

## **Martinborough Community Board** Minutes 16 July 2012

**Present:** Heather Gibbs (Chair), Jo Guscott, Adi McMaster, Cr Max Stevens (from

7:45pm) and Cr Julie Riddell.

In attendance: Mark Allingham (Group Manager Infrastructure and Services) and

Suzanne Clark (Committee Secretary).

**Conduct of** The meeting was conducted in public in the South Wairarapa District **Business:** 

Council Chambers, 19 Kitchener Street, Martinborough on Monday 16

July 2012 between 7:00pm and 8:35pm.

#### **PUBLIC BUSINESS**

#### 1. **APOLOGIES**

MCB RESOLVED (MCB 2012/35) to receive apologies from Pam Colenso, Mayor Adrienne Staples and Dr Jack Dowds.

(Moved Gibbs/Seconded Cr Riddell)

Carried

#### 2. **CONFLICTS OF INTEREST:**

No conflicts of interest were declared.

#### 3. **PUBLIC PARTICIPATION:**

3.1 Kev Rickey – Martinborough Swimming Pool

> Mr Rickey requested Council develop a maintenance plan to keep to Martinborough Pool up to standard. Mr Rickey asked that Council consider enclosing the pool to enable the facility to be used year round. He envisioned this would encourage a swim school to start in Martinborough from which funds could be obtained to help cover running costs. Mr Rickey suggested Council review the Tauranga model as an example.

#### 4. ACTIONS FROM PUBLIC PARTICIPATION

The Group Manager Infrastructure and Services advised that consultants had been commissioned to provide an independent report on the district pools including prioritisation of necessary maintenance. The Community Board elected to wait until the report was available before making any financial decision regarding the pool.

#### 5. **COMMUNITY BOARD MINUTES/EXPENDITURE:**

5.1 Martinborough Community Board Minutes – 11 June 2012 MCB RESOLVED (MCB 2012/36) that the minutes of the Martinborough Community Board meeting held on 11 June 20112 be confirmed as a true and correct record.

(Moved Guscott/Seconded McMaster)

Carried

#### 5.2 Matters arising

There were no matters arising.

#### 5.3 Action items from previous meeting

The Community Board reviewed the action items and updates were provided.

5.4 Income and Expenditure Statement to 31 May 2012

> MCB RESOLVED (MCB 2011/37) that the Income and Expenditure Statement to 31 May 2012 be received.

(Moved Cr Riddell/Seconded McMaster)

Carried

#### 6. OPERATIONAL REPORTS – COUNCIL OFFICERS

Officers Report 6.1

> The Community Board reviewed the report and the Group Manager Infrastructure and Services answered queries.

> MCB RESOLVED (MCB 2012/38) to receive the Officers' Report to Community Boards.

(Moved Gibbs/Seconded McMaster)

Carried

#### 6.2 Pain Farm Accounts and Budget

The Community Board reviewed the report and asked that the Pain Farm Expenditure Protocol be provided to members. Mrs Gibbs asked that members consider projects for spending the funds against the Protocol.

MCB RESOLVED (MCB 2011/39):

1. To receive the Pain Farm Accounts and Budget.

(Moved Gibbs/Seconded Guscott)

Carried

2. Action 390: Provide a report for the next MCB meeting outlining how the In-House Prof Services costs are calculated and what they include; P Crimp

**DISCLAIMER** 

# 7. COMMUNITY BOARD/COUNCILLORS REPORTS - REPRESENTATION/COMMITTEES

#### 7.1 Town Centre Committee

Mrs Gibbs expected the Martinborough Square Management Plan to be ratified by Council on the 8 August 2012.

#### 7.2 Considine Park Committee

Mrs Gibbs reported that the Committee was very pleased with how Considine Park was looking after the recent maintenance and improvements and noted that a few trees and shrubs were still to be planted. The Group Manager Infrastructure and Services advised that Powerco had asked to remove the trees along Princess Street as they were interfering with the power lines.

#### 7.3 Town Hall Committee

Cr Riddell expected a meeting to discuss centennial celebrations would be called in the near future.

#### 7.4 Martinborough Playground

Mrs Guscott report that all the new equipment for the playground had arrived and would be installed soon.

#### 7.5 Other Reports

Cr Stevens reported that he had met with the British High Commissioner and discussed plans to have a British car rally pass through Martinborough in February.

The Group Manager Infrastructure and Services explained that the Martinborough Library had been closed to the public as it wasn't feasible to explain the risks of entering the building to every user. Mr Allingham advised that a temporary library would be setup in a portocom building in the Pain and Kershaw car park and that Council would be reviewing all possible options before making a decision on where the Library would eventually be located.

