

# South Wairarapa District Council Greytown Community Board Electing 4 Board Members

---

**Kay GRAY**

*My principal place of residence is in the Greytown Community Board area.*

I have been an elected member of the Greytown Community Board for the past six years encompassing both urban and rural aspects of our community.

For the future it is important that our community assets and infrastructure - roads, footpaths, parks, are maintained at a high level. An important part of this is our historic and heritage buildings.

One role as a Board member is the planning, with the community, of our Annual Arbor Day celebrations. I continue to be Chairperson of the Tree Advisory Group and a member of Friends of O'Connors Bush, and Stella Bull Park and Sarah's Garden groups.

As Coordinator of our Visitor & Information Centre I have been supported by an amazing group of volunteers. I also have a Welfare role as part of our Civil Defence Response Team.

Our community is blessed to have such a range of volunteer, service, and recreation focused groups.
