

## Greytown Trust Lands Trust Electing 3 Trust Members

---

**Margaret COLE**

*My principal place of residence is in the Greytown Trust Lands Trust area.*

The Trust Lands Trust is crucial to the development of our town and has made grants to many individuals and groups over the years. So many past and current projects could not have happened without the Trust's assistance.

We need to make sure this continues, especially as the Trust undertakes major industrial projects in our town. I am seeking election to the Trust Board - I wholeheartedly support the ideals of the Trust and wish to contribute to the work of the Trust, for the benefit of the Greytown community.

I have considerable governance experience including years as chair of a major tertiary education institution.

I have lived in Greytown for some years now and am involved in a number of organisations within our area including the Trails Trust, Park Development group, Probus and Information Centre.

By profession, I am a pharmacist and work part-time locally.
