

South Wairarapa District Council Featherston Community Board Electing 4 Board Members

Katie BEATTIE

My principal place of residence is in the Featherston Community Board area.

The role of the Community Board is to be an interface between council and the Community.

In Featherston we have great people, an interesting history, historic halls, sports fields and access to nature

like our awesome swimming holes.

Featherston also faces challenges. We have limited opportunities for youth, crime and the planning of reorganisation for local government.

Our town's sewer must be upgraded. How will we pay for this?

I work in Wellington and I catch the train. I started the Feddy Fantails and the Bumblebees football academy. In 2009 I helped organise a mini golf sculpture event that raised money for the local schools and our Community Centre.

As a Community Board member I will share information with Community about what is going on. I will also promote the positive profile of Featherston. I am Katie Beattie and I would like your vote for Community Board.