#### 8. FINANCIAL ASSISTANCE

#### 8.1 Martinborough Town Hall Committee

MCB RESOLVED (MCB 2012/40) to grant the Martinborough Town Hall Committee \$1000 to be used to fund a plaque commemorating the centennial and remaining funds are to be applied to the costs of running a celebration lunch.

(Moved Guscott/Seconded Cr Stevens)

Carried

#### 9. CORRESPONDENCE

9.1 Inwards

From Lachie McLeod to the Martinborough Community Board dated 25 June 2012.

MCB RESOLVED (MCB 2012/41):

- 1. To receive the tabled inwards correspondence.
- 2. To grant the Ngawi Rate Payers Association \$1500 towards the costs of the planned plantings and irrigation in Ngawi.

(Moved Cr Stevens/Seconded Guscott)

Carried

Confirmed as a true and correct record

#### MARTINBOROUGH COMMUNITY BOARD

#### 27 AUGUST 2012

#### **AGENDA ITEM 6.1**

#### OFFICER'S REPORT

#### **Purpose of Report**

To update Community Boards and the Maori Standing Committee on the Corporate Support Group, Planning and Environment and Infrastructure and Services activities.

#### Recommendations

Officers recommend that the Board/Committee:

1. Receive the information.

#### CORPORATE SUPPORT GROUP

### 1. Executive Summary

The Long Term Plan (LTP) was adopted on 27 June, with the final audit process completed that week. Letters have been sent to submitters acknowledging their submission and outlining the decisions made.

The NCS software implementation has commenced and is going to plan. A significant amount of work has gone in to the "data conversion phase. Training continues and everyone is coming to grips with the new, quite different, system.

The archiving project is nearing completion with Phase 2 drawing to a close. Once this is complete the archives policy will be completed to ensure material is stored in the correct manner.

A renegotiated photocopier fleet lease covering 6 machines has been negotiated which will give good savings with slightly better equipment, and an aligned termination date.

Now that most of the hurdles allowing participation in the Local Government Funding Scheme have been passed, the mechanics of actually using this scheme will be investigated. I attended a meeting on 31 July to ascertain the next steps.

Insurance renewals have been retained at similar levels to previous years, however premiums have continued to climb.

The initial stages of the risk review has commenced, this will be tabled at the Policy and Finance Committee.

#### 2. Discussion

#### 2.1 LTP

The LTP was adopted as planned on 27 June. Audit New Zealand completed their review of the LTP during the week 25 to 29 June.

Letters to submitters have been sent acknowledging their submission, and advising of the outcome of their submission.

A report, under separate cover, will be presented scheduling the actions arising from the LTP and progress to date.

#### 2.2 Operating System Replacement

Phase 1 of the migration from ACS to NCS is well underway with the key modules cutting over as planned. Phase two includes other modules – e.g. document management. These will be investigated when the current modules are bedded down, planned for early in the new year.

The Napier Computer Systems (NCS) "Magiq" software suite was selected to replace SWDC's "end of life" ACS software suite.

The confirmation was given to NCS on 16 May, and work commenced immediately with planning.

The table below outlines the tentative go live dates, although the plan is to try and bring these forward.

This schedule is based on ensuring the critical modules are available from day 1, and then phasing the remaining modules as resource becomes available. Some of the phase – ins are based around key dates in that area – e.g. water billing doesn't need to be live until the first reading for 2012/13 is carried out in October, and dogs will go live after the main registration period is over.

The following table outlines the implementation plan and progress to date:

Module	Go live date	Comment
General ledger	2 July 2012	Achieved, GL live 2 July The balances as at 30 June reconciled between ACS and NCS. The years 1996 to 2012 were converted into NCS
Rates	2 July 2012	Achieved, rates live 2 July. The balances as at 30 June 2012 were reconciled between ACS and NCS. Processing now in NCS from 2 July. Installment 1 has been sent to Dataprint. The rates database was reconciled to QV, and extensive checking of total rates required, charges per property, and other rates transactions was carried out. It is not anticipated any more than usual errors will occur.
Property records	30 July 2012	
Customer database	Rates 2 July 2012 Dogs 13 August 2012	Some customer database matters still need to be updated in ACS as they feed thru to other
Debtors & Invoicing	30 July 2012	Achieved 2 July, Skeleton debtors (i.e. no history) set up in NCS so receipting can commence.  Processing debtor transactions in ACS as normal until transfer. New transactions transferred to NCS so they can be receipted against.
Creditors	30 July 2012	
Banking	2 July 2012	Achieved, commenced 3 July
Assets	30 July 2012	
Cash receipting	2 July 2012	Achieved, commenced 2 July
Meter billing	10 September 2012	Running through ACS until next billing cycle, or earlier.
Dog registration	13 August 2012	Running through ACS until most registrations completed
Resource consents	10 September 2012	
Building consents	10 September 2012	Running through ACS until go live, interim system in place
LIMS and property	10 September	
history	2012	
Licences	10 September 2012	
Dog infringements	13 August 2012	
Sundry infringements	10 September 2012	
Cemetery	10 September 2012	
Debt management	30 July 2012	

