

Submission Number	Name	Reduction in Library Charges				Extended Pool hours - agree to extend		Extended Pool hours - agree to proposed hours		Longer Shorter	Pool Hours Comment	Senior Housing - Ratepayer to contribute		Senior Housing					Footpaths Comment	Priority Rating					Fees and Charges Comment	Other Comments/Proposals Comment	Officer Comments Comment	
		Option 1	Option 2	Option 3	Option 4	Yes	No	Yes	No			Yes	No	Yes	No	If No, how do we cover future costs	If No, how do we fund upgrades	Yes		No	Yes	No	No	More				Less
1	Sally Walker (Secretary), Featherston Amateur Swimming Club (FASC)					1		1			Pool not warm enough and heating is the first priority rather than hours														Grant Application - Requesting \$29,000 plus installation plus GST to upgrade facilities with one off purchase and installation of solar pool heating.	Grant Received. Will be considered as part of the annual allocation process		
2	Stephanie Luxford					1		1	1		Hours - Agree with week day hours but want longer weekends hours, specifically earlier (8am) due to UV radiation hours.. Funding to come from rates. If funding not available suggest closing the pool during peak radiation times (12pm - 3pm). If not accepted residents to apply for earlier access with key charge incurred. Heating - to be fixed or replaced as a priority.					1		1				4	2	1	3		N/A	N/A
2	Stephanie Luxford					1					Disagree with removing overdue charges completely. Recommend fees remain for repeat non compliance. Long period should result in replacement. Librarian to use discretion i.e. hardship.														Stormwater - More investment to avoid flooding in Featherston.	Need to review with regional council as this is part of their remit.		
2	Stephanie Luxford																								Water Supply: Martinborough water - Chlorination to occur only if absolutely in all South Wairarapa areas with documented evidence of cost benefit and consultation with affected residents.	There is consultation planned, however it needs to be evaluated against public health		
2	Stephanie Luxford																								Governance - Request at least one of workshop series be scheduled during the weekend to accommodate commuters.	We will consider this for the next AP workshop series.		
3	Leslie Austin																								Amenities - Wheelchair access in Fitzherbert St park to be addressed,	Will investigate with footpath programme manager. Cost unknown at this stage		
3	Leslie Austin																								Land Transport - heavy traffic should permanently be diverted from the Featherston main road rather than just for celebrations and limited hours applied for Rimutaka Hill to accommodate commuters.	Fitzherbert St is State Highway 2 and the main reason for a SH is to provide connectivity through the regions and to both nationally and international hubs. To divert heavy traffic off SH 2 it would be diverted through residential streets in Featherston. The residential infrastructure is not designed to accommodate a constant flow of Heavy vehicles and consultation with the affect residents will be against any proposal		
4	Gray Carter																								Would like to see a Footpath/walkway from Cnr. of Ferry Road to White Rock Rd as seen in Oxford Street	N/A	N/A	
5	Robyn Ramsden (Chair), Featherston Community Board																								Grant application - Neighbourhood Support network - request that Council continue to fund the programme in future to foster current network and future growth.	Grant Received. Will be considered as part of the annual allocation process		

Submission Number	Name	Reduction in Library Charges				Extended Pool hours - agree to extend		Extended Pool hours - agree to proposed hours		Longer If No, longer or shorter?		Pool Hours	Senior Housing		Extra Footpaths - more money needed for 3 towns?			Extra Footpaths - Rates increase			Greater allocation from Rates		Footpaths	Priority Rating					Fees and Charges	Other Comments/Proposals	Officer Comments			
		Option 1	Option 2	Option 3	Option 4	Comment	Yes	No	Yes	No	Longer	Shorter	Comment	Yes	No	If No, how do we cover future costs	If No, how do we fund upgrades	Yes	No	Yes	No	No	More	Less	Comment	Library	Pool Hrs	S. Housing	Footpath	None	Comment	Comment	Comment	
5	Robyn Ramsden (Chair), Featherston Community Board																															EC & C: - Neighbourhood Support network - request that Council continue to fund the programme in future to foster current network and future growth.	Noted	
5	Robyn Ramsden (Chair) Featherston Community Board		1			Removing overdue fees encourages adults to keep reading and young adults/children back into the library	1					Support the Featherston Amateur Swimming Club's grant application and submission except believe both the heating and extended hours are not exclusive, both can be done for the benefit of the community			Conflicting opinions, believe best addressed through the AP process			1							Gaps need to be filled in our growing towns. Prioritise footpath usability from Housing for Seniors to the main Street.	2	3	4	1				Amenities: Featherston Pool - addition of a bike rack would be beneficial to users	Noted and will look at fitting it in this years budget, around \$1000.00
5	Robyn Ramsden (Chair) Featherston Community Board																														Amenities: Card Reserve -Toilets - to be upgraded and inclusion of coin operated and timed shower facilities. Benefit to multiple user groups	Noted, this will need investigation due to increase in waste water and plumbing. Estimated cost \$7,000.00		
5	Robyn Ramsden (Chair) Featherston Community Board																															Amenities: Featherston Town Square completion - paving to be completed to sculpture area, skate park and to Fox St. Access is difficult for elderly or disabled. A temporary shelter to be erected (Sth side) for protection from wind.	Had Identified this with FCB, will work on quote from Contractor and try and fit in this years budget. Difficulty getting tradesman	
5	Robyn Ramsden (Chair) Featherston Community Board																															Amenities: Featherston Playground - install a water fountain so children don't need to lave the park to drink. Expect that Council will consult with playground users on any major alterations and additions. This may involve working with any Community Led development group with interest in the facility.	Drinking fountain under action awaiting tradesman. Yes working with FCB	
5	Robyn Ramsden (Chair) Featherston Community Board																															General: Email database - Ask Council to further develop the database to allow for direct communication from both Council and Community Boards. Would have been useful tool following flooding last December.	Could be done in the next financial year. Would encourage asking ratepayers to upload their own contact information and email) to get the majority and then we would to increase the email list over time. We have already started to look at bulk text solutions.	
5	Robyn Ramsden (Chair) Featherston Community Board																															EC & C: FCB support grant applications for both the heating for the Featherston Amateur Swimming Club and Manager funding for the Featherston Community Centre (Manager funding)	Noted	
5	Robyn Ramsden (Chair) Featherston Community Board																															EC & C: FCB support the creation of a Sth Wairarapa Youth Council that liaisons with youth councils.	Officers will consider the appropriate way to do this.	
5	Robyn Ramsden (Chair) Featherston Community Board																															Amenities: Commemorate 100 yrs since WW1; FCB supports Heritage NZ Augmented Reality of the Featherston Camp.	SWDC supports this project.	
6	Susanna Shadbolt (Director), Aratoi																															Grant Application - Would like to establish a MOU with SWDC for a 3 year funding cycle and working synergy with other art museums.	Grant Received. MOU will be considered as part of the annual allocation process.	

Submission Number	Name	Reduction in Library Charges				Extended Pool hours - agree to extend		Extended Pool hours - agree to proposed hours		Longer	Shorter	Pool Hours	Senior Housing - Ratepayer to contribute		Senior Housing		Extra Footpaths - more money needed for 3 towns?		Extra Footpaths - Rates increase		Greater allocation from Rates		Footpaths	Priority Rating					Fees and Charges	Other Comments/Proposals	Officer Comments
		Option 1	Option 2	Option 3	Option 4	Yes	No	Yes	No				Yes	No	If No, how do we cover future costs	If No, how do we fund upgrades	Yes	No	Yes	No	Yes	No		More	Less	Library	Pool Hrs	S. Housing			
7	Greytown Community Board											Supports the proposal but no option specified	1	1									Requested further footpath funding in last LTP. Support use of development funds and increased contribution from District Plan. Priorities for new footpaths listed and noted. Urgent attention for disabled access for pedestrian crossings on Main St.							N/A	N/A
7	Greytown Community Board																												<b>Resource Management:</b> Management of Notable Trees - request review of register in 5yrs or next WCDP and, to explore opening a historic tree nursery for any replacement trees required.	Noted. Private nurseries are able to supply a variety of trees which one day may become historic.	
7	Greytown Community Board																												<b>Resource Management:</b> Historic Precinct - request consideration to reducing max. building height in precinct to 10m.	Noted. The provisions of the heritage precinct will be assessed during the review of the District Plan.	
7	Greytown Community Board																												<b>Amenities:</b> Greytown Wheels Park/Youth initiatives - Supports any initial pop up parks, would like to see a 2nd children's' park (Kowhai Reserve or Colliers Park) with some budgetary allowance and supports Council to look at further youth activities in the region.	Planners will look into extra parks in future developments within Greytown. This will be part of the Spatial Plan work to be undertaken	
7	Greytown Community Board																												<b>EC&amp;C:</b> Cobblestones Museum, Greytown Rail Trail & Little Theatre - strongly support and request SWDC continues to support culture & youth initiatives	Noted	
7	Greytown Community Board																												<b>Resource Management:</b> District Plan Review - Continue spatial planning project including: review of developers contribution, consistent street lighting for new developments, increased contribution to footpath funding, recommend prominent Maori/early settler names for new streets (developers to consider and provided to Council 2017), review ratio of land vs. building sites.	Council has a list of appropriate names that developers can use if they choose to do so. The road naming application requires applicants to demonstrate how the Road Naming Policy requires significant local content or meaning.	
7	Greytown Community Board																												<b>Water Supply:</b> Water Races - provide information/brochure to new owners & reminder in Rates newsletter, consider working with real estate agents for distribution and continue ongoing maintenance in public areas.	Noted. Information is provided with LIMs already and has previously been sent to local real estate agents	
7	Greytown Community Board																												<b>General:</b> Website and Comms - Comms manager appointment noted and applauded. Support new website proposal, would like a 'Got an idea' button, and consider creating ratepayer database for direct communication.	An update of the website has commenced and we expect to complete this over the coming year	
7	Greytown Community Board																												<b>Amenities:</b> - Request annual maintenance programme. To include: street lighting review, repainting of old library building and also support Event Manager appointment to manage venues.	Old Library under action with Chem wash, Operational matter regarding Event manager which will be proposed to management. Street lighting under Road manager	

