

South Wairarapa District Council
Featherston Community Board
Electing 4 Board Members

Tui RUTHERFORD

My principal place of residence is in the Featherston Community Board area.

Kia ora Featherstonians. I'm Tui. Dad of four grown boys. Husband. Shed tinkerer. Lover of outdoor pursuits, adventures, music, and books (lucky I live in Featherston).

I'm asking for your support to join the Community Board as one of your representatives.

We chose to move here because we appreciated the sense of community that Featherston demonstrated and I'm more than happy to commit to growing the community spirit we've been privileged to experience. I bring a background of supporting communities and businesses as a business owner and through providing government funded capability building. I'm both a city commuter and very much a committed local.

I'm dedicated to preserving the unique character of Featherston while supporting development into the future; advocating for smart investment in infrastructure, while influencing progressive and beneficial growth. The role of community boards helps give a voice in Council. Local is everything.