#### 2.2.1. Risks

The key risk area is the rates database, simply because of the volume of data that needs to be transferred. The high level risk of not being able to produce rates invoices or collect the correct amount is almost completely mitigated by the fact that the ACS system still functions.

The risks have been mitigated through a systematic and rigorous testing regime covering all aspects of the rates database.

This testing has included:

- ACS rates statement compared to NCS rates statement on 1 July.
   This is a summary of the total rates database and is the collation of all the individual transactions in the rates database including all amounts levied to each ratepayer, paid, outstanding balances, penalties.
- NCS land/capital values to QV records per property
- Levies charged last year in ACS to levies charged this year in NCS per property
- Rates required from LTP, and as calculated using ACS data, to rates revenue by levy code in NCS
- Opening values for each rate account as at 30 June 2012 in ACS, to the transferred balances in NCS

#### 2.2.2. Summary

The project is progressing as planned, there have been no matters that have caused me any great concern.

#### 2.3 Year End Financials

The end of year financials will be completed using the ACS system to avoid the complicating factor of the Audit team having to review the data conversion prior to commencing the statutory financial audit, which already has tight time frames.

The audit of the transfer of the data can be undertaken at a more convenient time during the interim audit early in the New Year.

#### 2.4 Rate Arrears

Efforts continue on rate arrears. The table below outlines the situation as at 19 June 2012, and excludes multi ownership Maori land.

Date	Amount \$'000	Number	Days since instalment due	SWDC component \$'000 (81%)
30 June 2011	\$851	631	31	\$689
1 August 2011	\$780	463	64	\$632
28 November 2011	\$969	760	7	\$785
1 March 2012	\$925	690	7	\$740
16 March 2012	\$830	602	23	\$672
23 March 2012	\$790	555	30	\$640
1 June 2012	\$855	722	10	\$692
19 June 2012	\$730	632	31	\$591

It is encouraging to note the amount outstanding is at the lowest level for a year. While the number of properties in arrears is still relatively high, we have made some progress on those ratepayers who owed a significant amount.

Of the 632 properties in arrears, approximately 160 are paying a regular amount towards their arrears, and 70 have balances less than \$100

An update will be tabled, once the correct reports in NCS have been identified.

#### 2.5 Draft Financial Statements for the year ended 30 June 2012

The draft financial statements for the year ended 30 June 2012 were tabled at Council.

The draft will be discussed at the Risk and Audit working party on 2 August.

#### 2.6 Archival Project

The archiving project is progressing, with stage one being completed, and stage two well underway.

Stage two of the archive project is to physically process the council's archives so they can be accessed and securely preserved to comply with legal requirements and the council's policy.

Archival material has been moved depending on storage requirements, the final part is cataloging the material.

It is anticipated the project has a couple of months to run.

#### 2.7 Photocopier replacement

A renegotiated photocopier lease has been negotiated which will give good savings with slightly better equipment, and an aligned termination date.

It is common for organizations to end up with differing lease termination dates – driven by the vendors, which creates a barrier when trying to reconfigure the fleet, or "go to the market" with the entire fleet.

One of the key benefits of the new offering is that the lease termination dates of all machines are aligned, with an expiry in two years.

Local Authorities have a number of options regarding the replacement of photocopiers:

Local Authorities have a number of purchasing options:

- GSB Supplycorp
- All Of Government (AOG) pricing through Ministry of Economic Development
- Run a tender on the open market independently

#### 2.8 GSB Supplycorp (GSB)

GSB run a preferred supplier system and Ricoh are the preferred supplier. This option may provide more flexibility than AOG, but the cost will be more than can be achieved through AOG.

#### 2.8.1. AOG Contracts

The Ministry of Economic Development (MED) runs the AOG contracts. Historically this was only available to Central Government organisations; however this has recently been extended to Local Government.