Submission Number	Name	Reduction in Library Charges				Extended Pool hours - agree to extend		Extended Pool hours - agree to proposed hours		Longer	Shorter	Pool Hours	Senior Housing - Ratepayer to contribute		Senior Housing					Footpaths	Priority Rating					Fees and Charges	Other Comments/Proposals	Officer Comments														
		Option 1	Option 2	Option 3	Option 4	Yes	No	Yes	No				Yes	No	Yes	No	If No, how do we cover future costs	If No, how do we fund upgrades	Yes		No	Yes	No	No	More				Less	Library	Pool Hrs	S. Housing	Footpath	None	Comment	Comment	Comment					
7	Greytown Community Board																													Land Transport - Support ongoing review of speed limits and specific areas noted for continued review.	The South Wairarapa together with Carterton and Masterton District Councils and the NZ Transport Agency are looking at rolling out a speed review of the whole of the Wairarapa. The basis of this review is to look at reducing speeds on all roads and streets in line with the Government mandate and safer roads. This review will be done throughout the Wairarapa at once to avoid a piecemeal approach.											
7	Greytown Community Board																													Governance- support an increase in funding for 2020 year including additional secretarial support.	Additional support has been added through the appointment of the second committee advisor (0.7 FTE)											
7	Greytown Community Board																													Resource Management: Large scale new developments - more consultation on future developments .	Notification of applications is determined by assessment under the RMA.											
7	Greytown Community Board																													EC&C: Economic development - Support continued involvement and would support a Sunday bus service between Woodside and Greytown stations and improved weekend bus services to Masterton.	Council could advocate for increased bus services through GWRC.											
7	Greytown Community Board																													Resource Management: Spatial Plan - Consideration to be given to extending recreational and children's facilities.	This will be part of the Spatial Plan											
7	Greytown Community Board																													Governance: Strengthening ties with local Hapu & Tangata whenua - Support initiatives to strengthen relationships particularly a grant towards developing a collaborative proposal to transform Maori policy & ongoing training for council staff and elected members. Request funding consideration for development of papawai marae website.	Officers could work with Maori Standing Committee on these initiatives. Work has commenced on reviewing the Maori policy and MSC TOR and looking at further Te reo and pronunciation training for staff.											
7	Greytown Community Board																													N/A	N/A											
8	Megan Very																													Library fees will not deter users. Any additional funds should be used to enhance library services	Great idea for summer.	important for community health and wellbeing. Featherston particularly insufficient.	3	1	3	2					N/A	N/A
9	Wendy Young	1				1	1					1																								N/A	N/A					
10	Michael Gottchick																																			N/A	N/A

Submission Number	Name	Reduction in Library Charges				Extended Pool hours - agree to extend		Extended Pool hours - agree to proposed hours		Longer Shorter	Pool Hours Comment	Senior Housing - Ratepayer to contribute		Senior Housing					Footpaths Comment	Priority Rating					Fees and Charges Comment	Other Comments/Proposals Comment	Officer Comments Comment	
		Option 1	Option 2	Option 3	Option 4	Yes	No	Yes	No			Yes	No	If No, how do we cover future costs	If No, how do we fund upgrades	Yes	No	Yes		No	No	More	Less	Library				Pool Hrs
15	Marieke Mulling										Agree with a minor increase in rates so working community (commuters) don't miss out on rate paid services.																	
		1				1		1				1																
16	Richard Ward, (President) Featherston Rugby Club										Support extension of hours but would like to see opening hours earlier from November until 2nd week in April. Heat and shading considerations to be considered to enable it to be open all year round. Option of joint facilities with the Rugby Club to create greater usage of pool events.																	
						1				1																		
16	Richard Ward, (President) Featherston Rugby Club																								Amenities: Featherston Sporting facilities - Greater investment required at Card Reserve. Reconsider proposed sports hub in Greytown and relocate to Featherston with great value and minimal investment enabling increased number of events. Require annual Flood light maintenance and additional lighting for winter sports.		Noted. After investigation Floodlights are maintained as is the building at the Rugby Club	
16	Richard Ward, (President) Featherston Rugby Club																								Amenities: Part Sale of Card Reserve area for housing or other - strongly oppose current discussions.		Council does not plan to sell	
17	Jorge Sandoval, Cycle Classic																								Grant Application of \$15,000 plus GST to help stage the 2020 NZ Cycle Classic in South Wairarapa and cover costs of TMP, First Aid and bus hire. The event will position the Wairarapa as a national centre for road cycling racing, attracts visitors to the area, provide television and social media coverage and community engagement.		Grant Received. Will be considered as part of the annual allocation process	
18	Bevan Lye		1			1		1				1																
19	Gregory Montgomerie-Crowe										User pays																	
		1				1		1																				
																									Land Transport: Speed Limits - reduction on rural roads - specifically Wood St, Woodside Rd and Kuratawhiti.		The South Wairarapa together with Carterton and Masterton District Councils and the NZ Transport Agency are looking at rolling out a speed review of the whole of the Wairarapa. The basis of this review is to look at reducing speeds on all roads and streets in line with the Government mandate and safer roads. This review will be done throughout the Wairarapa at once to avoid a piecemeal approach.	

Submission Number	Name	Reduction in Library Charges				Pool Hours		Senior Housing		Footpaths					Priority Rating		Fees and Charges	Other Comments/Proposals	Officer Comments																				
		Option 1	Option 2	Option 3	Option 4	Comment	Yes	No	Yes	No	Longer	Shorter	Comment	Yes	No	If No, how do we cover future costs	If No, how do we fund upgrades	Yes	No	Yes	No	No	More	Less	Comment	Library	Pool Hrs	S. Housing	Footpath	None	Comment	Comment	Comment						
20	Sally Walker											1				1								1										No rate increase for any of the discussion topics	<b>Land Transport:</b> Increased Footpath and Give Way Signage - William Benton St is just one of the streets requiring this in Featherston.	New footpaths are being consulted on. Sightlines and speed do not require all intersections to be controlled. NZTA guidelines need to be followed			
21	Ingrid Bain	1					1																		1	3	3	4						N/A	N/A				
22	Emma Cameron						1									1			Cuts to bureaucrats in offices, levies on all irrigation, user pays water usage over standard household use																None of the topics are relevant with current water situation	<b>Water Supply</b> - Review decision to join Wellington Water and progress a Joint Wairarapa Council with an expert water team to implement policies and procedures.	Noted. Decision to become a shareholder in WWL was made at Council meeting on 24 April 2019 - a joint Wairarapa council was not the option chosen by the Council..		
23	Ashleigh				1		1				1								Earlier opening 1-2 weekdays to accommodate quieter swim periods							1	2	3	4						N/A	N/A			
24	Alister and Jenny Boyne	1					1																											Not happy about proposed increase in senior housing rental and unoccupied properties in Martinborough when there is a shortage in our area.	<b>Land Transport:</b> Bridges and sealing of roads - would like Tora bridge upgrade included in this plan and the resealing of Tora Farm Settlement Road Rd section damaged by Council work.	A contract has been let for pier work on Tora Fam Settlement Bridge and due to the cost it will span 2 financial years. Fulton Hogan have been instructed to repair grader damage at their cost.			
24	Alister and Jenny Boyne																																	<b>Amenities:</b> Coastal Reserves - Consideration to adding BBQ/cooking facilities for locals and visitors and fence all reserves.	Noted and will investigate cost and cost of on going maintenance				
25	Andrew Gladding	1					1																											N/A	N/A				
26	Patrick Desbonnets																																	<b>Building:</b> Cost of Pool barriers 3 yearly inspection - Inspection fee is high and not warranted when there has been no change in 8 years. How is this justified?	The fee is based on staff hourly rates for the work involved for the audit, communication of results from audit and updating the records as well as the overheads including vehicle costs, administration costs of monitoring the correct information and tracking of audit dates. This is all needed to meet the requirements of Act.				
27	Jennifer Roberts																		Extended hours allows now will accommodate commuters. Would like to see better advertising (fliers) of extended hours i.e. train stations for commuters who may not be ratepayers. Also through Sport Wairarapa, Whaiora and local medical centres for users of Green Prescription. Initiate collaboration with health providers to promote.																			<b>Amenities:</b> Community Housing - important to have affordable housing available for adults with financial difficulties rather than just seniors. More of a priority than footpaths.	This is an elected members discussion and decision

Submission Number	Name	Reduction in Library Charges				Extended Pool hours - agree to extend		Extended Pool hours - agree to proposed hours		Longer if No, longer or shorter?	Shorter	Pool Hours	Senior Housing		Extra Footpaths - more money needed for 3 towns?		Extra Footpaths - Rates increase		Greater allocation from Rates		Footpaths	Priority Rating					Fees and Charges	Other Comments/Proposals	Officer Comments		
		Option 1	Option 2	Option 3	Option 4	Comment	Yes	No	Yes				No	Yes	No	Yes	No	Yes	No	More		Less	Library	Pool Hrs	S. Housing	Footpath				None	Comment
28	Annalise Schroeder										Open earlier so people can use prior to work or school. Access should not be free if it means shorter hours. Prefer to pay for swimming pool if it means longer hours are available.				1		1						2	3	1	4			General: Communications - Please utilise local papers (i.e. Featherston Phoenix) vs. Wairarapa MidWeek as more likely to be read and deserve Council support.	Absolutely agree with this. We have been using them more, and will continue to do so in the future, especially for consultations.	
29	Bella Anderson	1											By rental fees; not fair to expect ratepayers to contribute when may already be supporting own family and/or parents.	Charge sufficient rent to offset costs. If help is required, the caring community could help in other ways than financial.	1		1			1			2	3	4	1			Thanks for the consultation.	Noted	
30	Joanne Foster					1					Keep fees for replacement cards.												1	4	2	3			Land Transport - Fulton Hogan should be accountable for substandard work.	New network contract has more level of service and accountability written into it. But as seen this comes at an increased cost. The Contract has adopted the NZTA ONRC customer level of services.	
31	Richard Mayes	1									Featherston should be open until 7pm at least during summer months and this would also accommodate commuters.		SWDC ratepayers pool too small and poor to pay for welfare system. Already long waiting list to meet current maintenance costs.		1		1			1			3	1	4	2			Governance/Finance: Rates - concerned at steady increase over 7 years and benefit is not obvious. Unsure if/when Wastewater upgrade will occur or development of gravel pit in Main St meanwhile Martinborough has expensive new building. Rates should be frozen and better performance exercised within existing budgets.	Rates need to be increased when operating costs increase. The price index for local authorities increases at a greater rate than the CPI each year. Shortages of contractors and materials contribute to this. The sale of 57 Fitzherbert Street, Featherston is underway.	
32	Pat Dance	1																								1		Better management of funds is needed.	N/A	N/A	
33	Margaret Juggins	1									Paying for overdue books teaches responsibility for other peoples property. DVDs are cheap and there must be other ways to pay for replacement books/DVDs.		Extend to 8.30pm to allow for people to swim after work. Swimming clubs could do evening shift as fund raising as lot of members have life saving certificates. This would save on cost of life guards and profits from evening hours put to better use.				1		1		1			4	1	2	3			N/A	N/A
34	Janine Price																												N/A	N/A	
35	Jocelyn Konig	1																											N/A	N/A	

