

Greytown Trust Lands Trust Electing 3 Trust Members

Mike GRAY

My principal place of residence is in the Greytown Trust Lands Trust area.

I am also standing for Greytown Ward.

The focus of Greytown District Trust Lands Trust legislation is on Education, Libraries and Community Well-being.

During my 6 years as a Trust Board member I have been involved in significant decisions on the growth of the Trust's property portfolio including the more recent development of the Bidwills Industrial Park. This project has potential to support further business and employment opportunities in Greytown and South Wairarapa. I have also served as a member of both the Grants & Community Relations Committee and the Trusts Audit Committee.

Grants & Community Relations work involves decisions on both Tertiary and Non-tertiary grant applications which benefit individuals, community groups such as the Sport & Leisure Society and others and the Greytown Primary School and Kuranui College.

Contributing to the effective governance of Trust activities is challenging and rewarding with the benefits not always obvious.
