. Funding not allocated from previous years has rolled over to the next financial year. From the 2026/2027 financial year, the board will be operating under a “use it or lose it” policy. Because of this change, its important the board accepts applications as a group, so all applications are assessed against the same contestable fund.

The Community Governance Advisor receives applications for funding and checks to determine they meet the criteria and have provided enough information in their applications to be put forward to the board for consideration.

## DISCUSSION

The Community Governance Advisor met with the community board chairs in January to discuss issues and options for funding throughout 2026 and 2027 which they would then take back to their board members for oversight to prepare for decisions to be made at this meeting.

Discussions included:

- The need to assess applications as a group, to ensure we have little to no surplus funding remaining, and to ensure funding was going to the most appropriate groups in the community
- Appropriate timeframes for applications to be open, giving community groups enough time to prepare and submit applications
- How the funding opportunities will be advertised and communicated
- Providing information in advance to communities on future funding rounds to allow them to prepare to apply for funding at the right time

Community feedback was also discussed, where some community groups and individuals found the online application process difficult, and would prefer to have documents that can be printed or filled in online.

The board is asked to consider and discuss the recommendations in this report. Once agreed, the Community Governance Advisor will start the implementation process for funding to start and advise the community of the boards plans for funding over the next 18 months.

## COMPLIANCE SCHEDULE

Full consideration has been given to the provisions of the Local Government Act 2002 S77 in relation to decision making, in particular:

1. A Local authority must, in the course of the decision-making process,
  - a) Seek to identify all reasonably practicable options for the achievement of the objective of a decision; and
  - b) Assess the options in terms of their advantages and disadvantages; and
  - c) If any of the options identified under paragraph (a) involves a significant decision in relation to land or a body of water, take into account the relationship of Māori and their culture and traditions with their ancestral land, water sites, waahi tapu, valued flora and fauna and other taonga.
2. This section is subject to Section 79 - Compliance with procedures in relation to decisions.

Compliance requirement	Staff assessment
State the level of significance (high or low) of the issue or proposal as determined by the <a href="#">Council's Significance and Engagement Policy</a>	This is a matter of low significance.
State the relevant Council policies (external or internal), legislation, and/or community outcomes (as stated in the Long Term Plan) that relate to this decision.	This report complies with Council policy and appropriate legislative requirements.

State the possible implications for Māori and how Māori have been provided with an opportunity to contribute to decision making if this decision is significant and relates to land and/or any body of water.	There are no implications for Māori.
Chief Financial Officer review	The Chief Financial Officer has not reviewed this report.
State the possible implications for health and safety	There are no implications with healthy and safety matters.
