13	58-63	Destination Wairarapa – David Hancock	Y	<b>Part 3 – E, C &amp; C Development:</b> Acknowledges previous financial support by Council and asks for continued financial support.	\$116,000 is allocated in the Draft LTP - SC	
13		Destination Wairarapa – David Hancock	Y	<b>NZ Cycle Trail:</b> Launch of a Western Lake Road cycle trail is expected in summer and Council is requested to contribute funds for signage and upkeep of the toilet block on the East West Access Road.	\$ block on Council new priced contract – final specification not complete – MA	
13		Destination Wairarapa – David Hancock	Y	<b>NZ Cycle Trail:</b> A long term vision is to extend the Western Lake Road cycle trail so a link is made between towns. Destination Wairarapa seek to work with Council to initially plan and secure routes and then develop the trail on a staged basis.	Applies to above too. I have previously been involved at MDC in these projects, and whilst I support the initiatives there are significant costs attached. They develop the trails and then expect Council to pick up maintenance, improve roads etc etc. GW's submission makes this very suggestion following the Rimutaka Trail upgrade. Marks area but I would recommend caution. - GB	
13		Destination Wairarapa – David Hancock	Y	<b>Local Government Reform</b> Destination Wairarapa encourage Council to consider how changes to RTO funding might impact on tourism promotion and the resulting economic and social benefits for Wairarapa and asks Council to be aware of restrictions placed on Councils activities and expenditure as they may affect the funding of Destination Wairarapa as the Regional Tourism Organisation.	Generally support DW. The better Local Govt document is very clear on funding expectations for Councils. -GB

14		Joan Smith	?	<b>Key Project Martinborough Town Hall:</b> Only supports the expenditure on the Martinborough Town Hall upgrade if those people who have a vested interest find an alternative to charging all ratepayers (i.e. user pays).	Funding in future is forecast after consultation – MA	
15	66	Greytown Football Club	N	<b>Part 3 – Amenities:</b> Supports the provision of amenities as per the Draft LTP, particularly the maintenance of the park and grounds of Greytown Soldiers Memorial Park. Sports growth impact needs to be factored into maintenance budget.	Applies to all sport and rec comments, should Council take a step back and rationalise all the sporting and recreational provisions and assets in the community and develop a comprehensive plan? At this stage this should actually take into account the whole of the Wairarapa –GB Consult when contract is priced re: \$ OS – MA	
16		Sport NZ	Y	<b>Part 3 – E, C &amp; C Development:</b> Acknowledges the investment provided by Council for sport and recreation in the South Wairarapa and requests \$5000 for continued provision of services to the district.	\$5,000 was allocated last year Are they not funded by Central Govt? -GB

Suggests <i>“Maintain the Wellington Region CDEM Group’s emergency operations centres so that they can be quickly activated to manage emergency events. The centres include information management systems, robust communication systems, plus trained appointed and volunteer staff”</i> .	Can amend – MA	
18		Greater Wellington Regional Council	N	<b>Part 3 – Transport:</b> Supports the principal objective of protecting the health and safety of the community and asks Council to: 1.Support schools implement safe and sustainable transport opportunities and the school travel plan programme. 2.Promote the Let’s Carpool service.	Support the concept but not the funding –GB Will see what ‘carpool service’ is and assist where required – MA	
18		Greater Wellington Regional Council	N	<b>Part 3 – Transport:</b> Recommends upgrading the road between Cross Creek and Featherston for safety now the Rimutaka Rail Trail has been upgraded.	As per resolution 16 May 2012: COUNCIL RESOLVED (DC2012/71) to support the proposed South Wairarapa cycle trails in principal, but decline to allocate money in the LTP 2012/22 to address any road safety considerations specific to cyclist’s needs that implementing the proposed trails would require. - SC	
18		Greater Wellington Regional Council	N	<b>Part 3 – Resource Management:</b> Recommends Council amend the LTP to specify actions, plans, strategies or resources allocated that address terrestrial biodiversity issues as per section 31 of the Resource Management Act.	The three Wai TA’s in conjunction with GW conducted a Biodiversity project over 2 years that recently concluded that satisfied the section of the Act and requirements under the Regional Plan.