Submission Number	Name	Reduction in Library Charges				Pool Hours		Senior Housing		Footpaths					Priority Rating		Fees and Charges	Other Comments/Proposals	Officer Comments																	
		Option 1	Option 2	Option 3	Option 4	Comment	Yes	No	Yes	No	Longer	Shorter	Comment	Yes	No	If No, how do we cover future costs	If No, how do we fund upgrades	Yes	No	Yes	No	More	Less	Comment	Library	Pool Hrs	S. Housing	Footpath	None	Comment	Comment	Comment				
52	Martin Freeth	1				Fees are not excessive and charges encourage users to look after books and DVDs and value the service	1									One day in weekend 11am - 7.30pm																		Other fee increases reasonable but not 2% building consents as high enough already. Maintain fee to demonstrate support for managed growth.	<b>Water Supply:</b> Martinborough Water Supply - plan for a total upgrade for 2019/20. Conduct thorough assessment and plan for future system to safely meet needs of community with environmental consideration. Formally adopt the Corrective Actions proposed in Lutra Report and implementation plan over next 3yrs. Document attached.	Working on this at present. Paper went to Council on 15 May 2019 re corrective actions. Work to improve Martinborough water supply is ongoing
53	Laura Golland (Acting Executive Director) Wellington Free Ambulance Service Inc.																																	<b>Grant Application</b> - Requesting \$10,450 to continue to run the free ambulance service in the South Wairarapa district. 75% of funds are from Government contracts and balance is required from fund raising. Contribution requested is based on \$1 per person in the district.	Grant Received. Will be considered as part of the annual allocation process	
54	Ann Rainford	1					1																		4	1	4	2						<b>Amenities:</b> Recreation - need another park for children to play in Greytown.	Will be part if the Spatial Plan.	
55	Al Werry																																Rates increase not desirable but required to promote 'public good. 'As elderly population increases, 1,3 and 4 of the initiatives become more important.	N/A	N/A	
56	No Name																																			
57	Russell Bell																																		<b>Land Transport</b> - Provision in the 2019/20 annual plan for the development of a long term Traffic Management Plan for Greytown. The charm of Greytown is commercially supported for visitors and residents however this is degraded by the increasing volume of HGV through traffic. Possible solution to re-route heavy traffic with a by-pass as outlined in supporting documentation along with traffic statistics provided from NZTA.	Main St is State Highway 2 and the main reason for a SH is to provide connectivity through the regions and to both national and international hubs. To divert heavy traffic off SH 2 it would be diverted through residential streets in Greytown. The residential infrastructure is not designed to accommodate a constant flow of heavy vehicles and we predict consultation with the affected residents would likely be against this proposal
58	Susie von Pein																																			
59	Jo Holter	1					1																													
60	Karen Shaw																																			

Submission Number	Name	Reduction in Library Charges				Extended Pool hours - agree to extend		Extended Pool hours - agree to proposed hours		If No, longer or shorter? 		Option 1	Option 2	Option 3	Option 4	Yes	No	Yes	No	Longer	Shorter		Yes	No	If No, how do we cover future costs	If No, how do we fund upgrades	Yes	No	Yes	No	No	More	Less	Library	Pool Hrs	S. Housing		Footpath	None						
61	Tingay Davidson											Time outside of school hours for older citizens to swim has been covered in this proposal.																			As an old age pensioner concerned about rate increase but understand increasing costs.	<b>Governance:</b> Continue with pressure on central government to increase funding to local councils.	Council will advocate for this via LGNZ and any other opportunities to communicate with central Government regarding funding.		
62	Nim Grewal (Chair), Featherston Junior Football Club	1				1		1																								<b>Grant Application (Youth)-</b> Requesting \$1719 to pay for additional goal posts and nets. Without enough equipment, unable to be selected as a venue for Wairarapa League Games, players have to 'play away' all season and unable to train players effectively limiting ability to grow and support players.	Grant Received. Will be considered as part of the annual allocation process		
63	Geoffrey Roberts																															<b>Amenities:</b> Trees - More trees planted in Featherston town centre	Noted, and will look at this if budget allows		
63	Geoffrey Roberts	1																														<b>Amenities:</b> Fencing - Fence Cheery Tree park off SH2 - both sides of Lyon Street. No one will use park if children can run out onto road	Main Featherston playground across the road. No plans to fence Cherry tree park.		
63	Geoffrey Roberts																															<b>Amenities:</b> Maintenance - patch of metal between squirkle and skatepark, please address to match exposed aggregate around rest of town centre. Detracts from war memorial.	Will try and fit into this years budget, getting tradesman has been an issue, had identified this with FCB		
63	Geoffrey Roberts																															<b>Amenities:</b> 57 Fitzherbert vacant lot- please grass if not going to be sold in near future.	In process of going on the market		
63	Geoffrey Roberts																															<b>Governance:</b> Derelict buildings - approach owners re arrangement to benefit the town	This has been tried in the past but we will try again.		
63	Geoffrey Roberts																															<b>Amenities:</b> Public toilets - need facilities in Dorset Square to maximise use by families.	Not feasible as toilets 500m along. Location will be subject to vandalism with lack of visibility.		
63	Geoffrey Roberts																															<b>Amenities:</b> Playground - needs tidy and upgrade	Work in progress including fencing down eastern side. Awaiting contractors to begin ( estimate July 2019 )		
63	Geoffrey Roberts																															<b>Land Transport:</b> Speed limits - work with NZTA to reduce 70km areas before and heading out of town to 50km before scheduled review.	The South Wairarapa together with Carterton and Masterton District Councils and the NZ Transport Agency are looking at rolling out a speed review of the whole of the Wairarapa. The basis of this review is to look at reducing speeds on all roads and streets in line with the Government mandate and safer roads. This review will be done throughout the Wairarapa at once to avoid a piecemeal approach.		

Submission Number	Name	Reduction in Library Charges				Extended Pool hours - agree to extend		Extended Pool hours - agree to proposed hours		Longer If No, longer or shorter? 64	Julia Parry										Allow for one week day session for seniors only to swim, maybe 11am - 12pm													4	1	2	3		Applaud initiative in wanting to improve living conditions of residents.	<b>Amenities:</b> Barr Brown Bush Reserve and similar - improve precarious pedestrian access and parking in winter along verges with thick layer of bark chips.	Grass berms are mowed etc layer of bark would prevent maintenance. No budget for on street carparks	
65	Ray Lilley	1				1		1			Charge adults \$1 or \$20 season pass, 16 under free	1				1				1				3	3	4	2		Senior Housing rentals should not increase as community has 'an ethical responsibility to look after the most vulnerable elderly...' Alternative funding for upgrades should be found, perhaps from other suggested initiatives (library, pool, footpaths).	N/A	N/A	
66	Greytown Trust Lands Trust					1		1																			1		<b>Amenities:</b> Proposal for an Integrated Sports Hub at Kuranui College - Request Council confirm commitment to partnering with the Trust and other key partners to implement and to commit funding to securing occupancy/ownership of proposed site identified in the Community Gymnasium Feasibility Study Report.	Councillors decision on the proposal		
67	Xavier Watts										Hours - Agree with week day hours but want longer weekends hours, specifically earlier (8am) due to UV radiation hours.. Funding to come from rates. If funding not available suggest closing the pool during peak radiation times (12pm - 3pm). If not accepted residents to apply for earlier access with key charge incurred. Heating - to be fixed or replaced as a priority.					Y		Y						4	2	1	3			N/A	N/A	
67	Xavier Watts					1		1			Disagree with removing overdue charges completely. Recommend fees remain for repeat non compliance. Long period should result in replacement. Librarian to use discretion i.e. hardship.	1																				
67	Xavier Watts																												<b>Stormwater:</b> Infrastructure - More investment to avoid flooding in Featherston.	Need to review with regional council, - part of their remit.		
67	Xavier Watts																												<b>Water Supply:</b> Martinborough water - Chlorination to occur only if absolutely in all South Wairarapa areas with documented evidence of cost benefit and consultation with affected residents.	There is consultation planned, however it needs to be evaluated against public health. Featherston and Greytown water supplies are chlorinated.

		Option 1	Option 2	Option 3	Option 4	Yes	No	Yes	No			Yes	No	If No, how do we cover future costs	If No, how do we fund upgrades	Yes	No	Yes		No	No	More	Less	Library				Pool Hrs	S. Housing	Footpath	None					
67	Xavier Watts																									<b>Governance:</b> Workshop dates - Request at least one of workshop series be scheduled during the weekend to accommodate commuters.	We will consider this for the next AP workshop series.									
68	Brian Phillips (President), Greytown Bowling Club																									<b>Finance:</b> Re-categorisation of Council Rating Structure - Due to changes in Greytown Trustlands Trust Funding, request consideration to change land from a Residential rating structure to Historical Recreational. Also affected Greytown Rugby Club, Early Years Childcare and Cobblestones.	Sporting clubs receive a remission on urban rates, UAGC and Amenities rates. This currently reduces the rates for this property by 26%. This applies to all sporting clubs as per the rates remission policy.									
69	Kara Pennington (Manager), Community Networks Wairarapa Inc.																									<b>Grant Application</b> - Request for \$2,500 to sustain the co-ordination and ongoing operations of the South Wairarapa Community Network (CNWI), specifically operational funding including wages.	Grant Received. Will be considered as part of the annual allocation process									
70	Dean di Bona				1		1				Costs could be offset by utilising volunteers to work alongside a librarian vs. a rates increase. As seen with the Men's Shed, older members of the community want to contribute, this would also contribute to councils developing a strategy for the older person. Make donation boxes available for contributions.					1		1								Look at reducing overall running costs; cost effective staffing i.e. volunteers alongside paid staff and option for food services to be sold. Donation boxes for contributions.	Rental increases disproportionate, should be linked to rates increase. Govt. mandated improvements are capital expenses and should be Council budget, look at paying over years by debt rather than rates increase now. Look at funding from Community & Youth grants. Pensioner housing is not a core business of council, look at putting into a housing trust with funding opportunities .	Kitchener St upgrades not obvious when Esther St is still waiting despite much development and contributions. Councillors of wards to consult with community boards and general community to determine programme of work for maintenance or new footpaths.							<b>Land Transport</b> - Repair of rural roads - lack of maintenance or poor quality by contractors. Work with other councils to lobby central Govt. ministries and local MPs to receive diesel miles and tourism funding to support roads for tourism and logging and free up our funds to support non tourist rural roads.	New network contract has more level of service and accountability written into it. But as seen this comes at a cost. Road user charges come back to SWDC via Roading financial assistance subsidy.
70	Dean di Bona																									<b>Land Transport:</b> Town Square - improve accessibility (one-way road) for traders to operate. Look at vendor only spaces on either side.	Street carparks are generally not for the use of Street vendors. Vendors covered by bylaws. At this stage there is no plan to look at altering the Martinborough square layout.									
70	Dean di Bona																									<b>Governance:</b> Workshop Discussions - Appoint a moderator at future workshops to facilitate and ensure objectives are achieved. Customer service raised regarding need for council to inspect and supervise work of contractors i.e. Martinborough transfer station . Look at process for dealing with public enquiries and OIA's .	We will consider this for the next AP workshop series. Officers do oversee the work done by external contractors. We do have a process for dealing with public enquiries and OIAs.									
70	Dean di Bona																									<b>Governance:</b> Submission sign off by - each submission is responded to and co-signed by a councillor.	Each submission is responded to in writing which is a large exercise due to the large number of submissions we receive for a small Council. These are normally signed off by the CEO. Councillors may wish to co-sign letters									
71	Charlotte Harding, The Waihenga Charitable Trust																									<b>Grant Application (Youth)</b> - Requesting \$10,000 for the landscaping work for the Basketball Court refurbishment and upgrade as part of the Waihenga Centre Stage 2 Park and Playground project.	Grant Received. Will be considered as part of the annual allocation process									