The AOG contracts are on the surface quite attractive; however there are some matters that do require consideration:

- Participants still have to run a tender process with the five "preferred suppliers"
- The photocopier leases are fixed for 5 years and cannot be changed under any circumstances (e.g. amalgamation)
- The equipment cannot be changed during that time i.e. if better technology comes along the existing machines cannot be swapped out
- There is a 1.5% fee payable to MED
- Vendors must submit their lowest price
- Not all photocopiers are subject to the AOG pricing, it is unlikely however that there would not be suitable machines available

#### 2.8.2. Open Market tender run in-house

Vendors will not submit prices at or near the AOG pricing. Vendors tender protocol is that AOG pricing is the lowest and they are unable to submit

better pricing in a general tender situation. This was a very timeconsuming process.

#### 2.8.3. Konica

Due to the looming amalgamation process, and the constraints placed on the tender processes outlined above, a direct approach to the incumbent vendors Konica was made.

After some negotiation an acceptable interim arrangement was agreed whereby four of the existing machines would be replaced with new models (with scan capability) and two of the machines would be refurbished.

A key aspect of the new agreement would be the alignment of termination dates. Vendors often introduce staggered termination dates, which then provides a barrier to going to the market.

A 37% overall saving was also achieved.

#### 2.9 Insurance

Insurance coverage has been retained at similar levels to last year, the only change was an increase in material damage coverage from \$25M to \$75M. As the policy is combined with MDC and CDC it was felt that this increase in coverage was justified. The cover is per event and if there was a widespread "event" across the Wairarapa \$25M would probably be insufficient.

Premiums have increased significantly from \$122K to \$164K. This is almost all in the material damage and business interruption areas, the increase in material damage coverage discussed in the previous paragraph accounts for \$10K of this increase, the rest is market movement.

The following is from an email sent by JLT, and outlines the, mostly unavoidable, cost increases:

- 1. Your **Material Damage** has increased by approx 30%. However the Earthquake cover has also been increased from \$25million (shared Loss Limit) to \$75million.
- 2. Your **Business Interruption** increased by the same 30%; however Insurers are now adding "multipliers" based on your Earthquake risk. What this has meant is that the total premium went up by 30%, then they added a 200% Multiplier i.e. doubled the premium again. Hence the significant change.
- 3. The EQC (Earthquake Commission) increased its Levy on Domestic House/Contents to 15c per \$100 of insurance cover (from 5c per \$100) from 1 February 2012 (following the Chch Earthquakes). So your **EQ/WD Levy** has increased by 300%.

Contact Officer: Paul Crimp, Group Manager Corporate Support

# PLANNING AND ENVIRONMENT GROUP REPORT

### 1. Planning

#### 1.1 Resource Consents

Officers received 4 consent applications since 25 June 2012. 7 consents were approved since 25 June (1 received in May, 2 received in early June) all within the statutory timeframes. Officers now provide detailed fortnightly updates on all consents direct to Councillors and Community Board members, so consent details are not listed here.

#### 1.1.1. GE & CJ Tyer Coastal Subdivision application

Resource consent application number 3993 has been on hold at the applicant's request, and will now be heard on Tuesday, 14 August.

#### 1.2 Policy

#### 1.2.1. Coastal Reserves Management Plan

Work has begun on the Coastal Reserves Management Plan (CRMP). In the past, coastal reserves had been lumped together with the rural reserves. Given that they are on the coast, coastal reserves often have different recreational demands than other rural reserves. It was therefore decided that the coastal reserves should have their own plan. Planning officers have compiled a schedule for development of the Management Plan between now and December 2012. The first part of the schedule involves identifying all of the Council owned coastal reserves, doing title searches to confirm their reserve status under the Reserves Act, and determining which reserves should be covered in the CRMP. Officers will then be able to begin drafting the initial management and development plan documents.

#### 1.3 Social Media

The SWDC Facebook page has been well received with 75 "likes" (people following the page) with hopefully more to come as we get closer to the prize drawing (digital camera) date, 15 August 2012.

The Facebook page has proven to be an excellent tool for connecting with a section of our rate payers. The casual and conversational nature of Facebook encourages people to ask questions that they perhaps wouldn't normally ring Council about. It allows us to be proactive about communication – we can deliver interesting and useful information directly to people, rather than waiting for them to check our website, or to read notices in newspapers. To date we have let people know when dog registrations are due, that the Martinborough Library has moved, to sign up for the NZ ShakeOut earthquake drill, that a road was closed, that it is time to put in applications for Creative Communities grants, and more. The information is well received and we have been able to answer subsequent questions quickly.

### 2. Building

#### 2.1 Building consents

Processing statistics for: 1 June 2012 – 30 June 2012

COA Certificate of Acceptance

CCC Code Compliance Certificate

Building consent numbers from 1 July 2011 to 30 June 2012 show as 305. For the same period the year before the number was 350.