This has not been previously funded, if agreed would increase rates requirement by \$7,500	
26	96	Richmond Funeral Home Ltd	N	<b>Part 7 – Fees and Charges (Cemetery):</b> Recommends the new family interment registration fee not be adopted or a strict set of rules are placed around it (see submission for more detail).	Any review should be to standardise across 3 Councils – will review fees post new contract – MA The new fees were approved by Council for inclusion with the Draft LTP and are aligned with Carterton and in some instances Masterton - SC	
26		Richmond Funeral Home Ltd	N	<b>Part 7 – Fees and Charges (Cemetery):</b> Extra Depth Fee – This is charged by cemeteries, but most graves in the Martinborough and Greytown cemeteries would meet the extra depth requirement as the norm. It should be noted that this option is not available in the Featherston Cemetery. The increase from \$0 to \$255 is questioned.	As above – MA	
26		Richmond Funeral Home Ltd	N	<b>Part 7 – Fees and Charges (Out of District):</b> Feels the non resident fee of \$777 and the Saturday fee is double dipping, believes the physical costs would be the same and would only occur a couple of times a year.	As above – MA	
26		Richmond Funeral Home Ltd	N	<b>Part 7 – Fees and Charges (Burial on Public Holidays or Sundays):</b> Wants to know if there are exceptions to the no burials policy on these days.	Will ensure new contract has provisions for out of hours at cost – MA

29		Jill Thomas	N	<b>Part 3 – Solid Waste Management:</b> Requests permission to take leaves that fall on her property from the large Oak Tree on West Street to the transfer station at no charge.	Granted – in limited quantities – MA	
29		Jill Thomas	N	<b>Alternative Funding:</b> Proposes a lump sum local government investment scheme which provides a discount on rates to the investor and uses the principal to pay rates into the future. This would make capital available to Council at no interest	While this is workable, it would be relatively time consuming to administer, and I think there would be some legal hurdles to get around. Any discount on rates increases the rates requirement because of the fixed level of funding required.	
30	102-107	Mike Beckett	N	<b>Part 3 – Amenities:</b> Proposes that the swimming pool fees are abolished. Notes that an investigation into the result of Carterton Council pool’s two seasons of free entry to see if this had made a significant difference in the number of young people using the facility was to be undertake at the end of the 11/12 season.	Pool revenue for the LTP is forecast to be \$24,000. If the submission is agreed the rate requirement would increase by this amount.	
30		Mike Beckett	N	<b>Part 3 – Amenities:</b> States that the Featherston Library is small with less available book than Greytown or Martinborough. Proposes some diplomatic negotiation with occupants of the former Court House with the outcome that the children’s section of the library is moved to an alternative location.

84		Officers Submission – Group Manager Infrastructure and Services	N	We want to put the extra storage for Pirinoa water supply in at \$8,000. Would be capital expenditure.	The costs are spread across 9.5 properties – funding options need to be considered. Longer term funding increases the overall cost due to the interest component	
85		Officers Submission – Group Manager Planning & Environment	N	Pge 56 - Resource Management Propective Operating Statement. Request that \$20,000 be added to the District Plan costs line in 2013. This addition is for the specific project of initiating work on the Structure Plan for the Greytown Future Development Area in 2013 (see the Wairarapa Combined District Plan, section 18.3.11 (e) and map 59).	This will increase the rate requirement by \$20,000	
86		Officers Submission – Group Manager Planning & Environment	N	The Building Department are requesting \$180,000 in the next year for the document scanning project. This will see all of our building files and records being available for viewing and use electronically in office, or remotely in the field through the GIS platform. It is inevitable that this work be undertaken. Online consenting is already being used by other TA's and indications are it will become the industry standard . Other uses are in Emergency response capabilities, the ability to view building plans in the field onsite will be key to efficient responses. It will also enable efficiencies throughout the Councils functions by being able to access property records at the touch of a button. MDC and CDC are both well underway with this work.	Depending on funding options, this will increase the rate requirement by ???	
		<b>For Discussion Items</b>				
		Rural Rubbish collection				
		CDEM budgets		- \$281k to be shared between the councils based on a per capita formulae