Submission Number	Name	Reduction in Library Charges				Extended Pool hours - agree to extend		Extended Pool hours - agree to proposed hours		Longer or shorter? 83	Ken Ryan		1			1		1		1	Open to 7.30pm Thurs - Sat only. Mon and Sun would be limited use. Why are hours being extended without data from users of current late night (Fri)?	1				1		1									N/A	N/A
84	Wendy Crane	1									Removing fees might encourage more reading! Promote Library info/services in local papers	1				1		1			2	4	1	3			N/A	N/A
85	Karen Burgess (Co-Regional Coordinator), EnviroSchools the Upoko O Te Ika a Maui																										<b>Grant Application (Community)</b> - No additional request for funding but expecting funding indicated in the MOU for 2018/19 year of circa \$11,400. Request that the current reporting measures are replaced with the measures provided for the 2019/20 year. New measures are a result of meetings over 2yrs with all funding councils. If possible please advise if reporting measures can be replaced prior to the Joint Council EnviroSchools Hui on 6 June	Grant Received. Will be considered as part of the annual allocation process. Officers will review the reporting measures with EnviroSchools.
86	Tineke Gysbertsen (Treasure), Pregnancy Support Wairarapa Trust																										<b>Grant Application (Community)</b> - Request for \$13,000 to assist with client costs (anticipate 20 in Sth Wairarapa) estimated at approx. \$250 per client and to continue the role of the Service Liaison and Educator to raise awareness of the service.	Grant Received. Will be considered as part of the annual allocation process
87	Kaitlin Russell, Martinborough JAB Rugby Club		1			1		1	1		Opening earlier in summer after school from around 3pm - 7pm could be beneficial and enable pre season sporting activities.	1				1		1		1	3	3	4	1			<b>Grant Application (Youth)</b> - Request \$2000 to assist in covering costs to grow the Club over the next 3 years. This would enable the provision of full resources needed for both players and coaches to have the best possibly opportunities.	Grant Received. Will be considered as part of the annual allocation process
88	Shelley Symes	1				1		1			Removing overdue fees does not teach responsibility and should be part of the learning experience. Adults and Children's overdue fees should remain in place.	1				1					4	3	2	1			<b>Stormwater:</b> Maintenance - Keep streets, gutters and waterways clear of leaves and other debris to avoid flooding which can cause damage to private property and businesses.	Noted, will discuss with contractors within existing budgets
88	Shelley Symes																										<b>Land Transport:</b> Street lighting - More lighting required along West St as too dark. Bad street lighting discourages walkers and can cause accidents.	Now that the LEDs have been installed throughout the 3 main towns an audit will be undertaken to determine "black spot" and associated costing. Funding for infill is 2 years out.
88	Shelley Symes																										<b>Land Transport:</b> Public safety - Leaves can be slippery when wet; homeowners cleaning out drains/culverts/water races without equipment of safety apparatus can be hazardous.	Cleaning cycles are doubled over the autumn period to remove leaf fall and sump cleaning, sumps are sucked clean in June following autumn. Water race maintenance is the priority of the land owner

Submission Number	Name	Reduction in Library Charges				Pool Hours		Senior Housing		Footpaths					Priority Rating		Fees and Charges	Other Comments/Proposals	Officer Comments																		
		Option 1	Option 2	Option 3	Option 4	Comment	Yes	No	Yes	No	Longer	Shorter	Comment	Yes	No	If No, how do we cover future costs	If No, how do we fund upgrades	Yes	No	Yes	No	More	Less	Comment	Library	Pool Hrs	S. Housing	Footpath	None	Comment	Comment	Comment					
89	Becky Bateman																																	Resource Management (Climate Change) - Make a priority. Add specific section to the Plan detailing actions to be taken to lower Council's carbon footprint including reference the Local Govt Leader's Climate Change Declaration. Include an education campaign, dark sky and light pollution guidance/education, ensure initiatives are strong with community involvement and that the water supply strategy reflects projected rainfall. Add agenda item to every Council meeting and make considered decisions using a standard assessment template. Remove weed killing chemicals and plant bee friendly plants.	Would require a Council wide initiative/strategy to address climate change in a holistic manner.		
90	Maree Roy		1				1	1				Investigate and trial 'adult only' hours to determine if a requirement.	1		Look at gradual increase of rentals e.g. \$93 to \$100 instead of \$110 then factor in further gradual increases over subsequent years.			1		1						1	3	4	2							Resource Management (Climate Change)- concerned that no proposal for discussion on coping with and making changes to the plan with rapid effects of change.	Growth will be addressed in District Plan review. Council is part of a Wellington Region Climate Change working group.
90	Maree Roy																																	Solid Waste: Rubbish - Dubious as to success of solid waste management. More attention and decision making to go into management of recycling and to the education and encouragement of reduction and reuse of what is currently 'recycled.'	Additional communications and promotion of recycling is planned in conjunction with our Waste Minimisation Officer		
91	Kuranui College Board of Trustees																																	Grant Application (Community) - Request commitment to progress 11.1 Stage 1a of the Feasibility Report for a South Wairarapa Community Gym based in Greytown. Funding model as follows: The feasibility study model proposed for Stage One (Community Gymnasium) at a cost between \$5 – 5.5m (GST inclusive) is consistent with the community-school partnership model utilised nationally. The funding model in the feasibility study is as follows: One third (\$1.5 M GST inclusive) from the MOE that is roughly equivalent to the 561m2 entitlement at \$3,450 (GST inclusive) per square metre. Two thirds (\$3.5 to 4.0 M) from SWDC. This would be significantly offset by contributions from grant funders such as Eastern & Central Community Trust, the NZ Community Trust, the NZ Lottery Grants Board Local Communities, Facilities Committee and local fundraising by Kuranui College.	Greytown sports fields are highly used and solutions via Kuranui and options are being investigated. Officers note that these recreational areas are important to the community and it is excellent that sports in the Wairarapa have such high participation rates. Funding for these projects will be from Amenities reserves. See #114 from Greytown Rugby		
92	Scotty MacDonald, Pirinoa Hall Inc.																																	Grant Application (Community) - Request \$5000 to purchase and install two water tanks. Pirinoa Hall is a Civil defence muster site and must have a water supply onsite. Would also address ongoing issues with water contamination.	Grant Received. Will be considered as part of the annual allocation process		

Submission Number	Name	Reduction in Library Charges				Pool Hours		Senior Housing		Extra Footpaths - more money needed for 3 towns?		Extra Footpaths - Rates increase		Greater allocation from Rates		Footpaths	Priority Rating					Fees and Charges	Other Comments/Proposals	Officer Comments

93	Nicki Thomas, Ruakokopatuna Valley Residents																						Land Transport: Roading Maintenance, Ruakokopatuna - Request immediate short term and long term investment to provide a safer road for residents, businesses and tourists. The type and volume of use for this road has substantially changed and the surface and maintenance programme has not kept up with changes resulting in sub-standard surface conditions. A safer road could be achieved by tarsealing gravelled sections of first 4km and bends - (at minimum, most problematic and unsafe section between 1.2 and 4km points), regular and adequate maintenance and the provision of signage.	Ruakokopatuna Rd services a rural community encompassing Ruakokopatuna Valley, Haurangi Valley and Blue Rock Rd community and provides a link to Dry River Rd. Land use includes Forestry, tourism, Vineyards and a DoC Hut at the end of the valley The true cost over the last 2 years (Shooting Butts Rd, Western Lake Rd) is approx \$250,000 per Km. Estimated cost to seal Ruakokoputana Rd would be \$300,000.00 due to additional pavement strength to carry logging trucks . This works does not attract NZTA subsidy. Budget for reseals for 2019/20 is \$126K so could do approximately 50% . See also #111 re Vintners Lane
94	Narida Hooper (Committee Member), Maori Standing Committee																						Grant Application (Community) - Request to carry forward \$10,000 from 2018/19 year (less \$250 approved for art workshop) to the 2019/20 year. Monies to be allocated as follows: Allocation of \$3000 to the Battle of Lakes events. 3 dates over the next year. Allocation of \$2000 for matariki wangana Allocation of balance for research and development for further projects such as mapping, Wairarapa Moana restoration and Resource Consent processing.	Grant Received. Will be considered as part of the annual allocation process
94	Narida Hooper (Committee Member), Maori Standing Committee																						Grant Application (Community)- Request for \$80,000 for the development of the three marae in the district to be utilised as follows: 1. \$50,000 - (\$10,000 per marae for immediate maintenance and development, \$20,000 for research, development and education for rangatahi and community, and offer grants to the South Wairarapa communities. ☐ 2. \$10,000 per annum per marae for maintenance/ upkeep purposes - going forward. 3. \$20,000 per annum to be allocated to the MSC for administering going forward of which an allocated amount would be set aside for grants to the South Wairarapa Communities. Further request that a review is undertaken of the rates for the three marae.	Grant Received. Will be considered as part of the annual allocation process
94	Narida Hooper (Committee Member), Maori Standing Committee																						Grant Application (Community) - Request for review of rates for the three marae in our district: Pāpāwai, Hau Ariki, Kohunui.	Rates have been reviewed and are correct.
95	Rob Steele, Wairarapa Food Action Group																						Will verbally submit proposal to Council, can't make a written submission prior.	Noted

Submission Number	Name	Reduction in Library Charges				Extended Pool hours - agree to extend		Extended Pool hours - agree to proposed hours		Longer or shorter? 96	Pauline McLeod		1			1																											<b>Building (Consents)</b> - include rain water tanks as a requirement, both housing and commercial. There is little maintenance apart from regular inspection, draining and cleaning when needed and the addition of Pour n Go. Farming communities and those not on town supply have undertaken. This would mitigate future problems with town supply and future proof household water supply in times of water shortage or catastrophe	This would need to be a District Plan requirement. No requirement in the building code that could be enforced. Has been discussed by Councillors as part of the LTP. This would be complex to implement and needs more investigation.
97	TeAta Hawkins																															<b>Land Transport:</b> Would like a lime chip walkway along the fence line from 204 Lake Ferry Road to 59 Lake Ferry Rd and from Brackenridge to the Lake Ferry intersection. Mba Transport will collect and cart lime and Hawkins Contracting will lay the foundations. Requests Council to pay for lime chip and any other materials necessary to create path (drains, culvert), and consents and plans. Primary reason is safety.	Currently no budget funding for footpath extensions. Possible option is to include in Cycle and Trails. Health and safety is a major risk to the SWDC by letting others carry out works on SWDC behalf, competency and compliance is a major issue with smaller contractors especially in light of recent fatalities on road works sites throughout NZ	
98	Liz Mellish, Fstn Anzac Club																															<b>Amenities:</b> Requests Council to commit funds to upgrading Anzac Hall to be a fully functioning conference centre. Anzac Club keen to work with Council to raise funds to assist. Requests Council to ensure that sufficient funds have been set aside to complete electrical upgrade (priority 1) Requests heating for the supper room once electrical work completed (priority 2) Requests the Kiwi Hall toilets are upgraded (priority 3) Wants to work with Council on upgrades to ensure they are completed sympathetically.	Electrical upgrade under way. Heating can be costed for the supper room. Trying to find tradesman willing to complete quote and design of toilets. More funding available next financial year	
99	Christine Meehan	1				1	1								1	1							3	2	1	1						N/A	N/A	
100	David Paris, Wairarapa Healthy Homes																															<b>Grant Application (Community):</b> Requests \$5,000 as the South Wairarapa contribution to achieving 150 homes insulated for the 19/20 year. Funding also sought from MDC and CDC as well as Eastern & Central Community Trust	Grant Received. Will be considered as part of the annual allocation process	
101	Kim Hayes, Ngawi Residents & Ratepayers Association																															<b>Public Protection:</b> Requests that the Camping in Coastal Areas Bylaw 2009 is reviewed and that a change to the bylaw allowing dogs on leads at Council reserves is made. Would like to be notified when the bylaw is reviewed so a submission can be made in support of the change.	The Camping in Coastal Areas Bylaw 2009 is due for a review and officer's have plans to conduct this review in the second half of 2019, after the consolidated bylaws have been reviewed.	
102	Daphne Geisler																															<b>General and finance:</b> If actions for 18/19 were not carried over to 19/20 were they completed? Suggests splitting suppliers and staffing for transparency Requests a action in the AP to show staff split by FTE, contractors, consultants, and any plan to change over the year Requests Council show where legal and professional fees are allocated	Yes if an action is not completed one year it is carried forward to the next. The format of the financial statements is in line with Public Entity reporting requirements. Council does not track FTE for Contractors as they are not employees. Legal and professional fees are allocated to the appropriate cost centre and are part of the suppliers & staffing line.	

