

South Wairarapa District Council Featherston Community Board Electing 4 Board Members

Peter JACKSON

Independent

My principal place of residence is in the Featherston Community Board area.

Although a comparatively new Featherston resident, I thoroughly appreciate its close-knit community atmosphere and see huge potential in our town.

While I have no affiliation with any political party, as a former NZ Army officer I consider myself both sensible and pragmatic. My military service stands me in good stead in terms of quickly understanding situations, consulting with stakeholders, making decisions and effectively communicating outcomes.

I am married to Barbara, who works in our local supermarket, and our daughter Hanna is currently in her last year of study at Victoria University. My personal interests include playing music and riding my motorbike. I am also a current committee member of the Featherston Memorial RSA.

If elected to the Featherston Community Board, I will represent the people and interests of Featherston to the best of my ability, and will openly engage with the Featherston Community with regard to their needs and aspirations.
