CHIEF EXECUTIVE REPORT

1. Executive Summary

The 2013/14 Annual Report was signed off by Audit New Zealand on 31 October. Preparation of the Annual Report dominated proceedings since the last Council meeting.

Audit New Zealand Director; John O'Connell commented that the audit process went very well, and that management controls are appropriate for a council of this size.

Taking a broader view, Mr O'Connell said that South Wairarapa District ratepayers were well served by Council management and elected members.

Attention now turns to the 2015/25 Long term Plan. Internally budgets are being prepared and service performance measures being considered. The Long Term Plan is one of Councils key strategic documents.

I had the pleasure of attending the inauguration of John Booth as Mayor of Carterton District Council, and also the farewell of Ron Mark. I also had the pleasure of attending another citizenship ceremony where a dozen or so people have chosen to make New Zealand, and more importantly South Wairarapa their home. These ceremonies are a chance to reflect that we are lucky to live in such a wonderful country, something we take for granted a lot of the time.

2. Governance/Leadership/Advocacy

The following table provides the year to date results for KPI's set for the Governance output [note this report is as at 30 June 2014]

2.1 Local Government Commission/Governance Review

... still no word

3. Strategic Planning and Policy Development

3.1 Meetings/Conferences

3.1.1. Chief Executive Forum

This provides an update on regional matters at CE level, general matters discussed are roading and rail, regional economic development and Civil Defence. Other matters discussed include shared services, highlighted by the combination of water services across the Wellington basin. There are a number of IT initiatives that the Wairarapa Councils are keeping a watching brief on.

3.1.2. Mayoral Forum

This was highlighted by the attendance of the Local Ministers, where key issues for the region were discussed.

3.1.3. Wairarapa Water Use Project

The project team presented an update on progress. All five previously identified sites are still under consideration.

It is planned to have key project findings around May next year.

3.2 Legislation

While no new legislation has been introduced recently, we are still bedding down the various pieces of legislation recently enacted, and I believe it will

be some time before we fully understand the resourcing implications required to comply.

The cost of enforcing Government driven legislation has come to the fore once again, highlighted by the recent well publicised case where this enforcement has cost \$12,000 so far, with the chance of recovering only a quarter of this. We have no choice but to enforce this legislation, as we have no choice to enforce all legislation, but there is a cost. The cost of enforcing dog control matters is not a cost on the general ratepayer; these are funded from dog licence fees.

3.3 Wastewater Consents

As was previously advised, the Featherston Wastewater consent will not now be heard until after the Martinborough and Greytown consent, later next year.

There appears to have been a change in thinking whereby we had been operating on a "catchment based" approach, gains in one part of the catchment could be offset across the catchment, unfortunately the first time this was tested that approach failed.

In the scheme of things this delay is not great; we now have to come up with some mitigation options for the intervening period between when the consent is issued and when we had planned to install the High Rate Treatment plant. This mitigation work had not been factored in to the overall costings and therefore will be in addition to the overall cost already estimated.

4. Monitoring and Reporting

4.1 Annual Report

As indicated earlier, the Annual Report was approved on 31 October

4.2 Long Term Plan

Work has commenced internally on the LTP, with our first two workshops being held, and timetable set.

| 11 November 2014 | \$770 | 627 | 83 | \$623 |

As at 30 September the balance outstanding amounted to \$1,008K of which \$608K related to prior year (30 June 2014 and earlier).

For those properties that have a mortgage, all mortgagors have been written to and while we cannot demand payment until mid-January \$121K has been paid, leaving \$487K of arrears.

We will be demanding payment in January as soon as we are able. For those properties that do not have a mortgage, legal action has commenced.

2.2 Services

2.2.1 Water Supply Capital Improvements Featherston

Slower than expected progress with design and documentation of Stage 1 of the works comprising the pipeline and bore intake infrastructure has meant that the physical work will not be able to be tendered until the New Year. The third bore is expected to be drilled and proven before Christmas with the water take consent expected to be lodged before Christmas.

2.3 Water Treatment Plants

The Greytown, Martinborough, Featherston and Lake Ferry wastewater treatment plants operated routinely over the period. Normal monitoring for flow and compliance reporting continued throughout the period.