Submission Number	Name	Reduction in Library Charges				Pool Hours		Senior Housing		Footpaths					Priority Rating		Fees and Charges	Other Comments/Proposals	Officer Comments								
		Option 1	Option 2	Option 3	Option 4	Comment	Yes	No	If No, how do we cover future costs	If No, how do we fund upgrades	Yes	No	Yes	No	No	More	Less	Comment	Library	Pool Hrs	S. Housing	Footpath	None	Comment	Comment	Comment	
102	Daphne Geisler																									<p><b>Governance</b> (suggested projects): Requests Council include a project to develop better communication and consulting rather than what is required.</p> <p>Requests a project for better transparency by providing more detail to ratepayers/reports. Suggests an executive summary is provided.</p> <p>Requests a project for better decision making focusing on transparency and provision of more information for better decision making. Sites missing business cases.</p> <p>Highlights that the measuring service delivery performance drops are areas for focus.</p>	<p>Communications and community engagement is a priority for Council and we aim to continue to improve in this area. Council will review service delivery with a view to improving performance.</p>
102	Daphne Geisler																									<p><b>Public Protection:</b> Notes rural fire is no longer included in this section, is this a cost savings or is there a levy to the Fire Service in lieu of providing the service?</p>	<p>The rural fire service is no longer provided by Council, it is provided by Fire and Emergency NZ (FENZ).</p>
102	Daphne Geisler																									<p><b>Public Protection:</b> Projects: Notes that it appears as if the dog pound has been completed as it is no longer showing in the 19/20 projects. Is there a completion date for catch-up of scanning as it has appeared in last 3 years plans. Notes measuring service delivery performance indicates it is performing well but queries what the \$130,000 for improving the LOS is for.</p>	<p>The dog pound project is an on-going project that will carry into the 19/20 year. Scanning is an ongoing project throughout all three years.</p> <p>The \$130k for improving level of service in th 2019 LTP was capital expenditure for a new dog pound and also new environmental services software module</p>
102	Daphne Geisler																									<p><b>EC&amp;C:</b> Financials show \$458k of operating funding applications planned for 19/20, but website says \$75k available for youth and \$170k for community, what is the other \$230k allocated to.</p> <p>There are finance costs in the category, yet service delivery report shows only giving cash grants. what capital expenditure has required finance that is ongoing?</p>	<p>Additional funding, making up the \$458K includes allocated to Destination Wairarapa, Positive Ageing, Wairarapa Economic Development Strategy ,and Infometrics reporting.</p> <p>Finance costs relate to insurance costs for this area.</p>
102	Daphne Geisler																									<p><b>EC&amp;C:</b> Is there a KPI for economic development? Is there any reporting of the effectiveness of the grants made or indication of grants applied for vs given?</p>	<p>There is currently no KPI for economic development as this would be very hard to measure. In particular, not all economic development is as a result of Council actions, often it is the result of investments and actions from private enterprise.</p>
102	Daphne Geisler																									<p><b>Resource Management:</b> Projects 19/20 - Review WCDP, what funding has been allocated? Spatial Plan - what time frame does this project have and what is the consultation programme and what funding has been allocated?</p>	<p>Funding allocated to the WCDP is \$30,000 for the 2019/20 year</p>

Submission Number	Name	Reduction in Library Charges				Pool Hours		Senior Housing		Extra Footpaths - more money needed for 3 towns?		Extra Footpaths - Rates increase		Greater allocation from Rates		Footpaths	Priority Rating					Fees and Charges	Other Comments/Proposals	Officer Comments
		Option 1	Option 2	Option 3	Option 4	Comment	Yes	No	Yes	No	Longer	Shorter	Comment	Yes	No		More	Less	Comment	Library	Pool Hrs			
102	Daphne Geisler																						<p><b>Amenities:</b> Projects 19/20- improvements at playgrounds - asks why as the survey results show they are 100% at national standards Asks what is included in additional infrastructure for visitors. Asks what the main contributors are to the over \$500k of replacement assets in this category</p>	<p>Playground renewals are programmed each year to keep the playground equipment up to standard. Infrastructure for visitors is new toilets and a dump station.  The majority of capital expenditure is new library books, planned upgrade to the ANZAC Hall, upgrade/replace Underhill Rd parking, reseal driveway at Greytown Cemetery, upgrade community housing</p>
102	Daphne Geisler																						<p><b>Amenities (finance):</b> Is fee income shown as 'local authority fuel tax' etc? Are the fees allocated to this account or is this an amalgamated fund that is divided by a % spread across all categories?</p>	<p>Fee income for Amenities is received from libraries, rental properties, rental of community buildings etc. All income relates to Amenities.</p>
102	Daphne Geisler																						<p><b>Amenities (finance):</b> Are there any ongoing establishment/improvement costs for the Waihinga Centre? What is the expected income and expenses for the Centre. Who owns the Golf Course land (assume Mba). Notes some areas of measuring service delivery performance.</p>	<p>Martinbrough Golf course land is owned by Council. New contracts to be implemented will have metrics to ensure compliance.  Waihinga Centre has budgeted income of \$24,000.</p>
102	Daphne Geisler																						<p><b>Land Transport:</b> (Projects 19/20) -Where is the cycle strategy documented, can't find online and what funding is allocated to the strategy?</p>	<p>Strategy is a work in progress. No defined budget to push cycling growth, budgets are from elsewhere.</p>
102	Daphne Geisler																						<p><b>Land Transport:</b> (Projects 19/20) -Complete seal extension, reseal and remetaling: Project is the same every year, but low satisfaction (survey and public meetings). How is Council going to prioritise and communicate to get better understanding of roading priorities?</p>	<p>With the exception of seal extension reseals, road metalling is part of asset life maintenance. In general, those activities only maintain the asset to a level of service. Increasing the level of service requires lifting the budget and intervening early which would result in a further increase to rates</p>
102	Daphne Geisler																						<p><b>Land Transport:</b> (Projects 19/20) - renew and extend footpaths. Project same every year, but survey results showing ratepayers are dissatisfied. What changes to past strategy is Council undertaking to ensure work completed in 19/20 is the most effective use of funding and serves community the best.</p>	<p>Footpath funding has been consulted on. NZTA subsidy has been received for maintenance and renewals but not new footpaths. Not the same projects every year but the same budgets. Works are carried out over three towns.</p>
102	Daphne Geisler																						<p><b>Land Transport:</b> Measuring service delivery performance - indicates perception of performance is decreasing while achieving practical aspects. Indicates a need for a strategy to listen to ratepayers</p>	<p>Level of service indicators are being incorporated into contracts. The question is "is perception decreasing or are expectations rising". The Annual plan process is the opportunity to listen to ratepayers</p>
102	Daphne Geisler																						<p><b>Water Supply:</b> Gtn/Fstn/Waiohine - says work is proposed to be completed by June 2016. Doesn't make sense for 19/20 plan.</p>	<p>May have been error in date. Probably means June 2019.</p>
102	Daphne Geisler																						<p><b>Water Supply</b> (Projects 19/20)-Notes water compliance with MOH stds not achieved in the past, should it be a project for 19/20?</p>	<p>Plants have been upgraded recently and working with contractors about compliance</p>
102	Daphne Geisler																						<p><b>Wastewater</b> (Projects 19/20) - requests more detail for projects in 19/20 since it is an area of community interest</p>	<p>Further information is available on website, or attend community liaison group meetings</p>

103	V Alexander		1				1	The ratepayer funded \$40k penalises other superannuates living in their own homes, on the same income but have outgoings such as rates, insurance. Raise rents every 6 months. Tenants should pay up to a realistic figure of \$200 per week.	Agreements signed with tenants must include a proviso for rents to be increased at 6 monthly intervals to bring them up to the \$162pw figure.										4	4	1	4		Housing should not be a core function of local council, it is a central govt role.	<b>General (Senior Housing Comment):</b> Burling Flats are tired and not worth bringing to Govt Stds. As each flat becomes vacant it should be made untenable. Once all 8 are empty they should be demolished. Matthews Flats should be appraised to see if they can be brought to std. Notes SWDC has until 2023 to comply with the new stds. Rents should increase by \$10-\$20 per week so break even of \$162 is met by 2023.	N/A	
104	Chris Webley	1					1				1		1							3	4	1	2		<b>Amenities:</b> Requests that a bike track is developed at Considine Park so children can learn to ride. Park primarily used by Pony Club and Cricket Club, like it used more widely. Requests that the funds received from parking on Council land at MBA Fair days be returned to the Considine Park development fund.	Currently the parking for the fair is run as a fund raiser outside of council. The parking can be looked at as to who receives the funds and what it is used for. Bike track can be costed to see development and maintenance costs.	
105	Elsa Kelly, Featherston Heritage Complex Society																								<b>Grant Application (Community):</b> Requests \$4,000 to help cover the Featherston Heritage Museum's yearly expenses	Grant Received. Will be considered as part of the annual allocation process	
106	Glenda Seville, Connecting Communities																								<b>Grant Application (Community):</b> Requests \$16,810 to pay for rent for an office in the Fstn Community Centre and to place a social services coordinator dedicated to South Wairarapa residents at the Community Centre for a minimum of 16hrs per week. Requests consideration be given to multi-year funding.	Grant Received. Will be considered as part of the annual allocation process	
107	William Beetham, Wairarapa Federated Farmers					If Council decides to drop library borrowing fees, that the extra \$15k needed to fund is from a uniform charge so ratepayers contribute an equal amount or the equal opportunity to use the libraries.																			Requests that impounding fees are increased, as opposed to dog registration fees, to ensure the irresponsible dog owners who generate costs are paying for them	N/A	N/A
107	William Beetham, Wairarapa Federated Farmers																								<b>Public Protection:</b> Prefers the shared dog pound option with CDC so long as this reduces costs for both councils	Officers are currently investigating the option of a joint pound shared with CDC. No information is currently available on whether this will reduce costs.	
107	William Beetham, Wairarapa Federated Farmers																								<b>Finance:</b> Requests that the funding source for libraries is shifted off the general rate and onto the UAGC to reflect that ratepayers benefit from the library is not determined by their property value.	Libraries are funded through the UAGC which is what has been requested.	
107	William Beetham, Wairarapa Federated Farmers																								<b>Finance:</b> That a hybrid road funding model is investigated, consisting of a targeted uniform charge as an equal amount paid by all ratepayers in the district, as well as the general rate applied with the existing differentials.	Noted. A rating review was carried out during the year and current rating methods confirmed to be appropriate.	

