C1. Community Wellbeing Fund Grant Allocations Report

Pages 3-10

D. Karakia Whakamutunga – Closing

Kua mutu ā mātou mahi	Our work has finished
Mō tēnei wā	For the time being
Manaakitia mai mātou katoa	Protect us all
Ō mātou hoa	Our Friends
Ō mātou whānau	Our Family
Āio ki te Aorangi	Peace to the universe

0.0 COMMUNITY WELLBEING FUND REPORT

Author: Lina McManus, Grants and Funding Coordinator
Authoriser: Paul Gardner, Group Manager, Corporate Services
File Number: n/a

PURPOSE

To inform members of the Community Wellbeing Fund grant submissions for September 2024.

EXECUTIVE SUMMARY

- The Community Wellbeing Fund opened in June 2024, with three deadlines and meeting dates for community to apply to and present at in July, September and November.
- Due to an overwhelming response in the second-round (deadline 16 August 2024, meeting date 4 September 2024) the CWBF Subcommittee agreed to *postpone the original meeting from Wednesday 4 September* and rebook it for Saturday 19 October
- This was to ensure that everyone who has applied has an equal opportunity to speak to their project and for all projects to be heard and assessed in full. Following this, the CWBF Subcommittee publicly announced a submission extension to the 18 September to allow those who were going to apply by 31 October to be included in final allocations.
- The Community Wellbeing Fund has received a total of 78 applications, with a total funding request of approximately \$1.4 million.
- The Community Wellbeing Fund has been well received by the South Wairarapa Community and extends to Carterton and Masterton communities.
- Through the live phase of the fund Member's and Council officers have had rich engagements with Community Groups, charities and local 'heroes' to support in grant applications and advise on best practice funding.
- Grant Guru launched during the same time has been great addition to our offering. In addition to prospective funding in this round groups can future proof their funding capabilities with this platform.

RECOMMENDATIONS

That *the Community Wellbeing Fund Subcommittee*

1. Receive the Community Wellbeing Fund Grant allocations report.
2. Allocate \$360,000 of grant funding to individuals, groups, marae and charities that meet the CWBF Criteria and Wellbeing outcomes.

BACKGROUND

Funding has come from Department of Internal Affairs through the Better Off Funding package,

Strategy Working Committee approved (SWC2024/41):

- A total grant pool of \$500,000 to be used for the Community Wellbeing Fund.
- Expenditure for marketing and promotions will come from this total.

Grant distributions and Subcommittee expenditure must be made by resolution at a formal meeting.

On May 29th the Community Well Being Fund Subcommittee agreed to a meeting schedule where applications are submitted for review and consideration. The first, 24 July, then 4 September and the final meeting for the year 27, November.

Due to an overwhelming response for the second grant round 4 September, the Subcommittee agreed to cancel the September meeting, extend the application deadline to 18 September, midnight. With the final meeting for the Community Wellbeing fund grant allocations set for October 19 2024.

A total of \$360,000 remains for grant funding allocation.

DISCUSSION

Eligibility and Criteria

As per the CWBF Criteria Report: The Community Wellbeing Fund will benefit a range of community-based projects, this is a fund that individuals can apply to as well as:

- Community groups
- Marae and Hapori
- Primary/Intermediate schools/kura
- Secondary schools/Wharekura
- Tertiary education providers/Whare Wānanga
- Charitable trusts
- Incorporated societies

The focus of the fund will be on the South Wairarapa District, however, initiatives that were outside of this locale that have measurable benefit to our communities may be considered at the CWBF Subcommittee's discretion.

To be eligible projects, initiatives or activities must meet one of the following criteria:

a) Supporting communities to transition to a sustainable & low emissions economy.

b) Delivery of initiatives that support improvements in community wellbeing.

Applicants must include one or more of the following wellbeing outcomes: Social, economic, cultural and/or environmental.

Our Community Outcomes	
Social wellbeing <i>Oranga Hauora</i>	Residents are active, healthy, safe, resilient, optimistic and connected
Environmental wellbeing <i>Oranga Taiao</i>	Sustainable living, safe and secure water and soils, waste minimised, biodiversity enhanced
Economic wellbeing <i>Oranga Ōhanga</i>	A place of destination, new business and diverse employment that gives people independence and opportunity
Cultural wellbeing <i>Oranga Ahurea</i>	Strong relationships with iwi, hapū and whānau, celebrating diverse cultural identity, arts and heritage

Additional weighting may be given to:

- Projects that primarily focus on South Wairarapa initiatives and communities
- Projects that provide the supporting documents particularly letters of support
- Projects that include partnership with other community groups or funders
- Projects that promote a 'butterfly effect' and kickstart future wellbeing projects
- Projects that support Māori aspirations with a focus on kaupapa Māori values
- Projects that provide quotes that support local businesses and suppliers
- Projects that benefit more than one audience demographic

Scoring Matrix

The matrix below will be utilized during the deliberation for grants allocation. Included in this report are council officer's insights as a basis for assessment. The complete applications will be provided in confidence to the Subcommittee so to protect the intellectual property of each applicant's project and confidential information. The following definitions are used to score both the wellbeing and LAAK ratings:

