

# SOUTH WAIRARAPA DISTRICT COUNCIL

23 APRIL 2014

---

## AGENDA ITEM C10

### GREYTOWN WASTEWATER

---

#### **Purpose of Report**

To discuss South Wairarapa District Councils position on the receipt and processing of Carterton district treated wastewater.

#### **Recommendations**

Officers recommend that Council:

1. *Receive the information.*
2. *Resolve that treated wastewater from the Carterton district will not be received and processed at the Greytown site or*
3. *Resolve that no commitment can be given at this time as to the future uses of the Greytown site.*

#### **1. Executive Summary**

At the public meeting held at Papawai Marae on 18 March 2014 there was some discussion as to whether treated wastewater from Carterton would be received and processed at the Greytown treatment and disposal site.

It was requested at the meeting that SWDC confirm they would not receive and process treated wastewater from the Carterton District.

#### **2. Financial Implications**

Earlier analysis has indicated it would not be cost effective to pipe treated wastewater from the Carterton district to the Greytown treatment site.