2.4 Water Reticulation

There were 19 reticulation repairs reported and rectified during the period

2.5 Water Races

Routine monthly inspections and blockage clearing of the water race network has been performed by Council contractors, City Care Ltd, to maintain satisfactory flows. There was 1 reported account for blockage clearing or no water flow for the Moroa and Longwood network over the period.

3. Waste Water

SERVICE LEVEL – Council provides waste water services that effectively collect and dispose of waste water. Waste water does not create any smells, spill or health issues and causes minimal impact on the natural environment.

3.1 Key Performance Indicators

| WASTE WATER KEY PERFORMANCE INDICATORS | TARGET 2013/14 | RESULT | COMMENT SOURCE, AND ACTIONS TAKEN TO ACHIEVE TARGET |
|---|-------------------|--------|--|
| Number of blockages per 1000 connections | 10 | | |
| Ratepayers and residents satisfaction with waste water services | 70% | 60% | NRB Survey 2013 |
| % of resource consent conditions complied with to mainly complying or better** | 90% | | Council provides annual report to Greater Wellington for water supply consents. The compliance reports are available to Council Sept/Oct yearly. |
| Proportion of urgent waste water service requests responded to within 6 hours of notification | 95% | | |

3.2 Resource Consent Acquisition Progress Report

The hearing for the Featherston WWTP consent application has been re-scheduled for later in 2015. This has come about because advice was received from our advisors that Council was effectively facing a short term consent outcome (of four years or less) given that no improvements to effluent quality were planned until 2025 at this site. Consequent to this

advice, in spite of Councils catchment based approach, Greater Wellington Regional Council were approached to see if that they would consider a mitigation programme in the interim period aimed at securing small but positive improvements to environmental outcomes and resulting in a longer consent term.

Greater Wellington have favourably considered Council's request to develop a programme which in principle would include land based discharge to adjoining Council owned land at time of low summer flow and possibly the establishment of a riparian planting program at Donald's Creek.

The detail of this programme has to be submitted by the end of January 2015 and all submitters to the process have been advised.

All of this means that the Featherston consent will heard after the Martinborough and Greytown applications and the Martinborough WWTP application is as earlier advised expected to be heard in March 2015 with the Greytown application expected to follow in June 2015.

The Greytown WWTP application has been lodged with the Regional Council. However, it is subject to a S92 request which requires some additional assessment of discharge effects in the Papawai Stream. This request is currently being processed.

3.3 Wastewater Treatment Plants

The Greytown, Martinborough, Featherston and Lake Ferry wastewater treatment plants operated routinely over the period. Normal monitoring for flow and compliance reporting continued throughout the period.

A new generation inflow meter has been installed and commissioned at the Featherston site. This infrastructure will be an underlying requirement for the new consents at all three sites with public notification expected later in November

3.4 Wastewater Reticulation

There was 1 pipeline blockage reported during the period.

4. Storm Water Drainage

SERVICE LEVEL – Stormwater drains are well operated and maintained by the Council.

4.1 Key Performance Indicators

| % of urgent (any blockage causing extensive flooding of buildings or other serious flooding) requests for service responded to within 5 hours | 90% | | |

5. Solid Waste Management

SERVICE LEVEL – Recycling stations are accessible and maintained. Refuse and recycling collection services are provided and waste minimisation actively promoted.

5.1 Key Performance Indicators

| Volume of waste disposed out of district | Decreasing by 2.5% | 30.4% | |
| % of ratepayers and residents satisfied with the level of service | 90% | 66% | NRB Survey 2013 |

5.2 Waste Management

The contracted kerbside collection and transfer station services were delivered routinely over the period over the District.

The Tukurumuri recycling depot was closed on 13 October and signage erected. Ratepayers on the collection route have been given the opportunity to participate in the roadside refuse and recycling service and so far four eligible property owners on route have elected to subscribe to the service.

6. Land Transport

SERVICE LEVEL – Roads are maintained to ensure they are safe and comfortable to travel on. Footpaths can be safely used to get around town.

