Subject: Information request

Hi,

I'm trying to find information regarding where the council is at in regard to the Martinborough Town Hall project. When is the next decision on whether to go ahead, have the costings come in yet and what are they. I can't see any recent information on your website and have seen nothing in the local press either.

I see there is a meeting this Wednesday so would like information before then so that I can ask questions of the councillors as there is a pressing need for money for the necessary waste water improvements (a core service) for which the council is talking about borrowing money whereas the funding for the town hall is still shown as being from assets and the rates but that is not a core service.
Pete Roberts