Submission Number	Name	Reduction in Library Charges				Pool Hours		Senior Housing		Footpaths					Priority Rating		Fees and Charges	Other Comments/Proposals	Officer Comments															
		Option 1	Option 2	Option 3	Option 4	Comment	Yes	No	Yes	No	Longer	Shorter	Yes	No	If No, how do we cover future costs	If No, how do we fund upgrades	Yes	No	Yes	No	No	More	Less	Comment	Library	Pool Hrs	S. Housing	Footpath	None	Comment	Comment	Comment		
108	Rowena Emery, Volunteering Wairarapa																																<b>Grant Application (Community):</b> Requests \$5,000 to support the operations of Volunteering Wairarapa as they grow throughout the Wairarapa region.	Grant Received. Will be considered as part of the annual allocation process
109	Tineke Gysbertsen, Crisis Pregnancy Support Wairarapa Trust																															<b>Grant Application (Community):</b> Requests \$15,000 to trial a drop-in centre to service the whole Wairarapa community and provide support to women and whanau and to provide workshops for pregnancy loss, post termination grief, new mums, eco-friendly living, baby food preparation, budgeting, gift making, post pregnancy care etc.	Grant Received. Will be considered as part of the annual allocation process	
110	Tania DeJonge, Wairarapa Winegrowers Association																															<b>Grant Application (Community):</b> The current water situation has created a significance increase in coordination activity required which is done by volunteers or part-time staff. Requests \$3,600 to help cover the unanticipated costs associated with investigation into water systems and dissemination of useful information to wineries.	Grant Received. Will be considered as part of the annual allocation process	
111	Frank & Lisa Cornelissen, Martinborough Top 10 Holiday Park																															<b>Public Protection:</b> Disappointed that the Combined Council Hearings Committee accepted the proposed change to clause 3.1 of the Public Places Bylaw to permit freedom camping in any vehicle anywhere in South Wairarapa apart from those areas covered by Coastal Bylaw. Notes other councils are strengthening their freedom camping bylaws and think it unwise. Urge SWDC to consider the implications and to consult with community before adopting for SW. Notes free campers sneak in to use their facilities.	The Wairarapa Policy Working Group is yet to report to the Council on their recommendations regarding the proposed changes to the bylaws. The Working Group is still finalising the proposed changes.	
111	Frank & Lisa Cornelissen, Martinborough Top 10 Holiday Park																															<b>Public Protection:</b> Requests a no camping sign on Dublin Street West similar to that opposed Lake Ferry Hotel, so people can be moved on, and campers kept safe.	Land opposite the Lake Ferry Hotel is a designated reserve. Under section 44(1) of the Reserves Act 1977, camping is prohibited. Considine Park is bound by Dublin Street West (now Vintners Lane), Princess Street and Kitchener Street. Officers are not aware of any illegal camping occurring at this location and a sign is therefore not currently warranted.	

Submission Number	Name	Reduction in Library Charges				Pool Hours		Senior Housing		Extra Footpaths - more money needed for 3 towns?		Extra Footpaths - Rates increase			Greater allocation from Rates		Footpaths	Priority Rating					Fees and Charges	Other Comments/Proposals	Officer Comments												
		Option 1	Option 2	Option 3	Option 4	Comment	Yes	No	Yes	No	Longer	Shorter	Comment	Yes	No	If No, how do we cover future costs		If No, how do we fund upgrades	Yes	No	Yes	No				More	Less	Comment	Library	Pool Hrs	S. Housing	Footpath	None	Comment	Comment	Comment	
111	Frank & Lisa Cornelissen, Martinborough Top 10 Holiday Park																																			Public Protection: Requests Council support campgrounds by not seeking to provide facilities for freedom campers in areas where those facilities are provided by licensed operators	The Freedom Camping Act 2011 establishes that freedom camping is permitted in any local authority area unless it has been expressly prohibited. Council has passed the Camping in Coastal Areas Bylaw 2009 under the Local Government Act 2002. This bylaw restricts camping in public places in identified coastal areas. This bylaw is scheduled for review in late 2019. Currently, this means that freedom camping is allowed in other areas of the district. Officers have no evidence/reports of issues relating to freedom campers. If issues arise, these will be dealt with as appropriate. This could result in the formulation of a specific freedom camping bylaw, the installation of public hygiene amenities or enforcement action. Council will not be in a position to require freedom campers to use facilities on private property (paid or otherwise).
111	Frank & Lisa Cornelissen, Martinborough Top 10 Holiday Park																																			Public Protection: Requests Councils consider H&S obligations towards people camping in SWDC public places. Holiday park operators have to maintain a gap of 3 metres between campers for safety, same std should be applied in SWDC designated areas.	If a freedom camping bylaw was to be introduced, this is a matter that may be considered.
111	Frank & Lisa Cornelissen, Martinborough Top 10 Holiday Park																																			Finance: Request a level playing field and that Airbnb operators contribute by paying a commercial rate to whole of house properties which are available for rent for more than 60 nights a year.	Noted. A rating review was carried out during the year and current rating methods confirmed to be appropriate.
111	Frank & Lisa Cornelissen, Martinborough Top 10 Holiday Park																																			Resource Management: Requests Council consider the requirement for resource consent for Airbnb's operating as a commercial business.	Noted. Could be considered as part of the District Plan review.
111	Frank & Lisa Cornelissen, Martinborough Top 10 Holiday Park																																			Resource Management: Request that SWDC account for the urgent housing need when developing the Spatial Plan. Land made available needs to be for permanent housing not short term holiday rentals (e.g. Pinot Grove which has 13 whole houses listed as Air BnB's).	Noted.
111	Frank & Lisa Cornelissen, Martinborough Top 10 Holiday Park																																			Land Transport: Requests Dublin Street West is considered for road sealing as residents, and winery traffic has increased	Dublin St West is now (Vintners Lane) unsealed section is 292 metres in length. The cost over the last 2 years (Shooting Butts Rd, Western Lake Rd) is approx \$250,000 per km. Cost to seal Vintners Lane is \$73,000.00. This works does not attract NZTA subsidy. \$126K allowed for in AP budget 19/20 See #93 Ruakokopatuna Rd
111	Frank & Lisa Cornelissen, Martinborough Top 10 Holiday Park																																			Stormwater: Requests the stormwater drain adjacent to Holiday Park is reformed to enable Holiday Park to safely access and maintain the land between the drain and boundary. Minor works have been undertaken, but access and overgrown vegetation issues remain.	Job has been logged

111	Frank & Lisa Cornelissen, Martinborough Top 10 Holiday Park																															Land Transport: Requests the footpath on Princess Street that is cracked is repaired before Labour Weekend as it is a tripping hazard.	The trip hazard will be investigated,			
111	Frank & Lisa Cornelissen, Martinborough Top 10 Holiday Park																															Amenities: Requests that Council ensures the notable trees in the Holiday Park are checked annually by a qualified arborist and that the report is shared and recommended works completed prior to Labour Weekend (notes this has previously been agreed).	Has been agreed previously and added to the works required. Officers note that some trees may not require annual inspections but works required to maintain the life of the trees will be undertaken.			
112	John Gilberthorpe		1			1	1									1	1							2	1	4	3					N/A	N/A			
113	Lisa Cornelissen		1			1	1							1	Supports a one-off contribution to cover the existing negative reserve and potentially to upgrade units to meet govt stds	1	Support principle of user pays, once upgraded rents should be raised to cover ongoing maintenance							3	1	4	2					N/A	N/A			
114	Edwin Read & Tim Fenwick, Greytown Rugby Football Club		1			1	1																									N/A	N/A			
114	Edwin Read & Tim Fenwick, Greytown Rugby Football Club																															Amenities: Requests that Council investigate the purchase of land from Greytown Trustlands to immediately create a multi-use community sports facility on East Street currently occupied by the Gtn Rugby Club. Requests that Council investigate the purchase of land from the private landowner adjacent to the current site to future proof the growth of outdoor sporting facilities in Greytown. Notes: Greytown Trustlands have indicated their intention to sell this land and are increasing rental charges significantly. Football and Cricket utilise Council owned lands for \$1 per year. Purchasing this land provides an immediate creation of a multipurpose facility.	Greytown sports fields are highly used and solutions via Kurinui and options are being investigated. Officers note that these recreational areas are important to the community and it is excellent that sports in the Wairarapa have such high participation rates. See #91 from Kuranui College. Funding for these projects will be from Amenities reserves.			
114	Edwin Read & Tim Fenwick, Greytown Rugby Football Club																															Resource Management: Requests the opportunity to provide input into the spatial planning process.	Noted. Spatial Plan will be widely consulted on.			
115	Alan Barker																															Stormwater and Solid waste: Notes the large amount of rubbish in drains all around town. Requests that the Regent Street drain is cleared of rubbish.	Job has been logged			
115	Alan Barker																															Solid waste: Requests that houses that are weekend occupied be required to provide a large wheelie bin which can adequately protect rubbish from blowing everywhere	Noted but difficult to implement			
116	Tim Tarbotton, Greytown Soaring Centre, Youth Glide NZ																															Grant Application (Youth): Requests \$1,230 to help subsidise the cost of the Youth Glide NZ Camp held in Labour Weekend and make attendance at the camp more affordable for the 12-15 students that attend and stay at Papawai Marae.	Grant Received. Will be considered as part of the annual allocation process			