#### 2.2 Enforcement

None to report.

#### 2.3 Policy

None to report.

#### 2.4 Other matters

#### On-line consenting

I recently attended our cluster group meeting where the DBH presented a proposal for on-line consent processing. It is hoped the new system can be introduced in the 2013/1014 financial year. It would introduce a centralised, paperless, internet based hub that receives, captures, and allows consistent processing of all building consent applications. Processing of consents, including inspections, will be conducted by Building Consent Authorities.

The final aim is a service that provides for, and facilitates, the 'end-to-end' processing of consents using standard forms and consenting processes to provide applicants with a common experience, regardless of which Building Consent Authority (BCA) receives their consent application. I couldn't help but think that digitalization of forms, plans, specifications is where we are heading and that SWDC needs to ensure we are keeping up-to-date with this trend.

#### **Forms**

I have amended all our forms to align with Masterton DC's forms. This creates consistency for the applicants when filling in the forms. I also created the form as a protect word document so the forms can be completed electronically or printed off and filled in manually.

#### Scanning

We are currently working on a project to have all our plans scanned and digitalized. This will create consistency with the 2 other Wairarapa councils as they already have systems in place for this.

#### 3. Environmental Health

#### 3.1 Liquor licencing

22 Liquor licenses were issued in June 2012.

Council officers are currently working with both Carterton and Masterton District Councils to update and standardise the liquor licensing forms for the Wairarapa.

#### 3.1.1. Alcohol Reform Bill Update

The Alcohol Law Reform Bill is scheduled to return to the house on Tuesday the 14<sup>th</sup> of August 2012 subject to extraordinary circumstances.

#### 3.2 Food Bill update

There has been no further update on progress with this Bill.

#### 3.2.1. Food Premise Inspections

EHO's have been concentrating on inspection and annual registration of all food premises. This is a major work commitment for staff during June and July.

A steady interest has been shown in premises opting to change from the Food Hygiene Regulations to the new risk based Food Control Plan in preparation for the Food Bill being passed. This creates a significant extra work resourcing for staff; however longer term, this will be beneficial for Council to ensure that procedures and systems are in place prior to the commencement of the Bill.

To date 13 premises are currently operating fully under a Food Control Plan VIP and a further 4 premises have shown strong interest and are trialling the Off the Peg Food Control Plan.

#### 3.3 Noise Control

7 noise complaints were received during June 2012.

Four for Featherston, one for Greytown and two for Martinborough.

#### 3.4 Dog and stock control

#### **Incidents reported**

Attack on Persons

Martinborough 2 Featherston 1 Greytown 0

Two dogs have been classified as menacing, one in Martinborough and the other in Featherston. Menacing classification means that the dogs must be muzzled at all times in a public place. One owner has objected to the menacing classification.

Found Dogs	Martinborough 0	Featherston 1	Greytown 0
Lost Dogs	Martinborough 1	Featherston 3	Greytown 0
Rushing Agg	ressive Martinborough 0	Featherston 1	Greytown 0
Wandering	Martinborough 1	Featherston 6	Greytown 0
Welfare Cond	cerns Martinborough 1	Featherston 1	Greytown 0
Stock	Martinborough 0	Featherston 2	Greytown 4
Total Overall	Martinborough 5	Featherston 15	Greytown 4

#### **Dog Registration:**

The annual dog registration process has been a high workload for staff. The work done over the past year to improve dog owners registering dogs and micro chipping has made this years' annual registration process significantly easier for both staff and dog owners. The number of returned letters has dramatically reduced. Records are now significantly improved.

Dog registrations are as at 27 July 2012

Registered 1903 Unregistered 873 Total number of dogs 2792

There are two days to go until penalties apply on 1 August 2012.

Micro chipping has dramatically improved with a total of 30 dogs outstanding in the urban area. This includes dogs that have been registered for less than two months for the first time.

Contact Officer: Glenn Bunny, Group Manager Planning and Environment

# INFRASTRUCTURE AND SERVICES GROUP REPORT

#### 1. Consents

#### 1.1 New Consent and Requirements

The Regional Council's focus remains that Council must continue to achieve compliance where non-compliance has existed previously; and that in regard to the new consent applications where required Council must demonstrate a commitment to improved environmental outcomes.

This level of commitment toward these outcomes is consistent with Council's long term draft wastewater is being indicated in our current three waters consent applications renewals.

#### 1.1.1. Wastewater

The consent application lodgement for the Greytown WWTP and the latest timeline indicates lodgement by end of October 2012.

The new AEE and consent application lodged for the Martinborough WWTP consent renewal is under development and is expected to be re-lodged by mid-August 2012.