Wellbeing Rating

0	Does not meet this wellbeing outcome
1	Does meet but has not specified
2	Does meet but hasn't detailed measure
3	Meets and has detailed measure
4	Meets, has detailed measure and outcomes may be delivered
5	Meets, detailed measure and confident in outcomes be delivered

LAAK Ratings

Locale

1	Masterton
2	Carterton
3	Based outside of SWDC but delivers programmes in our district

4	Featherston, Martinborough, Greytown, SWDC Rural or SWDC Coastal
5	More than one of our towns/areas

Audience

1	One age group, One ethnicity
2	More than one age group, more than one ethnicity
3	Multiple age groups, multiple ethnicities
4	Underserved communities
5	Isolated communities

Ability

1	Unlikely to deliver project
2	Unsure if able to deliver project
3	Likely to deliver project with additional support
4	Highly like to deliver project
5	Confident project will be delivered

Kaupapa Māori

1	No Kaupapa Māori value considerations
2	Limited Kaupapa Māori values
3	Is collaborating with someone who can share Kaupapa Māori values
4	Does have Kaupapa Māori values as an organisation
5	Is Kaupapa Māori led, values are interwoven in organisation and work

The kaupapa is described as:

- Whanaungatanga: Building and maintaining relationships.
- Manaakitanga: Sharing, hosting and being generous.
- Aroha: Love and respect.
- Mahaki: Showing humility when sharing knowledge.
- Mana: Power, dignity and respect.

This is an example of the Scoring Matrix based on the Wellbeing LAAK Ratings:

Social	Cultural	Economic	Environmental	Well-being Rating	Locale	Audience	Ability	Kaupapa Māori	LAAK Rating	Supporting documents
4	5	1	2	12	5	3	4	5	17	No
										Missing bank acc Missing letters Missing accountability Missing declaration Missing budget Yes - all

Applications received

There is currently \$360,000 in the fund and \$1,180,049 worth of grant applications to be considered at this meeting.

We received a total of 64 applications for project in Featherston, Greytown, Martinborough, Rural South Wairarapa, Coastal South Wairarapa, Carterton and Masterton.

The applications have been collated for the subcommittee to consider in thematic charts; High Priority, Capital Projects, Environmental Projects and Events.

Summary of Applications

The complete applications were circulated in stages to the committee for review. A shortlist created, whereby successful applicants were able to proceed to the speaking / presentation stage, a summary of the project request with officer's initial recommendations is provided in Appendix B.

High priority applications

We have included a chart that shows applications that meet multiple criteria and have high impact potential on the outcomes they have noted they will deliver on.

Many of these applications also strongly align with Council and Regional Strategies of note including but not limited to:

- Ruamāhanga (Climate Change) Strategy
- Five Towns Trails Master Plan
- Waste Management and Minimisation Plan (WMMP)
- Positively Ageing Strategy
- Rangatahi Youth Strategy & Plan
- Wairarapa Economic Development Strategy
- Regional Food System Strategy

Top Capital Projects

We have included a chart which has collated the capital applications presented to the Community Wellbeing Fund committee.

New Zealand is facing an infrastructure challenge across the nation this extends to community facilities and buildings – as a Council this is all too familiar to us having essentially three assets to service across three towns e.g. swimming pools.

In reviewing these applications, the CWBF subcommittee should consider funding for success e.g. no less than 70% or a confidence that other funders will meet any shortfall so that the project can go ahead.

Other considerations for capital projects to discuss include:

The immediate need – is this prevalent; can the community operate in its current state, is their liability in not meeting current building or earthquake standards

Community user - consider how many people use the facility, will an investment support an asset in becoming a multi-purpose facility which in turn enhances operational capability and reduces maintenance for multiple buildings or rooms.

Project management – consider confidence in governance (the decision makers), planning (budgets, fundraising, timelines and communications) and people (has the community endorsed this, are the suppliers and tradesman local and able to deliver the project on time to cost).

Top Environmental Projects

Applications that met strongly focused on criteria a: supporting communities to transition to a sustainable and low emissions economy and had clearly articulated environmental wellbeing outcomes have been included in this chart.

It is important to note only one 'Criteria A' application was funded in the last round however we have received X application to consider.

Key sustainability themes include;

- Water conservation and protection
- Solar projects
- Food security
- Emergency management
- Waste minimisation
- And environmental education projects

Globally environmental projects accrue significant funding, in New Zealand we are far behind on environmental investment. This is likely as outcomes are more difficult to measure as they take time and the level of investment accessible to local authorities, charities, community groups and businesses is extremely limited.

An investment today may not provide immediate outcomes but is worth an investment and consideration for both communities now, and communities in the future.

Top Event Proposals

Included for assessment are a range of community events, some that are new, some that are well established.

The Community Wellbeing Fund subcommittee may wish to consider how these events deliver sustainable 'social, cultural or economic' outcomes. And can these be measures effectively.

In terms of delivery on initiatives that enhance community wellbeing the Subcommittee may wish to consider these bullets in their assessment as the funding requested is significant and almost equal to that of the capital requests.

