2. The problem we are addressing with this bylaw can be defined as "crime or disorder caused or made worse by the consumption of alcohol in public places", (refer to paragraph three of the Statement of Proposal).

Do you agree with the problem as we have stated it?

Yes

No

Is there more (or less) that we should consider?

3. We propose the following controls (refer to paragraph four of the Statement of Proposal).

Select the controls you agree with.

- The bylaw would provide for an alcohol ban for Toast Martinborough as it is a well-established and recurring event.
- The bylaw would enable Council to make alcohol bans by resolution (instead of going through a formal bylaw review process).

Do you have any comments on the proposed bylaw controls?

4. We do not propose to include permanent alcohol ban areas in the bylaw, including the Featherston CBD alcohol ban in the previous bylaw. We do not think there is sufficient evidence of a high level of crime or disorder caused or made worse by alcohol consumption in the district to support this. Refer to paragraph four of the Statement of Proposal.
