## Terms and Conditions for Verifications

South Wairarapa District Council ("Council") is a registration authority under the Food Act 2014 ("Act") for Template Food Control Plans ("Plans").

The Ministry for Primary Industries ("Ministry") has appointed approved External Verifiers under the Act to verify businesses subject to a national programme ("Programme").

*The following terms and conditions apply to food businesses which have agreed with the Council to act as their verifier.*

### Agreement to Verify

1. If your application for South Wairarapa District Council to act as your verifier is accepted, both parties agree that the Council will verify the Plan on the terms set out below.

### Term and Termination

2. The food business may terminate the agreement with the Council at any time by giving a written notice.

3. Council may terminate the agreement and stop providing services immediately if the food business is in breach of these terms and conditions or if their registration is revoked, suspended, surrendered, or substituted.

### Conflicts of Interest

4. Any member of staff of the Council involved in the design of your food or procedures or who has a family or personal connection with you, or your business cannot act as your verifier. We aim to undertake the agreed services in an independent and impartial manner at all times.

### Nature and Purpose of Services

5. Council will conduct its verification function under the Act and the Food Regulations 2015 ("Regulations").

6. Council will obtain all evidence which in its discretion allows it to consider and determine whether a food business complies with the Plan and the relevant provisions of the Act and Regulations. The nature and extent of Council's procedures may vary according to the type of business, risk assessment, and previous compliance history. Council will focus on what is most important for the food safety at each business.

7. At the end of the verification, Council will provide the food business with an outcome report for each verification topic. Possible outcomes are:

- Performing (fully meeting applicable requirements of the Act);
- Conforming (adequately meeting applicable requirements of the Act);
- Non-conforming (applicable requirements of the Act are not fully met by the deficiency(s) are not likely to affect the safety or suitability of food); and
- Non-complying (applicable requirements of the Act are not fully met and findings can be referenced to an offence provision in part 4 of the Act).

8. If any issues are discovered, Council will work with the food business on a plan to address those issues, including setting reasonable timeframes, and the timing of the next verification visit.

9. Council will provide the Ministry with a report of the outcome of the verification visit.

### Obligations of the Food Business

10. The food business agrees to provide Council with reasonable access to:

- the food business;
- information and documents relating to the food business;
- documents that are required to be kept under the risk-based measure
- food and to food-related accessories that are used, or ought to be used, in connection with the risk-based measure.

11. The food business warrants that all information and documents provided are complete, true, and accurate and up-to-date and that:

- all food preparation tasks are being properly carried out by appropriate staff who have been suitably trained and instructed;
- any restrictions or conditions placed on the registration are being complied with; and
- they will notify Council of any further information, including any post-verification events, which may have a bearing on the verification.

### Collection of Information

12. As noted under "Collection of Information" in the Application for Registration form, Council is required to collect information which will be used in a public register. Disclosure of this information may be required by law.

### Our Charges

13. Verification fees are prescribed within Council's fees and charges structure as published on our website [www.swdc.govt.nz](http://www.swdc.govt.nz) under Environmental Services – Safe Food Fees. The fees are subject to annual review and any changes publicly notified through the Annual Plan process. Fees are payable in advance and are only refundable in certain circumstances.

### Disclaimer

14. A verification under the Act does not constitute a permit, authorisation, or other permissions under any other act, regulation, or bylaw. The verification report provided is based on the inspection of the accessible aspects of the food business and represents the Council officer's opinion of the observable condition of the building, facilities, equipment and documents on the day and time of the inspection.

15. The verification report is prepared for the food business and the Ministry only. The food business agrees to not disclose the verification report to any third party. The food business agrees to indemnify, defend, and hold the Council harmless from any third-party claims arising out of the food business distribution of the inspection report to any third party.