Submission Number	Name	Reduction in Library Charges				Extended Pool hours - agree to extend		Extended Pool hours - agree to proposed hours		Longer		Shorter		Pool Hours	Senior Housing		Extra Footpaths - more money needed for 3 towns? 117	Martinborough Community Board		1			Social benefit, makes library more accessible	1					Supported by recent survey which suggests that pool usage would increase and more residents would use facility (see attached)			No consensus, best addressed through the AP consultation process			1		1			1		Do not believe the current funding is adequate to fund core work.									N/A	N/A	
117	Martinborough Community Board																																	<b>Water Supply:</b> Thanks Council for bringing forward manganese extraction plant and request Council continue to provide safe drinking water as a top priority	Noted	
117	Martinborough Community Board																																	<b>Amenities (Playgrounds):</b> Request expenditure on playgrounds across the district is fairly allocated across all locations. Notes little/no expenditure in Mba for a number of years. Requests Council repair and refurbish existing pieces of play equipment and replace equipment that has been removed due to not meeting safety standards	Equipment is replaced as and when needed from playground inspections. Currently funds are not split by towns but rather by need and maintenance requirements. But Noted	
117	Martinborough Community Board																																		<b>Amenities (Pool):</b> Thank Council for replacement covers and for free access to pool. Request Council urgently address the stands to prevent children from climbing onto the roof and over fences	Security of the pool has been reviewed and changes will occur pre season for next summer
117	Martinborough Community Board																																		<b>Amenities (Considine Park):</b> Requests allocation of funds to implement the Development Plan and that those funds are spent according to priorities set by the Considine Park Committee.	Funds are allocated as needs allow. That is risk and safety first priority and maintenance needs secondary with new development carried out as remaining funds allow. 8K currently sitting there to extend walkway and working with committee over this currently
117	Martinborough Community Board																																		<b>Finance:</b> Request Council continue to allocate funds for town beautification to be managed by the CB's.	These have been allocated in the AP budgets for 2019/20.
117	Martinborough Community Board																																		<b>Amenities:</b> Thank Council for funds to complete circular seating in Mba Square and request Council set aside funds for Dark Sky lighting improvements and signage	Started to investigate costs to replace all lighting in Square to meet Dark Sky requirements. Square Management plan dated 2012, may need updating
117	Martinborough Community Board																																		<b>Amenities:</b> Request that Council underplant the olive trees at SH2 entrance to Mba and new mulch is completed for the entire area.	Will be completed as maintenance works and under action
117	Martinborough Community Board																																		<b>Land Transport:</b> Request Council allocate funds to complete the erection of Poppy Place signs noting that as there are no existing road signs each sign will cost \$600 to put up.	FCB installed Poppy Place sign under the guidance of Poppy Places NZ. MCB should confirm and seek written sign off with installation with Poppy Places NZ prior to sign installation
117	Martinborough Community Board																																		<b>General:</b> Request Council to further develop an email database to allow direct communication from Council and CB's to those that wish to receive it. (emergency vs information emails).	This could be done next financial year. Would encourage asking ratepayers to upload their own contact information online (suggest mobile and email) to get the majority and then we would want to increase the email list over time. We have already started to look at bulk text solutions.

Submission Number	Name	Reduction in Library Charges				Extended Pool hours - agree to extend		Extended Pool hours - agree to proposed hours		Longer / Shorter		Pool Hours	Senior Housing		Extra Footpaths - more money needed for 3 towns? 129	Peggy Duncan	1				Fines encourage books to be returned on time. Not paying a fine may mean books are kept for long periods making them unavailable to other users.	1								Rents need to be increased. Greytown rents could be increased to \$120 with small increases pegged to CPI thereafter.																			N/A	N/A
129	Peggy Duncan																																<b>Solid Waste:</b> Requests a means to dispose of used batteries and electronic goods	There is the e-waste service at Martinborough.	
129	Peggy Duncan																																<b>Land Transport:</b> Requests that a machine be purchased to clean leaves from the footpaths and roads in autumn and when it rains to stop flooding and drain blockages	Cleaning cycles are doubled over the autumn period to remove leaf fall and sump cleaning. Sumps are sucked clean in June following autumn.	
130	Cathy Jamieson	1					1	1				Longer hours ensures better utilisation of Council assets. Better access is a deterrent to installing private pools thus reducing chemical use and water conservation	1		Rent seems reasonable, if beneficiaries can apply for extra assistance from WINZ, it may be possible to pass on some costs indirectly to another Govt. agency via rental increase. Money would have better utilised here than on Waihenga Centre.	If significant work is required, look to developing the land into more efficient housing to generate enough income to be self sufficient		1		1		1		Wastewater system more a priority than extra footpaths.	4	1	4	4					<b>Building: Consent/inspections</b> - Better Council management of process. Need efficiency, clear processes and communication. The lack of these results in enormous cost and delays for the ratepayer where better advice should have been given in the first place. Systems to be refined to avoid inefficiency.	I fully agree that communications from council should be clear and appropriate, however, it is not Council's role to project manage the building work or give design advice. This is the role of the designer and/or the builder. Good communication and a good understanding of each parties role, is key to successfully managing a project.	
130	Cathy Jamieson																																<b>Resource Management:</b> Review of town zoning to allow for growth; increase in population mass would mean more ratepayers thus eventual rates reduction. Need to look at accommodating growth, infrastructure required and overall look (section size and house type).	Noted. Growth and type of residential development will be addressed in District Plan review and Spatial Plan. Future development areas have been identified for Greytown and Martinborough and are being progressed. Featherston has sufficient residentially zoned land to allow for growth.	
131	Max Stevens													Rates should be used sparingly. Look at rental increase to \$120-\$140 / % of income and review regularly to cover costs.	A contingency fund for maintenance																		<b>Amenities:</b> Senior Housing - Fully explore what other providers are available and commit to level of service. Look at service provision, maintain and look to building more units in each town.	A Housing working party is investigating the best options for the future ownership of housing for seniors	
132	S Williams		1			Overdue fees to remain, teach responsibility and respect for other people's property.	1		1	1		Need to accommodate workers and commuters	1		Rental increase (means test to determine acceptable rate) and Central Govt/social housing funding	Rental increase (means test to determine acceptable rate) and Central Govt/social housing funding	1		1		1		More maintenance required and additional footpaths to ensure safety of walkers. Oxford St lime walkway is great to get walkers off the road but can be treacherous in winter months and walking on road a better option..	4	3	2	1					<b>Land Transport:</b> Speed limits to be reviewed with NZTA on outer ring with open road limits e.g. Shooting Butts into Dublin/Todds, Hinakura Rd into Todds, New York and Oxford etc. Reduce limits and perhaps look at speed bumps to deter.	The South Wairarapa together with Carterton and Masterton District Councils and the NZ Transport Agency are looking at rolling out a speed review of the whole of the Wairarapa. The basis of this review is to look at reducing speeds on all roads and streets in line with the Government mandate and safer roads. This review will be done throughout the Wairarapa at once to avoid a piecemeal approach.		
132	S Williams																																<b>Stormwater:</b> More maintenance /earthworks on culverts to ensure proper waterflow. Look at options for environmentally friendly weed spraying	Options are being considered, however current budgets only allow for reactive maintenance	

Submission Number	Name	Reduction in Library Charges				Extended Pool hours - agree to extend		Extended Pool hours - agree to proposed hours		Longer Shorter	Pool Hours Comment	Senior Housing - Ratepayer to contribute		Senior Housing					Extra Footpaths - more money needed for 3 towns? 141	Craig Thomson, Trust House Limited																									<p><b>Amenities:</b> Senior Housing – Submit that Trust House, a registered Community Housing Provider (RA034) manage the SWDC rental properties whilst allowing the SWDC to retain ownership. As a not-for-profit entity, Trust House allows tenants who qualify to obtain Income Related Rent. Difference between the market rent and tenant contribution is covered by a subsidy from central government allowing Trust House to receive enough combined rent and subsidy to allow affordable living for the tenant and cover the costs of repairs, maintenance and capital expenditure for each property and allow for future upgrades. The benefits will be of a long-term nature including:</p> <ul style="list-style-type: none"> <li>•Getting IRR tenants into properties making them affordable to the tenants</li> <li>•Being able to get full market rent allowing the properties to be self-funding</li> <li>•Having the skills, expertise and staff to ensure the properties are looked after with regular inspections</li> <li>•Having good relationships with local contractors, ensure repairs and maintenance can be carried out in a timely, cost effective and professional manner.</li> </ul> <p>This solution will fit into Council’s goal for self-funding rental properties without other home/business owners incurring additional rates.</p>	A Housing working party is investigating the best options for the future ownership of housing for seniors	
142	Benno Gypser	1				1		1	1		Mon, Tues, Wed, Thurs & Fri remain as they are. Sat 11am - 7.30pm, Sun 11am - 5.30pm	1				1				1	1	2	3	4		N/A	N/A	
143	Nicola Perry	1				1		1			Mon, Tues, Wed, Thurs & Fri remain as they are. Sat 11am - 7.30pm, Sun 11am - 5.30pm	1				1					1	2	3	4		N/A	N/A	
144	Sophie Bidwell																									<p><b>Resource Management (Climate Change)</b> - Add a specific climate change section to the plan with details of the actions to be taken this year to both lower council's carbon footprint and adapt to risks.</p> <ul style="list-style-type: none"> <li>•Ensure water supply strategy reflects projected rainfall reduction.</li> <li>•Include reference to the Local Government Leaders' Climate Change Declaration - i.e. as a signatory to this document ensure your obligations are properly reflected in actions in the annual plan.</li> <li>•Include an education campaign for citizens to understand impacts and necessary changes to be made.</li> <li>•Ensure that "climate change matters" are an agenda item for every council meeting.</li> <li>•Use a standard assessment (template) for all council decisions that addresses carbon footprint impacts and susceptibility to climate change risks for every council proposal and decision.</li> </ul>	Would require a Council wide initiative/strategy to address climate change in a holistic manner. Council is a member of Wellington Region Climate Change working party.

145	Brian Baxter, Cobblestones Museum																																Grant Application (Community): With recent funding cuts from Greytown Trusts Lands Trust for 2019/20 and prospect of future cuts, Cobblestones request to work closely with SWDC as a major funder of the museum on ways to ensure long term survival. \$15k granted for 3yrs to 2018/19	Grant Received. Will be considered as part of the annual allocation process
146	S Christie	2				1		1	1				Still not longer enough for train commuters, 8pm better	1			1	1			1							Acceptable increase	Building: Consent fees - If fees increase can there also be an increase in council quality and speed in processing?	The BCA is continuously looking at ways to improve on speed and quality. Delays in the consent process, are associated with the speed and quality of the information we receive from applicants and the way Council react to this information. Streamlining this process while keeping the quality is the goal.				
147	Margot MacGillivray	2				1		1	1			Open from midday Mon-Fri so people can swim in their lunch break	1		Surprised this has not been allowed for. Concerned at level of increase, should remain at current rates.		1	1											Finance: Living Wage - Council to move towards being a Living Wage employer	Noted. Salaries are reviewed annually and benchmarked against pay rates for similar Councils				
148	Patrick Craddock	1				1								1												1		Land Transport (GWRC): Bus Shelters - seating should be available in shelters especially when buses do not always adhere to timetables. Wood St (Southern side) has a bus stop but no footpath which is not adequate.	GWRC are responsible for Bus Stops and their maintenance. Footpath would be look at with the Wood St upgrade mentioned below. No funding at this stage					
148	Patrick Craddock																											Land Transport: Wood St Northern side has no kerbing or channelling. Road is narrow with many potholes so dangerous for pedestrians, cyclist, vehicles.	The upgrade of Wood St from Kempton St to Mole St has been proposed for and built into the Subdivision Contributions calculations from the Greytown Development zone subdivision. No current funding allowed for.					
148	Patrick Craddock																											Water Supply: Water Races - some not monitored, require full and efficient documentation whereby residents are advised and given same legal warning as rural residents to keep clean.	Note to be discussed at Water race users committee. This does happen.					
148	Patrick Craddock																											Water Supply: Look at water conservation through use of tanks. Greytown growing quickly placing strain on town water supply. Recommend all new homes are required to install a tank.	Water conservation options being investigated. Council considered as part of LTP and AP. Complex to implement.					
149	No Name	1																														N/A	N/A	
150	Council Officers																															Amenities: Tree avenues installed per year on rural suburban roads coming to towns, indicative cost of \$20k pa	Being considered as part of Spatial Plan	
151	No Name					1		1						1			1			1												Featherston footpaths have already been fixed.	N/A	
152	No Name		1			1								1			1			1							Topics 1, 2 & 3, would only add 0.72% to rate increase	N/A				Footpath maintenance should be the priority in particular, pavement to road crossings for increasing number of mobility vehicles	N/A	