The Featherston WWTP consent renewal application was submitted but Council was required to supply further information as earlier reported. The response to this request was submitted on July 24 2012.

#### 1.1.2. Water Takes

The water take consents for Greytown and Martinborough community water supplies were lodged before the end of March 2012. Council has since provided further information for both consents in relation to usage (domestic, non-domestic and irrigation) within the communities and processing of the application continues with the draft request for further information lodged by June 29 2012. Final responses will be submitted once we achieve agreement on current usage and future requirements.

#### 1.2 Other consents

The Martinborough landfill consent has been submitted and further information has been requested. The Regional Council have requested that consent applications be lodged to legitimise the current green-waste shredding and cover operations at the Martinborough Site and the Council needs to proceed to acquire the additional consent.

#### 2. Utilities

#### 2.1 Wastewater

#### 2.1.1. Operations

Greytown and Featherston Wastewater treatment plants operated routinely over the period. Normal monitoring for flow and compliance reporting continued throughout the period with no non-compliance issues reported.

At the Martinborough wastewater treatment plant site, Council staff and contractors are working on resealing a concrete transfer chamber which has the potential to cause seepage of effluent. This came to Council's attention through the monitoring programme and GWRC have been kept informed of the situation as Council work to remedy the problem.

Six pipeline blockages were reported and rectified during the period.

#### 2.1.2. Water Supply Capital

No capital works programmed or implemented during the period.

#### 2.2 Water Supply

#### 2.2.1. Operations

Leak detection work has been completed in Martinborough water supply network with no major leaks found but a number of smaller leaks around services pipes and the smaller diameter pipelines. Repair work for these items has been scheduled and is underway.

This completes the in reticulation leak detection work for the three serviced areas which ought to be conducted on at least a three year cycle.

The Ultra filtration plant at Greytown continues to supply both Greytown and Featherston with the supplementary bore in Greytown not in use since 6<sup>th</sup> April 2012.

The plant itself now is the subject of investigation for efficiency improvement resulting in further capacity gains and the identification of water loss due to possible leakage within and around the raw and treated water ponds and reservoirs.

Community water usage records and trending is attached for Council's information.

#### 2.2.2. Capital

Bore water availability investigation continues at Woodside and Underhill Roads with indications of good potential at Woodside Road close to the Ultra-filtration Plant. This will be the subject of separate reporting in due course

The question of what further work ought to be done in the context of the subsidy funding remaining will be addressed within the reporting, suffice to say that there is good justification to establish a production bore(s) to finalise the ultimate capacity and quality of this source as a supplement/ alternative to the river take.

#### 2.3 Water Races

Water races operated normally during the period.

The review of water races generally is underway with specialist assistance having being sought, with a proposal that staff are currently evaluating.

#### 2.4 Waste Management

#### 2.4.1. Operations

Operations continued without incident throughout the period. Waste export and recycling tonnage data for the period is attached.

#### 3. Roading

#### 3.1 Oldfield Asphalts

Roading maintenance is satisfactory. Eighty per cent of unsealed roads were metalled during May and June. These roads have now been graded and the finished result is very satisfactory.

The wet summer and recent wet weather continues to cause slumping on the Hinakura, Whakapuni, and Ushers Hills. There are no easy fixes and we continue to fill the slumps.

Oldfields have also been busy on the Cape Palliser Road at Te Kopi where heavy swells at the end of June further damaged the gabion walls that support the road. Fortunately we had most of our intended rock stockpile on site for the construction of boulder beaches at Te Kopi and the rock was placed in temporary position to lessen wave damage.

When the rest of the rock is delivered the permanent boulder beaches will be constructed.

#### 4. Parks and Reserves

#### 4.1 Transfield Services

Maintenance is satisfactory and Council has received compliments on the condition of Memorial park in Greytown.

Transfield's response to requests for additional service continues to be prompt.

On the down side, the management of burials by Transfield is only satisfactory when their regular sexton is available. When he is away there is no trained person to take his place.

### 5. Property and Facilities

#### 5.1 Properties

Martinborough Library – Following consideration of the seismic assessment report for the library building and in view of the library's vulnerable user groups, the library was closed on Monday, 16 July. A portacom has been obtained and situated behind the current building in the car park as a temporary solution. The portacom arrived Tuesday, connected and fitted out, and opened to the public on Thursday afternoon. Identification and assessment of a longer term solution for the library continues.

ANZAC Hall, Featherston – A comprehensive building assessment is underway.

Greytown Town Centre – Mould has been identified on the panels on the back library wall in the atrium ceiling area. The architect and main contractor involved with the Town Centre upgrade have been contacted to review the issue.

