

Positive Ageing Strategy – Māori Standing Committee

Questions to guide discussion:

Please keep in mind that the Strategy is about what the Council(s) can do, fund, support, influence:

- What are the good things that Māori over 65 in Wairarapa experience?
- What do you think the key issues for Māori over 65 in Wairarapa?
- What needs to change for Māori over 65 in Wairarapa?
- What are some actions or activities that we could include in the Positive Ageing Strategy implementation plan that could support that change?

Take these back to your rōpū for discussion and once you are ready, then please contact me for a meeting.
