**Jenna MATCHETT**

Independent

My principal place of residence is in the Martinborough Ward area.

I am a straight shooter, dedicated and community minded, with a proven record of taking a stand and doing the hard work. My goal is to return integrity to the council by working with the community to achieve measurable outcomes, while advocating for a level of realistic affordability for rate payers and residents. I believe in fair representation for both rural and urban communities; listening to and presenting local voices in closed forums and would be willing to fight for fair and equal treatment by being confidently outspoken on your behalf. I would bring a fresh, realistic, youthful approach to council by offering creative solutions and prioritising issues. Being passionate about strengthening resilience within communities, I ask the hard questions, hold people to account and would structure my decisions around whether council is operating within its means and in the people's best interests. Prioritising rates, roading, budgeting and community wellbeing.