#### 5.2 Pensioner Housing

Currently vacancies include:

- Cecily Martin Flats, Martinborough 3 flats as at 31 July (maintenance required)
- Burling Flats, Featherston 1 small bedsit
- Matthews Flats, Greytown 1 flat (maintenance required)

Maintenance requirements for the empty flats are currently being assessed and considered against overarching housing maintenance issues and budget.

#### 5.3 Cemeteries

A new ashes wall is currently being built in Featherston Cemetery.

A project to create a cemetery database and enable SWDC cemetery information to be online to the public continues. The first phase, to complete layout plans for each of the three cemeteries, was completed in July. The next phase is to investigate and confirm the software that will be used for the database.

#### 5.4 Swimming Pools

An independent report is currently underway by Opus to not only review the condition of SWDC's three pools, but to include infrastructure, current usage and future goals for each of the pools. This report is due at the end of August.

#### 5.5 Leases and Licenses

Stella Bull Park Building – No responses were received in response to the advertised Expression of Interest. One party has since made contact but has yet to formally submit a proposal. A commercial rent assessment has been undertaken in the interim. The current lease (Wairarapa Wine Centre) is due to expire 31 July 2012.

Other leases currently under review include:

- Kouka Cottage, Greytown (land lease renewal) Greytown Community Heritage Trust
- Considine Park, Martinborough (lease to occupy) South Wairarapa Pony Club
- Town Centre, Greytown (lease) Rightway Limited. The current lease expires 31 July 2012 and at Rightway's request, a month by month rental has been approved until 31 October 2012 to allow them to confirm their ongoing location and space requirements.

#### 6. Libraries

#### 6.1 Martinborough Library

The Martinborough Library was closed to the public from Monday 16th July due to an unsatisfactory structural survey report. A Portakabin was found and fitted out enabling us to open on Thursday 19th July at 1.30.

The Library Kabin is small but perfectly formed. The main collection is still housed within the library building with the Library Kabin holding

approximately 2,400 items of new/recent stock. We are snuggled between Mitre 10 and P&K in the car park.

We are offering almost all the services we did prior to the move including fax and photocopier. However, two changes are notable - the internet facilities inside are not available but the Wifi connection still functions from the front of the building.

Also, Tuesday's Book Babies session is now being held in the Martinborough School Library at 10 (thanks very much Martinborough School). The Wairarapa Community Law Centre will still be visiting to offer free legal advice once a month. The Kabin is open 10-5 weekdays and 10-12 Saturdays.

#### 6.2 Statistics all Libraries

#### MARTINBOROUGH COMMUNITY BOARD

27 AUGUST 2012

#### **AGENDA ITEM 6.2**

#### **FOOTPATH REPORT**

### **Purpose of Report**

To seek approval for the footpath forward works programme.

#### Recommendations

Officers recommend that the Community Board:

1. Receive the information.

#### 1. Background

Bri-Ken & Associates completed a RAMM footpath inspection and report in 2011. We are using this as a basis for our forward three year programme. We are also aware that the monies need to be spread over the three towns, where required.

Council undertakes three activities to achieve the requirements of a safe footpath network, Footpath Maintenance, New Footpaths and Footpath Renewals.

### 2. Footpath Maintenance

Our Budget is \$34,000 per annum. This will be used where there are small isolated faults that create a hazard for pedestrians. As in lips in concrete panels, pot holes, tobies, tree roots etc.

New complaints usually come in from the public, Bri-Ken has identified these hazards and prioritised the severity from 1-5. We are working on these doing the most severe where practicable.

### 3. New Footpaths

Budget of \$80,000 per annum. New footpaths are constructed where there are no footpaths. Council's policy is to provide a footpath at least on one side of the road.

The location of the new footpaths is determined by assessing the need to get around the communities and get to key destinations. This is to be decided by involving the community.

All Streets in the three towns with no footpaths have been identified.

Generally new footpaths with out new kerb and channel and associated drainage are constructed with concrete (Width 1.4mts). At today's rates \$80,000 will equate to roughly 800 metres.

#### 4. Footpath Renewals

Budget of \$40,000 per annum. This generally involves asphalt footpaths where the existing old A/C is overlaid with new. Costs for this are about \$20 per M2.

Large lengths of footpath are the best for this renewal work and generally there is also associated concrete work with K/C and drive ways. Again the worst of Street has been identified by Bri-Kens report.

# MARTINBOROUGH COMMUNITY BOARD

# 27 AUGUST 2012

# **AGENDA ITEM 6.3**

# PAIN FARM APPROVAL OF BUDGET FOR EXEPENDITURE

# **Purpose of Report**

To inform members of the available budget for expenditure and how the inhouse professional services overhead has been calculated.

