GRANTS SUBCOMMITTEE

SEPTEMBER 2021

AGENDA ITEM .1

GRANT FUNDING ALLOCATIONS 2021-22

Purpose of Report

To present the review of grant funding applications for 2021-22.

Recommendations

Officers recommend that the Subcommittee:

1. *Receive the Grant Funding Allocations 2021-22 Report.*
2. *To consider allocating funding to Community and Youth grant applicants for grant applications received for the 2021-22 financial year.*

1. Background

The Community and Youth Grant applications for 2021-22 are submitted for review and consideration to the Subcommittee.

2. Discussion

Applications for Community and Youth discretionary grants for 2021-22 year closed on 16th August 2021.

The total available discretionary grants for the 2021-22 financial year were set by Council as part of the Long-Term Plan 2021-31.

Council allocated \$170,000 for community grants and \$75,000 for youth grants.

Council delegated authority to the Grants Subcommittee to allocate grants as per the Grants Policy and up to the specified budgeted limits set out in Year One of the Long-Term Plan.

2.1 Grants Policy

Council's policy seeks to support and resource initiatives that meet identified community needs, which contribute to community empowerment and strengthen communities. Community and Youth grants are primarily for the benefit of the district's residents.

The Policy sets out the eligibility and outcomes Council considers when allocating grant funding.

2.1.1. Outcomes

Grants will be allocated to organisations which contribute to the community in at least one of the following six areas. The funding categories are aligned to the community outcomes as outlined in the Long-Term Plan (LTP).

Funding Categories	LTP Community Outcome
Arts, museums, heritage and culture (includes Maoritanga)	Vibrant and Strong Communities
Environment	Sustainable South Wairarapa
Events	Vibrant and Strong Communities
Sport and Recreation	Accessible Communities, Vibrant and Strong Communities, Healthy and Economically Secure
Social and Educational Services	Educated and Knowledgeable, Healthy and Economically Secure, Vibrant and Strong Communities
Economic Development	Healthy and Economically Secure, Accessible Communities

The activities must benefit the South Wairarapa district, or, at the discretion of the Council, the Wairarapa region. Regional funding will be considered on a per capita basis and must show a tangible direct or indirect benefit to South Wairarapa.

In addition, Youth Grants are targeted to support activities that encourage development and enable participation of young people in the South Wairarapa.

2.1.2. Eligibility

As per the Grants Policy applicants need to meet the following eligibility criteria:

- Community organisations with a formal legal structure e.g. incorporated societies, trusts, clubs with formal rules.
- Commercial organisations where the activity has tangible benefit to the wider South Wairarapa community and the application is:
 - To cover the costs of delivering a free community event or activity;
 - To subsidise the costs of a charged-for event or activity (i.e. reducing fees to enable community access); or
 - To provide a charged-for event or service that would otherwise not be commercially viable, where that event or service will help achieve community outcomes. Any charge must be set at level that encourages broad participation.
- The applicant does not need to be based in the South Wairarapa but the applicant must be able to demonstrate that the activity benefits the South Wairarapa community. Applications for region-wide or national activities must have tangible benefit to the South Wairarapa community.
- Applicants may not be in receipt of any other Council or Council-administered grant given for the same activity in the same financial year.

2.1.3. Partnership Funding

This year the Grants Policy allows Council to enter into partnership funding agreements to provide support on an ongoing basis to enable organisations to cover operational costs. The agreement can be for a maximum period of 3 years but, for this triennium, will not extend past 30th June 2023. The intention is for Council to enter into a Memorandum of Understanding with recipients which would set out conditions or deliverables tailored to each organisation. These could include regular reporting on key measurables that support the achievement of one or more of the funding categories, and provision to provide annual financial statements.

2.1.4. Project Funding

Project funding is for the purpose of delivering a project and does not include operational costs. Recipients will be required to return an Accountability Report from previous grant allocations prior to receiving further funding. A set of financial statements is also required for any applications in excess of \$5,000.

2.1.5. Ineligible Costs

As per the Grants Policy, applications that will not be funded are:

- Overseas travel.
- Private expenses outside of the agreed scope.
- Activities seeking to promote commercial, political or religious objectives.
- Sponsorships or endowments.
- Applications to provide social welfare or health treatment/benefits to individuals.
- Costs associated with fundraising events where profits or proceeds are redistributed to other organisations or individuals.
- Sports team accommodation, travel or uniform without evidence of an application being made to a Gaming Trust or other funding provider or clear evidence of club contribution.
- Applications from individuals (except applications to the Māori Standing Committee).
- Ongoing operational expenses e.g. staff or contractor salaries, rent, rates, insurance, vehicle operating and maintenance costs, and debt payments, except where covered by a partnership arrangement.
- Applications from organisation which have not completed accountability requirements for previous grant funding.