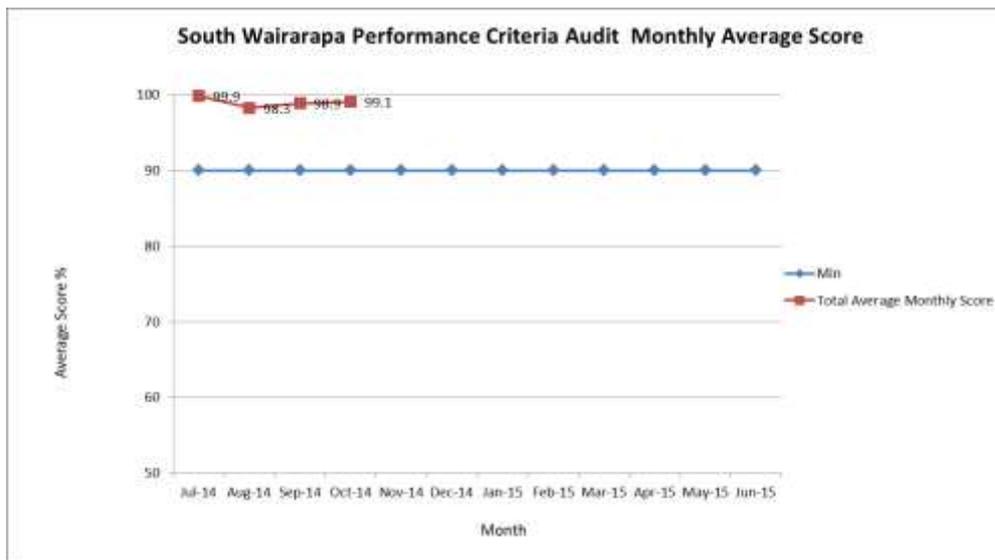

6.1 Key Performance Indicators

| LAND TRANSPORT KEY PERFORMANCE INDICATORS | TARGET 2013/14 | RESULT | COMMENT SOURCE, AND ACTIONS TAKEN TO ACHIEVE TARGET |
|---|---------------------------|--------|--|
| Using the RAMM measurement system, average smooth travel exposure on urban roads to be 85% and rural roads 95% with maximum variation of 5% | 95% | | |

| Ratepayers and residents are satisfied with footpaths in the district | 70% | 66% | NRB Survey 2013 |
| Availability of footpaths on at least one side of the road down the whole street | 90% | | |

6.2 Roading Maintenance – Fulton Hogan

Council has now received 4 months of performance data from Fulton Hogan on the new contract. This data is now able to be represented into a combined graph to monitor overall contract performance.

Performance measures are KPI's such as 1 pothole per 10km of sealed road and unsealed potholes are not to exceed 50mm. These measures are managed via RAMM.

The forward works program has been set preliminarily at \$401k for the next 3 months.

7. Amenities

SERVICE LEVEL – Parks and reserves enhance the quality of life in our communities. Our playgrounds are safe and enjoyed by the community. Clean safe public swimming pools can be accessed in the District. Provision of some low cost housing for the elderly (or in line with Council policy) in each town. Well maintained hall facilities that are available for the public to book. Public toilets are convenient, clean and safe. There is a wide range of library stock including up to date material.

7.1 Key Performance Indicators

7.2 Sports fields and facilities

7.2.1 Greytown

Greytown Park Users group meeting was held on the 30 October 2014. All clubs going well and sportsfield users gave very positive feedback to City Care for their work on the grounds. A few items noted for attention/maintenance. The proposed shortening of the Greytown swimming pool was the subject of some debate.

7.3 Pensioner housing

There are five applicants on the wait list for Martinborough, three for Greytown and seven for Featherston. One flat is vacant at Featherston – it is one of the smaller bedsits, at the Burling Flats, and has been turned down by people on the Featherston waitlist. First right of refusal has been given to people on the waitlists for other towns with no success – the flat will be advertised in the coming weeks, and we do not anticipate any difficulty in finding a tenant. Flat inspections were completed at the end of October, with just routine repairs and maintenance identified, most of which has now been carried out.