Submission Number	Name	Reduction in Library Charges				Extended Pool hours - agree to extend		Extended Pool hours - agree to proposed hours		Longer Shorter	Pool Hours Comment	Senior Housing - Ratepayer to contribute		Senior Housing					Footpaths Comment	Priority Rating					Fees and Charges Comment	Other Comments/Proposals Comment	Officer Comments Comment	
		Option 1	Option 2	Option 3	Option 4	Yes	No	Yes	No			Yes	No	If No, how do we cover future costs	If No, how do we fund upgrades	Yes	No	Yes		No	No	More	Less	Library				Pool Hrs
153	Julia Reed	1				1	1				An important recreational activity for all	1		Should be the role for Council or social housing provider to look after elderly and less fortunate not ratepayers			1			1						Dog Registration fees are fair as well as are rubbish bags	<b>Governance:</b> Mission statement needs to be realised and sound judgement used in particular around sewerage and wastewater. Follow-up words in the SWDC Vision with action in regards to community needs. Engage with ratepayers and community before spending on unnecessary land purchases.	Noted, we are working towards better communications and community engagement. The first step was to employ a full time communications manager. We have received positive feedback from this appointment.
154	Bob Tosswill (Chair), Five Towns Trail Trust																									<b>General/Finance:</b> Five Towns Trail Trust supports the group funding of the WaiTAG committee for the Wairarapa Cycling Co-ordinator position and urges Council to continue to support.	Noted. Grant application received	
155	Robin McConachy	1				1	1					1					1	1								N/A	N/A	
156	Julia Wall	1				1	1					1					1									<b>Stormwater:</b> Fix drains in East St, Greytown; with every moderate rain they flood the surrounding street areas with debris as well as water.	To be reviewed within existing budgets.	
157	Tracy Gardiner	1				1	1				Overdue fees should remain, children need to learn about consequences; books are expensive.	1		Extended evening hours great for commuting public. Adults after 5pm pay \$2	1		1	1									N/A	N/A
158	Pauline Hedley	1				1	1				leave the same	1		Get out of senior housing			1	1		1							N/A	N/A
159	Gerry O'Dwyer		1			1						1					1	1								N/A	N/A	
160	Graeme Bakes	1				1	1				Status quo	1		Sell some of council stock			1	1	1	1							<b>Solid waste:</b> Hope Rubbish Bag quality improves with extra cost as bags more often than not split. Would like to see less rubbish on streets after recycling days.	Waste Management officer will be asked to review the types of bags to be used
160	Graeme Bakes																									<b>General/Finance:</b> Focus on core services and operate within budget	Noted	
161	Claire Bleakley	1				1					Consult with Featherston swimming club about things that need fixing before extending opening hours	1		Put aside the cost of maintenance like \$10,000 for depreciation.			1	1									N/A	N/A
162	Helena Cumming	1				1	1					1					1	1	1							<b>Amenities:</b> Dog parks - Great to have good dog parks with a supply of good 'poo' bags'	Noted, further discussion planned.	
163	Megan Stanley	1				1	1					1		Rate increase seems steep unless increase in pension can cover it			1										<b>Land Transport:</b> Pedestrian crossings - need more in central Featherston by skatepark and school, is this the best position?	At this stage there are no plans to install an additional pedestrian crossing. The Jury is out whether they produce the required safety due to lack of understanding by both driver and pedestrians.

Submission Number	Name	Reduction in Library Charges				Extended Pool hours - agree to extend		Extended Pool hours - agree to proposed hours		Longer Shorter	Pool Hours Comment	Senior Housing - Ratepayer to contribute		Senior Housing					Footpaths Comment	Priority Rating					Fees and Charges Comment	Other Comments/Proposals Comment	Officer Comments Comment		
		Option 1	Option 2	Option 3	Option 4	Yes	No	Yes	No			Yes	No	If No, how do we cover future costs	If No, how do we fund upgrades	Yes	No	Yes		No	No	More	Less	Library				Pool Hrs	S. Housing
164	Mary Mason	1				1		1	1		Longer hours in school holidays	1	Rental increase	Sell Featherston Golf Course Money spent on the Waihenga centre would have been better utilised improving senior housing in all towns	1			1			Use rates money more wisely	4	1	4	4		Learn how to budget sensibly with money already received.	<b>Wastewater:</b> Featherston - look more closely at the proposal and also at other proposals tabled at public meetings.	Noted, further discussion and investigations are planned.
165	Robert Petelin	1				1						1	Adjust rent in proportion to benefit increase - same percentage.	Ensure rentals are fully occupied and look at 200% increase in Council staff, that's where the money is going.	1												<b>Land Transport:</b> Footpaths - The number of councillors and rates have increased over 30 years but the allocated budget for footpaths has not and allocation of funds has been utilised elsewhere.	Footpath maintenance and renewals now attract NZTA subsidy, New Footpaths do not.	
166	No Name		1			1		1		December status quo. Open earlier in weekends January & February	1	Self funded	Sell to community housing provider		1		1			Status quo	1	2	4	3			N/A	N/A	
167	M Higginson	1				1						1								Make sure money is spent wisely. Previously 1 town every 3 years got a real make over							<b>Governance:</b> make sure core jobs are done well, signed off and to a high standard, no short cuts. Rates are now near the limit for pensioners so make every cent count.	Noted	
168	Alan Maxwell, Wairarapa Whanau Trust																									<b>Grant application (Youth):</b> Request \$40,000 to continue co-ordinating social services in the region with specific focus on youth to develop pathways to become engaged in meaningful education, training and/or employment. Funding will go towards the cost of youth workers in schools and community and the operational costs of the Trust.	Grant Received. Will be considered as part of the annual allocation process		
169	Jim Hedley					1		1				1	Central Government. Responsibility. If Council are to keep the senior housing then rentals need to be realistic (\$150-\$175) to cover costs of running and maintaining.	Seniors living in their own homes (many on the same income) have to fund their own homes would be penalised by having to help fund any shortfall for community housing tenants.					No expenditure on footpaths, should be funded by urban ratepayers							<b>Finance:</b> Rural Rates - Council has not followed through on statements in the supporting documentation, specifically explaining Council reasoning behind decisions for rating reviews. There is an unjust shift of the rate burden from urban to rural with no benefit. Over rated for services that are not being provided especially when rural rates are the highest.	The percentage of the general rate paid by rural properties has dropped from 76.6% in 2018/19 to 72.6% in 2019/20. Therefore there has been no shift in rate burden from urban to rural.		
170	Jim de Joux																									N/A	N/A		
171	Lindsay Annear, Wairarapa Sports Artificial Surface Trust																									<b>Grant Application (Community):</b> Request for \$20,000 to contribute to the cost of replacing the Northern Turf cover at the Clareville Hockey Complex. Covers have a life of 12-14 years and there is a programme of work to replace one turf cover every 6-7 years to spread the financial burden. Without these surfaces hockey would not be a viable sport in the Wairarapa	Grant Received. Will be considered as part of the annual allocation process		

Submission Number	Name	Reduction in Library Charges				Extended Pool hours - agree to extend		Extended Pool hours - agree to proposed hours		Longer / Shorter		Pool Hours	Senior Housing		Extra Footpaths - more money needed for 3 towns?					Extra Footpaths - Rates increase		Greater allocation from Rates		Footpaths	Priority Rating					Fees and Charges	Other Comments/Proposals	Officer Comments	
		Option 1	Option 2	Option 3	Option 4	Yes	No	Yes	No	Longer	Shorter		Yes	No	If No, how do we cover future costs	If No, how do we fund upgrades	Yes	No	Yes	No	No	More	Less		Library	Pool Hrs	S. Housing	Footpath	None				Comment
172	Community Board Chairs																											<b>Finance/Governance:</b> Request that Council also fund one member from the MSC to attend the next LGNZ community boards conference in 2021	The cost to send a MSC member would be approximately \$1,100 per person				
172	Community Board Chairs																											<b>Finance/Governance:</b> Request that Council fund a 1 day workshop facilitated by Shay Wright for community boards, councillors, MSC and senior SWDC staff. This would be an opportunity to shape the way we engage with Maori.	Officers to find out cost for workshop				
172	Community Board Chairs																											<b>Finance/Governance:</b> Request that Council consider funding a South Wairarapa Youth Voice Forum meeting and set aside \$1,000 for this purpose	This \$1,000 could be added to the 2019/20 budget if approved by Council.				
172	Community Board Chairs																											<b>Finance/Governance:</b> Following on from the initial meeting, request that a stage 2 be funded to allow Sara Colcord to facilitate a workshop on how to set up a SW Youth Voice (based on her successful models in Auckland). Would like this approved in principle subject to final costs.	Officers to find out cost for workshop				
173	Neil Preston, Greytown School																											<b>Grant Application (Youth):</b> Requests \$5,000 to assist with the costs of purchasing and construction of: a physical bike track circuit, a pump track and a skills track, a fleet of 50 mountain bikes and helmets and provision of a bike storage shed	Grant Received. Will be considered as part of the annual allocation process				
174	Linda McCarthy (Kokomai Festival Coordinator), Wairarapa Arts Festival																											<b>Grant Application (Community):</b> Request for \$10,000 to go towards the Kokomai Creative Festival. This will be used to support the 2019 Festival in October (10th - 19th) and costs to develop and create an outstanding programme for future festivals. The festival is a celebration of arts and culture bringing our communities together.	Grant Received. Will be considered as part of the annual allocation process				
175	Robyn Cherry-Campbell, Wairarapa Balloon Festival																											<b>Grant Application (Community):</b> Request for \$5,000 to assist in putting on the Wairarapa Balloon Festival 2020	Grant Received. Will be considered as part of the annual allocation process				
176	Paul Brandon, Martinborough Football Club																											<b>Grant Application (Youth):</b> Request \$5,500 so that new goals for 10-13 year olds can be installed on the pitch	Grant Received. Will be considered as part of the annual allocation process				
177	Roger Fraser																											N/A	N/A				
178	Paul Abbott, Sport Wellington																											<b>Grant Application (Community):</b> Request for \$5,000 to support the development of sport and active recreation in the district. The grant will enable staff to be deployed from the Wairarapa office to work on projects in the South Wairarapa	Grant Received. Will be considered as part of the annual allocation process