# Recommendations

Officers recommend that the Community Board:

1. Receive the information.

# 1. Executive Summary

Attached in Appendix 1 is the Pain Farm Trust Lands Income Distribution Policy which was adopted by Council as Policy on 4 April 2012.

To be tabled as Appendix 2 is the in-house professional services overhead breakdown of charges.

# 2. Appendices

Appendix 1 – Pain Farm Expenditure Protocol

Appendix 2 – In-house Professional Services

Contact Officer: Paul Crimp, Group Manager Corporate Support

# Appendix 1 – Pain Farm Expenditure Protocol

# PAIN FARM TRUST LANDS INCOME DISTRIBUTION POLICY

# 1. Rational

The Martinborough Community Board under the guidance of Council has a governance role of the Pain Farm Trust Lands and the recommendation of the expenditure of the income. There has been a widespread lack of understanding of the bequest and how the funds can be spent. This policy will be reviewed in accordance with SWDC requirements.

# 2. Purpose

- To provide guidelines for the distribution of funds from the income from the various leases of the Pain Farm Trust Lands.
- To allow greater efficiencies, understanding and transparency and give direction how and where the funds can be expended.

# 3. Guidelines

### 3.1 Administration

- 1. The Council shall recover fair and reasonable administration costs.
- 2. The Council will ensure that all leases, the land, homestead and cottage and Landfill /Transfer station will be reviewed and the intent of the bequeath and High Court judgment be complied with.
- 3. Council will advertise where the funds have been expended annually

### 3.2 Repairs and Maintenance

1. A fund of \$40,000 will be set aside for repairs and maintenance of the property and buildings, if expensed at any one time the amount will be accrued by \$10,000 amount per year until the fund is replenished.

# 3.3 Funding Distribution

- 1. The Community Board with the guidance of Council will ensure that the Council's Martinborough Parks and Reserves will have priority over available funds and will be expended as directed by the High Court's Judgement in 1966. It is recommended that the funds are spent on capital equipment/facilities.
- 2. Funds may be spent purchasing and funding capital sporting equipment and facilities where it will benefit the residents of Martinborough Community and with the support and guidance of Council.

Adopted 4 April 2012 1 M/1000

Review: 4 April 2015

- 3. Applications for funding community sporting (2. Above) equipment/amenities will be called for annually and will not exceed \$25,000 and if the funds are available.
- 4. All expenditure above \$35,000 will be subjected to the SWDC Annual Plan
- 5. Any funding distribution must be of benefit to the residents of Martinborough; this removes the confines of any town boundary as a sporting facility, club or reserve may be located on the outskirts of the town yet be a Martinborough amenity.
- 6. The Community Board may wish to accumulate funds for a specific project or raise a loan using some of the income; this will be permitted under Council guidance.

# 4. Background

George Pain, known as Tiny Pain or Hura Rorere (king of the road) born 1847 Wellington died 1937. A "pioneer" shepherd/farmworker, hawker, hotelier, storekeeper, landlord, run-holder/farmer and wool baron.

George Pain in 1932 made a will bequeathing the 210 acre property known as the Pain Farm to the then Borough Council (now the SWDC) with this wife having a life interest. In 1960 Mrs Pain died and the land was handed to the Martinborough Borough Council. The land that was bequeathed

'to be held on behalf of the inhabitants of Martinborough and he particularly desired that the property should as far as possible be made available as a sports ground for the residents of Martinborough and as a playground for the children'

In 1965 due to the practicality, uncertainty (the farm being held in a 21 year lease), location and the Borough Council already having a number of under utilised reserves, resolved to apply to the Supreme Court for a judgement on a scheme for the use of the income from the Pain Farm.

Under provisions of the Charitable Trust Act 1957 in February 1966 the Court directed:

"That the income from the Trust Lands should be used, in maintaining and improving the borough's parks, sports grounds, camping ground, swimming baths, providing equipping and maintaining sports facilities and a children's playground in such manner and in such proportion as the Council may from time to time decide."

Subject: Fwd: Picnic table

Hi Adi,

Asked Albi for a quote for tables like this one and here is his quote, the concrete is optional, but I think is needed so that they don't go east.

### **Table and Bench Setting**

This simple Table and Bench setting is set into a concrete slab, creating a unique and attractive picnic setting.

Length:	1600mm
Width:	700mm
Width of Seats :	300mm
Height of Table:	700mm (above slab)
Price:	\$1570 excl GST and transport

Cheers Jenny