7.4 Parks and Reserves

7.4.1. Featherston

The Youth programme has been running in Featherston with very positive turn outs. The group have been using Clifford Square for games. City Care has carried out the line-marking for athletics at Card Reserve.

7.4.2. Greytown

Soldiers' Memorial Park playing fields have had maintenance work done on them. The swimming pool carpark has been resealed ahead of the proposed relocation of the memorial gun.

7.5 Toilets

7.5.1. South coast

The Ngawi surf break toilet is under construction. The foundations for the unit have been laid, but we are now waiting on engineering certificates for the anchoring of the unit to the site. Once these are approved the installation of the actual toilet should only take a day.

7.6 Properties

7.6.1 Featherston

The foundations for the Featherston Menz Shed have been laid and the building is expected to be shifted onto the site in mid-November.

7.7 Cemeteries

7.7.1. Featherston

There was one burial in October. An old burial of baby twins from 1926 received a headstone in October. It is really lovely to see this in old parts of the cemeteries. We have recently received a further two enquires from families regarding erecting headstones on unmarked graves at Featherston cemetery and one person is currently carrying out restoration work on an older existing grave.

7.7.2. Greytown

There was one burial in October.

Again in Greytown Cemetery restoration of a few old graves has been completed. The Maxton, Dunn and McKenzie families were all early settlers of Greytown. Below the headstones of Samuel, Francis and Susannah Maxton, Joseph O'Connor, Mary McKenzie and Mary Dunn have been restored and new plaques attached. Grave restoration was co-ordinated by a local descendant of the above families.

7.7.3. Martinborough

There was one burial and one ashes burial in October.

7.8 Swimming Pools

7.8.1. Greytown pool

The 2014/15 season dates have been confirmed as 29 November 2014 to 15 March 2015, a 15-week season as last year. Preparation work is well under way to ensure the pools are ready and bookings from schools and the swimming clubs have already been received. CLM continues as the sub-contractor providing lifeguards and operating the pools. A new handover system is to be implemented between the lifeguards and the swimming clubs/schools to ensure all parties have addressed health and safety issues.

7.9 Campgrounds

7.9.1. Greytown campground

There were no responses to the RFP for the lease of the Greytown campground. A late proposal which looked promising has now been withdrawn. Officers propose to continue running the campground through

the summer season with additional staff being taken on as required and will look to go back to the market early in 2015.

7.10 Events

Numerous planned events have been logged with City Care for this summer, particularly in Martinborough. This system worked well last year ensuring extra toilet cleaning and restocking was booked in where necessary and extra emptying of rubbish bins or extra rubbish bins put in place. The 4-7th December will see hundreds of hot rods descend on Martinborough and surrounding towns for 'Cruise Martinborough', and there are of course the annual events, Toast Martinborough, Christmas parades and Martinborough Fairs.

7.11 Libraries

7.11.1. Featherston

Featherston Library is currently enjoying very good attendance at their Book Bugs pre-school programme. Next week's guests will include some spring lambs. The last school holiday competition, to design a Dr Seuss-inspired letterbox, went very well. They are now preparing for the summer reading programme. Staff are busy dealing with rates payments at the moment.

7.11.2. Greytown

Greytown Library held the Maths is Fun programme over the school holidays. This culminated in a marathon K'NEX bridge-building effort across the library floor, and a great prize-giving. Like Featherston, Greytown is dealing with rates payments, and staff is gearing up for the summer reading programme.

7.11.3. Martinborough

Martinborough Library held a Facebook "book-face" competition in October. Pictures are on the library Facebook page (worth a look!!). Two winners were chosen out of eight entries. The Te Reo Maori and bilingual Books Babies sessions are under way. The picture shows the Te Reo session on 5 November. Staff enthusiastically participated in Talk Like A Pirate Day in full costume, and also created astonishing hats for Melbourne Cup Day. Martinborough Library will also be running the summer reading programme this year.

8. Civil Defence and Emergency Management

SERVICE LEVEL – People are prepared for a civil defence emergency.

