

South Wairarapa District Council
Greytown Ward
Electing 3 Councillors

Martin BOSLEY

Independent

My principal place of residence is in the Greytown Ward area.

Martin Bosley: ubiquitous Greytown resident who lives behind a yellow door on Main Street. He brings a wealth of real life experience gained as a family man, businessman, celebrity chef, author, contributor to television and radio and for 11 years a volunteer leading the Remutaka Prison Gate to Plate, providing catering training to long-term prisoners which aids employment on their release.

If elected he brings common sense and lessons gained over three decades of broad and varied experience, He is a person of absolute integrity and exceptional interpersonal skills. He listens without bullying.

Martin believes we need a connected, resilient, and inclusive community with a council that responds to community views and concerns. He believes the council exists to serve all people; a council which supports businesses and recreation. A council that cares, is honest and acts with integrity. Martin has the passion, values and ability to ensure Council delivers.
