

South Wairarapa District Council
Featherston Community Board
Electing 4 Board Members

Mary BYRNE

My principal place of residence is in the Featherston Community Board area.

I am dedicated to ensuring that Featherston is a great place to live. Featherston should not be placed behind the other South Wairarapa towns. I stand for decisions to be made, where possible,

by the people impacted by those decisions.

I have spent most of my working life as a Senior Computer Programmer, and later a Senior Business Analyst, mostly in large Government departments. I am willing and capable of focusing on issues to make sure Featherston projects, suggested by Council, are the best thing for Featherston.

Featherston is the gateway to Wairarapa and should be a destination in its own right. Many residents commute by train to Wellington. We need focus on improving the rail, facilities and the business opportunities, so our town is vibrant and livable and not just somewhere to sleep. The community needs opportunities to be heard, listened to and supported.