- Does the event enhance the overall health, happiness, and prosperity of a group of people living in a particular area?
- Does it deliver deep balanced or broad impact to an individual, families or whole communities?
- Does participating in the event as a stakeholder provide rich opportunities that will create a ripple effect to the whole community?
- Does the event celebrate more than one community, have the organisers considered Kaupapa Māori values?
- Will a grant from the CWBF support the event in being sustainable in the future or is it so significant that it creates jobs and enhances SWDC as a destination?

Council offers have included recommendation to consider Council partnership funding for events that provide mutual benefit to multiple stakeholders, this may be considered a component of Regional Economic Development Funding.

DIA responsibilities

There is no longer a requirement for 6 monthly reporting requirements to the DIA. Reporting will now be part of the drawdown process. This report will include claims and invoices, milestones, projects status, health and safety, risks, forecast and wellbeing outcomes.

Council has spent the 10% pre allocated in the Community Wellbeing Fund and a final drawdown will be made of the remaining \$360,000.

Future Allocations

There will be no future allocations of the fund.

COMPLIANCE SCHEDULE

Full consideration has been given to the provisions of the Local Government Act 2002 S77 in relation to decision making, in particular:

1. A Local authority must, in the course of the decision-making process,
 - a) Seek to identify all reasonably practicable options for the achievement of the objective of a decision; and
 - b) Assess the options in terms of their advantages and disadvantages; and
 - c) If any of the options identified under paragraph (a) involves a significant decision in relation to land or a body of water, take into account the relationship of Māori and their culture and traditions with their ancestral land, water sites, waahi tapu, valued flora and fauna and other taonga.
2. This section is subject to Section 79 - Compliance with procedures in relation to decisions.

Compliance requirement	Staff assessment
State the level of significance (high or low) of the issue or proposal as determined by the Council's Significance and Engagement Policy	This is a matter of low significance.
State the relevant Council policies (external or internal), legislation, and/or community outcomes (as stated in the Long Term Plan) that relate to this decision.	This report complies with the Grants Policy and Privacy Act.
State the possible implications for Māori and how Māori have been provided with an opportunity to contribute to decision making if this decision is significant and relates to land and/or any body of water.	There are no implications for Māori.

Chief Financial Officer review	The Chief Financial Officer has/ has not reviewed this report.
State the possible implications for health and safety	Each application is responsible for the delivery of their project in alignment with Health and Safety procedures, subcommittee members may wish to consider the ability to comply as part of the application assessment.

Recommendation to consider for immediate delegation:

Featherston.Community.Board

- Featherston Bowling Club \$3,000
- Featherston Beautification Group \$2,060
- Featherston Knitters \$4,000

Martinborough.Community.Board

- Martinborough.Gaming.Board.Club.P1066
- Consider some of the shortlisted applications above to either the MCB, Community Development Fund or Pain Estate

Greytown.Community.Board

- Greytown Community Gym \$4,944
- Consider part funding Greytown Crop up shortlisted above
- Consider Greytown Robins – Garden for Greytown School

Māori.Standing.Committee

- Kohunui Marae second round, consider a commitment to their project
- Kahutara School \$4,800 has been moved from CWBF to MSC

Recommendation to consider for communication that we will not progress the following applications:

Full name	Your Organisation/Group	Project title	Amount applied	Reason for not proceeding
Lisa Birrell	Carterton School	Te Kura o Taratahi Artworks Project	\$ 5,000.00	limited direct impact to South Wai communities
Lisa Birrell	Divine River NZ Trust	nurturing sustainable personal care choices	\$ 7,500.00	Same project funded earlier this year
Julia Reed	Featherston Beautification Group	Shelter for our volunteers up at our nursery	\$ 2,060.00	Recommend FCB delegation
Shirley Poutu	Featherston Bowls	Bowls for Social Bowls Season	\$ 3,000.00	Recommend FCB delegation
Marcus Anselm	Featherston Heritage Complex	University of Tokyo Chor Farmer Choir Concert in Featherston	\$ 1,000.00	event has passed
Dylan Bird	Martinborough Board Gaming Club	Martinborough Board Gaming Club	\$ 500.00	Recommend MCB delegation
Justine Kingdon	Nature Learning Circle		\$ 3,367.00	incomplete application with support recommend FCB delegation
Andrea Jackson	Nuku Ora	Nuku Ora & SWDC Partnership	\$ 49,500.00	nature of fund, both in chart consider one
Sarah Cristaldi	Sarah Cristaldi	education costs towards accreditation	\$ 8,294.50	individual personal education fees
Ariana Te Whetu	Kahutara School	Te Puna Waiora Programme at Kahutara School	\$ 4,800.00	Recommend MSC delegation
Belinda Milnes	Belinda Miles	Safe bike storage at Featherston station	\$ 25,000.00	incomplete application, in particular no quotes or evidence
Mary Anne Mason	Featherston Knitters	Knitting items in pure NZ wool to keep our community warm	\$ 4,000.00	Recommended FCB delegation
Andrew Bos	Greytown Community Gym	Greytown Community Gym equipment replacement	\$ 4,944.91	Recommend MCB delegation
