

Greytown Trust Lands Trust Electing 3 Trust Members

Shane ATKINSON

My principal place of residence is in the Greytown Trust Lands Trust area.

I am also standing for Greytown Community Board.

I am standing for election as your representative on the Greytown District Trust Lands Trust. I am currently a trustee of the Tararua Foundation which owns and operates the Kourarau Hydro Station at Gladstone. I worked for many years as an executive for Shell New Zealand and still actively consult to major New Zealand companies. I believe I understand business strategy, good corporate practice and corporate governance. I am also an active member of the Greytown community and have huge empathy for the support that Trust Lands gives to our community and organisations.