8.1 Key Performance Indicators

| CIVIL DEFENCE AND EMERGENCY MANAGEMENT KEY PERFORMANCE INDICATORS | TARGET 2013/14 | RESULTS | COMMENT SOURCE, AND ACTIONS TAKEN TO ACHIEVE TARGET |

| Ratepayers and residents are prepared for an emergency | 65% | | NRB Survey 2013 |
| Regional Civil Defence Emergency Plan developed and implemented | Implemented | | |

9. Libraries

9.1 *Statistics all Libraries*

See Appendix 3 for statistics. Library managers have agreed to stop reporting monthly issues by individual south Wairarapa library and instead report on total South Wairarapa issues and total Wairarapa Library Service issues. Reporting by individual library created the impression that the three libraries were competing with each other for highest monthly issues. The inclusion of a figure for WLS issues as a whole gives a guide as to whether monthly issues in South Wairarapa are following a wider trend.

Tena Koe.

The proposal is
to place a life size Kouka sculpture
made from steel, beside the Pool path
where the old information kiosk stood.
in Stella Bull Park.

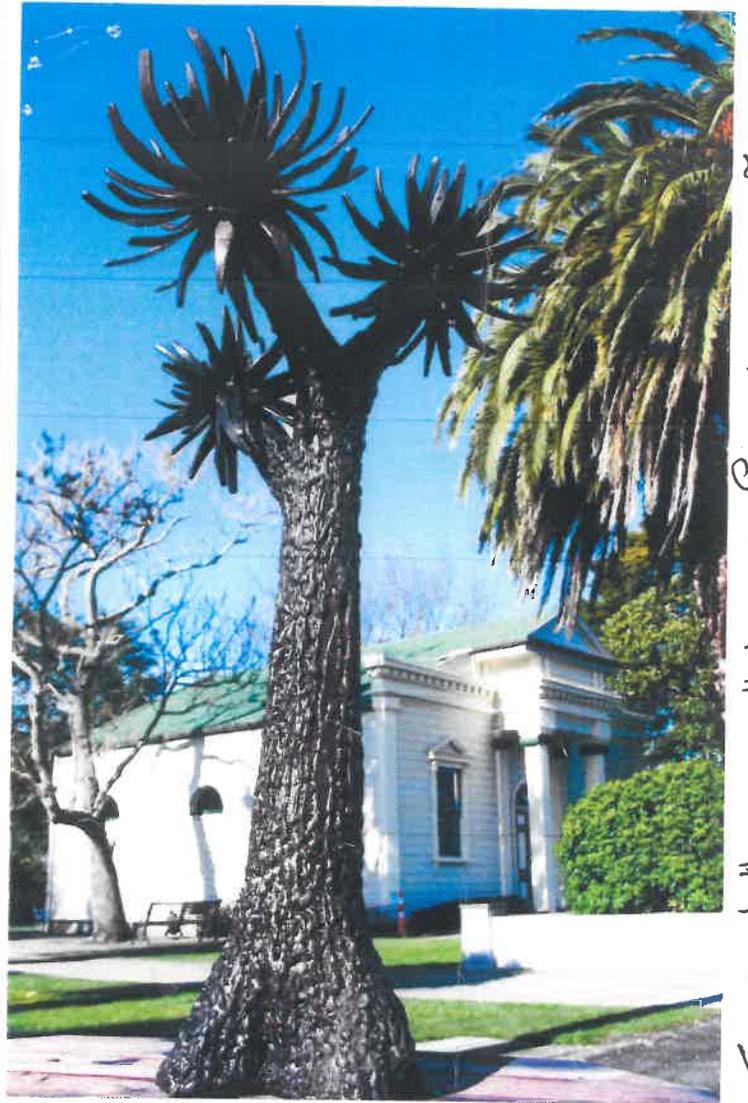

The choice of the Kouka is to reflect
the existing stand of trees and to
honour the connections with the land
and its history.

We understand there was the largest
Kouka recorded in NZ beside the Cottage
we are asking for the help of your
Committee to understand the Whakairo
and the importance Kouka has for
Ngati Kahungunu.

Information on the land pre
European settlement would also
be appreciated.

I look forward to further conversations

Thank you
San Eagle.
